* For specific information concerning the last day to apply for graduation, individual class start dates, and final exams, consult the college of enrollment.
** Any classes meeting on Friday, Saturday or Sunday will have final examinations during their regular class time.
+ Through the 7th week, student may initiate an official withdrawal from course(s) without instructor signature (see Appendix S-7 in Catalog Common Pages).
++ After the 7th week, student must initiate an official withdrawal request from instructor and obtain their signature (see Appendix S-7 in Catalog Common Pages).
President’s Message
Greg Peterson, President

Congratulations on your decision to pursue your education at Chandler-Gilbert Community College! We recognize it’s been a difficult year for many of us due to the Coronavirus Pandemic, and we’re pleased to be a part of your journey as we move forward. We can do this together!

Whether you plan on earning a degree or a certificate, you are preparing to transfer to a four-year university, or you are looking to further develop in your career or personal life, CGCC can provide the path for you to reach your goals. With 68 associate degree and certificate programs, as well as transfer partnerships with over 40 universities—including Arizona State University, Northern Arizona University, and the University of Arizona—you'll find your fit at CGCC.

Since its founding in 1992, Chandler-Gilbert Community College has served thousands of students in the East Valley at its Pecos and Williams campuses, Sun Lakes Center, and Communiversity at Queen Creek. We pride ourselves on the excellence of our innovative faculty and staff, on our state-of-the-art facilities, on our broad array of campus life and events, and on our commitment to inclusion and diversity. At CGCC, you belong, and we are here to help you succeed!

The Catalog and Student Handbook is an important resource for you and contains the information you need as you begin your college experience. I recommend that you check out the 2021-2022 Academic Calendar, the Educational Programs, and the Student Rights and Responsibilities sections. Please feel free to contact me and any of our faculty and staff if there is anything we can do to help you. I look forward to seeing you on campus!

Welcome to Chandler-Gilbert Community College!

Greg Peterson, Ed.D.

President
GENERAL INFORMATION
Student Development

Philosophy

The goal of Chandler-Gilbert Community College is to assure student success. Success is defined as the accomplishment of, or the continued opportunity to accomplish, students’ individual goals. The success of our students will be determined not only by their acquisition of knowledge and skills, but also by their personal growth and development. This would include intellectual development, multicultural awareness, aesthetic appreciation, physical wellness, emotional well-being, community responsibility, and values clarification.

Chandler-Gilbert Community College will provide the environment in which students can identify and pursue their goals. The following general institutional practices are necessary to ensure student success:

1. To provide programs that assure student competence in specified academic and skill areas;
2. To provide a full range and schedule of services to permit students to benefit from college programs;
3. To provide simplified and clearly defined processes for admitting students, monitoring their progress and maintaining accurate academic records;
4. To provide activities that encourage students to effectively interrelate with others in their college and communities;
5. To provide opportunities for the development of self-esteem, personal identity, independence and self-direction;
6. To provide coordination with secondary and postsecondary schools, and business and industry;
7. To provide delivery of instructional services through alternative systems which prepare students to function in an increasingly technological and informational-based society; and
8. To develop and implement a comprehensive staff development program to educate the staff in student development philosophy and practices.

Chandler-Gilbert Community College will assist students in initiating their own paths to success. The college recognizes that all students are unique and capable adults, responsible for directing their own development throughout life, and that the major responsibility for a student’s development rests with the student. All faculty, administrators and staff members of CGCC will support and contribute to the implementation of this student development philosophy.

Courses, programs, and requirements described in this catalog may be suspended, deleted, restricted, supplemented, or changed in any other manner at any time at the sole discretion of the college and the Maricopa Community College District Governing Board. This catalog does not establish a contractual relationship, but summarizes total requirements that the student must presently meet before qualifying for a faculty recommendation to the Governing Board to award a degree or certificate.

The Maricopa Community College District reserves the right to change, without notice, any of the materials—information, requirements, regulations—published in the catalog.
General Education Student Learning Outcomes and Indicators

Chandler-Gilbert Community College’s General Education Student Learning Outcomes (SLOs) express a shared, college-wide articulation of expectations for all degree and certificate recipients. The SLOs represent a profile of our students at completion of their credential, and as such, also represent a promise to our students, their families, and our community.

Students acquire knowledge, attitudes, and skills through their coursework and in co-curricular activities. When students graduate with a degree or certificate, transfer to a university, or enter the workforce, they should have met the four Student Learning Outcomes presented below. The learning outcomes are intended to be student-centered and flexible enough to be measured using multiple forms of assessment across multiple fields of study and student experiences, both curricular and co-curricular.

In accordance with CGCC’s mission and vision for student learning and development, it is the expectation that all academic disciplines will teach and assess the General Education Student Learning Outcomes in a manner appropriate to their field of study.

The assessment of student learning in all academic programs at Chandler-Gilbert Community College is a cornerstone measure of institutional effectiveness. The intent of the Student Learning Outcomes Assessment process is to evaluate the effectiveness of the General Education Program, and General Education courses, in developing the broad-based academic skills and values that exemplify a degree in higher education. Assessment planning and reporting is an essential component of CGCC’s process for measuring student learning in all of its course modalities. This process aligns with the Higher Learning Commission Criterion 4 by which CGCC is measured on a routine basis.

Student Learning Outcomes directly describe what a student is expected to learn as a result of participating in academic activities or experiences at the College. They focus on knowledge gained, skills and abilities acquired and demonstrated, and attitudes or values changed. Our Student Learning Outcome assessment approach is embedded in a larger practice of continuous improvement that values authentic and meaningful evidence in planning and implementing instructional changes with the ultimate goal of improving student learning.

In general, the Student Learning Outcomes Assessment process consists of three major components:

- Defining the most important goals for students to achieve as a result of participating in an academic experience (outcomes).
- Evaluating how well students are actually achieving those goals (assessment).
- Applying the results to improve the academic experience (closing the loop).

The faculty of CGCC have identified four General Education Student Learning Outcomes:

CRITICAL THINKING

Critical thinking is the process of appropriately analyzing, evaluating, applying and synthesizing information. It is characterized by reflection, connection
of new information to existing knowledge and reasoned judgment.

**INDICATORS**

- **CT.1: Application**
  - Students can apply knowledge and skills in a different context or situation or task.

- **CT.2: Analysis**
  - Students can organize information into its component parts.
  - Students can identify relationships within information and its component parts.

- **CT.3: Synthesis**
  - Students can assemble parts or components to create a whole.
  - Students can originate through the use of parts or components.

- **CT.4: Evaluation**
  - Students can assess the relative value of ideas and information.
  - Students can justify their conclusions.

**ORAL COMMUNICATION**

Effective speech communication is the purposeful development, expression, and reception of a message through oral and nonverbal means.

**INDICATORS**

- **OC.1: Message Delivery**
  - Adapt the delivery of the message in context.
  - How thorough and with what completion have students adapted the delivery of the message in context?

- **OC.2: Audience Analysis**
  - Adapt the message for an audience.
  - How effectively have students adapted the message for an audience?

- **OC.3 Message Purpose**
  - Adapt the message to meet the purpose(s)
  - How effectively and consistently have students adapted the message to meet the purpose(s)?

- **OC.4: Verbal Interaction**
  - Adapt effective language in the conveyance of ideas and information.
  - How effectively and with what quality have students adapted language in the conveyance of ideas and information?

- **OC.5: Non-Verbal Interaction**
  - Utilize Paralanguage (tone, rate, volume, inflection, etc.).
  - Utilize Kinesics (facial expression, gestures, and overall movement).
  - How well can students apply Paralanguage and Kinesics?

- **OC.6: Presentation Graphics Support**
  - Apply graphics to support presentation.
  - How effectively do students apply graphics support to the presentation?

**INFORMATION LITERACY**

Information literacy is the set of integrated abilities encompassing the reflective discovery of information, the understanding of how information is produced and valued, and the use of information in creating new knowledge and participating ethically in communities of learning.

**INDICATORS**

- **Inquiry Process**
  - IL.1.A: Adapt the delivery of the message in context.
  - IL.1.B: How thorough and with what completion have students adapted the delivery of the message in context?
  - IL.1.C: Formulate questions for research based on gaps or on reexamination of conflicting information.
  - IL.1.D: Determine an appropriate scope of investigation.
  - IL.1.E: Organize information in meaningful ways.
  - IL.1.F: Determine the initial scope of the task required to meet their information needs.
  - IL.1.G: Match information needs and search strategies to appropriate search tools.

- **Contextual Authority**
  - IL.2.A: Monitor gathered information and assess for gaps or weaknesses or multiple perspectives.
  - IL.2.B: Analyze materials for audience, context, and purpose.
  - IL.2.C: Determine the credibility of sources based on author, content, format, assignment need, etc.

- **Creation Process**
  - IL.3.A: Contribute to scholarly conversation at an appropriate level.
• IL.3.B: Synthesize ideas gathered from multiple sources.
• IL.3.D: Develop an understanding that their own choices impact the purpose for which the information product will be used and the message it conveys.

Ethical Use
• IL.4.A: Give credit to ideas of others through proper citation and attribution.

PERSONAL DEVELOPMENT
Personal development involves engaging in life-long learning processes resulting in behaviors promoting student success as well as contributing to building a more equitable, empowered community and society in general through informed decision-making and responsible actions.

For proficiency, students will demonstrate the following as appropriate to discipline, course, or level of engagement:

INDICATORS
• PD.1: Recognizing learning as part of a process that includes continued development while identifying lessons learned and strategies for improvement.
• PD.2: Setting and monitoring short term and long-term goals.
• PD.3: Recognizing the role of behaviors, emotions, attitudes, and relationships in personal, academic, and community success and well-being.
• PD.4: Engaging in reciprocal process(es) that lead to identifying and seeking deeper understandings of community needs and stakeholders.
• PD.5: Contributing to the building/shaping of a more equitable, empowered community and society by developing positive relationships based on mutual respect and understanding.
• PD.6: Collaborating with community stakeholders identifying/creating plan(s) of action responding to identified needs based on informed decision-making.
• PD.7: Identifying actions taken to better one’s self, community, and society based on informed decision-making.
• PD.8: Engaging in ethical and responsible actions that are mutually beneficial to all stakeholders.

Each of the Student Learning Outcomes are operationalized by a series of outcome indicators. Student performance on these indicators is measured to determine achievement of Student Learning Outcomes. Residential faculty members in each discipline have selected the outcome(s) and indicators for each of our courses in accordance with their Division Academic Assessment Plans. As courses are assessed at CGCC, its Dual Enrollment counterparts must also be assessed. Additionally, faculty have projected course assessment “cycles” for coming semesters and academic years.

Partnerships
The Maricopa Community Colleges have partnerships with the Arizona public universities (Arizona State University, Northern Arizona University, and the University of Arizona), and more than 40 other institutions — nationally and internationally. These transfer partnerships assist students in making a smooth transition from one institution to the next by maximizing your Maricopa credits. In addition, many university partners offer Maricopa graduates dedicated advisement as well as financial incentives such as tuition and transfer scholarships, waiver of application fees, textbook waivers, and special tuition incentives for military personnel. Visit maricopa.edu/transfer for more details.

Affiliations & Associations
Accreditation Commission for Education in Nursing
The Nursing Program at Chandler-Gilbert Community College is approved by the Arizona State Board of Nursing and accredited by the Accreditation Commission for Education in Nursing (ACEN), 3343 Peachtree Road NE, Suite 850, Atlanta, GA, 30326, 404-975-5000.
American Board of Funeral Service Education (ABFSE)

The Associate of Applied Science degree in Mortuary Science at Chandler-Gilbert Community College is accredited by the American Board of Funeral Service Education (ABFSE), 992 Mantua Pike, Suite 108, Woodbury Heights, NJ 08097, 816-233-3747.

www.abfse.org

National Board Examination pass rates, graduation rates, and employment rates for this and other ABFSE-accredited programs are available at www.abfse.org in the Directory of Accredited Programs.

Higher Learning Commission, North Central Association

Chandler-Gilbert Community College is accredited by The Higher Learning Commission and is a member of the North Central Association; www.hlcommission.org; 800-621-7440 or 312-263-0456.

Federal Aviation Administration

The Aircraft Maintenance Technology Programs, designed to prepare students for licensure as certified airframe and powerplant (A&P) mechanics, are certified by the Federal Aviation Administration (FAA), Part 147.

The Aircraft Flight Technology Programs, designed to prepare students to apply technical knowledge and skills to prepare them for Commercial Pilot Certificate with Single Engine Airplane Land Rating and Instrument Rating, and the Multiengine Rating are certified by the FAA, Part 141, through a partnership with the UND Aerospace Foundation. All aviation programs are housed in the Aviation and Technology Center at the Williams Campus, 7360 East Tahoe Avenue, Mesa, AZ 85212-0908.

UND Aerospace Foundation

CGCC and the University of North Dakota Aerospace Foundation have partnered to establish a joint flight training program at the Williams Campus. The University of North Dakota program is an internationally recognized leader in aviation education. CGCC’s partnership with UND Aerospace presents a tremendous opportunity for students desiring a career in aviation flight.
**Pecos Campus**
2626 East Pecos Road
Chandler, AZ 85225-2499
480-732-7000

The Pecos Campus of CGCC is located on Pecos Road between Cooper and Gilbert Roads in Chandler. CGCC’s original campus opened in 1987 and is home to numerous associate degrees, university transfer, general studies, occupational, and special interest courses and programs.

**Williams Campus**
7360 East Tahoe Avenue
Mesa, AZ 85212-0908
480-988-8000

The Williams Campus of CGCC is near the Phoenix-Mesa Gateway Airport on Sossaman between Ray and Williams Field roads. Opened in 1995 on the former Williams Air Force Base, the Williams Campus is a comprehensive campus offering associate degrees, certificates and a wide array of general studies and university transfer courses. The campus neighbors ASU Polytechnic for the benefit of students interested in completing their four-year degree in one location. Housing is available.

**Sun Lakes Center**
25105 South Alma School Road
Sun Lakes, AZ 85248-6101
480-857-5500

The Sun Lakes Center of CGCC is located at the northeast corner of Alma School and Riggs in Sun Lakes. The Center focuses on the lifelong learning needs of the mature adult population in the Southeast Valley.

**Communiversity at Queen Creek**
21740 South Ellsworth Road
Queen Creek, AZ 85142
480-726-4182

Chandler-Gilbert Community College at Queen Creek is located at the intersection of Ocotillo and Ellsworth roads next to the Queen Creek Library. Students can enroll, receive advisement, register for any CGCC class and attend classes at this downtown location.
Pecos Campus Map
2626 East Pecos Road
Chandler, Arizona 85225-2449
(480) 732-7000

Directions:
The Pecos Campus is located just north of the San Tan freeway (Loop 202 south) between the Cooper and Gilbert road exits.
Williams Campus Map
7360 East Tahoe Avenue
Mesa, AZ 85212-0908
(480) 988-8000

Directions:
The Williams Campus is located just west of the Phoenix-Mesa Gateway Airport between Power and Sossaman roads.
Admissions, Records, and Registration

Admissions, Records, and Registration services are located in the Coyote Center at the Pecos Campus and in Bluford Hall at the Williams Campus. The office provides the following services:

- Assists with information about accessing the my.maricopa.edu Online Student Center
- Processes admissions forms, class registrations, and withdrawals
- Evaluates transfer credit and other credit from prior learning
- Verifies credits for graduation
- Determines residency for tuition purposes
- Verifies athletic eligibility
- Processes official transcripts and enrollment verification requests
- Hears Admissions and Standards appeals, including refund issues (requests must be in writing)

For additional information, visit admissions or call 480-732-7320 at the Pecos Campus and 480-988-8000 at the Williams Campus.

Academic Advisement

Identify, develop, and plan your path to success and completion with an Academic Advisor! Academic Advising Services at CGCC provide students guidance and support to navigate college resources, program and degree requirements, and university transfer options.

All first-time college students attend Coyote Kickoff which provides initial advisement and new student orientation in one experience.

Continuing students are encouraged to meet individually with an academic advisor in subsequent semesters, to develop a collaborative relationship and shared responsibility for academic goal setting and achievement.

Academic Advising Services are available in the Coyote Center on the Pecos Campus, in Bluford Hall on the Williams Campus, and limited services are available at the Communiversity in Queen Creek and online at cgc.edu/ advisement.

Athletics

Chandler-Gilbert would like to welcome students to the Coyote athletic programs. CGCC is looking forward to another successful season of intercollegiate competition in the Arizona Community College Athletic Conference. CGCC student athletes not only distinguish themselves on the athletic fields, but also in the classroom, setting high standards for future CGCC athletes.

Volleyball and basketball games are played at the CGCC Coyote Center. Softball and baseball games and soccer matches are played on fields at the Pecos Campus.

For more information, visit athletics or call:
- Women’s Volleyball  480-732-7365
- Men’s Baseball  480-732-7364
- Men’s & Women’s Golf  480-732-7073
- Men’s & Women’s Soccer  480-732-7363
- Women’s Basketball  480-732-7357
- Men’s Basketball  480-732-7366
- Softball  480-732-7168
- Athletic Trainer  480-732-7003
- Athletic Director  480-732-7177
- Academic Advisement for Athletes  480-732-7364

Bookstore

Students are able to purchase books and supplies in person at the bookstore on the Pecos Campus.

The Pecos Campus bookstore building is located northwest of the Student Center (Building SC).

Students may also purchase textbooks online and have them shipped directly to their homes at chandler.bkstr.com.

In addition to books and supplies, the bookstores also carry gifts, clothing, book bags, bus passes, graduation supplies, and other items for your convenience.

The Bookstore allows students to pay with cash, check, or major credit card. Complete payment and refund policies are posted at the Pecos Campus Bookstore.

Call 480-732-7352 for more information about the Pecos Campus Bookstore.
Career Services
Discover your career path with Career Services. Take online career exploration assessments to understand how potential careers connect to your skills, interests, and values. Identify academic majors that relate to your intended career pathway. Develop techniques to confidently present yourself to employers and other industry professionals. Make sure to attend CGCC’s career readiness workshops and campus career fairs. Come see us on the second floor of the Coyote Center Building, at the Pecos Campus and in Bluford Hall, at the Williams Campus or visit www.cgc.edu/careers

Career and Technical Education
Career and Technical Education (CTE) works collaboratively and responsively with our community to meet the needs of our diverse student population in preparing them for life, work, and careers. We provide quality resources and support to educators and students that enhance classroom learning. Additionally, we support campus and community activities that enhance academic achievement, technical skills, and productive citizenship to build stronger communities. To contact CTE or to find more information on how this area can assist you, please call 480-732-7361.

Computer Labs
Currently enrolled students who require computer resources to complete class assignments have access to open Computer Labs located on the Pecos Campus in Bradshaw Hall, room BRD123, and on the Williams Campus in Bridget Hall inside the library. Open Computer Labs feature self-paced learning environments in which students study course materials, complete assignments, and research information. Computer Lab learning associates and student assistants are available for general questions. Students who need assistance with assignments or materials related to a specific class should contact their instructors. Access to Computer Lab equipment is on a first-come, first-served basis. Hours of operation may vary each semester, with greatest usage occurring during early morning hours. Students should call 480-732-7221 or visit www.cgc.edu/cic for additional information.

Counseling
Counseling is a comprehensive academic and service program designed to promote student success and personal development at Chandler-Gilbert Community College. As a professional discipline, Counseling is based on values that include respecting the dignity of all people, celebrating the dimensions of personal identity that make us unique, recognizing and building on one’s strengths and abilities, and empowering individuals to identify and pursue their own life goals. We appreciate that each student enters college with different life experiences, whether entering directly from high school or returning to school after years of work or military service. It is our goal to help students to overcome challenges they may be facing and help them achieve success in their academic, career, and personal goals.

On the Pecos campus, Counseling is located in the Bradshaw Hall, room BRD101. At Williams, we are located in Bluford Hall, room BLUF141. Find us online at www.cgc.edu/counseling for information about hours, maps, and current program offerings.

CAP Courses
To support the next generation of counseling and other human services professionals, CGCC now offers an Associate of Arts, Emphasis in Counseling and Applied Psychological Science (CAP). These courses include Introduction to Counseling (CAP120), The Counselor in a Multicultural Society (CAP220), Introduction to Counseling Skills (CAP240), and Career and Professional Preparation for the Helping Professions (CAP260). Learn more at www.cgc.edu/degrees-certificates/counseling.

CLASI Workshops
In addition to teaching CPD courses, our Counseling Faculty also offer a variety of CLASI (Classroom Academic Skill Integration) workshops each semester. These interactive workshops, which can be attended in person, offer students the opportunity to learn about common academic challenges and techniques to overcome them. Topics offered include: Motivation &
Individual Student Support
Outside the classroom, students sometimes need additional support to manage specific concerns or issues that are hindering their best efforts to be successful. Our Counseling faculty provide free, appointments and consultations for enrolled students.

Academic Counseling
• Balancing life, work, and school demands
• Study strategies and time management
• Test anxiety

Career Counseling
• Interpretation of career assessments
• Exploring interests, values, and skills related to the world of work
• Exploring majors and career options
• Goal setting and decision-making

Personal Support
• Solution-focused problem solving
• Successful college adjustment
• Stress management and coping skills

Crisis Support
• Supporting students, faculty, and staff to promote the safety and well-being of the campus community

Referrals
• Provide referral information for students seeking mental health services, psychological assessments, and other community resources

Online Resources
• To help students manage and overcome life obstacles, we have gathered valuable resources both at CGCC and within the community. These are located at www.cgc.edu/counseling under the Resources tab. They include the following areas and more: Suicide/Crisis Support, Food & Basic Need Assistance, Domestic & Dating Violence and Mental Health Resources. For more information, or to schedule an appointment, please refer to our website at www.cgc.edu/counseling, or call 480-732-7158 during normal business hours.

Disability Resources & Services
Please see Student Support and Disability Resources & Services.

Distance Learning
Distance learning courses, also referred to as e-learning courses, are taught via the Internet and may be entirely or partly online. Courses taught partly online are identified as hybrid in CGCC class schedules. E-learning courses cover the same material as courses taught in person. To be successful in e-learning courses students should possess a reasonable level of comfort with technology and have consistent access to a computer with a reliable Internet service provider. E-learning courses are for students who are self-motivated and are able to learn independently using online tutorials and assignments. Communication among students, and between students and instructors, is mediated by Canvas, the Learning Management System (LMS) used for online and hybrid courses. Each student is assigned a Maricopa email address, which is the official means of electronic communication between the College and students.

Dual Enrollment
Dual Enrollment provides an opportunity for eligible high school students to take college level courses at their high school. These courses allow students to earn both high school and college credit for the same class. Classes meet at the high school during the regular school day and are taught by college certified instructors using approved curriculum and texts. The credits earned may be used toward an Associate’s degree, and most can transfer to universities. Dual Enrollment courses let students begin their college career in a convenient and affordable way. These courses enhance learning and promote higher level cognitive skills. Best of all, transition from high school to college begins early and occurs in a familiar and comfortable environment.

To learn more about Dual Enrollment offerings with our partner school districts please visit www.cgc.edu/dual or call 480-732-7006.
Early College
The Office of Early College provides programs for K-12 students. The office oversees the following programs:

ACE Program
The ACE Program (Achieving a College Education) is an early college, two-year tuition scholarship college preparation program for high school students. The mission of the ACE Program is to increase the college success rate of underrepresented, financially disadvantaged, and/or first-generation college-bound students. Students must demonstrate evidence of commitment to completing from the program while attending high school. Students may apply directly through this office at myaceadvisor@cgc.edu or through the ACE contact at their high school.

Hoop of Learning
(Native American Students)
The Hoop of Learning program at CGCC is designed to provide educational opportunities for Native American students in high school grades 9 through 12 to earn college credits. Native American high school students can apply with CGCC or through their local high school counselor. For more information, please email the Early College Program at myaceadvisor@cgc.edu

Special Events
The Office of Early Outreach works with a variety of K-12 and community partners to create college-bound events for K-12 students. An example of our successful partnerships with the Chandler Unified School District is a program called Destination College. Destination College is a summer school program for 3rd, 4th, and 5th graders. Students learn about the importance of reaching their educational goals while they are still in elementary school. For more information, please call 480-732-7205.

Enrollment Services
Enrollment services, located on the Pecos Campus in the Coyote Center, and Bluford Hall at our Williams location, includes Academic Advisement; Admissions, Records, and Registration; Financial Aid; the Testing Center; New Student Orientation; and Recruitment Services. These departments help ensure student success by facilitating the advisement, registration and retention of students. See also: Admissions, Records and Registration on page 15 and Financial Aid page 19 and Veterans Services on page 28.

New Student Orientation
All new-to-college, degree & transfer-seeking students are required to attend Coyote Kickoff (Initial Advisement/New Student Orientation). This includes students who have earned college credit through ACE, Dual Enrollment, or Hoop of Learning programs and are now high school graduates.

At Coyote Kickoff, academic advisors and college staff assist you with registering for your first semester courses. You will learn how to access and navigate the online Student Center, discuss major and degree requirements, review important college policies, student resources, and prepare for a successful first semester at CGCC.

Office of Student Recruitment
The Office of Student Recruitment provides information to future students about various academic programs, services, and resources available at Chandler-Gilbert Community College. To schedule a campus tour or request information, call 480-732-7385, visit the web at www.cgc.edu/admissions/new-students or email recruitment@cgc.edu

Course Placement
Our colleges now use multiple placement options to determine college course placement for students. Students planning to take English, Reading, and/or Math will be advised to register for the appropriate course(s) within the first two years of enrollment based on District-approved placement methods. You can find more information regarding placement at: https://www.maricopa.edu/future-students/assessment-placement
Facilities Services
The Facilities Services office is responsible for creating and maintaining a physical environment conducive to effective teaching and learning. To report issues with buildings or college grounds, call 480-732-7285.

Financial Aid and Scholarships
The Financial Aid Office, located in Coyote Center at the Pecos Campus and in Bluford Hall at the Williams Campus, is responsible for the following student services functions:
- Financial aid
- Scholarships
- Federal Work-Study

Financial Aid Answer Center telephone number is 855-622-2332 (toll free) and available 24 hours/7 days a week. See also: Enrollment Services on page 18.

Financial Aid
CGCC is committed to providing support to students with financial need. However, students are expected to share in the expenses of attending college. The purpose of the CGCC Financial Aid Office is to assist with this responsibility by determining students’ financial need and awarding assistance to eligible students. This is accomplished by evaluating all aid applications through the use of a standard financial needs analysis system that determines how much students and/or their families can afford to contribute toward the college costs. Several types of federal financial aid are available. These include:
- Pell Grant-Supplemental Education Opportunity Grant (SEOG)
- Direct Parent Loan (PLUS)
- Work-Study – part-time employment on campus

Students must apply and qualify for financial aid each academic year. In order to be considered for assistance, students need to complete the Free Application for Federal Student Aid (FAFSA). Once the financial aid application has been completed and you are admitted to CGCC, your financial aid eligibility will be evaluated.

Some funds are awarded on a first-come, first-serve basis, so it is best to apply as early as possible before the semester of attendance. Students should complete an application online at www.fafsa.gov as soon as possible each year in order to be considered for all available fund programs. Students must be making satisfactory academic progress in order to receive financial aid. Contact the Financial Aid Answer Center for specific details: 855-622-2332 or visit the Financial Aid website at www.cgc.edu/aid

Scholarships
Scholarships are available for prospective students as well as currently enrolled students. Because the applications and deadlines vary for each scholarship, applying early is critical. Completion of the federal financial aid application may be required for some scholarships. Visit www.cgc.edu/scholarships or contact the Financial Aid Office for applications and information.

Federal Work-Study
Federal Work-Study positions are coordinated through the Financial Aid Office and Career Services on the Pecos Campus. Visit www.cgc.edu/aid/workstudy for more information.

Food Services
CGCC has two full-service dining options: The Coyote Cafe is located in Bradshaw Hall, Room BRD133, at the Pecos Campus and the Roadrunner Cafe is located in Bridget Hall, BRID138, at the Williams Campus. Grounds for Thought, a coffee shop, is located near the Ironwood Courtyard at the Pecos Campus. Food service for the CGCC community is provided Monday-Friday, but hours of operation may vary. Food Services also provides catering for special events, banquets, and meetings. The manager is glad to hear students’ comments and assist with catering arrangements by calling 480-732-7362.
**Information Technology (IT)**

Information Technology is located on the second floor of the Library at the Pecos campus and in Bluford Hall at the Williams Campus. IT plans, designs, and integrates various college technologies in support of Student Success. IT performs ongoing operational support for computing, network, application, and media services. This includes technical support in the following areas:

- Enterprise Systems and Infrastructure
- Client/Network Support
  - Computer Hardware Repair
- Desktop Applications
- IP Telephony
- Business Process Automation
- Web-based Applications
- Photo and Videography
- Project Management

IT provides technical support at the Pecos Campus, Williams Campus, Sun Lakes Center, and the Communiversity at Queen Creek. CGCC’s network design provides connectivity to a variety of environments including Internet and wireless, in support of a multitude of computing technologies. A dedicated and professional team delivers technical services, implementation, and support for instructional and administrative systems.

For technical assistance, please call the Information Technology Helpdesk at 480-732-7025 or visit www.cgc.edu/IT.

**International Education Program**

The International Education Program (IEP) aims to support an environment that encourages global understanding, appreciation and citizenship by providing support services and programs that enhance academic, cultural and social international efforts at the college and the community. IEP is committed to providing services and support for students, faculty, and staff who are interested in a global dimension to their learning, research and/or teaching. Student support services and activities include immigration advisement, admissions, orientation, ESL advisement, intercultural adjustment, leadership and adjustment workshops. IEP also provides support for the Intercultural Exchange Club and organizes cultural activities and events to enhance cross-cultural understanding among domestic and international students on campus. IEP is located on the 2nd floor of the Coyote Center at the Pecos Campus. For more information, visit www.cgc.edu/international or call 480-726-4236.

**Institutional Research**

The Institutional Research office, located on the Pecos Campus in Gila Hall (GIL), provides assistance to academic and student affairs by collecting and analyzing information used to improve the quality of education and services and ensure student success. The office accomplishes this task by coordinating the development and implementation of the college strategic plan, ensuring stakeholders have access to meaningful, reliable and timely analytics that empower informed decision-making and drive strategy, and providing appropriate research support to faculty and staff to improve the delivery of products and services. Call 480-857-5118.

