F3001 Google Search – Tips and Tricks (In-person)

Truman, Robert

Join Rob in the computer lab for a hands-on demonstration and discussion on using Google Search. Search Engines do a lot more than immediately meets the eye. If you’re getting results that aren’t relevant, if you're getting too many results, if you want to find something on a particular web site, or if you just want to do a quick calculation or measurement conversion, there are some pretty cool tricks that you can do. Sign up for F3001 or F3002.