**Learning Center (Tutoring)**

The Learning Center mission is to support students’ academic learning by providing free tutoring and resources to reinforce and supplement classroom instruction and to assist students to achieve academic success. While the emphasis is on providing writing, mathematics, and science support, services are available for a wide range of academic courses at CGCC. Tutoring services are available on a drop-in basis for many courses, by appointment for select courses and online. Resources include workshops, software, and print materials. Students must be enrolled at CGCC in the class for which they are seeking assistance. For more information, visit www.cgc.edu/lc or call 480-732-7231.
Mathematics and Science Tutoring

The Math and Science Centers are valuable resources to assist CGCC students with a variety of math and science courses by offering tutoring and resources to supplement classroom instruction. The Math and Science tutoring program at the Pecos Campus is located on the second floor of the Library, rooms LIB227, LIB228 and LIB229. At the Williams Campus, tutoring takes place in Bridget Hall, room BRID115. A schedule of tutoring hours and services is posted at the beginning of each semester. The Math and Science tutoring program offers:

- Drop-in tutoring for math, chemistry, biology, physics, engineering, and statistics
- Trained tutors, including math and science faculty
- Computers with mathematics and science software
- Calculators and current textbooks
- Reference materials, handouts, science models and microscopes
- Interactive workshops focusing on a variety of mathematics and science topics

my.maricopa.edu

my.maricopa.edu is an online student center where students can do the following:

- Apply for admission
- Register for courses
- Check class schedule
- Add/drop courses
- Request official transcripts
- View unofficial transcripts
- Check holds
- Check fee balance and pay fees
- Manage Refund method
- Sign up for a payment plan
- View financial aid
- Check student grades
- Update address/phone
- Check course availability

Writing Center

The Writing Center is a valuable resource to assist CGCC students with their writing needs in all of their college courses. The Writing Center helps students address a wide range of writing concerns, from how to determine whether they have a good thesis, to how to organize their work, revise more effectively, and document sources accurately. The Writing Center at the Pecos Campus is located on the second floor of the Library, room LIB230. Writing tutors are also available at the Williams Campus in Bridget Hall, room BRID114. A schedule of tutoring hours and services is posted at the beginning of each semester.

The Writing Center services include:

- Individual writing sessions with knowledgeable tutors
- Drop-in tutoring (no appointment needed)
- Reference materials and handouts
- A comfortable, quiet study area for individual or small-group work
- Computers for academic use
- Interactive workshops focusing on a variety of writing topics

Visit www.cgc.edu/student-resources/library for the most up-to-date hours and holiday closure information.
academic mission of the College. The libraries provide access to a full-range of information in a variety of formats including web-based, traditional print and multimedia. Library faculty teach the identification, location, and critical evaluation of the dynamic information world. We also provide virtual and face-to-face reference assistance. Library staff assists patrons with interlibrary loan requests, course reserves, and study room reservations. The Library has 10 conference/study rooms; three library instruction classrooms; access to subscription databases; magazines, journals, and newspaper display and storage; and wireless Internet access.

Electronic Resources
Students, faculty, and staff use their MEID and associated password to access the Library’s electronic resources from off campus.

Student ID/Library Cards
Student ID cards serve as a Library Card. See Student Identification Cards on page 25.

Parking
Students taking classes exclusively at the Pecos Campus are no longer required to obtain an MCCC parking decal to park on campus property.

Students parking at the Williams Campus must obtain and display a current academic year CGCC Williams Campus parking permit. These may be obtained from College Safety in Bluford Hall. Permits will be issued only after the refund deadline has passed for a student’s earliest-starting class. Current enrollment in Williams Campus class(es) will be verified prior to a permit being issued. Students are limited to one permit.

A new Williams Campus parking permit will need to be obtained each academic year (fall through the following spring and summer semesters).

CGCC students and employees choosing to park vehicles on Arizona State University Polytechnic campus property are required to register their vehicles and purchase and display ASU parking decals. ASU parking decals can be purchased from the ASU Polytechnic Campus Decal Sales office located in the ASU Student Affairs Complex.

CGCC students and employees are subject to ASU Polytechnic Campus parking and traffic regulations when parking on ASU Polytechnic Campus property and are also responsible for any citations and/or penalties resulting from parking violations.

Practical Instruction
Some courses and programs of study require students to participate in practical instruction, which may include internships, practicums, clinical placements, field experience or other types of hands-on demonstration by students of concepts or theories learned in instructional settings on campus or online. Practical instruction may require students to travel to approved sites throughout the Maricopa Community College District service area, and may also require students to meet eligibility requirements such as fingerprint clearance, background checks, drug testing, and operating various types of motor vehicles. Complete information on practical instruction can be found in recruitment materials and student handbooks for specific instructional programs.

Maricopa Community College Police Department
Maricopa Community Colleges Police Department are responsible for maintaining a safe, orderly, and peaceful atmosphere on campus to contribute to student development and success. It was formed with these objectives in mind, and is staffed by qualified safety personnel, including certified police officers. Maricopa Community Colleges Police are located in the Public Safety Building (PSB), at the Pecos Campus and in Bluford Hall at the Williams Campus. Students are encouraged to inform the on-duty officer about any situation that might warrant support for safety reasons (stalkers, potentially violent situations, orders of protection, etc.).

Services to students, faculty, and staff include:
- Providing safety escorts to and from parking lots upon request
- Assisting students, faculty, and staff in case of accident or injury on campus
• Providing minor assistance to motorists with disabled vehicles
• Delivering emergency messages from family to students in classes
• Enforcing parking regulations on campus
• Providing Lost and Found services
• Administering college vehicle use
• Patrolling campus
• Encouraging student, faculty, and staff participation in safety and crime prevention programs

For additional information, call 480-732-7280 at the Pecos Campus or 480-988-8888 at the Williams Campus. Information on crime prevention programs, safety policies, incident reports, and CGCC crime statistics for the previous three years can be found at www.cgc.edu/safety.

Emergencies
In the event of emergencies on campus, contact the Maricopa Community Colleges Police Department at 480-784-0911. Emergency telephones are located at the entrances to all parking lots of the Pecos Campus and ring directly into the Public Safety Department. Call 911 in the event of a life-threatening emergency.

Emergency Notification System
Chandler-Gilbert Community College uses a mass notification system (RAVE) in order to communicate with students and employees in the unlikely event of an emergency at the college. Student contact information (cell phone number, home phone, email address etc.) provided at the time of registration will automatically be used in the college notification system. Be assured, that students and staff will only be contacted for emergency purposes. The system will not be used for other purposes.

RAVE Guardian App
Students can download the RAVE Guardian App from the Apple App Store or Google Play. This app helps to improve:

- Safety
- Security
- Access to emergency numbers

CGCC students can authenticate their accounts with student email addresses, user names, passwords and personal profiles.

College Police Regulations

Identification
College Police personnel are authorized to ask any person on campus for proper identification, should the need arise. Students failing or refusing to identify themselves properly will be:

- Asked to leave the campus (if conduct or behavior warrants such action), and
- Reported to the Vice President of Student Affairs.

Weapons
All firearms, explosives, knives, or instruments that can be construed as dangerous weapons are prohibited on campus. All persons bringing firearms or other weapons for classroom demonstrations or any other academic reason are required to bring them to the Public Safety Department for examination.

Motor Vehicles
College regulations governing motor vehicles operated by CGCC students shall be under the jurisdiction of the college administration.

Vehicle Damage or Loss
Chandler-Gilbert Community College assumes no responsibility for damage to motor vehicles, or for any loss while vehicles are parked or operated on or near the campus.

Vehicle Registration
Williams campus students and all employees who drive motor vehicles on any CGCC campus are required to register the vehicles that may be used on college property with Enrollment Services. Individuals who subsequently purchase or trade their registered vehicles must register the new vehicles. Parking in
Employee, Disabled, Carpool or other specially designated stalls requires the appropriate decal and or indicator be displayed. Violators will be subject to citations and associated fines. Designated Visitor parking is available to non-affiliates of the college who are conducting temporary business on college property.

College Traffic Regulations
The following college traffic regulations are applicable to all members of the college community, including students, faculty, staff, and visitors:

1. Maximum speed limit on campus is 15 m.p.h.
2. Students and employees who have been issued parking permit decals following vehicle registration with the Public Safety Department must display the decals in accordance with current regulations.
3. Drivers must observe and comply with stop signs, pavement arrows, right-turn-only signs, and other traffic control devices. All vehicles must stop at marked crosswalks to yield to pedestrian traffic within the crosswalks.
4. Persons driving on campus must follow directions given by Public Safety officers and furnish student or other identification when so required.
5. Students may park in any parking space except those marked Visitors, Handicapped, Maintenance, Employees, No Parking, or any area with a red or yellow curb.
6. Persons having a Handicapped designation on their vehicle may use any marked space on the campus, including those marked Handicapped, except those areas with red or yellow curbs.
7. No vehicle other than an emergency vehicle may be parked along red curbs or in striped areas. These are fire-hazard and safety zones, and violators will be towed away without warning at the owner’s expense.
8. No vehicle may be parked in driveways, where signs indicate No Parking, or in areas not specifically marked for parking.
9. Visitors may use student zones on a temporary basis. Visitor permits may be obtained from the Public Safety Department.
10. In angled parking spaces, no vehicle may be parked in a direction opposite the normal direction of traffic.

Student Dress Code
Students are expected to dress appropriately and in good taste at all times while on campus, in the classroom, or in the Student Center. Students are required to wear some type of shirt in addition to other normal apparel. State Health Department laws and college policy require that all students wear shoes. If, in the opinion of the faculty or staff member, any student’s dress, manner, appearance, or conduct distracts, disrupts or interferes in any way with the classroom procedures or the educational processes, the violator may be asked to leave the classroom or the campus. The violator may not return until the condition is corrected or the case is reviewed by the Vice President of Student Affairs.

Student Business Services
Student Business Services Office (SBS) manages financial operations for the college, including tuition and fee collections and provides financial accountability to funding agencies and individuals. Students can schedule appointments or simply ask questions by calling 480-732-7312 or emailing sbs@cgc.edu.

Student Helpline
Support for student concerns, complaints and college wide issues in and out of the college classroom. Chandler-Gilbert Community College is committed to
the development of our students. Students may need support to review and resolve complaints, concerns and issues that they face here at the college in and out of the classroom.

The following steps are recommended to any student who has a problem and need some guidance as to next steps. This support relates to any college issues related to classes, faculty, other students, college services, college staff and events and activities. We will also help direct students to personal and academic support. Our role is not to judge your complaint or concern but to help you resolve it in an appropriate manner.

If you need someone to help you figure out where to start with your complaint or concern, please follow the steps listed below.

1. Call 480-732-7322 for support. We will listen to your concern and help direct you through the appropriate process. We offer non-judgmental support to all CGCC students. This office serves as an advocate for any student issues at CGCC.

2. You can leave a recorded message on this line 24 hours a day. Please leave your name, your concern and a student advocate will return your call and help you with your issue, complaint or concerns.

3. Email student-helpline@cgcc.edu directly. Please explain what is happening, your name and the best way to contact you. Emails are responded to on a daily basis.

The VFSA’s Office provides information on all student services and the following MCCCD policies:
- Student Rights and Responsibilities
- Student Conduct and Grievances
- ADA Accommodations
- Sexual Harassment Issues
- 504 and Title IX

**Student Housing**

Student residential living is available at the Williams Campus for those students who meet eligibility and criteria. Two-, three-, four-, and five bedroom houses and residential hall rooms and suites are available for rent. Housing at the Williams Campus is open to any student enrolled in the minimum number of credit hours at one of the Maricopa Community Colleges.

Verification of Continuing Students and Good Standing: Student status and eligibility to remain in residential living will be verified each term. To remain in good standing and continue residing on the Williams Campus, students need to be enrolled throughout the term(s) and meet all requirements of the housing agreement. Contact the Williams Campus Housing Office at 480-727-1700 for specific information, or visit housing.asu.edu.

**Student Identification Cards**

Student identification (ID) cards are obtained from the Enrollment Services Office, located in the Coyote Center at the Pecos Campus. The first card is free and can be obtained after enrolling in courses. The card is used to access many of the services on campus including the Library and Fitness Center and should be kept from semester to semester. Replacement cards can be purchased for $5 at Student Business Services, located in the Coyote Center, at the Pecos Campus.

**Student Immunization**

Students who were born after January, 1957, and who were not immunized after 1968 are urged to seek immunization for measles/rubella to safeguard their health and to prevent illness that could interrupt their educational plans. Students transferring to one of the three state universities must have up-to-date immunization records. All Arizona state universities require immunization for admittance.

**Student Insurance**

More information is available here. Or please visit or contact the Office of the Vice President of Student Affairs in the Pecos Campus; 480-732-7322.
Student Life and Leadership

All students are encouraged to participate in programs and activities sponsored by the Office of Student Life and Leadership located in the Student Pavilion at the Pecos Campus and Bridget Hall at the Williams Campus. There are many opportunities to enhance classroom experience with co-curricular activities.

These include leadership development, community service programs, cultural events, and an opportunity to participate in one of the many student organizations. For more information visit: www.cgc.edu/student/life.

To participate in campus, community service programs, or Service-Learning call the Office of Student Life and Leadership at 480-732-7104.

Leadership Development

Getting Involved - Leadership Retreats and Leadership Activities Leadership retreats are organized to increase students’ leadership skills during the fall and spring semesters. Interested students are encouraged to call the Office of Student Life and Leadership.

Community Service and Volunteer Opportunities

Students are encouraged to serve and volunteer on campus and in the community in a variety of ways. Some of the activities that students participate in include:

Coyote Cupboard

The Coyote Cupboard is a food pantry non-perishable and household items available to any CGCC student or employee. CGCC is in partnership with Matthew’s Crossing Food Bank. See a staff member of Student Life for hours of operation during the week day. The pantry is available at the Pecos and Williams Campus.

Service-Learning

This is an exciting program designed to integrate community service into the classroom. This program benefits everyone involved: students, faculty members, and the community. Students interested in participating in Service-Learning events or wanting further information are encouraged to stop by or call the Office of Student Life and Leadership at the Pecos Campus at 480-732-7069.

Into the Streets

Each semester students are encouraged to participate in the Into the Streets program, which is designed to give students hands-on experience serving in some of CGCC’s many community service agencies, such as the Boys and Girls Clubs, nursing homes, and homeless shelters.

Adopt-A-Family Program

This program assists CGCC students with necessary food, clothing, and related resources. During the holidays, meals and gifts are provided as well. Students must complete an application or be referred by college employees.

CGCC Student Organizations

The list of student organizations at CGCC grows each year. Listed below are the current, officially recognized groups. Student organizations may be formed for many purposes — social, service, athletic, professional, and religious. Current information is available in the Office of Student Life and Leadership. For more information about student organizations visit or contact the Student Life office.

• APIC – Asian Pacific Islander Club
• Business Professionals
• Educators Rising
• Engineering Club
• HELP – Hands Enriching Life Program
• HSO – Hispanic Student Organization
• IEC – Inter-cultural Exchange Club
• Kairos – Christian Club
• MEN – Male Empowerment Network
• One Voice
• Pre-Health Professionals Club
• Psychology Club
• PTK – Phi Theta Kappa
• Student Veterans Organization
• Women Rising
How to Create a Student Organization

Student organizations can be created to meet the needs of a diverse student population. Students thinking of creating a new student organization should meet with the Director of Student Life and Leadership to learn the steps to take to have any group officially recognized at CGCC.

Co-Curricular and Multicultural Programs

Co-curricular programs are fairly new programs that refer to activities, programs, events, and learning experiences that compliment what students at Chandler-Gilbert Community College are learning in the classroom. These Co-curricular opportunities connect to or mirror the academic curriculum. The office of Student Life and Leadership values diversity and inclusion by providing multicultural opportunities for students to attend heritage events and learn about different cultures. Students interested in participating in Co-curricular or Multicultural events on campus are encouraged to stop by or call the Office of Student Life and Leadership.

College and Student Activities Budgets

CGCC allocates funds to a variety of college and students activities. These funds cover a host of special events, cultural celebrations, co-curricular activities, academic recognitions, service learning, and a variety of performing arts activities. Please contact the Vice President of Student Affairs' Office at 480-732-7322 for more information.

Voter Registration

Students and community members have the opportunity to register to vote in the Office of Student Life and Leadership at CGCC. Voter registration is also available online at www.azsos.gov or by calling 877-THE-VOTE (877-843-8683). Contact the Office of Student Life and Leadership at 480-732-7104 or visit www.azsos.gov for registration deadlines and election dates.

Student Support and Disability Resources & Services

This department provides student-centered support services and programs for CGCC’s diverse student population and those individuals with disabilities. The department is located on the Pecos campus in the Bradshaw building (BRD101). For more information, call 480-857-5188.

Disability Resources & Services (DRS)

DRS provides access and ongoing support services to students who have a documented disability according to The Americans with Disabilities Act (ADA), and Section 504 of the Rehabilitation Act. Students will apply for services and request academic adjustments through MCCCD’s DRS CONNECT system. All registered students must provide appropriate and current documentation that complies with the MCCCD documentation policy and guidelines. DRS provides education and information regarding student rights and advocacy and academic adjustments that support student learning.

Travel by Students

Official college trips should be made in vehicles provided by the college or by commercial vehicles. College vehicles may be used for official college business only. See MCCCD policy on Operation and Insurance Coverage of District Owned and/or Leased Vehicles and Privately Owned Vehicular Usage for District Purposes. The college president may require an advisor(s) for college-sponsored student trips that involve out-of-county travel. No approved college organization, association or club that is financed out of the appropriate revenue fund budget shall travel out of state more than three (3) times during one (1) school year. Exceptions may be made for student officers who hold offices in national or regional organizations and tournaments. For travel out of the country, Governing Board approval is required. If campus financial support is requested for attending tournaments or club functions, students must obtain campus approval prior to running for national or regional organizations and/or officer positions.

Trip Reduction Program

Full-time students are encouraged to participate in Maricopa County’s Trip Reduction Program (TRP). Discounted bus passes, reserved carpool parking, free showers, and contests and prizes are available to qualified participants. Interested students should check with the Student Center information desk (SC100) or contact the college Trip Reduction Coordinator for details. Complete information about the program is available at www.cgc.edu/trip
Veterans Services

CGCC recognizes and honors the sacrifices of all those who have served our country in the U.S. Armed Forces. The Veterans Services Office is located in Coyote Center at the Pecos Campus and in Bluford Hall at the Williams Campus, and provides the following services:

- GI Bill® benefits counseling and processing
- Referrals for personal, career, academic counseling, enrollment services, and financial aid
- Assistance with family and transition support
- Student Veterans Organization (SVO)

Students applying for veterans benefits for the first time should allow four to six weeks before receiving benefits. The amount of benefits awarded is based on the number of credit hours attending and chapter of benefits. Those students receiving benefits must be following the Veterans Administration (VA) academic progress policy to continue to receive benefits.

Veterans Chapters Served

- Chapter 30 – Montgomery GI Bill®
- Chapter 31 – Vocational Rehabilitation (separately served through local VA Vocational Rehabilitation offices)
- Chapter 33 – Post 9/11 GI Bill®
- Chapter 35 – Survivors and Dependents of Deceased/100% Disabled Veterans
- Chapter 1606 – Selected Reserve GI Bill®

For additional information, contact the Veterans Services Office at 480-726-4122 at the Pecos Campus and 480-988-8177 at the Williams Campus. Information is also available at [www.cgc.edu/veterans](http://www.cgc.edu/veterans).

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government website at [www.va.gov/education](http://www.va.gov/education).
Approved VA Funding

Airway Science Technology, Flight Emphasis

Approved Funding for VA Flight Training for 2021-2022
Flight Standards District Office (FSDO)
Approved Minimum Times Per Part 141 Training Course Outlines

Costs are calculated according to the following hourly rates:

2021-2022 Projected Individual Flight Training Costs – Students in Commercial/Instrument Training Prior to Fall 2021

These are the projected costs for flight courses for the 2021-2022 school year based on anticipated rates (*). Course costs are based on the average number of hours it takes a student to complete the course, and may vary from student to student according to their capability and motivation. Financial aid may be available to assist with these costs, but applying for aid must be done well in advance. Flight costs are in addition to tuition.

DEGREE REQUIREMENTS
Maricopa County Community College District (MCCCD) 2021-2022
General Academic Policies for Associate Degrees Designed for University Transfer

The following academic policies govern the associate degrees designed for university transfer: Associate in Arts (AA); Associate in Arts, Elementary Education (AAEE); Associate in Arts, Fine Arts (AAFA); Associate in Business-General Requirements (ABUS-GR); Associate in Business-Special Requirements (ABUS-SR); and Associate in Science (AS).

Note that academic policies that govern the Associate in General Studies (AGS) and Associate in Applied Science (AAS) degrees are listed separately, with the requirements for each of those degrees.

- The graduation policies within the general catalog must be satisfied (administrative regulation 2.3.9).
- Minimum semester credits for completion vary slightly by degree and specific emphasis (when applicable). Refer to the Program (Degree) Search at https://curriculum.maricopa.edu/ for credit minimums for individual degree programs.
- Credits completed toward these minimums must be in courses numbered 100 or above with a grade of "C" or better. These credits must include a minimum of 35* in satisfaction of the requirements of the Arizona General Education Curriculum (AGEC) along with a maximum of 6 credits towards MCCCD’s Additional Requirements.
- Detailed degree requirements are maintained by the Center for Curriculum and Transfer Articulation (CCTA); refer to the program search at https://curriculum.maricopa.edu/

General Education Requirements

The AGEC requirements include a designated number of courses approved for each of the following areas:

- First Year Composition [FYC],
- Mathematical Applications [MA], Computer/Statistics/Quantitative Applications [CS] (CS not required for Associate in Science),
- Literacy and Critical Inquiry [L],
- Humanities, Arts and Design [HU],
- Social-Behavioral Sciences [SB], and
- Natural Sciences (Science Quantitative [SQ], Science General [SG])
- Awareness Area: Cultural Diversity in the U.S. [C]
- Awareness Area: Global [G] or Historical [H] Awareness

- Note that there are three different AGECs each aligning with a different subset of associate Degrees—AGEC-A for the AA, AAEE, and AAFA degrees, AGEC-B for the ABUS-GR and ABUS-SR degrees, and AGEC-S for the AS degree. For some types of AGECs/Associate degrees, students are allowed to choose from a broad list of courses; for others the courses are more restricted or even specified.
- A single course can simultaneously count toward one or more Awareness Areas, other AGEC requirements, MCCCD Additional Requirements and, for some degree types, other lower division courses used to meet the degree requirements. For example, CRE101 may be used to satisfy both the MCCCD Reading Requirement and the Literacy and Critical Inquiry area [L] of the AGEC core. While multiple requirements can be met with a single course, the credits are only counted one time toward the required minimum for the degree.
- Except for the Associate in Science (AS) degree, a single course cannot be used to satisfy more than one AGEC requirement, with the exception of Awareness Areas. For example, a course cannot be used to satisfy [HU] and [C], [G] and/or [H].

For the most current information regarding common policies degree requirements, log on to https://curriculum.maricopa.edu/curriculum/degrees-certificates/associate-degrees/academic-policies.
The AGEC-A and AGEC-B require a minimum of 35 credits* and the AGEC-S requires a minimum of 36 credits*, however, the AGEC credit count within the total credits for a degree may be under these minimums if courses are also applied toward Required Courses or Restricted Electives and the credits are counted in those areas. Awareness Areas and MCCCD’s Additional Requirements may also be shared with AGEC Core Areas. Optimizing credits in this way is often recommended because some programs and universities limit transferable credits at 64.

All MCCCD courses applied to the AGEC must be completed with a grade of “C” or better.

All MCCCD courses applied to the AGEC must be accepted for transfer credit as a direct equivalent, departmental elective, or general elective credit at ASU, NAU, and UAZ according to the Course Equivalency Guide for the academic year in which the course was taken. Courses applied exclusively to the Bachelor of Applied Science are ineligible for inclusion in the AGEC.

Coursework beyond General Education

For some degree types, the additional coursework required to complete the degree is specified while others offer the student more latitude. See degree checksheets for more complete description. Consultation with an academic advisor about course selection is always recommended.

Oral Communication and Critical Reading are MCCCD Additional Requirements required for Associate in Arts, Associate in Arts, Elementary Education, Associate in Arts, Fine Arts and Associate in Science degrees. Refer to the Program (Degree) Search at curriculum.maricopa.edu for acceptable options to meet these requirements for individual degree programs.

Within the Restricted Electives, course recommendations are made for specific transfer institutions. Students should select a transfer plan (group of courses) based on their intended transfer institution. However, not all transfer institutions are reflected in these recommendations. Therefore, students may instead meet the minimum number of Restricted Elective credits using a combination of courses from the transfer plans listed. Restricted Electives should be selected in consultation with an academic, faculty, or program advisor.

Note that some majors require up to a 4th semester proficiency (202-course level) in a non-English language. Students should consult with an academic advisor to discuss options to complete these requirements.

General Electives may need to be selected to meet the minimum total credits required for the degree. Maricopa courses and external courses evaluated as Maricopa equivalents, departmental electives, (e.g., HISELC for a history elective), or general electives (GENELC) that are numbered 100 level or higher, and completed with a grade of “C” or higher, may be applied in the elective area, regardless of potential transferability to other institutions. It is recommended, however, that students planning to transfer to a baccalaureate-granting institution meet these general elective requirements with courses that are transferable and applicable to their intended university degree. Transfer advisement information is accessible on the following websites: aztransfer.com, curriculum.maricopa.edu, as well as those of individual universities. For appropriate course selection, students should consult with an academic advisor.

Any course cross-referenced under another prefix(es) (for example ENH291/EDU291-Children's Literature) covers identical content and its credits can only be counted once toward requirements.

Transfer Credit from Institutions Outside of MCCCD

Credits transferred from outside of MCCCD must be at a grade of “C” (2.0 on a 4.0 scale) or better. Transfer credit graded pass/fail or pass/no credit may be used to satisfy AGEC requirements if documentation collected by the community college indicates that this was the only grading option available and that the Pass grade (“P”) is equivalent to a “C” or better.

External courses evaluated either as equivalent to an MCCCD course or as elective credit may be applied toward the minimum credits for degree completion.

The AGEC (Arizona General Education Curriculum) designations of courses completed at other Arizona public
Colleges or universities will be applied as listed on AZTransfer’s Course Equivalency Guide (CEG) for the semester(s) in which the course(s) were completed. If a transcript evaluation determines there is no MCCCD direct equivalency to a course from another Arizona public college or university, applicability to AGEC and/or associate degree requirements will be based on the source institution’s AGEC designation for the semester in which the course was completed.

- Courses from private, out-of-state, and/or online institutions (i.e., outside of the Arizona Transfer System comprised of Arizona’s public community colleges, tribal colleges and universities) will be applied toward AGEC and/or associate degree requirements based on the courses’ evaluated MCCCD equivalence. If courses are not directly equivalent, the credit may be articulated as a departmental elective, and if deemed appropriate, may have a general education designation applied to the course.
- Credit awarded at a Maricopa Community College through prior learning assessment is transferable to the other colleges in the district but is not necessarily transferable to other colleges and universities. No more than 20 such assessed semester credit hours may be applied toward AGEC, and no more than 30 credits (including up to 20 toward AGEC) may be applied toward a degree.

Completion and Transfer

- Completion of the AGEC with a minimum Grade Point Average of at least 2.0 on a 4.0 scale for Arizona residents and 2.50 for non-residents meets Arizona public university general admission requirements. It does not ensure admission to specific university majors or programs with selective admission processes and/or limited enrollment.
- While MCCCD’s associate degrees are designed to facilitate a seamless transfer to other Arizona institutions, courses may be transferable and/or meet associate degree requirements, but may not necessarily meet the specific requirements of a particular degree, major, or area of emphasis at another institution.

Students planning to transfer to another college or university are urged to refer to university requirements and academic advisors from both institutions to be certain that all their selected coursework is applicable to the requirements of their intended transfer degree and within their allowed transferable credit limit. For some majors, the statewide Common Course matrix and AZTransfer Major Guides at aztransfer.com and/or university transfer guides can also provide some guidance. For appropriate course selection, students should consult with an academic advisor.

*Credit minimums may be lower if students have transfer credit from ASU, NAU or UAZ for a single course that meets First Year Composition in full. See notes on individual degree policies.

Maricopa County Community College District (MCCCD) 2021-2022
Arizona General Education Curriculum (AGEC) – A, B, S

Description

The Maricopa County Community College District Arizona General Education Curriculum (MCCCD AGEC) is a general education certificate that fulfills lower-division general education requirements for students planning to transfer to any Arizona public community college or university. Generally, the MCCCD AGEC transfers as a block without loss of credit. The AGEC-A and AGEC-B require a minimum of 35* credit hours, and the AGEC-S requires a minimum of 36* credit hours.

In most cases, all courses used to satisfy the MCCCD AGEC will apply to graduation requirements of the university major for which the AGEC was designed.

There are three types of AGECs in MCCCD: AGEC-A, AGEC-B, and AGEC-S. As described below, these AGECs are also a component of most MCCCD associate degrees and comparable degrees at other Arizona public community colleges. The

For the most current information regarding common policies degree requirements, log on to https://curriculum.maricopa.edu/curriculum/degrees-certificates/associate-degrees/academic-policies
AGEC-A defines the general education requirements in the Associate in Arts (AA), Associate in Arts, Elementary Education (AAEE), and the Associate in Arts, Fine Arts (AAFA) degrees. The AGEC-B defines the general education requirements in the Associate in Business-General Requirements (ABUS-GR) and Associate in Business-Special Requirements (ABUS-SR) degrees. The AGEC-S defines the general education requirements in the Associate in Science (AS) degree.

As described in more detail below, all AGECs require designated courses in First Year Composition [FYC], Literacy and Critical Inquiry [L], Mathematical Studies [MA/CS] (Exception: The AGEC-S does not require CS.), Social-Behavioral Sciences [SB], Humanities, Design and Fine Arts [HU], and Natural Science [SQ/SG]. Students must satisfy two Awareness areas: Cultural Diversity in U.S. and either Global Awareness or Historical Awareness

Purpose of the AGECs
AGECs were designed to articulate with different academic majors, and their particular requirements vary accordingly. In some major-specific pathways, students are allowed to choose from a broad list of courses to satisfy the AGEC requirements; for others the courses are more restricted or even specified. Additional information on academic majors at the Arizona public universities can be accessed via the following website: www.aztransfer.com

1. The AGEC-A is designed to satisfy requirements in many liberal arts majors as well as other majors that articulate with an Associate in Arts degree (e.g., social sciences, fine arts, humanities, elementary education). AGEC-A requires a minimum of college mathematics or college algebra to satisfy the Mathematics [MA] requirement.

2. The AGEC-B is designed to satisfy requirements in business majors that articulate with the Associate in Business. AGEC-B requires a minimum of brief calculus to satisfy the Mathematics [MA] requirement.

3. The AGEC-S is designed to satisfy requirements in majors with more prescriptive mathematics and mathematics-based science requirements such as many in the sciences, technology, engineering and mathematics. AGEC-S requires a minimum of the first course in a calculus sequence to satisfy the Mathematics [MA] requirement, and a minimum of eight credits of either university chemistry, university physics, general biology for majors, or physical and historical geology to satisfy the Natural Sciences [SQ/SG] requirement. In addition, students must select six to ten additional credits of Subject Options comprised of math and/or science appropriate to their major.

Academic Policies that Govern the AGEC A, B, S
- Requires completion of at least 35 credit hours* (AGEC-A, AGEC-B) and 36 credit hours* (AGEC-S) in courses numbered 100 and above and that a minimum of 12 of those credits be taken at one or any combination of the MCCCD colleges. See First Year Composition [FYC] notes in the following AGEC descriptions and footer for credit minimum exceptions.*
- All MCCCD courses applied to the AGEC must be completed with a grade of “C” or better.
- All MCCCD courses applied to the AGEC must be accepted for transfer credit as a direct equivalent, departmental elective, or general elective credit at ASU, NAU, and UAZ according to the Course Equivalency Guide for the academic year in which the course was taken. Courses applied exclusively to the Bachelor of Applied Science are ineligible for inclusion in the AGEC.
- A single course can simultaneously count toward one or more Awareness Areas and other AGEC requirements. For example, a course in world geography can be used to satisfy [SB] and [G] requirements. While multiple requirements can be met with a single course, the credits for that course are only counted one time toward the required minimum total for the AGEC. Except as detailed below for the AGEC-S, a single course cannot be used to satisfy more than one AGEC requirement, with the exception of Awareness Areas.
- The AGEC-A and AGEC-B require a minimum of 35* credits and the AGEC-S requires a minimum of 36* credits, however, the AGEC credit count within the total credits for a degree may be lower than these minimums if courses are also applied toward Required Courses or Restricted Electives and the credits are counted in those areas. Awareness Areas and MCCCD’s Additional Requirements may also be shared with other AGEC Requirements.

For the most current information regarding common policies degree requirements, log on to https://curriculum.maricopa.edu/curriculum/degrees-certificates/associate-degrees/academic-policies.
Optimizing credits in this way is often recommended because some programs and universities limit transferable credits at 64.

Transfer Credit from Institutions Outside of MCCCD

- Credits transferred from outside of MCCCD must be a grade of “C” (2.0 on a 4.0 scale) or better. Transfer credit graded pass/fail or pass/no credit may be used to satisfy AGEC requirements if documentation collected by the community college indicates that this was the only grading option available and that the Pass grade (“P”) is equivalent to a “C” or better.
- External courses evaluated either as equivalent to an MCCCD course or as elective credit may be applied toward the minimum credits for degree completion.
- The AGEC (Arizona General Education Curriculum) designations of courses completed at other Arizona public colleges or universities will be applied as listed on AZTransfer’s Course Equivalency Guide (CEG) for the semester(s) in which the course(s) were completed. If a transcript evaluation determines there is no MCCCD direct equivalency to a course from another Arizona public college or university, applicability to AGEC and/or associate degree requirements will be based on the source institution’s AGEC designation for the semester in which the course was completed.
- Courses from private, out-of-state, and/or online institutions (i.e., outside of the Arizona Transfer System comprised of Arizona’s public community colleges, tribal colleges and universities) will be applied toward AGEC and/or associate degree requirements based on the courses’ evaluated MCCCD equivalence. If courses are not directly equivalent, the credit may be articulated as a departmental elective, and if deemed appropriate, may have a general education designation applied to the course.
- Credit awarded at a Maricopa Community College through prior learning assessment in non-traditional setting is transferable to the other colleges in the MCCC district but is not necessarily transferable to other colleges and universities. No more than 20 such assessed semester credit hours may be applied toward AGEC.

Completion and Transfer

- Completion of the AGEC with a minimum grade point average of at least 2.0 on a 4.0 scale for Arizona residents and 2.50 for non-residents meets Arizona public university general admission requirements. It does not ensure admission to specific university majors or programs with selective admission processes and/or limited enrollment.
- Students planning to transfer to another college or university are urged to refer to university requirements and academic advisors from both institutions to be certain that all their selected coursework is applicable to the requirements of their intended transfer degree. For some majors, the statewide Common Course matrix, AZTransfer Pathway Guides and/or University Transfer Guides posted on the AZTransfer website can also provide some guidance. For appropriate course selection, students should consult with an academic advisor.

AGEC Requirements

Descriptions and definitions of the requirements for each of the three AGECs follow. The following website identifies the courses that apply to the different requirements within each AGEC: AGEC matrix. Courses available for both Areas during a current or upcoming semester can also be found using the “Find a Class” tool on maricopa.edu and on each MCCCD college’s website.

*Note that for students pursuing an associate degree with a specific emphasis (for example: Associate in Arts, Emphasis in History, Associate in Arts, Fine Arts, Emphasis in Theatre, Associate in Science, Emphasis in Physics), the AGEC course requirements are usually more prescriptive. Students pursuing a major-specific pathway should consult the Program (Degree) Search at curriculum.maricopa.edu for specific degree and AGEC requirements. Consultation with an academic advisor about course selection is always recommended.
Arizona General Education Curriculum-Arts (AGEC-A) Requirements

The AGEC-A requires a minimum of 35 credits (32 if FYC is met by single transfer course)*, however, the AGEC credit count within the total credits for a degree may be lower if courses are also applied toward Required Courses or Restricted Electives and the credits are counted in those areas. Credits count once toward the total for the degree. Therefore, the AGEC-A may be met with fewer than 35 credits (fewer than 32 if FYC is met by single transfer course)* within an associate degree provided that all requirements listed below are completed.

Courses applied to meet AGEC-A requirements vary by emphasis. Refer to the Program (Degree) Search at curriculum.maricopa.edu for specific course requirements. Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as other AGEC requirements, Required Course(s) or Restricted Elective(s). AGEC designations are subject to change. Courses may meet more than one requirement but are only counted once toward the total credits for the degree. See AGEC matrix for each course’s value(s) in the semester it is taken.

Courses

A. First-Year Composition [FYC] ........................................................................................................... 6
   ENG101 OR ENG107 ......................................................................................................................... (3)*
   AND ENG102 OR ENG108 ............................................................................................................... (3)*
B. Literacy and Critical Inquiry [L] ....................................................................................................... 3
C. Mathematical Applications [MA] ...................................................................................................... 3-6
   Requires a course in college mathematics (MAT140, MAT141, MAT142, MAT145, MAT146) or college algebra (MAT150, MAT151, MAT152, MAT155, MAT156) or pre calculus (MAT187) or higher [MA]-approved general education course.
D. Computer/Statistics/Quantitative Applications [CS] ....................................................................... 3
E. Humanities, Arts and Design [HU] .................................................................................................. 6
   Students are encouraged to choose course work from more than one discipline.
F. Social-Behavioral Sciences [SB] ....................................................................................................... 6
   Students are encouraged to choose course work from more than one discipline.
G. Natural Sciences [SQ/SG] .................................................................................................................. 8
   The lecture courses selected for Natural Sciences must include or be accompanied by the corresponding laboratory courses for a total of four credits each. Credits for lecture and lab components may be combined or each may carry separate credit. At least four credits must be designated as SQ-Science Quantitative. Eight credits of SG-Science General will not satisfy this requirement.
H. Awareness Areas ............................................................................................................................. 0-6
   Courses may be used to satisfy other AGEC requirements and one or more Awareness Area(s). (See AGEC matrix for current course values.)
   1. Cultural Diversity in the United States [C] .................................................................................. (0-3)
   2. Global Awareness [G] OR Historical Awareness [H] ................................................................. (0-3)
*FYC may be met with fewer than 6 credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

Arizona General Education Curriculum-Business (AGEC-B) Requirements

The AGEC-B requires a minimum of 35 credits (32 if FYC is met by single transfer course)*, however, the AGEC credit count within the total credits for a degree may be lower if courses are also applied toward Required Courses or Restricted Electives and the credits are counted in those areas. Credits count once toward the total for the degree. Therefore, the AGEC-B may be met with fewer than 35 credits (fewer than 32 if FYC is met by single transfer course)* within an associate degree provided that all requirements listed below are completed.

For the most current information regarding common policies degree requirements, log on to https://curriculum.maricopa.edu/curriculum/degrees-certificates/associate-degrees/academic-policies.
Courses applied to meet AGEC-B requirements vary by emphasis. Refer to the Program (Degree) Search at curriculum.maricopa.edu for specific course requirements. Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as other AGEC requirements, Required Course(s) or Restricted Elective(s). AGEC designations are subject to change. Courses may meet more than one requirement but are only counted once toward the total credits for the degree. See AGEC matrix for each course’s value(s) in the semester it is taken.

A. First-Year Composition [FYC] ................................................................. 6*
   ENG101 OR ENG107 AND ................................................................. (3)*
   ENG102 OR ENG108 ................................................................. (3)*
B. Literacy and Critical Inquiry [L] ................................................................. 3
C. Mathematical Applications [MA] ................................................................. 3-5
   MAT212 Brief Calculus OR ................................................................. (3)
   MAT213 Brief Calculus OR ................................................................. (4)
   Higher [MA] designated course ................................................................. (3-5)
D. Computer/Statistics/Quantitative Applications [CS] ..................................................... 3
   CIS105 Survey of Computer Information Systems
E. Humanities, Arts and Design [HU] ................................................................. 6
   Students are encouraged to choose course work from more than one discipline.
F. Social-Behavioral Sciences [SB] ................................................................. 6
   ECN211 Macroeconomics AND ECN212 Microeconomics
G. Natural Sciences [SQ/SG] ................................................................. 8
   The lecture courses selected for Natural Sciences must include or be accompanied by the corresponding laboratory courses for a total of four credits each. Credits for lecture and lab components may be combined or each may carry separate credit. At least four credits must be designated as SQ-Science Quantitative. Eight credits of SG-Science General will not satisfy this requirement.
H. Awareness Areas ........................................................................... 0-6
   Courses may be used to satisfy other AGEC requirements and one or more Awareness Area(s). (See AGEC matrix for current course values.)
   1. Cultural Diversity in the United States [C] .................................................. (0-3)
   2. Global Awareness [G] OR Historical Awareness [H] .................................. (0-3)
*FYC may be met with fewer than 6 credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

Arizona General Education Curriculum-Science (AGEC-S) Requirements

<table>
<thead>
<tr>
<th>Arizona General Education Curriculum-Science (AGEC-S) Requirements</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>36 (min)</td>
</tr>
</tbody>
</table>

The AGEC-S requires a minimum of 36 credits (33 if FYC is met by single transfer course)*, however, the AGEC credit count within the total credits for a degree may be lower if courses are also applied toward Required Courses or Restricted Electives and the credits are counted in those areas. Credits count once toward the total for the degree. Therefore, the AGEC-S may be met with fewer than 36 credits (fewer than 33 if FYC is met by single transfer course)* within an associate degree provided that all requirements listed below are completed.

Courses applied to meet AGEC-S requirements vary by emphasis. Refer to the Program (Degree) Search at curriculum.maricopa.edu for specific course requirements. Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as other AGEC requirements, Required Course(s) or Restricted Elective(s). AGEC designations are subject to change. Courses may meet more than one requirement but are only counted once toward the total credits for the degree. See AGEC matrix for each course’s value(s) in the semester it is taken.
subject to change. Courses may meet more than one requirement but are only counted once toward the total credits for the degree. See AGEC matrix for each course's value(s) in the semester it is taken.

A. First-Year Composition [FYC]  
   ENG101 OR ENG107 ............................................................... 6*
   AND ENG102 OR ENG108 ...................................................... (3)*

B. Literacy and Critical Inquiry [L] ........................................... 0-3**
   Students are strongly encouraged to choose an [L] course that also has [HU] or [SB] designation or to use CRE101 or COM225 from the Maricopa Additional Requirements Area to satisfy the [L] requirement. It may also have been approved to satisfy one or more Awareness Areas ([C], [G], [H]). (AGEC designations are subject to change. See AGEC matrix for each course's value(s) in the semester it is taken.)

C. Mathematical Applications [MA] ........................................... 4-5
   Requires the first semester of calculus courses designed for scientists and engineers (MAT220 or MAT221) or any other [MA] designated course for which Calculus I is a pre-requisite.

D. Humanities, Arts and Design [HU] ......................................... 6
   For the AGEC-S, a single course with both [HU] and [L] designations may satisfy both Areas. Note that some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well. (AGEC designations are subject to change. See AGEC matrix for each course's value(s) in the semester it is taken.)

E. Social-Behavioral Sciences [SB] ........................................... 6
   For the AGEC-S, a single course with both [SB] and [L] designations may satisfy both Areas. Note that some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well. (AGEC designations are subject to change. See AGEC matrix for each course's value(s) in the semester it is taken.)

F. Natural Sciences [SQ/SG] ..................................................... 8-10
   Students must complete eight (8) credits of General Chemistry, University Physics, General Biology for Majors, or Physical and Historical Geology. Consult specific requirements of university transfer major for guidance.
   - [(CHM150 or CHM151) & CHM151LL] OR
   - CHM150AA or CHM151AA General Chemistry I AND
   - [CHM152 & CHM152LL] or CHM152AA General Chemistry II OR
   - PHY115 or PHY121 University Physics I AND
   - PHY116 or PHY131 University Physics II OR
   - BIO181 or BIO181XT General Biology (Majors) I AND
   - BIO182 or BIO182XT General Biology (Majors) II OR
   - GLG101N Introduction to Geology I - Physical OR
   - GLG101 Introduction to Geology I - Physical Lecture and
   - GLG103 Introduction to Geology I – Physical Lab AND
   - GLG102N Introduction to Geology II – Historical OR
   - GLG102 Introduction to Geology II - Historical Lecture and
   - GLG104 Introduction to Geology II – Historical Lab

G. Subject Options - Math/Science ......................................... 6-10
   Refer to transfer resources, including academic advisement and transfer guides, to select six (6)-ten (10) additional math and/or science credits that meet requirements for selected major.
   - Select Mathematics course(s) [MAT] above Calculus I and/or
   - Computer Science course(s) [CSC] and/or
   - Science courses from the following disciplines: Astronomy, Biology, Botany, Chemistry, Engineering,

For the most current information regarding common policies degree requirements, log on to https://curriculum.maricopa.edu/curriculum/degrees-certificates/associate-degrees/academic-policies.
Environmental Science, Geology, Physical Geography, Physics, Zoology (MCCCD prefixes AST, BIO (except BIO174), CHM, ECE, EEE, ENV, GLG, GPH, and/or PHY)

H. Awareness Areas ................................................................. 0-6

Courses may be used to satisfy other AGEC requirements and one or more Awareness Area(s). (See AGEC matrix for current course values.)

1. Cultural Diversity in the United States [C] ........................................ (0-3)
2. Global Awareness [G] OR Historical Awareness [H] ........................... (0-3)

*FYC may be met with fewer than 6 credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

**0 only if shared with HU or SB

AGEC-Area Requirements Descriptions/Definitions

First-Year Composition (FYC)
First-Year Composition courses emphasize skills necessary for college-level expository writing, including correct grammar and punctuation, logical organization of ideas, and identification of supporting documentation.

Literacy and Critical Inquiry [L]
In the [L] course students, typically at the sophomore level, gather, interpret, and evaluate evidence and express their findings in writing or speech. This course includes a series of graded written or spoken formal assignments.

Literacy is defined broadly as communicative competence in written and oral discourse; critical inquiry is defined as the gathering, interpreting, and evaluating of evidence. Building on the proficiency attained in traditional First-Year Composition courses, the Literacy and Critical Inquiry [L] requirement sustains and extends students’ ability to thoughtfully use and critically analyze written and/or spoken language.

Mathematical Applications [MA]
The Mathematical Studies requirement is intended to ensure that students have requisite skill in mathematics appropriate for their discipline and can apply mathematical analysis in their chosen fields.

Computer/Statistics/Quantitative Applications [CS]
AGEC-A and AGEC-B require a course that emphasizes the use of statistics, other mathematical methods, computer programming languages and/or software in the interpretation of data and in describing and analyzing quantitative relationships.

Humanities, Arts and Design [HU]
The study of the humanities and the disciplines of art and design deepen awareness of the complexities of the human condition and its diverse histories and cultures. Courses in the humanities are devoted to the production of human thought and imagination, particularly in philosophical, historical, religious and artistic traditions. Courses with an emphasis in fine arts and design are devoted to the study of aesthetic experiences and the processes of artistic creation. They may also feature a design emphasis in which material culture is studied as a product of human thought and imagination.

Social-Behavioral Sciences [SB]
Social-Behavioral Sciences provide scientific methods of inquiry and empirical knowledge about human behavior, both within society and within individuals. This area of emphasis in general education curriculum may include study of such disciplines as anthropology, economics, history, political science, psychology, or sociology. The courses in this area address the challenge of understanding the diverse natures of individuals and cultural groups who live together in a complex and evolving world.

For the most current information regarding common policies degree requirements, log on to https://curriculum.maricopa.edu/curriculum/degrees-certificates/associate-degrees/academic-policies
Natural Sciences [SQ/SG]
In addition to an understanding of basic scientific principles and concepts, courses in the Natural Sciences are designed to help students appreciate, from firsthand laboratory and/or field research experience, the nature of science as a process that embraces curiosity, inquiry, testing, and communication to better understand natural phenomena. At least one of the two natural science courses must include an introduction to the fundamental behavior of matter and energy in physical or biological systems.

Awareness Areas
Students must satisfy two Awareness areas: Cultural Diversity in U.S. and either Global Awareness or Historical Awareness. Courses can satisfy other AGEC requirements and one or two Awareness areas simultaneously. Therefore, no additional semester credits are required to satisfy the two Awareness areas.

Cultural Diversity in the United States [C]
The contemporary “culture” of the United States involves the complex interplay of many different cultures that exist side by side in various states of harmony and conflict. U.S. history involves the experiences not only of different groups of European immigrants and their descendants, but also of diverse groups of American Indians, Hispanic Americans, African Americans and Asian Americans—all of whom played significant roles in the development of contemporary culture and together shape the future of the United States. At the same time, the recognition that gender, class, and religious differences cut across all distinctions of race and ethnicity offers an even richer variety of perspectives from which to view one. Awareness of cultural diversity and its multiple sources can illuminate the collective past, present, and future and can help to foster greater mutual understanding and respect.

The objective of the Cultural Diversity area requirement is to promote awareness of and appreciation for cultural diversity within the contemporary United States. This is accomplished through the study of the cultural, social, or scientific contributions of women and minority groups, examination of their experiences in the United States, or exploration of successful or unsuccessful interactions between and among cultural groups.

Global Awareness [G]
Human organizations and relationships have evolved from being family and village centered to the modern global interdependence that is apparent in many disciplines—for example, contemporary art, business, engineering, music, and the natural and social sciences. Many serious local and national problems are world issues that require solutions which exhibit mutuality and reciprocity. These problems occur in a wide variety of activities, such as food supply, ecology, health care delivery, language planning, information exchange, economic and social developments, law, technology transfer, and even philosophy and the arts. The Global Awareness Area recognizes the need for an understanding of the values, elements, and social processes of cultures other than the culture of the United States. The Global Awareness Area includes courses that recognize the nature of other contemporary cultures and the relationship of the American cultural system to generic human goals and welfare.

Courses that satisfy the global awareness option in the requirements are of one or more of the following types:
1. Area studies that are concerned with an examination of culture-specific elements of a region of the world;
2. The study of a non-English language;
3. Studies of international relationships, particularly those in which cultural change is facilitated by such factors as social and economic development, education, and the transfer of technology; and
4. Studies of cultural interrelationships of global scope such as the global interdependence produced by problems of world ecology.

Historical Awareness [H]
The Historical Awareness Area option in the requirements aims to develop a knowledge of the past that can be useful...
in shaping the present and future. Because historical forces and traditions have created modern life and lie just beneath its surface, historical awareness is an aid in the analysis of present-day problems. Also, because the historical past is a source of social and national identity, historical study can produce intercultural understanding by tracing cultural differences to their origins. Even the remote past may have instructive analogies for the present.

The Historical Awareness Area consists of courses that are historical in method and content. In this area, the term “history” designates a sequence of past events or a narrative whose intent or effect is to represent such a sequence.

The requirement presumes that these are human events and that history includes all that has been felt, thought, imagined, said, and done by human beings. History is present in the languages, art, music, literature, philosophy, religion, and the natural sciences, as well as in the social science traditionally called history.

---

**Maricopa County Community Colleges District (MCCCD) 2021-2022 Associate in Arts (AA) Degree**

**Description**

The Maricopa County Community College District Associate in Arts (AA) degree requires a minimum of 60 semester credits for the program of study; minimum total credits vary by specific emphasis (for example, Associate in Arts, Emphasis in Psychology). Refer to the Program (Degree) Search at [https://curriculum.maricopa.edu/](https://curriculum.maricopa.edu/) for credit minimums for individual degree programs by emphasis. A minimum grade point average of 2.0 and grades of “C” or higher are required to earn the degree. The AA degree is governed by the [MCCCD General Academic Policies for Associate Degrees Designed for University Transfer](https://www.maricopa.edu/academicpolicies/).

The Associate in Arts degree includes the following components:

I. Program Prerequisites (if applicable, for versions with an emphasis only)
   II. Required Courses (for versions with an emphasis only)
   III. Restricted Electives (for versions with an emphasis only)
   IV. Arizona General Education Curriculum for Arts (AGEC-A)
   V. MCCCD Additional Requirements (Oral Communication and Critical Reading)
   VI. General Electives (if needed to reach minimum credits for degree)

**Purpose of the Degree**

The Associate in Arts (AA) degree is designed for students planning to transfer to four-year colleges and universities. In general, the components of the degree meet requirements for majors in the Liberal Arts or programs of study other than business or science. Generally, the degree will transfer as a block without loss of credit to Arizona’s public universities and other institutions with district-wide articulation agreements.

In most cases, courses used to satisfy the MCCCD Associate in Arts (AA) will apply to general university graduation requirements of the majors that align with the AA degree; however, students need to be aware of any specific requirements of their intended major at the university to be sure they select courses that will meet them. Information regarding the articulation of the AA with majors at the Arizona public universities can be accessed via the following website: [www.aztransfer.com](http://www.aztransfer.com)

**Degree Requirements**

The requirements for the Associate in Arts (AA) follow. No versions of the Associate in Arts require fewer than a minimum of 60 credits; however, minimum credits for the AA vary by specific emphasis. Refer to the Program (Degree) Search at [https://curriculum.maricopa.edu/](https://curriculum.maricopa.edu/) for credit minimums for individual degree programs by emphasis.
Search at curriculum.maricopa.edu for credit minimums by emphasis. The following websites identify the courses that apply to the different General Education Core and Awareness Areas: AGEC-A and the AGEC matrix. Courses available for both Areas during a current or upcoming semester can also be found using the “Find a Class” tool on maricopa.edu and on each MCCCD college’s website.

For the most current information regarding common policies degree requirements, log on to https://curriculum.maricopa.edu/curriculum/degrees-certificates/associate-degrees/academic-policies.
G. Natural Sciences [SQ/SG] ................................................................. 8

The lecture courses selected for Natural Sciences must include or be accompanied by the corresponding laboratory courses for a total of four credits each. Credits for lecture and lab components may be combined or each may carry separate credit. At least four credits must be designated as SQ-Science Quantitative. Eight credits of SG-Science General will not satisfy this requirement.

H. Awareness Areas ........................................................................... 0-6

Courses may be used to satisfy other AGEC requirements and one or more Awareness Area(s). (See AGEC matrix for current course values.)

1. Cultural Diversity in the United States [C] ........................................ (0-3)  
2. Global Awareness [G] OR Historical Awareness [H] ............................... (0-3)

V. MCCCD Additional Requirements .................................................. 0-6

As noted below, courses in this area may also be applied toward AGEC-A requirements.

A. Oral Communication ..................................................................... (0-3)

    COM100 [SB] Introduction to Human Communication OR  
    COM110 [SB] Interpersonal Communication OR  
    COM225 [L] Public Speaking OR  
    COM230 [SB] Small Group Communication (3 credits) OR  
    COM100AA & COM100AB & COM100AC [SB] (3 credits) OR  
    COM110AA & COM110AB & COM110AC [SB] (3 credits)

B. Critical Reading ............................................................................. (0-3)

    CRE101 [L] Critical Reading OR equivalent as indicated by assessment

VI. General Electives .......................................................................... 0-28

Select courses 100-level or higher if needed to complete a minimum of 60 semester credits but no more than a total of 64 semester credits, which is the maximum number of credits accepted toward most degree programs at Arizona's public universities. Ideally, students should select courses that meet requirements for their major/area of interest and transfer institution. See General Associate Degree Academic Policies for further details, limitations, and guidelines.

Maricopa courses and external courses evaluated as Maricopa equivalents, departmental electives (e.g., HISELC for a history elective), or general electives (GENELC) that are numbered 100 level or higher, and completed with a grade of "C" or higher, may be applied in the elective area, regardless of potential transferability to other institutions. It is recommended, however, that students planning to transfer to a baccalaureate-granting institution meet these general elective requirements with courses that are transferable and applicable to their intended university degree. Transfer and major guides are accessible on the following websites: aztransfer.com, https://www.maricopa.edu/degrees-certificates/transfer/pathways-partners, as well as those of individual universities. For appropriate course selection, students should consult with an academic advisor.

Associate in Arts Total Credits: ....................................................... 60-64**

*FYC may be met with fewer than 6 credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

**64 semester credits is the maximum accepted toward most degree programs at Arizona's public universities. Some exceptions apply; consult with an academic advisor for additional transfer pathways.
Maricopa County Community Colleges (MCCCD) 2021-2022
Associate in Arts, Elementary Education Degree (AAEE)

Description
The Maricopa County Community College District Associate in Arts, Elementary Education (AAEE) degree requires a minimum of 60 semester credits for the program of study. A minimum grade point average of 2.0 and grades of “C” or higher are required to earn the degree. The AAEE degree is governed by the MCCCD General Academic Policies for Transfer Degrees.

The Associate in Arts, Elementary Education degree includes the following components:
I. Required Courses
II. Restricted Electives
III. Arizona General Education Curriculum for Arts (AGEC-A)
IV. MCCCD Additional Requirements (Oral Communication and Critical Reading)

Purpose of the Degree
The Associate in Arts, Elementary Education (AAEE) degree is designed for the student who plans to transfer to an Elementary Education, Early Childhood, Multicultural/Multilingual, or Special Education program at an Arizona public higher education institution and/or who plans to become a classroom instructional aide. Generally, the degree transfers as a block without loss of credit to Arizona’s public universities, and in most cases, its required courses apply to graduation requirements for these Education majors.

Degree Requirements
The requirements for the Associate in Arts in Elementary Education follow. The following websites identify the courses that apply to the different General Education Core and Awareness Areas: AGEC-A and the AGEC matrix. Courses available for both Areas during a current or upcoming semester can also be found using the “Find a Class” tool on maricopa.edu and on each MCCCD college’s website.

II. Restricted Electives | 8
A total of 8 semester credits is required to satisfy the Electives for Arizona Professional Teacher Standards: 3 credits in an additional Education course and 5 credits in Content Area Electives.

Courses must transfer to all public Arizona universities as elective credit, departmental elective, or equivalent to a university course as indicated in the Arizona Course Equivalency Guide in effect when the course is taken. Courses identified as non-transferable in the Arizona Course Equivalency Guide cannot be used to satisfy this requirement.

Select one additional EDU course (other than EDU221, EDU222, EDU230 or EDU250). | (3)
Recommended:
- EDU110 Education in Film
- EDU220 Introduction to Serving English Language Learners (ELL)

For the most current information regarding common policies degree requirements, log on to https://curriculum.maricopa.edu/curriculum/degrees-certificates/associate-degrees/academic-policies.
• EDU236 Classroom Relationships
• EDU/HUM/STO292 The Art of Storytelling

Choose any combination from the following list of courses and prefixes to total five (5) credits of additional coursework. Course(s) selected must be different from those used to fulfill a requirement of the AGEC-A and/or those used to fulfill Required Courses.

Content Area Electives: Select 5 credits from the following: ................................................................. (5)
• AAA/CPD115 Creating College Success
• ARH+++ Any ARH Art Humanities course(s)
• ART+++ Any ART Art course(s)
• BPC+++ Any BPC Business-Personal Computers course(s)
• CFS/ECHI76 Child Development
• CFS205 Human Development
• CIS+++ Any CIS Computer Information Systems course(s)
• ECN+++ Any ECN Economics course(s)
• EDU+++ Any EDU Education course(s) (except EDU221, EDU222, EDU230, and EDU250
• EED215 Early Learning: Health, Safety, Nutrition and Fitness
• ENG+++ Any ENG English course(s)
• ENH+++ Any ENH English Humanities course(s)
• GCU+++ Any GCU Cultural Geography course(s)
• GPH+++ Any GPH Physical Geography course(s)
• HIS+++ Any HIS History course(s)
• MAT+++ Any MAT Mathematics course(s) 140 or higher (except MAT256 and MAT257)
• MHL+++ Any MHL Music: History/Literature course(s)
• MTC+++ Any MTC Music: Theory/Composition course(s)
• POS+++ Any POS Political Science course(s)
• THE+++ Any THE Theatre course(s)
• THF+++ Any THF Theatre and Film course(s)
• THP+++ Any THP Theatre Performance/Production course(s)
• Any Foreign Language course(s)
• Any Natural Science course(s)

III. Arizona General Education Curriculum—Arts (AGEC-A) ........................................................... 32-44*

The AGEC-A requires a minimum of 35 credits (32 if FYC is met by single transfer course)*, however, prerequisite/required/restricted elective courses may also meet AGEC-A requirements and credits count once toward the total for the degree. Therefore, the AGEC-A may be met with fewer than 35 credits (fewer than 32 if FYC is met by single transfer course)* as long as all requirements listed in this section (III) are completed.

Courses applied to meet AGEC-A requirements vary by emphasis. Refer to the Program (Degree) Search at curriculum.maricopa.edu for specific course requirements. Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as other AGEC requirements, Required Course(s) or Restricted Elective(s). AGEC designations are subject to change. Courses may meet more than one requirement but are only counted once toward the total credits for the degree. See AGEC matrix for each course's value(s) in the semester it is taken.

A. First-Year Composition [FYC] ........................................................................................................ 6*
   ENGI01 OR ENGI07 ......................................................................................................................... (3)*
   AND ENGI02 OR ENGI08 ............................................................................................................. (3)*

B. Literacy and Critical Inquiry [L]- COM225 Public Speaking ....................................................... 3
For the most current information regarding common policies degree requirements, log on to https://curriculum.maricopa.edu/curriculum/degrees-certificates/associate-degrees/academic-policies
C. Mathematical Applications [MA] ................................................................. 3-6

Requires a course in college mathematics (MAT140, MAT141, MAT142, MAT145, MAT146) or college algebra (MAT150, MAT151, MAT152, MAT155, MAT156) or pre calculus (MAT187) or higher approved general education course in the Mathematical Applications [MA] area for which MAT15+ is a prerequisite.
(Note that MAT182, MAT206, MAT256, MAT257 do NOT meet this requirement.

D. Computer/Statistics/Quantitative Applications [CS] ......................................................... 3

BPC110 Computer Usage and Applications OR
CIS105 Survey of Computer Information Systems

E. Humanities, Arts and Design [HU] ................................................................. 6

Note that some of these courses also have Awareness Areas designations and can be used to satisfy [G] and/or [H] requirement as well as [HU]. (AGEC designations are subject to change. See AGEC matrix for each course's value(s) in the semester it is taken.)

1) Select one of the following ARH, DAH, MHL or THE courses: ................................................................. (3)
   ARH100 Introduction to Art OR
   ARH101 Prehistoric through Gothic Art OR
   ARH102 Renaissance through Contemporary Art OR
   DAH100 Introduction to Dance OR
   DAH201 World Dance Studies OR
   DAH250 Dance in Popular Culture OR
   MHL140 Survey of Music History OR
   MHL145 American Jazz and Popular Music OR
   MHL146 Survey of Broadway Musicals OR
   MHL153 Rock Music and Culture OR
   THE111 Introduction to Theatre OR
   THE220 Modern Drama
   AND

2) Select one of the following EDU, ENH or HUM courses: ................................................................. (3)
   EDU/ENH291 Children’s Literature (Recommended) OR
   ENH110 Introduction to Literature OR
   ENH241 American Literature Before 1860 OR
   ENH242 American Literature After 1860 OR
   HUM250 Ideas and Values in the Humanities: Early Civilizations to the Renaissance OR
   HUM251 Ideas and Values in the Humanities: Renaissance to the Contemporary World
   (EDU/ENH291 recommended)

F. Social-Behavioral Sciences [SB] ................................................................. 6

Note that some of these courses also have Awareness Areas designations and can be used to satisfy [G] and/or [H] requirement as well as [SB]. (AGEC designations are subject to change. See AGEC matrix for each course's value(s) in the semester it is taken.)

1) Select one of the following US History/Government courses** ................................................................. (3)
   These courses satisfy the United States Constitution requirement for state teacher certification.
   GCU/POS113 United States and Arizona Social Studies OR
   HIS103 United States History to 1865 OR
   POS110 American National Government

For the most current information regarding common policies degree requirements, log on to https://curriculum.maricopa.edu/curriculum/degrees-certificates/associate-degrees/academic-policies.
AND
2) Select one of the following CFS, ECH, GCU, ECN, HIS or PSY courses .................................................. (3)
   CFS205 Human Development OR
   CFS/ECH176 Child Development OR
   ECN211 Macroeconomic Principles OR
   ECN212 Microeconomic Principles OR
   GCU121 World Geography I: Eastern Hemisphere OR
   GCU122 World Geography II: Western Hemisphere OR
   HIS104 United States History 1865 to Present OR
   PSY101 Introduction to Psychology
   (CFS/ECH176 recommended)

G. Natural Sciences [SQ/SG] ................................................................................................................... 8
   The lecture courses selected for Natural Sciences must include or be accompanied by the corresponding laboratory
   course for a total of 4 credits each. At least four (4) credits must be designated as SQ. Eight (8) credits of SG will not
   satisfy this requirement.
   1) Life Sciences: Select four (4) credits of SQ or SG in Biology (BIO) AND ........................................... (4)
   2) Physical Sciences or Earth/Space Sciences: Select four (4) credits of SQ or
   SG from one of the following prefixes: ............................................................ (4)
      AGS, ASM, AST, CHM, GPH, GLG, PHS, or PHY
   Note: Students are advised to check with the university they plan to attend as specific requirements for lab sciences may vary.

H. Awareness Areas ............................................................................................................................... 0-3
   1. Cultural Diversity in the United States [C] ............................................................................... (0)
      Met by EDU222 and EDU230 in Required Courses.
   2. Global Awareness [G] OR Historical Awareness [H] .................................................. (0-3)
      May be met by [HU] and/or [SB] course depending on specific courses selected. (AGEC designations are
      subject to change. See AGEC matrix for each course's value(s) in the semester it is taken.)

IV. MCCCD Additional Requirements ................................................................................................. 0-3
   These requirements may be shared with other AGEC requirements. See the AGEC matrix on aztransfer.com
   for course designations
   A. Oral Communication ................................................................................................................ (0)
      Met by COM225 in Required Courses.
   B. Critical Reading ......................................................................................................................... (0-3)
      Students may demonstrate proficiency through assessment.
      CRE101 [L] Critical Reading OR equivalent as indicated by assessment
   Total: ........................................................................................................................................... 60-68***

*FYC may be met with fewer than 6 credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.
**State certification requirements include courses on the constitutions of US and Arizona. Taking GCU/POS113 for [SB] fulfills this require-
ment completely. Students who instead take HIS103 or POS110 for [SB] should consider taking POS221 as a Content Area Elective so they
have completed study of both constitutions. POS220 meets state certification requirements for both constitutions but does not meet [SB].
***64 semester credits is the maximum accepted toward most degree programs at Arizona's public universities. Some exceptions apply;
consult with an academic advisor for additional transfer pathways.
Maricopa County Community College District (MCCCD) 2021-2022
Associate in Arts, Fine Arts (AAFA)

Description
The Maricopa County Community College District Associate in Arts, Fine Arts (AAFA) degree requires a minimum of 60 semester credits for the program of study; however, minimum total credits for the AAFA vary by specific emphasis (Art, Dance, Music, Musical Theatre, Theatre). Refer to the Program (Degree) Search at curriculum.maricopa.edu for credit minimums for individual degree programs by emphasis. A minimum grade point average of 2.0 and grades of “C” or higher are required to earn the degree. The AAFA degree is governed by the MCCCD General Academic Policies for Transfer Degrees.

The Associate in Arts, Fine Arts degree includes the following components:
I. Program Prerequisites (if applicable, for versions with an emphasis only)
II. Required Courses (for versions with an emphasis only)
III. Restricted Electives (for versions with an emphasis only)
IV. Arizona General Education Curriculum for Arts (AGEC-A)
V. MCCCD Additional Requirements (Oral Communication and Critical Reading)
VI. General Electives (if needed to reach minimum credits for degree)

Purpose of the Degree
The Associate in Arts, Fine Arts (AAFA) degree is designed for students planning to transfer to four-year colleges and universities. In general, the components of the degree meet requirements for majors in the Fine Arts. The degree is designed to prepare students to meet selective admission criteria for programs such as the Bachelor of Fine Arts, which may require a portfolio or performance requirement.

In most cases, courses used to satisfy the MCCCD Associate in Arts, Fine Arts (AAFA) will apply to general university graduation requirements of the majors that align with AAFA degree; however, students need to pay attention to any specific requirements of their intended focus at the university to be sure they select courses that will meet them.

Information regarding the articulation of the AAFA degree with majors at the Arizona public universities can be accessed via the following website: www.aztransfer.com

Degree Requirements
The requirements for the Associate in Arts, Fine Arts (AAFA) follow. No versions of the AAFA require fewer than a minimum of 60 credits; however, minimum total credits for the AAFA vary by specific emphasis (Art, Dance, Music, Musical Theatre, Theatre). Refer to the Program (Degree) Search at curriculum.maricopa.edu for credit minimums by emphasis. The following websites identify the courses that apply to the different General Education Core and Awareness Areas: AGEC-A and the AGEC matrix. Courses available for both Areas during a current or upcoming semester can also be found using the “Find a Class” tool on maricopa.edu and on each MCCCD college’s website.

For the most current information regarding common policies degree requirements, log on to https://curriculum.maricopa.edu/curriculum/degrees-certificates/associate-degrees/academic-policies.
III. Restricted Electives ................................................................. Number Varies

Restricted electives for the Associate in Arts, Fine Arts degree vary by specific emphasis, and are not required for version of the degree without a specific emphasis. (Art, Dance, Music, Musical Theatre, Theatre). Refer to the Program (Degree) Search at curriculum.maricopa.edu for specific courses and credit minimums by emphasis.

IV. Arizona General Education Curriculum-Arts (AGEC-A) ........................................ up to 44

The AGEC-A requires a minimum of 35 credits (32 if FYC is met by single transfer course)*, however, prerequisite/required/restricted elective courses may also meet AGEC-A requirements and credits count once toward the total for the degree. Therefore, the AGEC-A may be met with fewer than 35 credits (fewer than 32 if FYC is met by single transfer course)* as long as all requirements listed in this section (IV) are completed.

Courses applied to meet AGEC-A requirements vary by emphasis (Art, Dance, Music, Musical Theatre, Theatre). Refer to the Program (Degree) Search at curriculum.maricopa.edu for specific course requirements. Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Area designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as other AGEC requirements, Required Course(s) or Restricted Elective(s). AGEC designations are subject to change. Courses may meet more than one requirement but are only counted once toward the total credits for the degree. See AGEC matrix for each course's value(s) in the semester it is taken.

Maricopa County Community College District (MCCCD) 2021-2022
Associate in Science, (AS) Degree

Description

The Maricopa County Community College District Associate in Science (AS) degree requires a minimum of 60 semester credits for the program of study; minimum total credits for vary by specific emphasis (for example, Associate in Science, Emphasis in Physics). Refer to the Program (Degree) Search at curriculum.maricopa.edu for credit minimums for individual degree programs by emphasis. A minimum grade point average of 2.0 is required to earn the degree. The

For the most current information regarding common policies degree requirements, log on to https://curriculum.maricopa.edu/curriculum/degrees-certificates/associate-degrees/academic-policies.
AS degree is governed by the MCCCD General Academic Policies for Transfer Degrees.

The Associate in Arts degree includes the following components:

I. Program Prerequisites (if applicable, for versions with an emphasis only)

II. Required Courses (for versions with an emphasis only)

III. Restricted Electives (for versions with an emphasis only)

IV. Arizona General Education Curriculum for Science (AGEC-S)

V. MCCCD Additional Requirements (Oral Communication and Critical Reading)

VI. General Electives (if needed to reach minimum credits for degree)

### Purpose of the Degree

The Associate in Science (AS) degree is designed for students planning to transfer to four-year colleges and universities. In general, the components of the degree meet requirements for majors with more stringent mathematics and mathematics-based science requirements. Generally, the degree will transfer as a block without loss of credit to Arizona's public universities and other institutions with district-wide articulation agreements.

In most cases, courses used to satisfy the MCCCD Associate in Science (AS) will apply to general university graduation requirements of the majors that align with the AS degree; however, students need to be aware of any specific requirements of their intended major at the university to be sure they select courses that will meet them. Information regarding the articulation of the AS with majors at the Arizona public universities can be accessed via the following website: aztransfer.com

It is recommended that students select courses that meet more than one general education and/or awareness area requirement. Doing so will maximize the number of math and science electives the student can take as part of his/her Associate in Science degree.

### Special Academic Policies that Govern the Associate in Science Degree

- The AGEC-S does not require a course with [CS] Computer/Statistics designation.
- Unlike the AGEC-A and AGEC-B, the same course is allowed to satisfy the ([L] and [HU]) or ([L] and [SB]) areas of the AGEC-S's Core Area. The credits for such a “shared” course are only counted one time toward the required minimum for the degree.

### Degree Requirements

The requirements for the Associate in Science follow. All versions of the Associate in Science require at least 60 credits; for major-specific pathways within the degree, prescribed courses and minimum credits for categories within the degree, as well as the total, vary. Refer to the Program (Degree) Search at curriculum.maricopa.edu for credit minimums for major-specific pathways within the degree. The following websites identify the courses that apply to the different General Education Core and Awareness Areas: AGEC-S and the AGEC Matrix. Courses available for both Areas during a current or upcoming semester can also be found using the “Find a Class” tool on each MCCCD college's website.

<table>

Program prerequisites for the Associate in Science degree vary by specific emphasis, and are not required for the version of the degree without a specific emphasis. Refer to the Program (Degree) Search at curriculum.maricopa.edu for specific courses and credit minimums by emphasis.

Required (major-specific) courses for the Associate in Science degree vary by specific emphasis, and are not required for the version of the degree without a specific emphasis. Refer to the Program (Degree) Search at curriculum.maricopa.edu for the most current information regarding common policies degree requirements, log on to https://curriculum.maricopa.edu/curriculum/degrees-certificates/associate-degrees/academic-policies.
for specific courses and credit minimums by emphasis.

III. Restricted Electives. Number varies
Restricted electives for the Associate in Science degree vary by specific emphasis, and are not required for version of the degree without a specific emphasis. Refer to the Program (Degree) Search at curriculum.maricopa.edu for specific courses and credit minimums by emphasis.

IV. Arizona General Education Curriculum—Science (AGEC-S). Up to 56
The AGEC-S requires a minimum of 36 credits (33 if FYC is met by single transfer course)*, however, prerequisite/required/ restricted elective courses may also meet AGEC-S requirements and credits count once toward the total for the degree. Therefore, the AGEC-S may be met with fewer than 36 credits (33 if FYC is met by single transfer course)* as long as all requirements listed in this section (IV) are completed.

Courses applied to meet AGEC-A requirements vary by emphasis. Refer to the Program (Degree) Search at curriculum.maricopa.edu for specific course requirements. Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as other AGEC requirements, Required Course(s) or Restricted Elective(s). AGEC designations are subject to change. Courses may meet more than one requirement but are only counted once toward the total credits for the degree. See AGEC matrix for each course’s value(s) in the semester it is taken.

A. First-Year Composition [FYC] 6*
   ENGI01 OR ENGI07  (3)*
   AND ENGI02 OR ENGI08  (3)*
B. Literacy and Critical Inquiry [L] 0-3**
   Students are strongly encouraged to choose an [L] course that also has [HU] or [SB] designation or to use CRE101 or COM225 from the Maricopa Additional Requirements Area to satisfy the [L] requirement. It may also have been approved to satisfy one or more Awareness Areas ([C], [G], [H]). (AGEC designations are subject to change. See AGEC matrix for each course’s value(s) in the semester it is taken.)
C. Mathematical Applications [MA] 4-5
   Requires the first semester of calculus courses designed for scientists and engineers (MAT220 or MAT221) or any other [MA] designated course for which Calculus I is a pre-requisite.
D. Humanities, Arts and Design [HU] 6
   For the AGEC-S, a single course with both [HU] and [L] designations may satisfy both Areas. Note that some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as their respective Core Area(s). (AGEC designations are subject to change. See AGEC matrix for each course’s value(s) in the semester it is taken.)
E. Social-Behavioral Sciences [SB] 6
   For the AGEC-S, a single course with both [SB] and [L] designations may satisfy both Areas. Note that some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as their respective Core Area(s). (AGEC designations are subject to change. See AGEC matrix for each course’s value(s) in the semester it is taken.)
F. Natural Sciences [SQ/SG] 8-10
   Students must complete eight (8) to ten (10) credits of General Chemistry, University Physics, General Biology for Majors, or Physical and Historical Geology. Consult specific requirements of university transfer major for guidance. ([CHM150 or CHM151] & CHM151LL) or
   CHM150AA or CHM151AA General Chemistry I AND
   [CHM152 & CHM152LL] or CHM152AA General Chemistry II OR
   PHY111 or PHY121 University Physics I AND

For the most current information regarding common policies degree requirements, log on to https://curriculum.maricopa.edu/curriculum/degrees-certificates/associate-degrees/academic-policies.
PHY116 or PHY131 University Physics II OR
BIO181 or BIO181XT General Biology (Majors) I AND
BIO182 or BIO182XT General Biology (Majors) II OR
GLG101N Introduction to Geology I - Physical or
GLG101 Introduction to Geology I - Physical Lecture and
GLG103 Introduction to Geology I – Physical Lab AND
GLG102N Introduction to Geology II – Historical or
GLG102 Introduction to Geology II - Historical Lecture and
GLG104 Introduction to Geology II – Historical Lab

G. Subject Options - Math/Science

Refer to transfer resources, including academic advisement and transfer guides, to select six (6)- ten (10) additional math and/or science credits that meet requirements for selected major.

Select Mathematics course(s) [MAT] above Calculus I and/or
Computer Science course(s) [CSC] and/or
Science courses from the following disciplines: Astronomy, Biology, Botany, Chemistry, Engineering, Environmental Science, Geology, Physical Geography, Physics, Zoology (MCCCD prefixes AST, BIO (except BIO174), CHM, ECE, EEE, ENV, GLG, GPH, and/or PHY)

H. Awareness Areas

Courses may be used to satisfy other AGEC requirements and one or more Awareness Area(s). (See AGEC matrix for current course values.)

1. Cultural Diversity in the United States [C] (0-3)
2. Global Awareness [G] OR Historical Awareness [H] (0-3)

V. MCCCD Additional Requirements

Some courses in this area have [SB] and [L] designations and may also be applied to the corresponding AGEC requirements. See the AGEC matrix on aztransfer.com for course designations.

A. Oral Communication

COM100 [SB] Introduction to Human Communication OR
COM110 [SB] Interpersonal Communication OR
COM225 [L] Public Speaking OR
COM230 [SB] Small Group Communication (3 credits) OR
COM100AA & COM100AB & COM100AC [SB] (3 credits) OR
COM110AA & COM110AB & COM110AC [SB] (3 credits)

B. Critical Reading

CRE101 [L] Critical Reading OR equivalent as indicated by assessment

VI. General Electives

Select courses 100-level or higher if needed to complete a minimum of 60 semester credits but no more than a total of 64 semester credits, which is the maximum number of credits accepted toward most degree programs at Arizona’s public universities. Ideally, students should select courses that meet requirements for their major/area of interest and transfer institution. See General Associate Degree Academic Policies for further details, limitations, and guidelines.

Maricopa courses and external courses evaluated as Maricopa equivalents, departmental electives (e.g., HISELC for a history elective), or general electives (GENELC) that are numbered 100 level or higher, and completed with a grade of...
"C" or higher, may be applied in the elective area, regardless of potential transferability to other institutions. It is recommended, however, that students planning to transfer to a baccalaureate-granting institution meet these general elective requirements with courses that are transferable and applicable to their intended university degree. Transfer and major guides are accessible on the following websites: aztransfer.com, maricopa.edu/transfer/partners, as well as those of individual universities. For appropriate course selection, students should consult with an academic advisor.

Total: 60-64***
*FYC may be met with fewer than 6 credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.
**(0 only if shared with HU or SB)
***64 semester credits is the maximum accepted toward most degree programs at Arizona's public universities. Some exceptions apply; consult with an academic advisor for additional transfer pathways.

Maricopa County Community College District (MCCCD) 2021-2022
Associate in Business, General Requirements (ABUS-GR) Degree

Description
The Maricopa County Community College District Associate in Business General Requirements (ABUS-GR) degree requires a minimum of 62 semester credits for the program of study. A minimum grade point average of 2.0 and grades of "C" or higher are required to earn the degree. The Associate in Business-General Requirements degree is governed by the MCCCD General Academic Policies for Transfer Degrees.

This degree provides the first two years of a four-year curriculum for students who wish to specialize in business. For a comprehensive list of bachelor’s degrees at Arizona’s public universities, refer to the AZTransfer Business Matrix. With a bachelor’s degree, students may pursue a number of careers, including but not limited to accountancy, business administration, business data analytics, economics, entrepreneurship, finance, marketing, management, retail management, and supply chain management.

The Associate in Business-General Requirements degree includes the following components:
I. Required Courses
II. Restricted Electives
III. Arizona General Education Curriculum for Business (AGEC-B)
IV. General Electives (if needed to reach minimum credits for degree)

Purpose of the Degree
The Associate in Business General Requirements (ABUS-GR) degree is designed for students who plan to transfer to four-year colleges and universities. In general, the components of this degree meet requirements for the various business majors (except Computer Information Systems) at Arizona’s public universities. Computer Information Systems majors should follow the Associate in Business Special Requirements (ABUS-SR) pathway instead. Generally, the degree transfers as a block without loss of credit to Arizona’s public universities and other institutions with district-wide articulation agreements.

Special Academic Policies that Govern the ABUS-GR Degree
- The ABUS-GR does not include any MCCCD Special Requirements for Oral Communication and/or Critical Reading like the other associate degrees. (However, some university programs have a speech requirement; consult your academic advisor or transfer guide to verify the specifics for your program.)

For the most current information regarding common policies degree requirements, log on to https://curriculum.maricopa.edu/curriculum/degrees-certificates/associate-degrees/academic-policies.
A single course can be used to satisfy multiple areas within the degree simultaneously: (Awareness Area(s), other AGEC-B requirements), Required Courses (Common Lower Division Requirements), and/or Restricted Electives (Business Electives). Credits are counted once toward the total for the degree.

Degree Requirements

The 62-72 semester credits required for the Associate in Business General Requirements follow. The following websites identify the courses that apply to the different General Education Areas: AGEC-B and the AGEC Matrix. Courses available for both Areas during a current or upcoming semester can also be found using the “Find A Class” tool on each MCCCD college’s website.

III. Arizona General Education Curriculum-Business (AGEC-B) ............................................. 29-37*

The AGEC-B requires a minimum of 35 credits (32 if FYC is met by single transfer course)*, however, Required and Restricted elective courses may also meet AGEC-B requirements and credits count once toward the total for the degree. Therefore, the AGEC-B may be met with fewer than 35 (fewer than 32 if FYC is met by single transfer course)* credits as long as all requirements listed in this section (III) are completed.

Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as other AGEC requirements, Required Course(s) or Restricted Elective(s). AGEC designations are subject to change. Courses may meet more than one requirement but are only counted once toward the total credits for the degree. See AGEC matrix for each course’s value(s) in the semester it is taken.

   The lecture courses selected for Natural Sciences must include or be accompanied by the corresponding laboratory courses for a total of four credits each. Credits for lecture and lab components may be combined or each may carry separate credit. At least four credits must be designated as SQ-Science Quantitative. Eight credits of SG-Science General will not satisfy this requirement.
H. Awareness Areas. .................................................................................................................. 0-6

For the most current information regarding common policies degree requirements, log on to https://curriculum.maricopa.edu/curriculum/degrees-certificates/associate-degrees/academic-policies.
Courses may be used to satisfy other AGEC requirements and one or more Awareness Area(s). (See AGEC matrix for current course values.)

1. Cultural Diversity in the United States [C]. ............................................................... (0-3)
2. Global Awareness [G] OR Historical Awareness [H] ..................................................... (0-3)

Students transferring to ASU to major in business should complete courses from the following list (up to the 64 credit transfer maximum) to meet W.P. Carey School of Business requirements. If students do not take these prior to transfer, they may need to take additional credits to meet ASU graduation requirements:

Any course that transfers to ASU in the SOC prefix and carries the [SB] designation
Any course that transfers to ASU in the PSY prefix and carries the [SB] designation

- COM100 Introduction to Human Communication (3) OR
- COM225 Public Speaking (3) OR
- COM230 Small Group Communication (3) OR
- COM259 Communication in Business and Professions (3)

Note: COM requirements vary by business major. Check ASU MAPP or major map for acceptable options.

IV. General Electives ................................................................. 0-12
Select courses 100-level or higher if needed to complete a minimum of 62 semester credits but no more than a total of 64 semester credits, which is the maximum number of credits accepted toward most degree programs at Arizona’s public universities. Ideally, students should select courses that meet requirements for their major/area of interest and transfer institution. See General Associate Degree Academic Policies for further details, limitations, and guidelines.

Maricopa courses and external courses evaluated as Maricopa equivalents, departmental electives (e.g., HISELC for a history elective), or general electives (GENELC) that are numbered 100 level or higher, and completed with a grade of "C" or higher, may be applied in the elective area, regardless of potential transferability to other institutions. It is recommended, however, that students planning to transfer to a baccalaureate-granting institution meet these general elective requirements with courses that are transferable and applicable to their intended university degree. Transfer advisement information is accessible on the following websites: aztransfer.com, curriculum.maricopa.edu, as well as those of individual universities. For appropriate course selection, students should consult with an academic advisor.

Total: ............................................................................................ 62-72**

*FYC may be met with fewer than 6 credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

**64 semester credits is the maximum accepted toward most degree programs at Arizona’s public universities. Some exceptions apply; consult with an academic advisor for additional transfer pathways.

Maricopa County Community College District (MCCCD) 2021-2022
Associate in Business, Special Requirements (ABUS-SR) Degree

Description
The Maricopa County Community College District Associate in Business, Special Requirements (ABUS-SR) degree requires a minimum of 62 semester credits for the program of study. A minimum grade point average of 2.0 and grades of "C" or higher are required to earn the degree. This degree provides the first two years of a four-year curriculum for students who wish to pursue Computer Information Systems majors at Arizona’s public universities. With a bachelor’s degree, students may pursue a number of careers, including but not limited to accountancy, business administration, For the most current information regarding common policies degree requirements, log on to https://curriculum.maricopa.edu/curriculum/degrees-certificates/associate-degrees/academic-policies
business data analytics, computer information systems, economics, entrepreneurship, finance, marketing, management, retail management, and supply chain management. The Associate in Business-Special Requirements degree is governed by the MCCCD General Academic Policies for Transfer Degrees.

The Associate in Business-Special Requirements degree includes the following components:
I. Required Courses
II. Arizona General Education Curriculum for Business (AGEC-B)
III. General Electives (if needed to reach minimum credits for degree)

Purpose of the Degree
The Associate in Business Special Requirements (ABUS-SR) degree is designed for students who plan to transfer to four-year colleges and universities. In general, the components of this degree meet requirements for Business’ Computer Information Systems majors at Arizona’s public universities. Other Business majors should follow the Associate in Business General Requirements (ABUS-GR) pathway instead. Generally, the degree transfers as a block without loss of credit to Arizona’s public universities and other institutions with district-wide articulation agreements.

Special Academic Policies that Govern the ABUS-SR Degree
• The ABUS-SR does not include any MCCCD Special Requirements for Oral Communication and/or Critical Reading like the other associate degrees. (However, some university programs have a speech requirement; consult your academic advisor or transfer guide to verify the specifics for your program.)
• A single course can be used to satisfy multiple areas within the degree simultaneously (AGEC-B Core Area and/or Awareness Area(s), Required Courses (Common Lower Division Requirements), and/or Restricted Electives (Business Electives)). Credits are counted once toward the total for the degree.

Degree Requirements
The 62-71 semester credits required for the Associate in Business Special Requirements follow. The following websites identify the courses that apply to the different General Education Core and Awareness Areas: AGEC-B and the AGEC Matrix. Courses available for both Areas during a current or upcoming semester can also be found using the “Find A Class” tool on each MCCCD college’s website.

III. General Electives ................................................................. 0-6
Select courses 100-level or higher if needed to complete a minimum of 62 semester credits but no more than a total of 64 semester credits, which is the maximum number of credits accepted toward most degree programs at Arizona’s public universities. Ideally, students should select courses that meet requirements for their major/area of interest and transfer institution. See General Associate Degree Academic Policies for further details, limitations, and guidelines.

Maricopa courses and external courses evaluated as Maricopa equivalents, departmental electives (e.g., HISELC for a history elective), or general electives (GENELC) that are numbered 100 level or higher, and completed with a grade of “C” or higher, may be applied in the elective area, regardless of potential transferability to other institutions. It is recommended, however, that students planning to transfer to a baccalaureate-granting institution meet these general elective requirements with courses that are transferable and applicable to their intended university degree. Transfer advisement information is accessible on the following websites: aztransfer.com, curriculum.maricopa.edu, as well as those of individual universities. For appropriate course selection, students should consult with an academic advisor.

Total: ................................................................. 62-71**

*FYC may be met with fewer than 6 credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

**64 semester credits is the maximum accepted toward most degree programs at Arizona’s public universities. Some exceptions apply; consult with an academic advisor for additional transfer pathway.

Maricopa County Community College District (MCCCD) 2021-2022
Associate in General Studies (AGS) Degree and General Education Requirements

Description
The Maricopa County Community College District Associate in General Studies degree requires 60-64 semester credits in courses numbered 100 and above. The degree includes the following components:

I. General Education (minimum of 38 credits)
   Core curriculum (requires a grade of “C” or better)
   Distribution courses (requires a grade of “D” or better)

For the most current information regarding common policies degree requirements, log on to https://curriculum.maricopa.edu/curriculum/degrees-certificates/associate-degrees/academic-policies.
II. General Electives (enough additional courses numbered 100 or above, passed with a grade of “D” or better, to bring total credits to at least 60)

**Purpose of the Degree**

The Associate in General Studies (AGS) degree is recommended for students whose educational goals require flexibility. The degree allows students to apply any course numbered 100 or above, including some that are not transferable to the Arizona public universities and may not be transferable to other universities, toward the credits required for the degree. Therefore, for students who intend to transfer to another college or university in the future to pursue a bachelor’s degree, this degree may be less appropriate than other associate degrees offered (Associate in Arts; Associate in Arts, Elementary Education; Associate in Fine Arts; Associate in Business-General Requirements; Associate in Business-Special Requirements; Associate in Science; and all emphases under these degrees), by the Maricopa Community Colleges.

**Academic Policies that Govern the Associate in General Studies Degree:**

- The graduation policies within the general catalog must be satisfied (Administrative Regulation 2.3.9).
- A single course can simultaneously count towards a Core Area and a Distribution requirement. Courses that meet this criterion are bold print and underscored in the Core areas and Distribution areas (on the course list at the conclusion of this document). For example, CRE101 may be used to satisfy both the Literacy and Critical Inquiry requirement [L] of Distribution area and the Core Curriculum’s Critical Reading area. While multiple requirements can be met with a single course, the credits are only counted one time toward the required minimum for the degree. A course cannot satisfy more than one Core area, even if it is approved for more than one Core area. A course cannot satisfy more than one Distribution area, even if it is approved for more than one Distribution area.
- Credits transferred from outside of MCCCD must be at a grade of “C” (2.0 on a 4.0 scale) or better. Transfer credit graded pass/fail or pass/no credit may be transferred if documentation collected by the community college indicates that this was the only grading option available to the student and that the Pass grade (“P”) is equivalent to a “C” or better.
- Completion of the AGS with a minimum Grade Point Average of at least 2.0 on a 4.0 scale for Arizona residents and 2.50 for non-residents meets Arizona public university general admission requirements. However, meeting all AGS minimums does not ensure admission to specific university majors or programs with selective admission processes and/or limited enrollment. Furthermore, because the AGS is not designed to align with the requirements for bachelors degrees, not all credits may be transferable and students may have deficiencies in lower division (100- and 200-level) courses for a particular major.

**Summary of Degree Requirements:**

Details on how to identify courses approved for each of the different categories is described following the outline.

I. **MCCCD General Education**

COM100AA & COM100AB & COM100AC (3 credits) OR
COM110AA & COM110AB & COM110AC (3 credits)

5. Critical Reading ................................................................. .0-3
Students may demonstrate proficiency through assessment.
CRE101 Critical Reading OR equivalent as indicated by assessment.

Distribution Areas ................................................................. 22-29

1. Humanities, Arts and Design ............................................ .9
Students are encouraged to choose course work from more than one discipline.

2. Social-Behavioral Sciences ................................................. .6-9
Students are encouraged to choose course work from more than one discipline. Social-Behavioral Sciences requirements may be met with 6 credits only if COM100, COM110, or COM230 is shared between Core and Distribution (see Academic Policies section on prior page). The credits are only counted once, but may be applied to meet Oral Communication and Social-Behavioral Science requirements.

3. Natural Sciences ................................................................. .7-8
Two lecture courses and one corresponding laboratory course are to be selected. Credits for lecture and lab components may be combined or each may carry separate credit. For appropriate course selection students should consult with an academic advisor.

4. Literacy and Critical Inquiry ............................................... .0-3
Literacy requirement may be met with 0 credits only if CRE101 or COM225 is shared between Core and Distribution (see Academic Policies section on prior page). The credits are only counted once, but may be applied to meet [Oral Communication and Literacy] or [Critical Reading and Literacy and Critical Inquiry] requirements.

II. General Electives ................................................................. 13-26

Select additional courses 100-level or higher to complete a minimum of 60 semester credits but no more than a total of 64 semester credits.

Associate in General Studies Total Credits: ................................ 60-64

*First-Year Composition may be met with fewer than 6 credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full

All courses listed meet AGS requirements as specified. Courses in Purple Italic Underline also meet Arizona General Education Curriculum AGEC requirements. Courses in bold print and underscored simultaneously count towards a Core Area and a Distribution requirement.

AGS GENERAL EDUCATION CORE (16 credits - grade of "C" or better)*

First-Year Composition (6 credits)*
ENG English [101, 107] & [102, 108]

Oral Communication (3 credits)
COM Communication [100, 100AA & 100AB & 100AC, 110, 110AA & 110AB & 110AC, 225, 230]

Critical Reading (3 credits)
CRE Critical Reading [101] or Equivalent as indicated by assessment

Mathematics (3 credits)
course/Satisfactory completion of a higher level Mathematics course.

**Computer Usage (1 credit)**

Computer-related course or demonstration of comparable computer skills. Additional courses may be approved by individual colleges. Students should contact their advisor for college-specific courses satisfying the requirement.

Elective Courses (15-22 credits)

May select courses from prefixes already chosen for General Education Distribution requirements in order to develop depth in one or more subject areas.

*First-Year Composition may be met with fewer than 6 credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

---

Maricopa County Community College District (MCCCD) 2021-2022
Associate in Applied Science (AAS) Degree and General Education Requirements

Description

The Associate in Applied Science (AAS) degree requires at least 60 credits in its program of study. The exact number of credits for a specific degree is identified as part of the presentation of its requirements on the web or in the college catalog.

Purpose of the Degree

The Maricopa County Community College District Associate in Applied Science (AAS) degree is recommended for students who wish to gain a depth of technical expertise in a particular workforce-related area of study. The AAS degree options vary at the different MCCCD colleges and can be searched alphabetically or by field of interest. Requirements for each degree can be found on the linked webpages and in the corresponding college(s)'s catalog.

Academic Policies that Govern the AAS degree:

- Requires 60 or more credits numbered 100 or above and includes credits or the equivalent in the General Education Core areas and credits in the Distribution areas. AAS degree requirements follow with the use of a diagonal character (/) between course numbers to signify options. An asterisk (*) following the course number defines requirements with an effective begin term of spring;
- All courses must be completed with a grade of C or higher; any additional requirements such as grades of B or higher or minimum grade point average requirements are listed on individual degrees and certificates;
- The graduation policies within the general catalog must be satisfied (Administrative Regulation 2.3.9);
- Includes both courses and their modular equivalents, either the course or the modular equivalents will satisfy the Associate in Applied Science requirements.
- Requires completion of General Education courses as indicated in the General Education Requirements for the Associate in Applied Science degree from the Maricopa County Community College District, or completion of a curriculum as stated in the catalog;
- Accepts one of the courses that is cross-referenced with other courses.

GENERAL EDUCATION CORE

For the most current information regarding common policies degree requirements, log on to https://curriculum.maricopa.edu/curriculum/degrees-certificates/associate-degrees/academic-policies.
(12-15 credits)* Demonstrate college-level skills in the following areas:

Maricopa County Community College District (MCCCD) 2021-2022
Academic Certificate (AC)

Purpose of the Academic Certificate
The Maricopa County Community College District Academic Certificate (AC) is a defined and coherent program of study that is recommended for students who wish to gain additional expertise in a specific area of emphasis in an academic discipline. While this program of study can result in proficiency in specified skills and competencies, as well as mastery of a body of knowledge, it is not designed to prepare someone for employment in a specific occupation. The coursework for an Academic Certificate may be from a variety of disciplines or it can be discipline specific. There is no required general studies component to an Academic Certificate; however, the program may include some courses that have specific general studies designations such as Humanities, Arts and Design [HU], Social-Behavioral Sciences [SB], Literacy and Critical Inquiry [L], or Cultural Awareness [C]. (See AGEC matrix for current course values.)

Academic Policies that Govern the Academic Certificate
• Although, the program of study for an Academic Certificate (AC) does not have a mandated minimum number of credit hours, most ACs require approximately 12-39 credit hours in courses numbered 100 and above;
• Requires a cumulative GPA of 2.0 or better in required courses for completion;
• Follows the graduation policies listed in the college’s general catalog for the appropriate catalog year;
• Any course cross-referenced under another prefix(es) (for example ENH291/EDU291-Children's Literature) covers identical content and its credits can only be counted once toward certificate requirements;
• Although ACs may include a subset of coursework required in particular transfer degrees, the intent of an AC is not to align with any specific university major. There is no presumption of block transfer to another college or university;
• May have admission criteria established by the college if and when appropriate;
• Generally offered at a limited number of colleges. For a listing of all ACs available in the district and their affiliated college(s) see the CCTA website.

Maricopa Community Colleges (MCCCD) Allied Health or Nursing Program (S-13)
Allied Health or Nursing Assumption of Risk/Release of Liability
Most of the allied health or nursing program pathways include a program of study in a clinical training environment that may contain exposures to risks inherent in patient-oriented educational experiences (such as but not limited to bodily injury or communicable and infectious diseases). Students enrolling in clinical educational courses will be asked to sign a statement assuming all risks inherent in their coursework.
Use of Confidential Information

Students enrolled in allied health or nursing program pathways will have learning experiences in a health care setting where they will have access to confidential information. Prior to beginning any clinical studies, the students will be asked to sign an agreement to adhere to the requirements of those clinical sites and applicable law, including the Health Insurance Portability and Accountability Act of 1996 (HIPAA).

MCCCD Required Background Checks

Students enrolled in an MCCCD allied health or nursing program are required to complete and pass clinical learning experiences, working with children, elderly persons, and other vulnerable populations. MCCCD’s major clinical agency partners now mandate that any college students assigned to them for clinical experiences submit to a comprehensive background clearance prior to entering such learning experiences. Because the clinical experience portion of the programs is critical to completing a program of study, MCCCD has instituted two specific background check requirements in order for a student to enroll in a program. First, the student must obtain, at his or her own cost, a Level I Fingerprint Clearance Card from the Arizona Department of Public Safety. Precluding offenses for a Level I card can be found in Arizona Revised Statute § 41-1758.07 (https://www.azleg.gov/viewdocument/?docName=https://www.azleg.gov/ars/41/01758-07.htm). Additionally, students must also obtain a “pass” status on a MCCCD supplemental background check from MCCCD’s authorized background check contractor. The student must also pay for this background check. The supplemental check will be based on the most stringent standards of MCCCD’s clinical experience partners.

The sole program for which the background check requirements are different is the Emergency Medical Technician program. For that program, students must have obtained a Level 1 Fingerprint Clearance Card from the Arizona Department of Public Safety. They are also required, at the time of their clinical assignments, to submit to, pay for and pass any additional background check requirements of the clinical agencies to which their EMT program places students.

Certain licensing boards may require a separate background check or clearance card upon application for licensure or certification.

The MCCCD supplemental background check review may include searches of the following databases and information but MCCCD reserves the right to change the search criteria and the program background check requirements at any time without notice:

1. National Federal Health Care and Abuse Databases
2. Social Security Verification
3. Residency History
4. Arizona Statewide Criminal Records
5. Nationwide Criminal Databases
6. Nationwide Sexual Offender Registry
7. Homeland Security Search

Examples of background information that will result in a “fail” status on the supplemental background check include:

1. Social Security number does not belong to the applicant
2. Any inclusion on any registered sex offender database
3. Any inclusion on any of the Federal exclusion lists or Homeland Security watch lists
4. Any conviction of a felony no matter what age of the convictions
5. Any warrant any state
6. Any misdemeanor conviction for the following no matter how long ago:
   A. Violent crimes

For the most current information regarding common policies degree requirements, log on to https://curriculum.maricopa.edu/curriculum/degrees-certificates/associate-degrees/academic-policies.
B. Sex crime of any kind including non consensual sexual crimes and sexual assault
C. Murder, attempted murder
D. Abduction
E. Assault
F. Robbery
G. Arson
H. Extortion
I. Burglary
J. Pandering
K. Any crime against minors, children, vulnerable adults including abuse, neglect, exploitation
L. Any abuse or neglect
M. Any fraud
N. Illegal drugs
O. Aggravated DUI

7. Any misdemeanor controlled substance conviction in last 7 years
8. Any other misdemeanor conviction within last 3 years

[EXCEPTIONS: Any misdemeanor traffic (DUI is NOT considered traffic).

The information that MCCCD uses for the “pass/fail” background check is subject to change at any time without notice.

MCCCD recommends that students carry proof of the background clearance at all times during any clinical agency learning experience.

Duty to Report Changes; Removal
Students have an obligation to immediately report to the director of their program any change in the information that they supplied on forms submitted to initiate background checks relating to the allied health or nursing program. That includes information provided to the Arizona Department of Public Safety and MCCCD’s supplemental background check vendor, as well as that related to the background check required by a clinical agency. Failure to do so will result in removal from the program. Additionally, any change in background check status that would affect the student’s clearance under either MCCCD’s or a clinical agency’s standards will result in removal from a program.

Additional Clinical Agency Background Check
Some clinical agencies require that students assigned to their sites submit to a criminal background check covering other offenses, as well as a drug screening. Students are required to pay for the additional agency clinical background check. A clinical agency that requires this additional background check may refuse to place a student due to information the clinical agency obtains in its background check even though that student possess a valid Level I Fingerprint Clearance Card and has obtained a “pass” status on the MCCCD supplemental background check.

Some conditions that have resulted in students being denied placement at clinical agencies include pending criminal charges, outstanding warrants, unfinished terms of a sentence (such as unpaid fines), pattern of repeated types of arrests/convictions, and failure to disclose all past arrests/convictions when asked to do so on any background check application.

Inability to Place
MCCCD has no obligation to make repeated attempts to place a student when the reason for MCCCD’s inability to place the student is due to background check issues. Since clinical agency assignments are mandatory requirements for completion of a program, a student’s inability to complete required clinical experience due to his or her background

For the most current information regarding common policies degree requirements, log on to https://curriculum.maricopa.edu/curriculum/degrees-certificates/associate-degrees/academic-policies
check issues will result in removal from the program.

Changes to Admission or Background Check Requirements
MCCCD may change its program admission requirements or background check requirements without notice at any time.

No Guarantee of Receipt of Licensure/Certificate
Many of the nursing and allied health programs prepare graduates for application for State or National certificates or licenses. In some professions, such licensure and certification is required prior to employment or practice in the profession. Graduation from a nursing and allied health program does not guarantee the receipt of a license or certificate to practice in the field of study.

AMENDED by Direct Chancellor Approval, June 1, 2017

Fields of Interest Matrix
The Maricopa County Community College Field of Interest Matrix identifies all programs currently available for offering within the ten (10) community colleges and skill centers of the district. The programs are grouped under Field of Interest as requested by the colleges. For specific information regarding individual programs, contact the college(s) listed as participating institutions.

Academic Divisions

Courses offered at CGCC fall under one of the following academic divisions. They include:

Aviation & Applied Technology
Bashir Khalil, Division Chair
480-988-8112 | bashir.khalil@cgc.edu

Courses
AET - Aeronautics
AIT - Automated Industrial Technology
AMT - Aircraft Maintenance Technology
EUT - Electric Utility Technology
PPT - Power Plant Technology
UAS - Unmanned Aircraft Systems

Career Programs
Aircraft Maintenance Technology
Aircraft Maintenance Technology-Airframe
Aircraft Maintenance Technology-Powerplant
Airway Science Technology, Flight Emphasis
Certified Flight Instructor Instrument Airplane Rating
Electric Utility Technology
Unmanned Aircraft Systems

Biological Sciences
Kimberley Patterson, Division Chair
480-732-7083 | kimberley.patterson@cgc.edu

Courses
BIO - Biology
ENV - Environmental Studies
SSH - Sustainability Social Sciences
SUS - Sustainability/Natural Sciences

Career Programs
Sustainability

Business & Computing Studies
Thomas Pearson, Division Chair
480-726-4131 | tom.pearson@cgc.edu

Courses
ACC - Accounting
BPC - Business-Personal Computers
CIS - Computer Information Systems
CLD - Cloud Computing
CNT - Cisco Network Technology
CSC - Computer Science
GBS - General Business
IBS - International Business
ITS - Information Technology Security
MGT - Management
MKT - Marketing
MST - Microsoft Technology
OAS - Office Automation Systems
PAD - Public Administration
SBS - Small Business Management
SBU - Society and Business

Career Programs
Accounting
Administrative Professional
Adobe Foundations: Animation and Graphics Production
Amazon Web Services Cloud Associate
Amazon Web Services Cloud Practitioner
Android App Development
Business Administration Fastrack
Cisco Certified Network Professional Enterprise
Cisco Certified Network Professional: Enterprise Advanced Routing and Services
Cisco Certified Network Professional: Enterprise Core
Cisco Network Administration and Security
Cisco Network Administration: CCNA
Cisco Network Administration: CCNP
Computer System Configuration and Support
Computer System Configuration and Support, Linux
Computer System Configuration and Support, Network
Computer System Configuration and Support, Security
Cyber Engineering
Cyber Operations
Cybersecurity
Cybersecurity Fundamentals
Desktop Support
Enrolled Agent
General Business

Microsoft System Administration
Network and Systems Administration
Oracle Database Operations
Organizational Leadership
Organizational Management
Programming and Systems Analysis
Programming and Systems Analysis Level I
Programming and Systems Analysis Level II
Red Hat Linux Administrator
Red Hat Linux Engineer
Retail Management
Risk Management and Insurance
Securities Industry Essentials
Small Business Start-Up
Social Media Marketing
VMware Network Administrator
Web App Development
Web Design
Web Design/Development
Web Development
Web Foundations

Communication & Fine Arts
Vanessa Sandoval, Division Chair
480-732-7267 | vanessa.sandoval@cgc.edu

Courses
ARH - Art Humanities
ART - Art
COM - Communication
DAH - Dance Humanities
DAN - Dance
MCO - Mass Communications
MHL - Music: History/Literature
MTC - Music: Theory/Composition
MUC - Music: Commercial/Business
MUE - Music: Education
MUP - Music: Performance
STO - Storytelling
THE - Theatre
THF - Theatre and Film
THP - Theater Performance/Production

Career Programs
Illustration
Illustration and Sequential Art
Photography
Sequential Art

Composition, Creative Writing & Literature
Mary Zimmerer, Division Chair
480-857-5441 | mary.zimmerer@cgc.edu

Courses
CRE - Critical Reading
CRW - Creative Writing
ENG - English
ENH - English Humanities
HUM - Humanities
JRN - Journalism
RDG - Reading
WAC - Writing Across Curriculum
### Career Programs

Educational Programs

The Chandler-Gilbert Community College (CGCC) mission statement calls for serving “students and its diverse communities by providing quality life-long learning opportunities in a learner-centered environment through effective, accessible educational programs and activities.” CGCC faculty, staff, and administration are committed to providing a “dynamic learning community reflecting collaboration, diversity, and student success through quality, enthusiastic teaching, learning, and serving.” CGCC students have several choices of educational programs to pursue:

- Degrees offered by all Maricopa Community Colleges and found in the Degree Requirements section of this catalog:
  — Associate in Arts; Associate in Arts in Elementary Education; Associate in Arts, Fine Arts in Art, Dance, and Theatre; Associate in Business; and Associate in Science degrees offered by all Maricopa Community Colleges and designed for students who may or may not know their majors but plan to transfer to one of Arizona's public universities.
  — Associate in General Studies degree for students whose educational goals require flexibility and a broader choice of courses.
- Occupational programs offered at CGCC have several missions: preparing students for employment, upgrading students’ existing job skills, and assisting students in career changes. Students can choose from several alternatives:
  1. Associate in Applied Science degree programs – usually a two-year program of course work.
  3. Individual courses – designed to meet individual career or personal needs.

Because change is a constant factor in the employment picture, each occupational program has an advisory council. These councils are composed of local leaders in industry and provide valuable assistance to faculty as they continually adjust the courses and programs to meet community needs. With the support of the advisory councils, highly qualified faculty, and up-to-date facilities, students are assured quality instruction in their future career field.

Students who choose to transfer to four-year institutions will find that many credits are transferable and provide a beginning foundation for completing a baccalaureate degree. The AAS degrees transfer as a “block” to the Bachelor of Applied Science at Arizona State University (Polytechnic and West campuses), and Northern Arizona University.

- Academic Certificates for students who wish to gain additional expertise in an academic area.
- Special programs include:
  — Continuing Education and Workforce Development
  — English as a Second Language
  — Fitness, Wellness, and Recreation
  — Honors Program
  — Performing Arts

------------------------

OCCUPATIONAL PROGRAMS

Aviation & Applied Technology

Aircraft Maintenance Technology

Associate in Applied Science: AAS 3670
87-112 Credits

Program Contact
Bashir Khalil | 480-988-8112 | bashir.khalil@cgc.edu

Program Description
The Associate in Applied Science (AAS) in Aircraft Maintenance Technology degree is designed to provide students with strong General Education skills in support of their aviation maintenance knowledge. This degree prepares students to enter careers in aircraft (fixed-wing and rotorcraft) and structural manufacturing and maintenance. Graduates can potentially work in general, corporate, commercial, or military sectors. Students who complete this program

Courses available at CGCC are listed in the Course Descriptions section of this document. General Education Requirements are also listed. For the most current information regarding degree requirements, log on to curriculum.maricopa.edu

96  CGCC Catalog & Student Handbook 2021-2022  |  Educational Programs
are eligible to apply for relevant Federal Aviation Administration written, oral, and practical exams. A Certificate of Completion (CCL) in Aircraft Maintenance Technology is fully embedded in this AAS.

**Program Notes**
Students must earn a grade of “C” or better in all courses within the program. Overall program minimum GPA = 2.00.

+ indicates course has prerequisites and/or corequisites.  
++ indicates any suffixed course may be selected.

**Admission Criteria**
Students wishing to enroll in this Aircraft Maintenance Technology program must complete an application process before being officially accepted into the program.

**Program Prerequisites:** None

**Required Courses: 65-84 Credits**

**Aircraft Maintenance Technology-Airframe**

**Certificate of Completion: CCL 5668**

32-51 Credits

**Program Contact**

Bashir Khalil | 480-988-8112 | bashir.khalil@cgc.edu
Program Description
The Certificate of Completion (CCL) in Aircraft Maintenance Technology-Airframe program is designed to prepare students to enter careers in aircraft (fixed-wing and rotorcraft) structural manufacturing and maintenance. Graduates can potentially work in general, corporate, commercial, manufacturing, and military sectors. Graduates are eligible to apply for the Federal Aviation Administration (FAA), Aviation Maintenance Technician—Airframe exam. An Associates in Applied Science (AAS) in Aircraft Maintenance Technology-Airframe is also available.

Program Notes
Students must earn a grade of “C” or better for all courses required within the program. Overall program minimum GPA = 2.00.

+ indicates course has prerequisites and/or corequisites.
++ indicates any suffixed course may be selected.

Admission Criteria
Students wishing to enroll in this certificate program must complete an application process before being officially accepted into the program.

Program Prerequisites: None

Required Courses: 32-51 Credits

+AMT124 Aircraft Forms and Regulations, Weight and Balance, Drawings, and Ground Operations (5)
+AMT126 Fundamentals of Mathematics and Electricity (9)
+AMT128 Fundamentals of Aviation Physics, Corrosion Control, Materials and Processes, Fluid Lines and Fittings (5) OR Hold a valid FAA Powerplant Certificate (0) 0-19
+AMT220 Fundamentals of Aircraft Wood Structures, Covering and Finishing and Bonded Structures 3
+AMT222 Atmosphere Control, Fire Protection, Ice and Rain Protection Systems 4
+AMT224 Aircraft Sheet Metal 5
+AMT226 Aircraft Landing Gear, Hydraulic, Pneumatic, Fuel, Position and Warning Systems 7
+AMT228 Aircraft Electrical Systems, Instruments, Fuel Indicating, Communication and Navigation Systems 7
+AMT230 Airframe Assembly, Inspection and Welding 6

Aircraft Maintenance Technology-Powerplant

Associate in Applied Science: AAS 3665
74-80 Credits

Program Contact
Bashir Khalil | 480-988-8112 | bashir.khalil@cgc.edu

Program Description
The Associate in Applied Science (AAS) in Aircraft Maintenance Technology-Powerplant degree is designed to provide students with strong General Education skills in support of their aviation maintenance knowledge. This degree prepares students to enter careers in aircraft (fixed-wing and rotorcraft), powerplant manufacturing and maintenance. Students who complete this degree can potentially work in general, corporate, commercial, manufacturing, and military sectors. Graduates are eligible to apply for relevant Federal Aviation Administration (FAA) written, oral, and practical exams.

A Certificate of Completion (CCL) in Aircraft Maintenance Technology-Powerplant is also available.

Program Notes
Students must earn a grade of “C” or better in all courses within the program. Overall program minimum GPA = 2.00.

+ indicates course has prerequisites and/or corequisites.
++ indicates any suffixed course may be selected.

Admission Criteria
Students wishing to enroll in this Aircraft Maintenance Technology-Powerplant program must complete an application process before being officially accepted into the program.
Program Prerequisites: None

Required Courses: 52 Credits

+AMT124 Aircraft Forms and Regulations, Weight and Balance, Drawings, and Ground Operations 5

Airway Science Technology - Flight Emphasis

Associate in Applied Science: AAS 3707

61-67 Credits

Program Contact
Bashir Khalil | 480-988-8112 | bashir.khalil@cgc.edu

Program Description
The Associate in Applied Science (AAS) in Airway Science Technology, Flight Emphasis program is designed to prepare students to apply technical knowledge and skills to the flying of commercial, corporate, or private aircraft. Program content includes private, instrument, commercial single-engine, commercial multi-engine, and flight instructor certifications. The program develops students’ willingness to learn, critical thinking, organizational skills, initiative, reliability, accountability, communication, and resource management skills. During the program, students will be provided the resources and training required for Federal Aviation Administration (FAA) written and practical examinations.

Flight Policies
Flight and simulator training costs are the responsibility of the student. These include hourly costs for aircraft and flight instruction, tuition, fees, and other expenses. Once students have been accepted into the CGCC Airway Science, Flight Emphasis program, they will not receive college credit for flight instruction received at flight schools other than the school or schools with which Maricopa County Community College District has currently contracted for such instruction.

Transfer of Pilot Ratings
Students with a private pilot certificate obtained without college credit must complete the private pilot ground school and flight lessons contained in the private pilot test course before enrolling in any 200-level ground or flight courses.

Students holding commercial pilot, single-engine land certification must obtain division approval prior to enrollment in flight instructor certification.

Aviation and related courses from other colleges and universities will not automatically transfer to CGCC. All aviation transfer courses, flight or non-flight, are reviewed by the Aviation Division Chair for transferability. In all cases, it is the responsibility of the student to initiate the process.

Medical Certificates
A current medical certificate is required for all students planning to begin flight training. The physical examination must be performed by a medical doctor who is a designated Aviation Medical Examiner. Students are advised to obtain their medical certificates well in advance of beginning the flight program. This will ensure that medical problems or physical limitations that may alter career plans can be addressed before entering flight courses.

There are three types of medical certificates - Class III, Class II, and Class I. Students are advised to obtain a Class I certificate if they are planning a career in professional flight. Veteran students must have at least
Courses available at CGCC are listed in the Course Descriptions section of this document. General Education Requirements are also listed. For the most current information regarding degree requirements, log on to curriculum.maricopa.edu

Program Notes
Students must earn a grade of “C” or better for all courses required within the program. Overall program minimum GPA = 2.50.

+ indicates course has prerequisites and/or corequisites.
++ indicates any suffixed course may be selected.

Admission Criteria
Students must apply for acceptance into the Associate in Applied Science (AAS) in Airway Science Technology, Flight Emphasis program before enrolling in any 100-level courses by completing an application.

Program Prerequisites: 0-7 Credits
Students must consult with a Program Director, as the program prerequisites may be waived as requirements to the program for those students who have FAA Private Pilot Certificates and/or have course equivalents as indicated by assessment.

+AEI107 Private Pilot Ground School (5) AND

Electric Utility Technology

Associate in Applied Science: AAS 3855
64-70 Credits

Program Contact
Bashir Khalil | 480-988-8112 | bashir.khalil@cgc.edu

Program Description
The Associate in Applied Science (AAS) in Electric Utility Technology program is designed to prepare the student for the position of an apprentice-level line worker who is familiar with the use of tools, materials, and the equipment of the electric utility industry. Students will be trained in power line installation and maintenance, pole climbing and use of tools, truck and equipment operation, and overhead and underground distribution, construction, and maintenance of electrical lines. A Certificate of Completion (CCL) in Electric Utility Technology is fully embedded in this AAS.

Program Notes
Students must earn a grade of "C" or better in all courses within the program. Overall program minimum GPA = 2.00.

Students must obtain First Aid/Cardiopulmonary Resuscitation (CPR) certification by the completion of EUT215.

Student must provide an Arizona Department of Transportation Medical Certification to the Division Office of Aviation and Applied Technology prior to the first class period for EUT115.

Students must obtain a Commercial Drivers License from the State of Arizona and/or an interstate Commercial Drivers License Class A with no restrictions prior to completion of the Required Courses.

+ indicates course has prerequisites and/or corequisites.
++ indicates any suffixed course may be selected.

Admission Criteria
Formal application and admission to the Electric Utility Technology program is required.

Program Prerequisites: None

Unmanned Aircraft Systems

Associate in Applied Science: AAS 3184

60-65 Credits

Program Contact
Bashir Khalil | 480-988-8112 | bashir.khalil@cgc.edu

Program Description
The Associate in Applied Science (AAS) in Unmanned Aircraft Systems (UAS) program prepares students for entry level positions in the UAS industry by providing foundational knowledge and skills in UAS mission planning, applications, maintenance, laws and regulations, data analytics, and project management using UAS platforms. Program content includes an introduction to UAS flight, history, avionics, sensors, communications systems and selectable paths including data analysis and applications such as emergency responders, geographic information systems, precision agriculture, and in commercial and government sectors. Students will prepare for and conduct unmanned flights similar to those commonly performed in the industry observing Federal Aviation Administration’s (FAA) regulations that govern sUAS operations. This program helps prepare students for the FAA Part 107 Certification.

Program Notes
Students must earn a grade of “C” or better for all courses required within the program. Overall program minimum GPA = 2.00.

+ indicates course has prerequisites and/or corequisites.
++ indicates any suffixed course may be selected.

Admission Criteria
Students wishing to enroll in the Unmanned Aircraft Systems program must complete an application process before being officially accepted into the program.

CIS120DC  Introduction to Adobe Animate  
CIS120DF  Introduction to Adobe Photoshop  

Amazon Web Services Cloud Associate

Certificate of Completion: CCL 5330N

3-6 Credits

Program Contact
Tom Pearson | 480-726-4131 | tom.pearson@cgc.edu

Program Description
The Certificate of Completion (CCL) in Amazon Web Services (AWS) Cloud Associate builds the knowledge and skills to design, plan, and implement a cloud solution architecture. Students will be introduced to concepts and hands-on opportunities to manage cloud systems/architectures for real-world applications. Students with the requisite experience in the field who complete this CCL can pursue employment in a variety of information technology jobs. This CCL also helps to prepare students for the AWS Certified Solutions Architect – Associate examination, which is the second level of the AWS certifications.

Program Notes
This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of “C“ or better for all courses required within the program. Overall program minimum GPA = 2.00.

This Certificate of Completion (CCL) is intended for industry professionals with the requisite experience such as database, Linux, information security, networking, programming, and DevOps who are interested in expanding their knowledge in the area of cloud computing to enhance their employment opportunities. Speak to a program director for additional information.
Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: BPC, CIS, CLD, CNT, ITS, and MST.

Business Administration Fastrack

Certificate of Completion: CCL 5152

Program Contact
Nicki Lynn | 480-732-7394 | nicki.lynn@cgc.edu

Program Description
The Certificate of Completion (CCL) in Business Administration Fastrack program provides opportunities for individuals to update, upgrade, or develop essential business skills. The program’s focus is preparing students for job advancement and career opportunities in today’s business environment as defined by industry practitioners. Each course includes learning activities and projects which may be offered in an accelerated five-week or eight-week format.

Additional features of the program include: student directed learning stressing the dynamic business environment, communication skills, leadership development, and performing effectively within a team environment.

Program Notes
Students must earn a grade of “C” or better in all courses in the program. Overall program minimum GPA = 2.00.

+ indicates course has prerequisites and/or corequisites.
++ indicates any suffixed course may be selected.

Program Prerequisites: None

Required Courses: 27 Credits

Cisco Certified Network Professional: Enterprise

Certificate of Completion: CCL 5190
16 Credits

Program Contact
Tom Pearson | 480-726-4131 | tom.pearson@cgc.edu

Program Description
The Certificate of Completion (CCL) in Cisco Certified Network Professional: Enterprise builds the advanced knowledge and skills needed for professional-level networking technologies and architecture. This CCL includes fundamental concepts of virtualization, network assurance, security, automation, and the implementation and troubleshooting of advanced routing technologies, as well as hands-on opportunities to apply these concepts to real-world applications.

Students with the requisite experience in the field who complete this CCL can pursue employment in a variety of information technology jobs. This CCL also helps to prepare students for the Cisco Enterprise Network Core Technologies (ENCOR) certification and Implementing Cisco Enterprise Network Advanced Routing and Services (ENARSI) exams aligned with the CCNP Enterprise, CCIE Enterprise Infrastructure, CCIE Enterprise Wireless, and Cisco Certified Specialist - Enterprise core, CCNP Enterprise, Cisco Certified Specialist - Advanced Infrastructure Implementation certifications.

Additional Certificates of Completion (CCLs) in Cisco Certified Network Security (CCNA Security), Cisco Certified Network Professional: Enterprise Core, Cisco Certified Network Professional: Enterprise Advanced Routing and Services, Cisco Network Administration: CCNP, as well as an Associate in Applied Science (AAS) in Network and Systems Administration, are also available.

Program Notes
The Certificate of Completion in Cisco Certified Network Professional: Enterprise is currently not Title IV Federal Financial Aid eligible.

Students must earn a grade of "C" or better for all courses required within the program. Overall program minimum GPA = 2.00.

This Certificate of Completion (CCL) is intended for industry professionals with the requisite skills aligned with the Cisco Certified Network Associate (CCNA) industry certification who are interested in expanding their knowledge in the area in professional-level networking or to enhance their employment opportunities. Speak to a program director for additional information.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

+ indicates course has prerequisites and/or corequisites.
++ indicates any suffixed course may be selected.

Admission Criteria:
This Certificate of Completion (CCL) is intended for industry professionals with the requisite experience. To pursue this CCL, students must complete the following prerequisites to the courses within the Required Course area as follows with a C or better OR have a Cisco Certified Network Associate (CCNA) industry certification OR receive permission of the Program Director:

CNT140AB  Introduction to Networks  4
+CNT150AB  Switching, Routing, and Wireless Essentials  4
+CNT160AB  Enterprise Networking, Security, and Automation  4

Students also have the option to complete the full CCL in this program, Cisco Network Administration: CCNP (major code 5037), that includes the prerequisites and required courses.

Program Prerequisites: None

Required Courses: 16 Credits
+ CNT240  Cisco Certified Network Professional:
Enterprise Core (8) OR
+ CNT240AA Cisco Certified Network Professional: Enterprise Core I (4) AND
+ CNT240AB Cisco Certified Network Professional: Enterprise Core II (4) 8

Tom Pearson | 480-726-4131 | tom.pearson@cgc.edu

Program Description
The Certificate of Completion (CCL) in Cisco Certified Network Professional: Enterprise Advanced Routing and Services builds the advanced knowledge and skills needed for professional-level networking technologies and architecture. This CCL includes concepts of implementation and troubleshooting of advanced routing technologies and services including Layer 3 VPN services, infrastructure security, and infrastructure services, as well as hands-on opportunities to apply these concepts to real-world applications. Students with the requisite experience in the field who complete this CCL can pursue employment in a variety of information technology jobs. This CCL also helps to prepare students for the Implementing Cisco Enterprise Network Advanced Routing and Services (ENARSI) certification exam aligned with the CCNP Enterprise, Cisco Certified Specialist - Advanced Infrastructure Implementation certifications. Additional

Certificates of Completion (CCLs) in Cisco Certified Network Security (CCNA Security), Cisco Certified Network Professional: Enterprise Core, Cisco Certified Network Professional: Enterprise, Cisco Network Administration: CCNP, as well as an Associate in Applied Science (AAS) in Network and Systems Administration, are also available.

Program Notes
This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of “C” or better for all courses required within the program. Overall program minimum GPA = 2.00.

This Certificate of Completion (CCL) is intended for industry professionals with the requisite skills aligned with the Cisco Certified Network Associate (CCNA) industry certification who are interested in expanding their knowledge in the area in professional-level networking or to enhance their employment opportunities. Speak to a program director for additional information.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

+ indicates course has prerequisites and/or corequisites.
++ indicates any suffixed course may be selected.

Admission Criteria:
This Certificate of Completion (CCL) is intended for industry professionals with the requisite experience. To pursue this CCL, students must complete the following prerequisites to the courses within the Required Course area as follows with a C or better OR have a Cisco Certified Network Associate (CCNA) industry certification OR receive permission of the Program Director:

CNT140AB Introduction to Networks 4
+CNT150AB Switching, Routing, and Wireless Essentials 4

Courses available at CGCC are listed in the Course Descriptions section of this document. General Education Requirements are also listed. For the most current information regarding degree requirements, log on to curriculum.maricopa.edu

**Program Description**

The Certificate of Completion (CCL) in Cisco Certified Network Professional: Enterprise Core builds the knowledge and skills needed for professional-level networking technologies and architecture. This CCL includes the fundamental concepts of virtualization, network assurance, security, and automation, as well as hands-on opportunities to apply these concepts to real-world applications. Students with the requisite experience in the field who complete this CCL can pursue employment in a variety of information technology jobs. This CCL also helps to prepare students for the Cisco Enterprise Network Core Technologies (ENCOR) certification exam aligned with the CCNP Enterprise, CCIE Enterprise Infrastructure, CCIE Enterprise Wireless, and Cisco Certified Specialist - Enterprise core certifications.

Additional Certificates of Completion (CCLs) in Cisco Certified Network Security (CCNA Security), Cisco Certified Network Professional: Enterprise, Cisco Certified Network Professional: Enterprise Core and Advanced Routing and Services, Cisco Network Administration: CCNP, as well as an Associate in Applied Science (AAS) in Network and Systems Administration, are also available.

**Program Notes**

**Cisco Network Administration and Security Certificate of Completion: CCL 5036**

**16-19 Credits**

**Program Contact**

Tom Pearson | 480-726-4131 | tom.pearson@cgc.edu

**Program Description**

The Certificate of Completion (CCL) in Cisco Network Administration and Security provides training for those interested in working with Cisco network and Internet hardware with a particular emphasis on securing networks from threats and vulnerabilities. Knowledge and skills are developed to install, configure, and maintain Cisco routers and switches; configure routing protocols, and Local Area Networks (LANs); troubleshoot problems with various hardware and software configurations; perform administrative tasks in a network. Specific skills in maintaining integrity, accountability, and confidentiality of data are also developed. Taught by Cisco Certified professionals using the Cisco Network Academy program curriculum, courses are designed to help prepare students for the Cisco Certified Network Associate (CCNA) and Security examinations. Students who complete this program may seek employment in a variety of environments. An additional Certificate of Completion (CCL) in Cisco Certified Network Professional (CCNP), as well as an Associate in Applied Science (AAS) in Network and Systems Administration, are also available.

**Program Notes**

Students must earn a grade of “C” or better for all courses required within the program. Overall program minimum GPA = 2.00.

Students who pursue this Certificate of Completion (CCL) should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

Program Description
The Certificate of Completion (CCL) in Computer System Configuration and Support program is designed to prepare students for entry-level computer maintenance, help desk, and network technician jobs. The classes focus on the development of knowledge and skills in computer technologies including system components, installation, system configuration, peripheral devices, and notebooks. Emphasis is placed on hardware installation, maintenance, mobile devices, hardware troubleshooting, proper use of tools, safety procedures, and professionalism. This program helps prepare students for the CompTIA A+ certification exams. Students who complete this program may seek employment in a variety of environments. Students can also pursue additional Certificates of Completion (CCL) in a variety of specializations within the information technology field to deepen their knowledge and skills and help prepare them for multiple industry certification examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

# Cybersecurity

**Associate in Applied Science : AAS 3197**

**61-74 Credits**

**Program Contact**

Tom Pearson | 480-726-4131 | tom.pearson@cgc.edu

**Program Description**

The Associate in Applied Science (AAS) in Cybersecurity is designed to focus on the necessary skills required to secure, protect and identify vulnerabilities in a network, including various operating systems and network devices. Emphasis is placed on developing the theoretical, legal, ethical and practical skills needed to maintain security on mission-critical networking and server systems. The program is designed to meet the training needs of government and industry employees. The program covers a variety of information security technologies and structured languages. The Cybersecurity program also focuses on the skills needed for internationally recognized IT certifications and high demands in business, industry, and government. Certificates of Completion (CCLs) are also available in the following areas: Cybersecurity Fundamentals, Cyber Operations, Linux System Administration, Microsoft, Cisco Networking CCNA Security, Cyber Engineering, and Critical Infrastructure.

**Program Notes**

Students must earn a grade of "C" or better in all courses required within the program. Overall program minimum GPA = 2.00.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

+ indicates course has prerequisites and/or corequisites.
++ indicates any suffixed course may be selected.

**Program Prerequisites: None**

**Required Courses: 24-28 Credits**

- **BPC270** A+ Exam Prep: Operating System Configuration and Support (3) OR
- **MST150++** Any Microsoft Windows course (3) 3
  (MST150++ required for Microsoft System Administration specialization and Critical Infrastructure specialization)
- **CIS105** Survey of Computer Information Systems 3
- **CIS111** Ethics in Information Technology (3) OR
- **ITS120** Legal, Ethical and Regulatory Issues (3) 3
- **CIS26DL** Linux Operating System (3) OR
- **CIS26RH** Red Hat System Administration I (3) 3
- **CIS156** Python Programming: Level I 3
- **CIS190** Introduction to Networking (3) OR
- **CNT140AB** Introduction to Networks (4) 3-4
  (CNT140AB required for Cisco Network Administration and Security specialization and Critical Infrastructure specialization)
- **CIS271DB** Information Security Essentials (3) AND
- **CIS272DB** Information Security Principles (3) OR
Courses available at CGCC are listed in the Course Descriptions section of this document. General Education Requirements are also listed. For the most current information regarding degree requirements, log on to curriculum.maricopa.edu.

Restricted Electives: 12-18 Credits
Students must complete 12-18 credits from the following list of courses. Courses that are required for a specialization in Cyber Operations, Linux System Administration, Microsoft System Administration, Cisco Network Administration and Security, Cyber Engineering, and/or Critical Infrastructure are noted. Courses cannot be repeated for credit.

Specialization I: Cyber Operations Credits: 17
+ BPC170 A+ Exam Prep: Computer Hardware Configuration and Support 3
+ CIS238DL Linux System Administration (3) OR
+ CIS238RH Red Hat System Administration II (3) 3
+ CIS290AC Computer Information Systems Internship (3) OR
+ CIS298AC Special Projects (3) 3
+ ITS291 Computer Forensics Foundations 4
+ ITS292 Advanced Computer Forensics 4

Specialization II: Linux System Administration Credits: 15
+ CIS238DL Linux System Administration (3) OR
+ CIS238RH Red Hat System Administration II (3) 3
+ CIS239DL Linux Shell Scripting 3
+ CIS240DL Linux Network Administration 3
+ CIS271DL Linux Security (3) OR
+ CIS271RH Red Hat System Administration IV (3) 3
+ CIS275DL Linux Capstone 3

Specialization III: Microsoft System Administration Credits: 15
+ CIS121AH Microsoft PowerShell/Command Line Operations 3
+ MST155DC Installation, Storage, and Compute with Windows Server 4
+ MST157DC Networking with Windows Server 4
+ MST158DC Identity Management with Windows Server 2016 4

Specialization IV: Cisco Network Administration and Security Credits: 12
+ CNT150AB Switching, Routing, and Wireless Essentials 4
+ CNT160AB Enterprise Networking, Security, and Automation 4
+ CNT202 Cisco Secure Firewall Appliance Configuration (4) OR
+ CNT205 Cisco Certified Network Associate Security (4) 4

Specialization V: Cyber Engineering Credits 18
+ CIS119DO Introduction to Oracle: SQL (3) OR
+ CIS276++ Any SQL Database course (3) 3
+ CIS162++ Any C Programming: Level I course 3
(Students intending to transfer to U of A South should take CIS162 C Programming)
+ CIS227 Assembler Language 3
+ CIS238DL Linux System Administration (3) OR
+ CIS238RH Red Hat System Administration II (3) 3
+ CIS250 Management of Information Systems 3
+ CIS262++ Any C Programming: Level II course 3

Specialization VI: Critical Infrastructure Credits: 16
+ CIS143 Introduction to Critical Infrastructure Protection 3
+ CIS201 Introduction to Operational Technology 3
+ CIS202 Introduction to Smart Grid Security 3
+ CIS203 Principles of the Risk Management Framework 3
+ CNT150AB Switching, Routing, and Wireless Essentials 4

General Electives: 0-3 Credits
Select additional courses 100-level or higher to complete a minimum of 61-semester credits. It is recommended to select from the restricted elective options. Consult with a faculty advisor, program director, and/or academic advisor to identify coursework that best aligns with academic and professional goals.
Cybersecurity Fundamentals

Certificate of Completion: CCL 5154
24-31 Credits

Program Contact
Tom Pearson | 480-726-4131 | tom.pearson@cgc.edu

Program Description
The Certificate of Completion (CCL) in Cybersecurity Fundamentals is designed to focus on the necessary skills required to secure, protect and identify vulnerabilities in a network, including various operating systems and network devices. Emphasis is placed on developing the theoretical, legal, ethical and practical skills needed to maintain security on mission-critical networking and server systems. The program is designed to provide applied skills necessary for government and industry employees. The program covers a variety of information security technologies and structured languages. The Cybersecurity program also focuses on the skills needed for internationally recognized IT certifications and high demands in business, industry, and government. An Associate in Applied Science (AAS) in Cybersecurity is also available.

Program Notes
Students must earn a grade of "C" or better in all courses required within the program. Overall program minimum GPA = 2.00.

Any approved general education course(s) in the Social and Behavioral Sciences area | 3

Natural Sciences

Any approved general education course from the Natural Sciences area | 4
Desktop Support

Certificate of Completion: CCL 5043
19-22 Credits

Program Contact
Tom Pearson | 480-726-4131 | tom.pearson@cgc.edu

Program Description
The Certificate of Completion (CCL) in Desktop Support program is designed to prepare students for entry-level computer maintenance, help desk, and network technician jobs. The classes focus on the development of knowledge and skills in computer, network, and security technologies, as well as the interpersonal skills in customer service/technical support needed to be successful within the industry. Depending on course selection, this program helps prepare students for the CompTIA A+, CompTIA Network+, and/or CompTIA Linux+ certification exams. Students who complete this program may seek employment in a variety of environments. Students can also pursue additional Certificates of Completion (CCLs) in a variety of specializations within the information technology field to deepen their knowledge and skills and help prepare them for multiple industry certification examinations.

An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

Program Notes
Students must earn a grade of “C” or better in all courses in the program. Overall program minimum GPA = 2.00.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

+ indicates course has prerequisites and/or corequisites.
++ indicates any suffixed course may be selected.

Required Courses: 18-19 Credits

+ BPC170 A+ Exam Prep: Computer Hardware Configuration and Support 3
+ BPC270 A+ Exam Prep: Operating System Configuration and Support 3
+ CIS102DA Customer User Support 3
+ CIS105 Survey of Computer Information Systems 3
+ CIS126DL Linux Operating System (3) OR
+ CIS126RH Red Hat System Administration I (3) 3
+ CIS190 Introduction to Networking (3) OR
+ CNT140AB Introduction to Networks (4) 3-4

(Note: CNT140AB is recommended for students interested in pursuing their Cisco Network Administration Certification)

Restricted Electives: 1-3 Credits

Students must select one to three (1-3) credits from the following:

+ BPC171 Recycling Used Computer Technology 1
+ CIS290AA Computer Information Systems Internship 1
+ CIS290AB Computer Information Systems Internship 2
+ CIS290AC Computer Information Systems Internship 3
+ CIS296WB Cooperative Education 2
+ CIS296WC Cooperative Education 3
+ CIS298AA Special Projects 1
+ CIS298AB Special Projects 2
+ CIS298AC Special Projects 3

Courses available at CGCC are listed in the Course Descriptions section of this document. General Education Requirements are also listed. For the most current information regarding degree requirements, log on to curriculum.maricopa.edu
Enrolled Agent

Certificate of Completion: CCL 5958
17-18 Credits

Program Contact
Barbara Gonzalez | 602-243-8044 | barbara.gonzalez@cgc.edu

Program Description
The Certificate of Completion (CCL) in Enrolled Agent program helps to prepare students for the Enrolled Agent Examination. The Internal Revenue Service (IRS) Enrolled Agent credential allows tax practitioners to represent taxpayers before the IRS when it comes to collections, audits, and appeals. Enrolled Agents’ expertise in the continually changing field of taxation enables them to effectively represent taxpayers at all administrative levels within the IRS. Students who successfully complete this CCL may also seek employment as tax preparers.

Program Notes
Students must earn a grade of “C” or better in all courses in the program. Overall program minimum GPA = 2.00.

Consultation with an Academic Advisor is recommended for course selection. The Volunteer Income Tax Assistance (VITA) program internship is only available in the spring semester- Contact a program adviser for more information.

+ indicates course has prerequisites and/or corequisites.
++ indicates any suffixed course may be selected.

General Business

Associate in Applied Science: AAS 3148
61-66 Credits

Program Contact
Nicki Lynn | 480-732-7394 | nicki.lynn@cgc.edu

Program Description
The Associate in Applied Science (AAS) in General Business program is designed to meet the needs of students who wish a broad overview of business and desire not to enroll in a specialized curriculum in business. The program is designed to acquaint students with major subject areas of business, to improve the student’s business vocabulary, and to provide students with an understanding of influencing factors in business decision making and activities. In addition, this program may aid a student in recognizing a specific business field to be pursued in future studies. A Certificate of Completion (CCL) is also available.

Program Notes
Students must earn a grade of “C” or better in all courses in the program. Overall program minimum GPA = 2.00.

+ indicates course has prerequisites and/or corequisites.
++ indicates any suffixed course may be selected.

Program Prerequisites: None

Required Courses: 21 Credits

**Human Resources Management**

**Certificate of Completion: CCL 5580**

**24 Credits**

**Program Contact**

Nicki Lynn | 480-732-7394 | nicki.lynn@cgc.edu

**Program Description**

The Certificate of Completion (CCL) in Human Resources Management program is designed to provide skills necessary for careers in human resources management. The program is designed to provide students a series of courses with an emphasis in management and is designed to prepare students for an entry-level position in human resources. Graduates may be employed in employment (recruiting, interviewing, and hiring), benefits administration, compensation, and employee relations.

**Program Notes**

Students must earn a grade of "C" or better in all courses required within the program. Overall program minimum GPA = 2.00.

+ indicates course has prerequisites and/or corequisites.
++ indicates any suffixed course may be selected.

**Required Courses: 24 Credits**

- BPC110 Computer Usage and Applications (3) OR
- CIS105 Survey of Computer Information Systems (3)
- GBS205 Legal, Ethical, and Regulatory Issues in Business (3)
- GBS131 Business Calculations (3) OR
- +MAT112 Mathematical Concepts and Applications (3) OR
- Satisfactory completion of higher level Mathematics course (3)
- GBS120 Workplace Communication Skills (3)
- MGT229 Management and Leadership I (3)
- MGT251 Human Relations in Business (3)
- MGT276 Personnel/Human Resources Management (3)
- +MGT286 Human Resource Employment Management (3)

**Information Technology**

**Associate in Applied Science: AAS 3196**

**60-65 Credits**

**Program Contacts**

Tom Pearson | 480-726-4131 | tom.pearson@cgc.edu

**Program Description**

The Associate in Applied Science (AAS) in Information Technology (IT) program is designed to provide students with skills to meet information technology needs across industries. This program includes instruction in the principles of computer hardware components and business software, programming, databases, networking, customer service, web
development, and information systems and project management. Coursework helps prepare students for a variety of industry-recognized examinations and certifications. Students will earn one or more of the following Certificates of Completion (CCLs):

CCL/5154 Cybersecurity Fundamentals
CCL/5083 Database Development
CCL/5043 Desktop Support
CCL/5793 Foundations of Mobile App Development
CCL/5132 Microsoft Office Professional
CCL/5031 Microsoft System Administration
CCL/5048 Programming and Systems Analysis Level I
CCL/5183N Oracle Database Operations
CCL/5050N Red Hat Linux Engineer
CCL/5984 Web Foundations

Program Notes
CCL 5183N, and 5050N are not eligible for Title IV Federal Financial Aid.

Students must earn a grade of "C" or better in all courses required within the program. Overall program minimum GPA = 2.00.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

+ indicates course has prerequisites and/or corequisites.
++ indicates any suffixed course may be selected.

Program Prerequisites: None

Required Courses: 32-38 Credits

Specialization 1: Cybersecurity Fundamentals
Credits: 33-38

Information Technology Core Credits: 24-25

CIS111 Ethics in Information Technology (3) OR
ITS120 Legal, Ethical and Regulatory Issues (3) 3
CIS270 Essentials of Network and Information Security (3) OR
CIS271DB Information Security Essentials (3) AND

Natural Sciences
Any approved general education course from the Natural Science [SG] or [SQ] area. 4

iOS App Development
Certificate of Completion: CCL 5914N
9-12 Credits

Program Contact
Prema Rayappa | 480-732-7230 | prema.rayappa@cgc.edu

Program Description
The Certificate of Completion (CCL) in iOS App Development prepares students for positions in app development for the Apple iPad, iPhone, and Apple Watch series. The program emphasizes knowledge and skills required to design, develop, test, and document structured and object-oriented programs utilizing Swift and Xcode. Courses in this certificate can apply toward the Associate in Applied Science (AAS) in Mobile App Development and Certificates of Completion (CCLs) in Native App Development and Mobile App Development.

Program Notes
This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of "C" or better for all courses required within the program. Overall program minimum GPA = 2.00.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

+ indicates course has prerequisites and/or corequisites.

++ indicates any suffixed course may be selected.

Program Prerequisites: None

Required Courses: 9-12 Credits

CIS105 - Survey of Computer Information Systems (3) OR
Permission of Program Director, Department or Division Chair (0) 0-3

+CIS150AB - Object-Oriented Programming Fundamentals 3

+CIS165 - Introduction to iOS Application Development 3

+CIS265 - Advanced iOS Application Development 3

Linux Associate
Certificate of Completion: CCL 5046N
6-9 Credits

Program Contact
Tom Pearson | 480-726-4131 | tom.pearson@cgc.edu

Program Description
The Certificate of Completion (CCL) in Linux Associate program is designed to help prepare students for employment or to improve current professional skills. The program includes Linux operating system basics and management including sophisticated manipulation of file structures, backup systems, printing processes, troubleshooting, user account management, hard disk maintenance and configuration, process monitoring and prioritizing, kernel customization, and system resource control. This program helps prepare students for the Linux Professional Institute Certification (LPIC-1) and CompTIA Linux + certification exams. Students who complete this program may seek employment in a variety of environments. Students can also pursue additional Certificates of Completion (CCLs) in a variety of specializations within the information technology field to deepen their knowledge and skills and to help prepare them for multiple industry certification

Courses available at CGCC are listed in the Course Descriptions section of this document. General Education Requirements are also listed. For the most current information regarding degree requirements, log on to curriculum.maricopa.edu
examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

Program Notes
This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of “C” or better for all courses required within the program. Overall program minimum GPA = 2.00.

Students who pursue this Certificate of Completion (CCL) should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

+ indicates course has prerequisites and/or corequisites.
++ indicates any suffixed course may be selected.

CIS126DL  Linux Operating System  3
+CIS238DL  Linux System Administration  3

Linux System Administration
Certificate of Completion: CCL 5052N
15-18 Credits
Program Contact
Tom Pearson | 480-726-4131 | tom.pearson@cgc.edu

Program Description
The Certificate of Completion (CCL) in Linux System Administration program is designed to help prepare students for a variety of industry-recognized Linux certification exams as well as provide practical hands-on skills for the workplace. The program includes a core of Linux classes including Linux operating system basics, system administration, network administration and network security. The courses in the program will help develop a student’s knowledge and skill level in preparation for employment or to improve current professional skills. Students who complete this program may seek employment in a variety of environments. The program helps prepare students for the Red Hat Certified System Administrator (RHCSA), Red Hat Certified Engineer (RHCE), and CompTIA Linux+ certification exams. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

Program Notes
This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of “C” or better for all courses required within the program. Overall program minimum GPA = 2.00.

Students who pursue this Certificate of Completion (CCL) should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

+ indicates course has prerequisites and/or corequisites.

CIS105  Survey of Computer Information Systems (3) OR Permission of program director (0) 0-3
Students should select from one of the following two tracks (Linux or Red Hat Enterprise Linux):

**Linux Track**
- CIS126L  Linux Operating System 3
- +CIS238DL  Linux System Administration 3
- +CIS239DL  Linux Shell Scripting 3
- +CIS240DL  Linux Network Administration 3
- +CIS275DL  Linux Capstone 3

**Red Hat Enterprise Linux Track**
- CIS126RH  Red Hat System Administration I 3
- +CIS238RH  Red Hat System Administration II 3
- +CIS239DL  Linux Shell Scripting 3
- +CIS240RH  Red Hat System Administration III 3
- +CIS275DL  Linux Capstone 3

**Management**

**Associate in Applied Science: AAS 3070**
61-66 Credits

**Program Contacts**
Nicki Lynn | 480-732-7394 | nicki.lynn@cgc.edu

**Program Description**
The Associate in Applied Science (AAS) in Management program is designed to provide skills for management careers. Students completing this program are better equipped to apply competencies needed for successful performance in management occupations such as manufacturing, wholesaling, retailing, and service industries. The Certificate of Completion (CCL) in Management is fully embedded in this AAS. The following Certificates of Completion (CCL) are also available based on chosen restricted electives: Human Resources Management, Project Management, Business Administration, Supervision and Management, and Organizational Leadership.

**Program Notes**
Students must earn a grade of C or better for all courses required in the program. Overall program minimum GPA = 2.00.

**Required Courses: 21 Credits**
- ACC111  Accounting Principles I 3
- BPC110  Computer Usage and Applications (3) OR CIS105  Survey of Computer Information Systems (3) 3
- GBS120  Workplace Communication Skills 3
- GBS151  Introduction to Business 3
- GBS205  Legal, Ethical, and Regulatory Issues in Business 3
- MGT229  Management and Leadership I 3
- MCT251  Human Relations in Business 3

**Restricted Electives: 18 Credits**
Students should select eighteen (18) credits from the following courses in consultation with a Department Advisor. Courses cannot be shared with Required Courses.
- ACC110  Understanding and Using Accounting Systems (3) OR
- +ACC112  Accounting Principles II (3) 3
- CIS14DE  Excel Spreadsheet 3
- CIS224  Project Management Microsoft Project for Windows 3
- GBS131  Business Calculations 3
- IBS101  Introduction to International Business 3
- MKT271  Principles of Marketing 3
- MGT+++  Any MGT Management course(s) (except courses used to satisfy Required Courses area) 3
- TQM230  Teamwork Dynamics 2

**Microsoft 365 Certified: Modern Desktop Administrator Associate**

Students who complete this program may seek employment in a variety of environments. Students can also pursue additional Certificates of Completion (CCL) in a variety of specializations within the information technology field to deepen their knowledge and skills and to help prepare them for multiple industry certification exams. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

**Program Notes**

This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of “C” or better for all courses required within the program. Overall program minimum GPA = 2.00.

Students are encouraged, but not required, to complete CIS105, or CIS190, or CNT140AB prior to beginning this CCL. Students who pursue this Certificate of Completion (CCL) should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

**Program Prerequisites:** None

**Required Courses:** 3 Credits

**Program Description**

The Certificate of Completion (CCL) in Oracle Database Operations program provides training for students seeking professional positions in designing, creating, and maintaining databases. This program allows students to create PL/SQL application code that can be shared by multiple forms, reports, and data
management tools. As an Oracle Academic Initiative institution, this program is designed to prepare students for industry-recognized certifications. Courses in the program also help prepare students wanting to pursue Oracle Application Developer Certified Associate and Oracle Database Administrator Certified Associate industry-certified examinations (Oracle Corporation OCA certifications). This certificate can embed into the Associate of Applied Science (AAS) degree in Information Technology.

**Program Notes**
This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of “C” or better in all courses within the program. Overall program minimum GPA = 2.00.

This Certificate of Completion (CCL) is intended for industry professionals with the requisite experience of foundational knowledge in word processing, spreadsheets, databases, presentation software, operating systems, and networking.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

Programming and Systems Analysis
Level I
Certificate of Completion: CCL 5048
24 Credits

Program Contact
Patricia Baker | 480-732-7392 | patricia.baker@cgc.edu

Program Description
The Certificate of Completion (CCL) in Programming and Systems Analysis Level I provides an exploration of different computer language and technical skills. The CCL includes, but is not limited to the following: operating systems, local area networks, business communication, team roles, and dynamics. A Certificate of Completion (CCL) in Programming and Systems Analysis Level II, Certificate of Completion (CCL) in iOS App Development and an Associate in Applied Science (AAS) in Programming and Systems Analysis are also available.

Program Notes
Students must earn a grade of “C” or better for all courses required within the program. Overall program minimum GPA = 2.00.

Consultation with an Academic Advisor is recommended for course selection.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

+ indicates course has prerequisites and/or corequisites.
++ indicates any suffixed course may be selected.

Program Prerequisites: None

Required Courses: 24 Credits
CIS105 Survey of Computer Information Systems 3
+CIS119DO Introduction to Oracle: SQL (3) OR
+CIS276DA MySQL Database (3) OR
+CIS276DB SQL Server Database (3) 3

Red Hat Linux Administrator

Certificate of Completion: CCL 5049N

6-9 Credits

Program Contact
Tom Pearson | 480-726-4131 | tom.pearson@cgc.edu

Program Description
The Certificate of Completion (CCL) in Red Hat Linux Administrator program is designed to help prepare students for employment or to improve current professional skills. The program includes Red Hat Enterprise Linux system basics and management including sophisticated manipulation of file structures, backup systems, troubleshooting, user account management, hard disk maintenance and configuration, process monitoring and prioritizing, and system resource control. This program helps prepare students for the Red Hat Certified System Administrator (RHCSA) certification exam. Students who complete this program may seek employment in a variety of environments. Students can also pursue additional Certificates of Completion (CCLs) in a variety of specializations within the information technology field to deepen their knowledge and skills and help prepare them for multiple industry certification examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

Program Notes
This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of “C” or better for all courses required within the program. Overall program minimum GPA = 2.00.

Students who pursue this Certificate of Completion (CCL) should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

+ indicates course has prerequisites and/or corequisites.
++ indicates any suffixed course may be selected.

### Retail Management

**Associate in Applied Science: AAS 3048**

61-63 Credits

**Program Contact**

Nicki Lynn | 480-732-7394 | nicki.lynn@cgc.edu

**Program Description**

The Associate in Applied Science (AAS) in Retail Management degree is designed to prepare individuals working in the retail management, food industry, and related fields, for the mid-level management position challenges of the future. The curriculum encompasses business essentials and also emphasizes the skill sets needed for effective management and communication in the work environment. Instruction will provide the background and knowledge necessary for students to develop the judgment skills they must exercise as business managers.

**Program Notes**

Students must earn a grade of "C" or better in all courses within the program. Overall program minimum GPA = 2.00.

Students who pursue this Certificate of Completion (CCL) should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the C1S105 requirement waived by permission of the Program Director.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

+ indicates course has prerequisites and/or corequisites.

++ indicates any suffixed course may be selected.

### Red Hat Linux Engineer

**Certificate of Completion: CCL 5050N**

9-12 Credits

**Program Contact**

Tom Pearson | 480-726-4131 | tom.pearson@cgc.edu

**Program Description**

The Certificate of Completion (CCL) in Red Hat Linux Engineer program is designed to help prepare students for employment or to improve current professional skills. The program includes in depth Red Hat Enterprise Linux system networking including integrating Linux servers and workstations into a network environment with multi-platform network operating systems with a variety of open-standard and proprietary protocols. This program helps prepare students for the Red Hat Certified System Administrator (RHCSA) and Red Hat Certified Engineer (RHCE) certification exams. Students who complete this program may seek employment in a variety of environments. Students can also pursue additional Certificates of Completion (CCL) in a variety of specializations within the information technology field to deepen their knowledge and skills and help prepare them for multiple industry certification examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

**Program Notes**

This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of "C" or better for all courses required within the program. Overall program minimum GPA = 2.00.

Students who pursue this Certificate of Completion (CCL) should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Program Description
The Certificate of Completion (CCL) in Securities Industry Essentials builds the industry knowledge and skills for individuals to prepare for careers in Financial Services. This CCL will introduce students new to or interested in financial services to the fundamental concepts of capital markets, types of products and their risks, trading, customer accounts, prohibited activities, and regulatory agencies and their functions. Students with the requisite experience in the field who complete this CCL can pursue employment in a variety of security industry jobs. This CCL also helps to prepare students for the Financial Industry Regulatory Authority (FINRA) Securities Industry Essentials (SIE). A Certificate of Completion (CCL) and Associate in Applied Science (AAS) in Banking and Finance are also available.

VMware Network Administrator
Certificate of Completion: CCL 5032
24-28 Credits
Program Contact
Tom Pearson | 480-726-4131 | tom.pearson@cgc.edu

Program Description
The Certificate of Completion (CCL) in VMware Network Administrator program is designed to help students prepare for VMware industry certifications and work in a variety of information technology environments including software-defined data centers. Courses will build the knowledge and skills for students to design, install, configure, troubleshoot, and manage virtual environments and help prepare students for the CompTIA A+, CompTIA Linux +, CompTIA Network +; VMware VCA, VCP, and/or VCAP-NV Deploy certification exams. Students can also pursue additional Certificates of Completion (CCLs) in a variety of specializations within the information technology field to deepen their knowledge and skills and to help prepare them for multiple industry certification examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.
Program Notes
Students must earn a grade of “C” or better for all courses required within the program. Overall program minimum GPA = 2.00.

Students who pursue this Certificate of Completion (CCL) should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

+ indicates course has prerequisites and/or corequisites.
++ indicates any suffixed course may be selected.

Web Design

Certificate of Completion: CCL 5986
38-43 Credits

Program Contact

Courses available at CGCC are listed in the Course Descriptions section of this document. General Education Requirements are also listed. For the most current information regarding degree requirements, log on to curriculum.maricopa.edu
Program Description
The Certificate of Completion (CCL) in Web Design provides students with comprehensive and focused studies in web design, including advanced image manipulation, vector graphics, page layout, video editing, and design principles. A Certificate of Completion (CCL) in Web Development and an Associate in Applied Science (AAS) in Web Design/Development are also available.

Program Notes
Students must earn a grade of “C” or better in each course in the program. Overall program minimum GPA = 2.00.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

+ indicates course has prerequisites and/or corequisites.
++ indicates any suffixed course may be selected.

Program Prerequisites: None

Required Courses: 36-37 Credits
The following courses are required and also fulfill the requirements for the CCL in Web Foundations:

- CIS105 Survey of Computer Information Systems 3
- CIS120DF Adobe Photoshop Level I: Digital Imaging 3
- CIS133DA Internet/Web Development Level I 3
- +CIS166AA Introduction to Javascript 3
- +CIS233DA Internet/Web Development Level II 3
- +CIS235 e-Commerce 3

The following courses are required and fulfill the requirements for the CCL in Web Design:

- ADA/ART183 Digital Graphic Arts I (3) OR
- ART100 Introduction to Digital Arts I AND
- ART181 Graphic Design I (3) OR
- ART112 Two-Dimensional Design (3) 3-4
- CIS120DB Introduction to Adobe Illustrator 3

Courses available at CGCC are listed in the Course Descriptions section of this document. General Education Requirements are also listed. For the most current information regarding degree requirements, log on to curriculum.maricopa.edu
Courses available at CGCC are listed in the Course Descriptions section of this document. General Education Requirements are also listed. For the most current information regarding degree requirements, log on to curriculum.maricopa.edu

**Program Prerequisites: None**

**Required Courses: 21 Credits**

In addition to the required course work students must consult with a program advisor to select one of the specializations within the Restricted Electives area.

- **CIS105** Survey of Computer Information Systems 3
- **CIS120DF** Introduction to Adobe Photoshop 3
- **CIS133DA** Internet/Web Development Level I 3
- **CIS136** Content Management Systems: Wordpress 3
- + **CIS166AA** Introduction to Javascript 3
- + **CIS233DA** Internet/Web Development Level II 3
- + **CIS235** e-Commerce 3

**Restricted Electives: 17-22 Credits**

**Specialization I: Web Design, Credits: 17-22**

- **ADA/ART183** Digital Graphic Arts I (3) OR
- **ART100** Introduction to Digital Arts (I) AND
- **ART181** Graphic Design I (3) OR
- **ART112** Two-Dimensional Design (3) 3-4
- **CIS120DA** Introduction to Digital Video Editing: Adobe Premiere (3) OR
- **CIS120DK** Introduction to Digital Video Editing (3) 3
- **CIS120DB** Introduction to Adobe Illustrator 3
- **CIS120DC** Introduction to Adobe Animate (3) OR
- + **CIS220DF** Adobe Photoshop Level II: Advanced Digital Imaging (3) 3
- + **CIS138DA** Desktop Design and Publishing Using Adobe InDesign 3

Students must select 2 to 6 credits in consultation with your program advisor to further develop skills in the areas of Adobe, Art, Social Media, Marketing, Business and/or Multimedia.

**Specialization II: Web Development, Credits: 18**

- + **CIS19DO** Introduction to Oracle: SQL (3) OR
- + **CIS276++** Any Database Management Systems course (3) 3
- **CIS26DL** Linux Operating System (3) OR
- **CIS26RH** Red Hat System Administration I (3) 3
- + **CIS166AE** Web Scripting with PHP: Hypertext

Preprocessor (PHP) 3

Program Language: Select two courses for a total of 6 credits
- + **CIS150AB** Object-Oriented Programming Fundamentals 3
- + **CIS156** Python Programming: Level I 3
- + **CIS159** Visual Basic Programming I 3
- + **CIS162++** Any C Programming course 3
- + **CIS163AA** Java Programming: Level I 3
- + **CIS165++** Any Mobile Application Development course 3
- **CIS256** Python Programming: Level II 3
- **CIS262AD** C# Level II 3
- **CIS263AA** Java Programming: Level II 3
- + **CIS265++** Advanced iOS Application Development 3

Students must select 3 credits of any course with a CIS prefix in consultation with their program advisor to further develop skills in the areas of Databases, Information Systems, Programming, and/or Operating Systems.

**General Education: 22-28 Credits**

**Core: 12-18 Credits**

**First-Year Composition**
- **ENG101** First-Year Composition (3) OR
- **ENG107** First-Year Composition for ESL (3) AND
- **ENG102** First-Year Composition (3) OR
- **ENG108** First-Year Composition for ESL (3) 6

**Oral Communication**
Any approved general education course from the Oral Communication area 3

**Critical Reading**
- **CRE101** College Critical Reading and Critical Thinking (3) OR

Equivalent as indicated by assessment (0) 0-3

**Mathematics**
Any approved general education course in the Mathematics Area. 3-6
(MAT140, MAT141, MAT142, MAT145, MAT146 College Mathematics) OR (MAT150, MAT151, MAT152, MAT155, MAT156 College Algebra/Functions) OR higher math course with the Mathematical Applications [MA]
general education designation recommended for students intending to transfer to a four-year institution.

MAT187 Precalculus is recommended for students intending to transfer to ASU (Tempe campus) to earn a BS in Graphic Information Technology.

**Distribution: 10 Credits**

**Humanities, Arts and Design**
Any approved general education course from the Humanities, Arts and Design area. 3

**Social and Behavioral Sciences**
Any approved general education course from the Social-Behavioral Sciences area. 3

PSY101 Introduction to Psychology is recommended for students intending to transfer to ASU (Polytechnic campus) to earn a BS in Technical Communication (User Experience) or to ASU (Tempe campus) to earn a BS in Graphic Information Technology.

**Natural Sciences**
Any approved general education course from the Natural Sciences area. 4

**Web Development Certificate of Completion: CCL 5988**

**39 Credits**

**Program Contact**

Louis Mendoza | 480-732-7089 | louis.mendoza@cgc.edu

Program Description
The Certificate of Completion (CCL) in Illustration develops knowledge and skills in creating visual narratives through traditional and digital media. The program emphasizes art principles, knowledge, and skills needed to solve design and compositional problems. Areas of emphasis include graphic arts, publications, and storyboarding for animation, video, and media. This certificate prepares students for employment and upgrades the skills of persons employed in occupations such as freelance artist-designer, concept artist, visual development artist for gaming/film, and storyboarder. Students may also pursue an Associate in Applied Science (AAS) in Illustration and Sequential Art.

Program Notes
Students must earn a grade of "C" or better in each course in the program. Overall program minimum GPA = 2.00.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

Louis Mendoza | 480-732-7089 | louis.mendoza@cgc.edu

**Program Description**
The Associate in Applied Science (AAS) in Illustration and Sequential Art is designed for the student who wishes to develop an area of specialization in illustration and comics and sequential art. Students will develop narratives through traditional and digital media. The program emphasizes art principles, knowledge, and skills needed to solve design and compositional problems. Areas of emphasis include comic book and sequential art, illustration for publications, and storyboarding. It allows for the development of an individual’s personal interest in this area, prepares students for employment, and upgrades skills of those already employed in this field. Employment opportunities are available in a variety of fields including, but not limited to, freelance artist-designer, concept artist, comics/sequential art, visual development artist for gaming/film, and storyboarder. A Certificate of Completion (CCL) in Illustration and in Sequential Art is also available.

**Program Notes**
Students must earn a grade of “C” or better for all courses required within the program. Overall program minimum GPA = 2.00.

**Sequential Art**

Certificate of Completion: CCL 5177

**40 Credits**

**Program Contact**
Louis Mendoza | 480-732-7089 | louis.mendoza@cgc.edu

**Program Description**
The Certificate of Completion (CCL) in Sequential Art develops knowledge and skills in the area of sequential art, including but not limited to comics, graphic novels, anime, children’s books, self-publishing, digital illustration, and storyboarding for digital media. Students will develop diverse narratives that reflect cultural, historical, and social diversity. The program provides the student with an understanding of writing for sequential art, illustration techniques, and digital media tools for illustration, layout and publication. This certificate prepares students for employment and upgrades the skills of persons employed in occupations such as illustrator, comic book artist, storyboader, cartoonist, penciler, inker, colorist, letterer, production artist, game designer, and comic book writer. An Associate in Applied Science (AAS) in Illustration and Sequential Art is also available.
Program Notes
Students must earn a grade of "C" or better in all courses within the program. Overall program minimum GPA = 2.00.

+ indicates course has prerequisites and/or corequisites.
++ indicates any suffixed course may be selected.

Program Prerequisites: None

Creative Writing

Academic Certificate: AC 6224N
24 Credits

Program Contact
Patrick Finn | 480-857-5543 | patrick.finn@cgc.edu

Program Description
The Academic Certificate (AC) in Creative Writing program is designed to provide students and professional writers with access to a community of writers and creative writing activities, instruction and guidance from established authors, and ongoing support in improving their writing skills and marketing their work. As students take courses in the program, they will build a portfolio of original work that may be submitted for publication. The program offers classes, workshops, and other activities such as readings and contests, which are accessible to writers of all levels regardless of academic or professional standing. The program aims to serve a diverse community who may be underrepresented in traditional creative writing programs. Completion of the certificate does not lead to a particular degree program, but may aid students in their pursuit of a career in the writing professions and in their continued enjoyment of writing for personal growth.

Program Notes
Students who wish to enroll in the Creative Writing program must complete a formal application; contact Program Director.

Program Prerequisites: None

Required Courses: 21 Credits
ENG210 may be substituted for CRW150 with permission of the Program Director.

Educational Programs  |  CGCC Catalog & Student Handbook 2021-2022

### Program Description

The Associate in Applied Science (AAS) in Administration of Justice Studies provides in-depth preparation for students desiring to be practitioners or pursue continued education and advancement in several fields including local and federal law enforcement, the courts, corrections, security, and investigations. The program also provides criminal justice practitioners with the opportunity to complete the Certificate of Completion (CCL) in Administration of Justice as well as one of five Certificates of Completion (CCLs) in Corrections, Homeland Security, Law Enforcement, Legal Studies, and Victimology. A transfer pathway in Criminal Justice is also available (Associate Arts (AA), Emphasis in Criminal Justice) as well as an Associate in Applied Science (AAS) in Forensics and related Certificates of Completion.

### Program Notes

Students must earn a grade of "C" or better for all courses required within the program. Overall program minimum GPA = 2.00.

+ indicates course has prerequisites and/or corequisites.
++ indicates that any suffixed course may be selected.

### Required Courses: 27 Credits

- AJS101 Introduction to Criminal Justice 3
- AJS109 Substantive Criminal Law 3
- AJS223 Ethics and the Administration of Justice 3
- AJS200 Current Issues in Criminal Justice (3) OR AJS/EMT/
- FSC/SWU258 Victimology and Crisis Management (3) 3
- AJS212 Juvenile Justice Procedures 3
- AJS225 Criminology 3
- AJS230 The Police Function 3
- AJS240 The Corrections Function 3
- AJS260 Procedural Criminal Law 3

### Restricted Electives: 12-13 Credits

- AJS113 Criminal Justice Crime Control Policies and Practices 3

### Health Science and Public Service

### Administration of Justice Studies

### Associate in Applied Science: AAS 3181

**Administration of Justice**

**Certificate of Completion: CCL 5007N**

**15 Credits**

**Program Contact**

Lisa Ruschak | 480-726-4078 | lisa.ruschak@cgc.edu

**Program Description**

The Certificate of Completion (CCL) in the Administration of Justice program is designed to be interdisciplinary by nature and provides students with foundational knowledge of the criminal justice system and operational processes for addressing crime within society. This program also examines diverse populations and communities, and their effects on relationships with the criminal justice system. In addition, this program allows students to familiarize themselves with and evaluate various career opportunities in the criminal justice field and is one pathway to the Associate in Applied Science (AAS) in Administration of Justice.

**Program Notes**

This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of “C” or better for all courses required within the program. Overall program minimum GPA = 2.00.

+ indicates course has prerequisites and/or corequisites.
++ indicates any suffixed course may be selected.

Emergency Medical Technology

Certificate of Completion: CCL 5643N
13 Credits

Program Contact
Sherrick Bader | 480-988-8101 | sherrick.bader@cgc.edu

Program Description
The Certificate of Completion (CCL) in Emergency Medical Technology curriculum provides the student with the necessary knowledge and skills in accordance with the National EMS Scope of Practice published by National Highway Traffic Safety Administration (NHTSA) and the Arizona Department of Health Services. Successful completion of the curriculum and upon licensure, the candidate can seek employment with ambulance service companies, first responder agencies, fire departments, and hospitals as an Emergency Medical Technician (EMT). Emphasis is on the fundamental principles and skills required to provide emergency medical care for the ill or injured. The primary focus of an EMT is to respond to, assess and triage emergent, urgent, and non-urgent requests for medical care, apply basic knowledge and skills necessary to provide patient care and medical transportation to/from an emergency or health care facility.

Program Notes
This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of “C” or better in all courses within the program. Overall program minimum GPA = 2.00.

Required Courses: 16-18 Credits

AJS213 Evidence Technology/Fingerprints (3) OR
AJS243 Crime Scene Reconstruction (3) 3
AJS215 Criminalistics: Physical Evidence (3) OR
AJS219 Crime Scene Technology: Physical Evidence (3) OR

**Emergency Medical Technology Comprehensive**

**Certificate of Completion: CCL 5058**

**16-17 Credits**

**Program Contact**

Sherrick Bader | 480-988-8101 | sherrick.bader@cgc.edu

**Program Description**

The Certificate of Completion (CCL) in Emergency Medical Technology Comprehensive curriculum provides the student with the necessary knowledge and skills in accordance with the National EMS Scope of Practice published by National Highway Traffic Safety Administration (NHTSA) and the Arizona Department of Health Services. This certificate provides students with the expanded knowledge and skills for pre-hospital settings. Successful completion of the curriculum and upon licensure, the candidate can seek employment with ambulance service companies, first responder agencies, fire departments, and hospitals as an Emergency Medical Technician (EMT). Emphasis is on the fundamental principles and skills required to provide emergency medical care for the ill or injured. The primary focus of an EMT is to respond to, assess and triage emergent, urgent, and non-urgent requests for medical care, apply basic knowledge and skills necessary to provide patient care and medical transportation to/from an emergency or health care facility.

**Program Notes**

Students must earn a grade of “C” or better in all courses within the program. Overall program minimum GPA = 2.00.

EMT104 requires students to complete additional hours in a competency-based clinical, vehicular, and/or scenario based experience. Depending on the college, this may be completed through EMT104AB or program director-approved rotation.

+ indicates course has prerequisites and/or corequisites.
++ indicates any suffixed course may be selected.

COM230  Small Group Communication (3)  3
Recommended: COM110 or COM230

Critical Reading
+CRE101  College Critical Reading and Critical Thinking (3) OR

Mathematics
Any approved general education course in the Mathematics area  3-6
Recommend for transfer:
+MAT140  College Mathematics (5) OR
+MAT141  College Mathematics (4) OR
+MAT142  College Mathematics (3) OR
Any higher approved general education course in the Mathematical Applications [MA] area (3-6)

Distribution: 10 Credits
AZPOST regulations require AZPOST recognized instructors teach all coursework within this certificate and that this coursework follow lesson plans approved by AZPOST. Any AJS coursework that has already been completed, and was not taught by an AZPOST recognized instructor, will not satisfy the requirements of this certificate.

This Certificate of Completion (CCL) is offered as an educational partnership at Rio Salado College. Students are advised to meet with the program director, chair and/or faculty advisor. This Certificate of Completion is offered as a closed academy program at Chandler Gilbert Community College and Glendale Community College. Students at these colleges are advised to meet with the program director, chair and/or faculty advisor.

+ indicates course has prerequisites and/or corequisites.
++ indicates any suffixed course may be selected.

**Admission Criteria**
Must meet AzPOST minimum requirements for a law enforcement officer and meet any physical requirements by the Academy Director.

**Program Prerequisites:** None

**Required Courses:** 40 Credits

Leadership in Public Safety Organizations

Certificate of Completion: CCL 5211N

6 Credits

Program Contact
Jonathan Terpay | 480-988-8756 | jonathan.terpay@cgc.edu

Program Description
The Certificate of Completion (CCL) in Leadership in Public Safety Organizations program builds the industry knowledge and skills for individuals to transition to leadership positions in the field of public safety. This CCL will introduce students to the fundamental concepts and skills of professionalism, organizational culture and management, characteristics of effective teams, conflict resolution, motivation, systems-thinking, problem-solving, and leadership as applicable to public safety organizations. Students with the requisite experience in the field who complete this CCL can pursue employment in a variety of front-line leadership positions within the fields of public safety including law enforcement, fire service, and public safety support operations such as communication operators and property and records management.

Program Notes
This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of C or better for all courses within the program.

+ indicates course has prerequisites and/or corequisites.
++ indicates any suffixed course may be selected.

Admission Criteria
This is a closed program for Public Safety professionals.

Please see the Program Advisor for admission requirements.

Mortuary Science

Associate in Applied Science: AAS 3765
66.5-75.5 Credits

Program Contact
Donna G. Backhaus | 480-988-8503 | donna.backhaus@cgc.edu

Program Description
The Associate in Applied Science (AAS) in Mortuary Science program includes studies in public health; business management; natural sciences; legal, ethical and regulatory concerns; and clinical requirements associated with the mortuary field. The curriculum combines coursework in mortuary science with a general education component. The AAS in Mortuary Science degree is accredited by the American Board of Funeral Service Education (ABFSE) 992 Mantua Pike, Suite 108, Woodbury Heights, NJ 08097, 816-233-3747, www.abfse.org. Completion of the courses in the program prepares the student to sit for the National Board examination and begin state internship requirements.

Program Notes
Overall program minimum GPA = 2.00.
+ indicates course has prerequisites and/or corequisites.
++ indicates any suffixed course may be selected.

Admission Criteria
Formal application and admission to the program is required. Prior to applying to the program, students must have proof of high school graduation or GED and must complete the following required coursework with a minimum GPA of 2.5 prior to entry into the Mortuary Science (MSP) cohort coursework: [(ACC107 or ACC111), BIO160, (BPC+++++ or CIS+++++) (BPC110 or CIS105 recommended), (COM100 or COM110 or COM225 or COM230), (CRE101 or equivalent), (ENG101 or ENG107), (ENG102 or ENG108), GBS205, MGT253, (PSY101 or PSY156), Mathematics (any approved), and Humanities (REL100 recommended)] or have permission of Program Director.

Program Prerequisites: None

Required Courses: 51.5-54.5 Credits
- ACC107 Bookkeeping Theory and Practice (4) OR
- ACC111 Accounting Principles I (3) 3-4
- BIO160 Introduction to Human Anatomy and Physiology 4
- BPC+++++ Any BPC Business-Personal Computers course (1-3) OR
- CIS+++++ Any CIS Computer Information Systems course (1-3) 1-3
- BPC110 or CIS105 recommended
- GBS205 Legal, Ethical, and Regulatory Issues in Business 3
- MGT253 Owning and Operating a Small Business 3
- MSP101 Orientation to Mortuary Science 1
- +MSP105 Crematory Operator Training 0.5
- +MSP201 History and Sociology of Funeral Service 3
- +MSP202 Embalming 3
- +MSP202LL Embalming Lab 1
- +MSP203 Microbiology for Mortuary Science 3
- +MSP204 Chemistry for Mortuary Science 3
- +MSP205 Mortuary Administration I 3
- +MSP206 Mortuary Administration II 3
- +MSP207 Mortuary Science Restorative Art 3
- +MSP207LL Mortuary Science Restorative Art Lab 1
- +MSP208 Legal, Regulatory, and Ethical Issues in Mortuary Science 3
- +MSP209 Pathology for Mortuary Science 3
- +MSP210 Psychology, Counseling, and Mortuary Science 2
- +MSP211 Compendium for Mortuary Science 2
- PSY101 Introduction to Psychology (3) OR
- PSY156 Understanding Death and Dying (3) 3

Note that students who desire to transfer should choose PSY101.

General Education: 15-21 Credits
Core: 12-18 Credits
First-Year Composition: 6 credits

Kim McGee, ACSM (EP-C) | 480-726-4246 | kimberly.mcgee@cgc.edu

**Program Description**

The Certificate of Completion (CCL) in Personal Trainer is designed to provide students with the foundational skills needed to design and implement fitness routines appropriate to clients’ goals and aligned with current industry best practices. The curriculum for this certificate fosters the development of critical thinking, leadership, and communication skills important for developing and implementing individualized exercise programs. A CCL in Personal Training: Advanced and an Associate in Applied Science (AAS) in Exercise Science: Health, Fitness, and Sports Performance are also available for students interested in continuing their studies in this field.

Certificate of Completion: CCL 5445

31-31.5 Credits

Program Contact
Kim McGee, ACSM (EP-C) | 480-726-4246 | kimberly.mcgee@cgc.edu

Program Description
The Certificate of Completion (CCL) in Personal Trainer: Advanced is designed to prepare students for the American College of Sports Medicine (ACSM), National Strength and Conditioning Association (NSCA), National Academy of Sports Medicine (NASM), and the American Council on Exercise (ACE) personal trainer certifications. These certifications are generally required for employment in personal training positions and/or professional advancement within the fitness industry. The curriculum includes the foundational courses required for the CCL in Personal Trainer coupled with some additional advanced and specialized courses.

Program Notes
Students must earn a grade of "C" or better for all courses required within the program. Overall program minimum GPA = 2.00.

+ indicates course has prerequisites and/or corequisites.

Victimology
Certificate of Completion: CCL 5392N
15 Credits
Program Contacts
Lisa Ruschak | 480-726-4078 | lisa.ruschak@cgc.edu

Program Description
The Certificate of Completion (CCL) in Victimology is designed for students who are interested in pursuing a course of study specifically focused on crisis intervention, community services, and victim rights. It is one pathway to the Associate in Applied Science (AAS) in Administration of Justice.

Program Notes
This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of “C” or better for all courses required within the program. Overall program minimum GPA = 2.00.

+ indicates course has prerequisites and/or corequisites.
++ indicates any suffixed course may be selected.

Program Prerequisites: None

Required Courses: 15 Credits
AJS101 Introduction to Criminal Justice 3
AJS162 Domestic Violence 3
AJS225 Criminology 3
AJS25S Crime, Law and Mental Health 3
AJS/EMT/FSC/
Waiver of Licensure/Certification Guarantee

Admission or graduation from the Nursing Program does not guarantee obtaining a license to practice nursing. Licensure requirements and the subsequent procedures are the exclusive right and responsibility of the Arizona State Board of Nursing. Students must satisfy the requirements of the Nurse Practice Act: Statutes, Rules and Regulations, independently of any college or school requirements for graduation.

Pursuant to A.R.S. 32-1606(B)(17), an applicant for professional or practical nurse license by examination is not eligible for licensure if the applicant has any felony convictions and has not received an absolute discharge from the sentences for all felony convictions. The absolute discharge must be received five or more years before submitting this application. If you cannot prove that the absolute discharge date is five or more years, the Board cannot process your application.

Level One Fingerprint Clearance is required for admission into the program. Applicants must present a Level One Fingerprint Clearance Card to be copied by the advisor or designee. For a Department of Public Safety Fingerprint Clearance Card application, contact MCCCD Healthcare/Nursing Advisor. If there is any question about eligibility for licensure or certification, contact the nursing education consultant at the Arizona State Board of Nursing (602.771.7800).

Health Declaration

It is essential that nursing students be able to perform a number of physical activities in the clinical portion of the program. At a minimum, students will be required to lift patients, stand for several hours at a time and perform bending activities. Students who have a chronic illness or condition must be maintained on current treatment and be able to implement direct patient care. The clinical nursing experience also places students under considerable mental and emotional stress as they undertake responsibilities and duties impacting patients’ lives. Students must be able to demonstrate rational and appropriate behavior under stressful conditions. Individuals should give careful consideration to the mental and physical demands of the program prior to making application. All must provide documentation of compliance with all health and safety requirements required to protect patient safety. Only students in compliance are permitted to enroll in nursing courses. Students will meet these requirements by providing the required documentation for the Health/Safety Requirements Documentation Checklist and the signed Health Declaration Form.

Health & Safety Requirements for the Maricopa Nursing Program

1. Students must submit a Health and Safety Documentation Checklist verifying completion of all requirements and maintain current status throughout the program.
2. Students must submit the Health Declaration Form signed by a licensed health care provider.
3. Students must test negative on a timed urine drug screen.
4. Admission to an Allied Health program requires that students be in compliance with the Maricopa County Community College District Supplemental Background Check policy. Program applications will not be accepted without a copy of an Arizona Department of Public Safety Level One Fingerprint Clearance Card. Upon conditional program admission, the student must comply with all requirements of the current MCCCD background check policy.

University Transfer Students

Students who are planning to earn the Bachelor of Science in Nursing may obtain their prerequisite courses at the Maricopa Community Colleges. For information on courses that meet requirements for admission into a baccalaureate program, please contact a program advisor.

Registered Nurse Pathway

Associate in Applied Science Degree in Nursing Program

The Associate in Applied Science (AAS) degree in Nursing graduate is eligible to apply for licensure as a Registered Nurse (RN). The RN is educated as a generalist who delivers health care to clients and family...
groups and has competencies related to the art and science of nursing. The RN may be employed in a variety of acute, long term, and community-based healthcare settings. The AAS degree in Nursing provides the graduate with an educational foundation for articulation into the university setting.

Program Notes
Students must earn a grade of “C” or better in all courses required within the program. Overall program minimum GPA = 2.00.

+ indicates course has prerequisites and/or corequisites. ++ indicates any suffixed course may be selected.

Course Fee Information:
Please see class schedule for information regarding course fees.

Maricopa Nursing is aligned with Nurse of the Future Competencies: Patient-Centered Care, Professionalism, Leadership, Systems-Based Practice, Informatics and Technology, Communication, Teamwork and Collaboration, Safety, Quality Improvement, and Evidence-Based Practice. These competencies focus on key stakeholders of healthcare clients, colleagues and communities. Demonstration of the competencies will signify preparation for successful transition into nursing practice and further professional development.

Admission Criteria
High School diploma or GED is required for the Associate in Applied Science degree in Nursing. Applicants must signify that they meet this requirement by providing high school diploma/transcripts or GED completion OR by signing the nursing application page containing the ‘Declaration of High School Graduation or GED completion’. In some instances, high school diploma/transcripts or proof of GED completion may be required.

Formal application and admission to the program is required; all program prerequisites must be completed prior to submission of application.

A passing score on a nursing program admission test is required to complete an application.

Applicants for Advanced Placement must receive a passing score on a practical nursing content exam for placement into Block 3.

The final decision rests with the Nursing Program Chair at the College to which the student is accepted.

The Nursing Program Chair reserves the right to deny acceptance of an admission application if the applicant was previously dismissed for issues relating to academic integrity, unsafe patient care, and/or two (2) or more failures from any nursing program.

All applicants holding or receiving a certificate as a Nursing Assisting and/or license as a Practical Nurse must remain in good standing with the Regulatory Board. Once enrolled, students receiving any disciplinary actions against their certificate or license must notify the Nursing Program Chair within five (5) school days. The Nursing Program Chair reserves the right to restrict the student’s participation in clinical experiences and involvement in patient care until the certificate and/or license is valid and unrestricted.

Program Prerequisites: 10-20 Credits
The credit hour range is subject to change depending on the student’s educational experience.

Artificial Intelligence and Machine Learning

Associate in Applied Science : AAS 3891
60-73 Credits

Program Contact
Brian Woodrum | 480-732-7359 | brian.woodrum@ccg.edu

Program Description
The Associate in Applied Science (AAS) in Artificial Intelligence and Machine Learning focuses on building machine learning models that can be used for predicting, making decisions and enhancing human capabilities. The program prepares students for entry level positions in a variety of fields using artificial intelligence, including the information technology, automotive, healthcare, aerospace, industrial, and manufacturing industries. Program content includes an introduction to artificial intelligence and machine learning, natural language processing, computer vision, and artificial intelligence for business solutions and other applications. The curriculum also includes coursework in computer programming, math, engineering, and statistics.

Program Notes
Students must earn a grade of C or better for all courses required within the program. Overall program minimum GPA = 3.00.

+ indicates course has prerequisites and/or corequisites.
++ indicates any suffixed course may be selected.

Program Prerequisites: None

Required Courses: 34-37 Credits

Artificial Intelligence and Machine Learning

Certificate of Completion: 5897N
21-36 Credits

Program Contact
Brian Woodrum | 480-732-7359 | brian.woodrum@cgc.edu

Program Description
The Certificate of Completion (CCL) in Artificial Intelligence and Machine Learning focuses on building machine learning models that can be used for predicting, making decisions and enhancing human capabilities. The program provides the industry professional with the knowledge and skills used in a variety of fields using artificial intelligence, including the information technology, automotive, healthcare, aerospace, industrial, and manufacturing industries. Program content includes an introduction to artificial intelligence and machine learning, natural language processing, computer vision, and artificial intelligence for business solutions and other applications. The curriculum also includes coursework in computer programming, math, and statistics.

Program Notes
This program is not eligible for Title IV Federal Financial Aid.

This Certificate of Completion (CCL) is a closed program that is available to industry professionals with the requisite industry experience or those with an associate or bachelor’s degree in a related field. Speak to a Program Director for additional information.

Students must earn a grade of C or better for all courses required within the program.

+ indicates course has prerequisites and/or corequisites.
++ indicates any suffixed course may be selected.

Program Prerequisites: None

Early Childhood Education

Associate in Applied Science: AAS 3186
60-71 Credits

Program Contact
Jennifer Peterson | 480-857-5535 | jennifer.peterson@cgc.edu

Program Description
The Associate in Applied Science (AAS) in Early Childhood Education (ECE) program is designed to prepare individuals for employment as early childhood professionals in a variety of educational settings. The AAS program includes courses based on current ECE theory and practice as well as general education classes to broaden a student’s base of knowledge. Certificates of Completion are also available.
Program Notes
Students must earn a grade of “C” or better for all courses within the program. Overall program minimum GPA = 2.00.

For some employment and field experiences (including internship courses), students will be required to have a current Identity Verified Print (IVP) Fingerprint Clearance Card and a current TB vaccination.

+ indicates course has prerequisites and/or corequisites.
++ indicates any suffixed course may be selected.

**Program Description**

The Certificate of Completion (CCL) in Foundations of Early Childhood Education is designed to prepare students with foundational knowledge regarding the growth and development of the young child. Topics include cognitive and physical development of the young child, language acquisition, curriculum development, health and safety guidelines, business procedures, and family/community relationship building. This CCL is embedded (can be used to fulfill part of the requirements) in a second available CCL, Early Childhood Education. Both CCLs are embedded (can be used to fulfill requirements) in the Associate in Applied Science (AAS) in Early Childhood Education.

**Program Notes**

Students must earn a grade of “C” or better for all courses within the program. Overall program minimum GPA = 2.00.

For some employment and field experiences (including internship courses), students will be required to have a current Identity Verified Print (IVP) Fingerprint Clearance Card and a current TB vaccination.

Women and Gender Studies

Academic Certificate: AC 6225N

15 Credits

Program Contact
Donna Thompson | 480-857-5534| donna.thompson@cgc.edu

Program Description
The Academic Certificate (AC) in Women and Gender Studies is an intensive interdisciplinary liberal arts certificate program, which provides students with tools and opportunities to discuss and critique historical and contemporary theories and practices of feminism(s) and gender identities. The curriculum enables students to think critically, analyze problems, and communicate effectively. Using women’s experiences and perspectives, students explore cultural and global issues by completing a variety of courses focusing on gender, history, culture, class, race, ethnicity, and sexuality to foster equality and understanding.

Program Notes
This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of “C” or better for all courses required within the program. Overall program minimum GPA = 2.00.

+ indicates course has prerequisites and/or corequisites.
++ indicates any suffixed course may be selected.

Required Courses: 3 Credits

WST100 Introduction to Women’s and Gender Studies 3

Restricted Electives: 12 Credits

Students must complete 12 credits from the list below:

ASB211 Women in Other Cultures 3
ENH/WST284 19th Century Women Writers 3
ENH/WST285 Contemporary Women Writers 3
HIS201 History of Women in America 3
HLR/WST286 Women and Health: Body/Mind/Spirit/Connection 3
HUM/WST209 Women and Films 3
+PSY235 Psychology of Gender 3
REL/WST290 Women and World Religion 3
SOC212 Gender and Society 3
WST120 Gender, Class, and Race 3
WST128 Law and Violence Against Women 3
WST160 Women and the Early American Experience 3
WST161 American Women Since 1920 3
WST200 Essential Feminist Writing 3
Special Programs
Continuing Education and Workforce Development
Chandler-Gilbert Community College offers life-long learning opportunities through non-credit courses. The Continuing Education Department offers courses designed to enhance personal and professional development through classroom instruction as well as online learning.

Workforce development at CGCC brings together employers, employees and education. Instruction is either at the company, at the college, or online. Students can enroll in CTE programs or take courses to learn skills needed by current or future employers.

To continue learning with flexible courses year-round, call 480-857-5500.

English as a Second Language
CGCC is committed to a partnership in learning with students who are non-native English speakers. The English as a Second Language (ESL) courses are designed to help foreign speakers from a variety of countries learn English by emphasizing four skill areas: listening, speaking, reading, and writing.

Students enrolling in ESL courses should be tested. Based on test scores, students are placed in the appropriate-level conversation, grammar, and writing courses. Call 480-732-7159 to schedule an appointment for ESL testing.

Call 480-857-5010 for more information about CGCC’s ESL program.

Fitness, Wellness and Recreation
CGCC offers a variety of fitness, wellness, and recreation opportunities on the Pecos and Williams Campus.

Fitness Center
The Pecos Fitness Center features state-of-the-art cardiovascular training equipment, Life Fitness and Cybex weight training machines, and a complete free-weight area with Olympic style platforms and bumper plates. The Fitness Center is equipped with TRX trainers, plyometric boxes, medicine balls, stability balls, bands and hurdles for complete performance training. Whether you are an elite athlete or a week-end warrior we have all of the equipment that you need.

All members of the Pecos Fitness Center are offered personalized instruction, a complete fitness assessment, and body composition analysis from our degreed and certified instructors. Fitness Center members also have access to amenities such as locker rooms and shower facilities.

To use the Fitness Center, all students must be enrolled in a credit (PED115) or non-credit (Fitness 600-100) Lifetime Fitness course. PED115 students also have access to Group Fitness Courses. Additional information is available by calling the Pecos Campus Fitness Center at 480-732-7200.

Group Fitness Classes
Chandler-Gilbert also has a wide variety of group fitness classes open to students. All Group Fitness classes are 1-credit classes and have the PED101 prefix. Students may choose from Boot Camp Fitness, Zumba, Pilates, Yoga, Restorative Yoga, Stretch and Relaxation, Tai Chi, Karate and other classes.

To see a complete list of group fitness classes being offered this semester, please see the current schedule of classes.

Students, faculty, staff, and community members interested in using the Fitness Center or taking a group fitness class can contact the Pecos Campus Fitness Center at 480-732-7200 for more information.

Honors Program
The CGCC Honors Program provides the opportunity for academically advanced students to participate in challenging and rewarding educational experiences. The purpose of the Honors Program is to foster greater...
depth of thought in reading, writing, and discussion with faculty and guest lecturers, which will better prepare Honors students to complete baccalaureate degrees or to begin their careers. A variety of academic scholarships are available to eligible Honors Program students.

Honors students enjoy:

- Scholarships
- Special recognition on transcripts and diplomas
- Cultural and social activities, such as the Honors Forum Lecture Series and other experiential learning activities
- Enhanced intellectual growth through Honors courses and projects

Students with a cumulative grade point average of 3.25 or higher and have earned at least 12 credit hours of Maricopa Community College coursework are invited to apply as an Honors Achievement Scholar. Recent high school graduates with a 3.0 GPA from attending an accredited Maricopa County high school are invited to apply to the Honors Program as a Presidents’ Scholar. Other requirements may apply at the time of application.

For full details and specific requirements about the Honors Program or Honors scholarships, visit [www.cgc.edu/honors](http://www.cgc.edu/honors) or contact the Honors Office at 480-732-7252.

Performing Arts

The Performing Arts Program at CGCC offers an integrated approach to dance, theatre, and music. The classes, while separate, are coordinated within the area to provide students a broader base and more versatility in their performing arts education.

Students can explore all aspects of the performing arts at CGCC. The department offers a transfer program to four-year institutions in music performance, music education, music theory, dance education, dance performance, theater education, theater performance, technical theater and musical theater. Two-year degrees are offered in dance, theater and music business as well as a certificate of completion in music business. Preparing for life after CGCC is the focus of the program and student success is the goal of the dedicated faculty. There are many opportunities for students to develop skills leading to work in the performing arts, and related areas.

The Arnette Scott Ward Performing Arts Center (the PAC) is home to the CGCC’s music, theatre, and dance faculty and staff. It houses a costume shop, scene shop, and its heart, a 299-seat performance venue. In addition, the program has brand new teaching facilities including two new dance studios, a revitalized black box theater, a new instrumental music room, choir room, music library, rehearsal rooms and studio recording space.

For more information on performing arts at CGCC, visit [www.cgc.edu/arts](http://www.cgc.edu/arts) or call:

- Dance and Musical Theatre 480-732-7136
- Instrumental Music 480-732-7290
- Music Business 480-857-5182
- Theatre 480-732-7040
- Vocal Music and Musical Theatre 480-732-7144
COURSE DESCRIPTIONS
Course Descriptions

All courses offered by the Maricopa Community Colleges appear in a standardized format using six common course elements. Students are encouraged to become familiar with the course elements included in a course description. Please see “How to Read Course Descriptions”.

The courses that follow are offered at Chandler-Gilbert Community College (CGCC). Not all courses in this section will necessarily be offered during any given school year. Not all courses listed in the required courses and/or restricted elective areas of shared occupational programs are offered at CGCC. Please check the current class schedule for course availability. The intent of the Course Description section is to enable students to review courses that are available at CGCC.

How to Read Course Descriptions

All courses offered at the Maricopa Community Colleges are identified by a three-letter abbreviation of the academic subject plus a three-digit number (e.g., ENG101 identifies an English course). Course descriptions are listed alphabetically and in ascending numerical order. Each course listing has six common elements:

1. Course Prefix: Three-letter subject code abbreviation indicating discipline or area of study (e.g., ENG for English).
2. Course Number: Three-digit number assigned to indicate sequence and academic level. Numbers range from 001-299. Courses numbered below 100 are offered for the purpose of strengthening skills and knowledge and cannot be applied toward degrees awarded by Maricopa Community Colleges. These courses cannot be transferred to four-year institutions. First-year courses are generally identified with 100-level numbers. Second-year courses are generally identified with 200-level numbers.
3. Course Title: Identifying name of the course. May also indicate course level (e.g., College Mathematics or Beginning Spanish Conversation I).
4. Course Description: Brief statement describing the content of the course. Each instructor’s course syllabus gives additional information, including objectives and grading criteria.
5. Course Credit Hours: College credit hours awarded for satisfactory completion of the course.
6. Course Prerequisites and/or Corequisites: Requirements that must be met before or, in the case of corequisites, at the same time as enrollment in a course. Not all courses have prerequisites or corequisites.
7. Shared Unique Number (SUN) System: The Shared Unique Number (SUN) System is a college course numbering system designed to help students locate and enroll in courses that have direct equivalents for transfer among Arizona’s public community colleges and three state universities.

EXAMPLE:

(1) ENG (2) 101 / (5) 3 CREDITS / * 3 PERIODS

ENG 1101

(3) First-Year Composition

(4) Emphasis on rhetoric and composition with a focus on expository writing and understanding writing as a process. Establishing effective college-level writing strategies through four or more writing projects comprising at least 3,000 words in total.

(5) Prerequisites: Appropriate writing placement test score, or a grade of C or better in ENG091 or ESL097.

For the most current information regarding course descriptions, log on to curriculum.maricopa.edu.
ACC – Accounting

ACC105 / 3 CREDITS / 3 PERIODS
Payroll, Sales and Property Taxes
Tax reporting for payroll, sales, and personal property. Prerequisites: None.

ACC111 / 3 CREDITS / 3 PERIODS
Accounting Principles I
Fundamental theory of accounting principles and procedures. Prerequisites: None.

ACC112 / 3 CREDITS / 3 PERIODS
Accounting Principles II
Continuation of the fundamental theory of accounting principles and procedures, including interpretation of general purpose financial statements. Prerequisites: ACC111 with a grade of “C” or better, or permission of department or division.

ACC115 / 3 CREDITS / 3 PERIODS
Computerized Accounting
Understanding of fundamental accounting principles and mastery of an accounting information systems including the general ledger, accounts receivable, accounts payable and payroll. Prerequisites: None.

ACC121 / 3 CREDITS / 3 PERIODS
Income Tax Preparation
Preparation of and practical experience in preparing individual federal income tax returns using computer software. Prerequisites: None.

ACC211 / 3 CREDITS / 3 PERIODS
Financial Accounting
Introduction to theory and practice in the preparation and interpretation of general purpose financial statements. Prerequisites: None.

ACC212 / 3 CREDITS / 3 PERIODS
Managerial Accounting
Development and analysis of accounting information for managerial planning and control. Prerequisites: A grade of “C” or better in ACC111 and ACC112, or ACC211, and CIS105 or permission of department or division.

ACC216 / 3 CREDITS / 3 PERIODS
Fraud Examination
Fundamental theory of fraud examination methodology to detect and prevent accounting fraud. Prerequisites: A grade of C or better in (ACC230 or ACC112 or ACC211) or permission of Department or Division.

ACC219 / 3 CREDITS / 3 PERIODS
Intermediate Accounting I
Theory and practice applicable to determination of asset values, liabilities, and related problems of income determination. Prerequisites: ACC212 or ACC240 with a grade of “C” or better, or permission of Department/Division.

ACC220 / 3 CREDITS / 3 PERIODS
Intermediate Accounting II
Continuation of the theory and practice applicable to liabilities and owner’s equity; special problems and financial reporting. Prerequisites: ACC219 with a grade of “C” or better, or permission of Department/Division.

ACC221 / 3 CREDITS / 3 PERIODS
Tax Accounting
Preparation of and accounting procedures for individuals; introduction to partnerships and corporate tax structures. Prerequisites: A grade of C or better in ACC111 or ACC211 or permission of Department or Division.

For the most current information regarding course descriptions, log on to curriculum.maricopa.edu.
AET110  /  1 CREDITS  /  5 PERIODS

Private Pilot Flight
Flight course in preparation for the Federal Aviation Administration (FAA) Private Pilot Certificate practical examination. Includes preflight preparation and planning, ground operations, airport operations, departures, navigation, basic instrument flight, night flight, slow flight, ground reference maneuvers, emergency operations, and arrivals. Approximately 50 hours airplane flight experience at student’s expense required. Requires passing check ride similar to the FAA Private Pilot check ride. Prerequisites: None. Corequisites: AET107.

AET112  /  2 CREDITS  /  5 PERIODS

Private Pilot Flight-Test Course
Flight course in preparation for transition into continued AET course work. Includes preflight preparation and planning, ground operations, airport operations, departures, navigation, basic instrument flight, slow flight, ground reference maneuvers, emergency operations, and arrivals. Requires passing check ride similar to the Federal Aviation Administration Private Pilot check ride. Prerequisites: FAA Private Pilot Airplane Single-Engine Land or advanced certification. Corequisites: AET107.

AET115  /  3 CREDITS  /  3 PERIODS

Aviation Meteorology
Meteorology for professional pilots. Includes atmosphere, air mass circulation, cloud type identification, weather hazards, and high altitude, Arctic, and tropical weather systems. Basic forecasting, use of Direct User Access Terminal (DUAT) systems and reading and interpreting weather charts. Prerequisites: None.

AET203  /  3 CREDITS  /  3 PERIODS

Basic Airplane Systems
Beginning commercial pilot ground course in preparation for the Federal Aviation Administration (FAA) Commercial Pilot Certificate and Commercial written examination. Discussions will include, but not be limited to reciprocating engines, engine systems,

<tr>
<td>Instrument Procedures</td>
<td>Advance instrument pilot ground school course in preparation for the Federal Aviation Administration (FAA) Instrument pilot rating and Instrument rating written examinations. Include Federal Aviation Regulations, instrument approach procedures, and instrument enroute considerations. Requires passing written exam similar to the Instrument pilot rating and Instrument rating written exams. Prerequisites: AET110 or permission of instructor. Corequisites: AET217 and AET207.</td>
<td></td>
</tr>
<tr>
<td>AET220</td>
<td>1</td>
<td>5</td>
</tr>
<tr>
<td>Instrument Commercial Flight II</td>
<td>Advanced flight course in preparation for the Federal Aviation Administration (FAA) Commercial Pilot practical examinations. Emphasis on commercial and high performance operations. Student must fly approximately 60 hours at own expense. Requires passing instrument ration and commercial pilot stage checks similar to the FAA check rides. Prerequisites: AET210, AET207 and AET217. Corequisites: AET203 and AET213.</td>
<td></td>
</tr>
</tbody>
</table>
### AET225 / 4 CREDITS / 4 PERIODS

**Advanced Aircraft Systems**
Survey of advanced aircraft systems to include electrical, automatic flight control, pressurization, cabin atmosphere, ice control, rain control, fire detection and extinguishing. Includes theory and analysis of turbine aircraft engines. Introduction to turbine engine systems to include lubrication, ignition, fuel control, cooling, exhaust, and propellers. Includes overview of maintenance publications, forms and records. Prerequisites: Private Pilot Certificate or permission of Instructor.

### AET227 / 5 CREDITS / 5 PERIODS

**Certified Flight Instructor: Airplane, Single Engine Land Ground School**

### AET229 / 3 CREDITS / 3 PERIODS

**Crew Resource Management**
Crew communications, teamwork, leadership, “followership,” decision-making, and situational awareness; also the benefits of diversity, and the role diversity plays in the modern aerospace industry. Emphasis on utilization of all available resources in order to conduct a safe and efficient flight. Prerequisites: A grade of C or better in AET217 or permission of Instructor.

### AET230 / 1 CREDIT / 3 PERIODS

**Certified Flight Instructor: Airplane, Single Engine Land**
Flight course in preparation for the Federal Aviation Administration (FAA) Certified Flight Instructor: Airplane practical examination. Emphasis on demonstration and analysis of flight maneuvers. Includes preflight, ground operations, airport operations, takeoffs, climbs, flight fundamentals, stalls, spins, slow flight, basic instrument operations, performance maneuvers, ground reference maneuvers, emergency operations, approaches, landings, and postflight procedures. Requires approximately 25 hours of flight that includes high performance operations at student’s expense. Also requires passing check ride similar to the FAA Certified Flight Instructor check ride. Prerequisites: AET240 or FAA Commercial Pilot Certificate with instrument rating. Corequisite: AET227.

### AET237 / 2 CREDITS / 2 PERIODS

**Multiengine Airplane Pilot Ground School**
Aeronautical knowledge necessary to meet requirements for a multiengine airplane rating including orientation, aerodynamics, airplane systems, airplane performance, flight planning, and emergency procedures. Prerequisites: AET220 or FAA Commercial Pilot Certificate with instrument rating. Corequisites: AET240.

### AET240 / 1 CREDIT / 1.5 PERIODS

**Multiengine Airplane Pilot Flight**
Flight course in preparation for the Federal Aviation Administration (FAA) Multiengine Airplane practical examination. Approximately 15 hours of flight experience at the student’s expense and passing check ride similar to the FAA Multiengine check ride are required. Prerequisites: AET220 or FAA Commercial Pilot Certificate with instrument rating. Corequisites: AET237.

### AET257 / 3 CREDITS / 4 PERIODS

**Readings in Aviation**
Critical inquiry of a particular aviation theme from a wide variety of sources. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. International data communication facilities and equipment made available for student use.

**AIM230 – Artificial Intelligence for Business Solutions**
Fundamentals of artificial intelligence (AI) and machine learning to support business solutions. Prerequisites: A grade of C or better in AIM210 and AIM220.

**AIM240 – Artificial Intelligence Capstone Project**
Focus on how a social issue is explored, brought through the Artificial Intelligence (AI) Project cycle, and delivered as a solution using the different domains of AI, including computer vision and natural language processing. Prerequisites: A grade of C or better in AIM210 and AIM220.

**AIS – American Indian Studies**

</table>

**AIS105 – Introduction to American Indian Studies**
Introduction to political, economic, and social structures of American Indian Nations. Provides overview of American Indian tribal cultures prior to contact, the impact of European contact, and the influence of western social systems on tribal nations. Prerequisites: None.

**AIS110 – Navajo Government**
Addresses and examines major historical developments of the Navajo People with a focus on government, law, society, livelihood, tradition, and culture. Includes the major components and operation of Navajo government and related tribal laws, such as Title II and Title VII of the Navajo Nation Code, as well as the significance of the Treaty of 1868. Federal Indian policies and their impact on Navajo society and government, the importance of federal and tribal citizenship and related federal and tribal laws, and the role of the Navajo clanship system and other relevant cultural concepts addressed. Prerequisites: None.

**AJS – Administration of Justice Studies**

</tr>
</thead>
<tbody>
<tr>
<td>AJS101</td>
<td>3</td>
<td>3</td>
<td>Introduction to Criminal Justice</td>
</tr>
</tbody>
</table>

**AJS101 – Introduction to Criminal Justice**
An introduction to crime and society's responses to it. Examines the nature and causes of crime, the criminal law, constitutional safeguards, and the organization and operation of the criminal justice system including the police, courts, jails, prisons, probation and parole departments, and community corrections agencies.

For the most current information regarding course descriptions, log on to [curriculum.maricopa.edu](http://curriculum.maricopa.edu).
Covers the history of the criminal justice system, terminology and career opportunities. Prerequisites: None.

**AJS102 / 17 CREDITS / 30 PERIODS**

**Peace Officer Certification I**
Training program for limited authority peace officers, leading to certification by the Arizona Peace Officer Standards and Training Board (AzPOST – The statutory agency for certifying peace officers – all person with arrest powers – in Arizona.) Includes introduction to Law Enforcement, Law and legal matters, patrol procedures, traffic control, and police proficiency skills. Prerequisites: Student must comply with AzPOST employment standards for peace officers.

**AJS109 / 3 CREDITS / 3 PERIODS**

**Substantive Criminal Law**
Covers philosophy of legal sanctions and historical development from the common law to modern American criminal law, classifications of crimes, elements of and parties to crimes, general definition of crimes, common defenses utilized. Includes specific offenses and the essential elements of each offense. Prerequisites: None.

**AJS113 / 3 CREDITS / 3 PERIODS**

**Criminal Justice Crime Control Policies and Practices**
Focus on changing the distribution of crime opportunities rather than offender motivation. Topics include application of situational crime prevention strategies, problem-oriented crime control approaches, hot spots policing, defensible space, and crime prevention through defensible space. Prerequisites: None.

**AJS119 / 3 CREDITS / 4 PERIODS**

**Computer Applications in Justice Studies**
Provides literacy in microcomputer applications in major areas of the criminal justice system. Examines availability and uses of current software packages in criminal justice work. Provides hands-on experience with appropriate integrated software packages pertaining to justice studies. Prerequisites: None.

**AJS123 / 3 CREDITS / 3 PERIODS**

**Ethics and the Administration of Justice**
Description: Introduces and explores ethical issues and the justice system. Focuses on ethics and the law, the police, courts and corrections. Reviews ethical theory, concepts and practices as they relate to administration of justice. Explores issues of how media/social media shape ethics. Encourages critical thinking and value decision making in criminal justice system situations. Prerequisites: None.

**AJS139 / 3 CREDITS / 3 PERIODS**

**Emergency Response to Terrorism**
Fundamentals of emergency response to suspected terrorist events. Historical perspective of terrorist activities and methods by which responders can identify and protect themselves and the public from these threats. Coordination of responding agencies. Prerequisites: None.

**AJS195 / 3 CREDITS / 3 PERIODS**

**International and Domestic Terrorism**
An overview of the history, structure, goals, and activities of domestic and international terrorist groups. Explores theories explaining terrorism and reviews methods used to combat it. Prerequisites: None.

**AJS200 / 3 CREDITS / 3 PERIODS**

**Current Issues in Criminal Justice**
Examines current issues, techniques and trends in the Criminal Justice System. Prerequisites: None.

**AJS201 / 3 CREDITS / 3 PERIODS**

**Rules of Evidence**
A practical insight into the rules of evidence to include how to recognize evidence: the general rules governing admissibility of evidence; the hearsay rule and its exceptions; the use of documentary evidence, written memoranda, photographs, recordings and electronic...
surveillance; corpus delicti; opinion evidence, circumstantial evidence, evidential privileges. Prerequisites: None.

**Police Photography**

Emphasis on proper procedure for photographing
crime scenes, accident scenes, and laboratory specimens. Discussion of photographic techniques, equipment, lighting techniques, aerial photography, video and motion pictures, macro and micro photography, filters, and preparation for court presentation using selected simulations. Prerequisites: None.

**AJS290BN / 1 CREDIT / 1 PERIOD**

Courtroom Testimony Seminar
Courtroom demeanor and protocol. Role and primary functions of witness and legal counsels. Prerequisites: None.

**AMT – Aircraft Maintenance Technology**

**AMT124 / 5 CREDITS / 9 PERIODS**

Aircraft Forms and Regulations, Weight and Balance, Drawings, and Ground Operations
Federal Aviation maintenance publications, forms and records. Overview of technician's privileges and limitations. Perform aircraft weight and balance, aircraft ground operations and fuel servicing techniques. Drawings, symbols and schematic diagrams. Prerequisites: Admission to the Aircraft Maintenance Technology program.

**AMT126 / 9 CREDITS / 12 PERIODS**

Fundamentals of Mathematics and Electricity
Mathematical computation of fundamental electrical circuit parameters. Basic definitions, laws, and concepts. Schematic, wiring, and parts placement diagrams. Test and troubleshoot electrical and electronic components and circuits. Prerequisites: Admission to the Aircraft Maintenance Technology program.

**AMT128 / 5 CREDITS / 9 PERIODS**

Fundamentals of Aviation Physics, Corrosion Control, Materials and Processes, Fluid Lines and Fittings
Basic concepts of motion, fluid dynamics, heat and sound, aerodynamics, aircraft structure and theory of flight. Fluid lines and fittings, component identification, function, inspection, and installation. Cleaning and corrosion control, materials and processes, non-destructive testing, and precision measurement.
### AMT220  /  3 CREDITS  /  6 PERIODS

**Fundamentals of Aircraft Wood Structures, Covering and Finishing, and Bonded Structures**

### AMT222  /  4 CREDITS  /  6 PERIODS

**Atmosphere Control, Fire Detection, Ice and Rain Protection Systems**

Operation and maintenance of aircraft auxiliary systems. Inspection, servicing, troubleshooting and repair of environmental control, ice and rain control, fire protection and warning systems. Prerequisites: Admission to the program.

### AMT224  /  5 CREDITS  /  11 PERIODS

**Aircraft Sheet Metal**

Inspection, fabrication, and repair techniques of aircraft structural and nonstructural components. Sheet metal heat-treating techniques. Prerequisites: Admission to the program.

### AMT226  /  7 CREDITS  /  12 PERIODS

**Aircraft Landing Gear, Hydraulic, Pneumatic, Fuel, Position and Warning Systems**

Identification, inspection, repair, and troubleshooting techniques of aircraft landing gear, hydraulic, fuel, pneumatic, and position and warning system components. Prerequisites: Admission to the program.

### AMT228  /  7 CREDITS  /  12 PERIODS

**Aircraft Electrical Systems, Instruments, Fuel Indicating, Communication and Navigation Systems**

Proper operation, inspection, servicing and troubleshooting of DC (Direct Current) and AC (Alternating Current) sources, systems, and components. Mechanical and electrical sensing and information display systems. Fuel indicator system inspections, repairs, and troubleshooting. Transmitter and receiver fundamentals. Avionics installation, inspection and testing. Prerequisites: Admission to the program.

### AMT230  /  6 CREDITS  /  11 PERIODS

**Airframe Assembly, Inspection and Welding**

Aircraft assembly and rigging. Flight control balancing and rigging. Airframe inspection techniques, reporting procedures, and aircraft jacking. Welding techniques, theory, and materials identification. Prerequisites: Admission to the program.

### AMT263  /  5 CREDITS  /  9 PERIODS

**Aircraft Turbine Engines**

Historical development and application of turbine engines. Theory of thrust and the design and environmental factors which influence thrust. Turbine engine troubleshooting, inspection, service, repair and overhaul. Operational characteristics and engine test techniques on the aircraft and in test cells. Prerequisites: Admission to the program.

### AMT264  /  7 CREDITS  /  11 PERIODS

**Aircraft Reciprocating Engines**

Historical development and application of reciprocating engines, theory, design, and operations. Techniques used in troubleshooting, overhaul, inspection, and repair of opposed and radial engines. Prerequisites: Admission to the program.

For the most current information regarding course descriptions, log on to curriculum.maricopa.edu.
For the most current information regarding course descriptions, log on to curriculum.maricopa.edu.

---

**ARH – Art Humanities**

**ARH100 / 3 CREDITS / 3 PERIODS**

**Introduction to Art**

Understanding and enjoyment of art and visual culture through study of two-dimensional and three-dimensional works of art, design elements, media and processes, and cultural contexts. Emphasis on contemporary topics and cultural diversity in the arts. Prerequisites: None.

**AMT266 / 6 CREDITS / 9 PERIODS**

**Engine Fuel Systems, Fuel Metering and Induction System**

Inspection, servicing, troubleshooting, overhaul, and repair of aircraft fuel systems and components, fuel metering devices, injection systems, turbochargers, and superchargers. Induction system principles of operation and design. Prerequisites: Admission to the program.

**AMT268 / 6 CREDITS / 12 PERIODS**

**Engine Electrical, Ignition and Starter Systems**

Inspect, service, troubleshoot, overhaul, and repair of engine electrical, ignition, starter systems, and components. Prerequisites: Admission to the program.

**AMT270 / 5 CREDITS / 8 PERIODS**

**Engine Instruments, Fire Protection and Lubrication, Cooling and Exhaust Systems**

Operation, maintenance, servicing, inspection, repair, and troubleshooting of engine instruments, fire detection and extinguishing, engine lubrication, cooling, and exhaust systems. Prerequisites: Admission to the program.

**AMT272 / 4 CREDITS / 8 PERIODS**

**Propeller Systems and Engine Inspections**

Historical development, operation, disassembly, inspection, repair, and maintenance of propellers. Reciprocating and turbine engine inspection and documentation. Prerequisites: Admission to the program.
**ART – Art**

**ART100 / 1 CREDIT / 2 PERIODS**

**Introduction to Digital Arts**

Foundation course in digital arts and design, with emphasis in the production of art using the computer.

Prerequisites: None.

**ART106 / 3 CREDITS / 6 PERIODS**

**Gallery Operations**

Operation of an art gallery. Includes organization, publicity, evaluation of artwork, selection and installation of exhibits. Prerequisites: Permission of Instructor. Course Notes: ART106 may be repeated for a total of six (6) credit hours.

**ART111 / 3 CREDITS / 6 PERIODS**

**Drawing I**

Fundamental principles of drawing. Emphasis on composition and facility in objective and expressive representation, using variety of drawing media.

Prerequisites: None.

**ART112 / 3 CREDITS / 6 PERIODS**

**Two-Dimensional Design**

Study of fundamental elements and principles of two-dimensional design. Prerequisites: None.

**ART113 / 3 CREDITS / 6 PERIODS**

**Color**

Investigation seeking visual solutions to a variety of problems concerning color in two and three dimensions and modes of color appearances, including light and effects in design and theory of design.

Prerequisites: None.
ART115  /  3 CREDITS  /  6 PERIODS

Three-Dimensional Design
Fundamental principles of three-dimensional design. Prerequisites: None.

ART116  /  3 CREDITS  /  6 PERIODS

Life Drawing I
Use of form, structure and anatomy of draped and undraped human figure to develop basic principles of sound draftsmanship. Prerequisites: None.

ART117  /  3 CREDITS  /  6 PERIODS

Life Drawing II
Further study of form, structure, and anatomy of the draped and undraped human figure with emphasis on composition. Prerequisites: ART116.

ART119  /  3 CREDITS  /  6 PERIODS

Penciling for Sequential Art
Development of observational skills as they apply to sequential art. Emphasis on techniques that showcase how characters interact with their environment and manipulate props and cartooning anatomy. Includes techniques on composing page layouts, adapting scripts and reference gathering. Prerequisites: A grade of C or better in ART100 or permission of Instructor.

ART120  /  3 CREDITS  /  6 PERIODS

Inking for Sequential Art
Development of inking materials and techniques used in sequential art. Emphasis on the types of tools used in the industry and the various means of employing them. Understanding the duties of the inker and the process of computer finishing. Prerequisites: None.

ART122  /  3 CREDITS  /  6 PERIODS

Drawing and Composition II
Emphasis on composition and exploration of drawing media. Prerequisites: ART111.

ART131  /  3 CREDITS  /  6 PERIODS

Photography I
Basic photographic principles and techniques. Basic camera functions and controls. Experience in the image-making process by creating and editing photographs for various display environments. Introduction to the photographic aesthetic and photography's role in society. Prerequisites: None. Course Note: Camera required.

ART132  /  3 CREDITS  /  6 PERIODS

Photography II
Advanced camera and darkroom techniques. Aesthetic awareness with personal expression. Prerequisites: ART131 or permission of instructor.

ART133  /  3 CREDITS  /  6 PERIODS

Photography III
Refinement of aesthetic and technical aspects producing convincing images of highest quality. Prerequisites: A grade of C or better in ART132 or permission of Instructor.

ART137  /  3 CREDITS  /  6 PERIODS

Alternative Photographic Processes
Emphasis on development of alternative photographic processes including technique, aesthetics, and creative imagery. Exploration of various types of non-silver photographic processes including cyanotype, Van Dyke, Polaroid imaging, and others. Prerequisites: None.

ART142  /  3 CREDITS  /  6 PERIODS

Introduction to Digital Photography
Fundamentals of digital photography. Includes camera operations, exposure techniques, introduction to digital output, and theory of digital photography. Prerequisites: None. Course Note: Digital camera required.

For the most current information regarding course descriptions, log on to curriculum.maricopa.edu.
ART143 / 3 CREDITS / 6 PERIODS
Intermediate Digital Photography
Intermediate theory and techniques of digital photography. Aesthetic awareness and personal expression from image capture through intermediate techniques in the digital darkroom. Introduction to high-resolution digital output. Prerequisites: ART142 or permission of instructor.

ART151 / 3 CREDITS / 6 PERIODS
Sculpture I
Exploration of sculptural form and expression in clay, plaster, stone, wood and metal. Prerequisites: None.

ART161 / 3 CREDITS / 6 PERIODS
Ceramics I
Introduction to ceramic materials and techniques of hand construction, decorating, glazing and throwing on potters’ wheel. Prerequisites: None.

ART162 / 3 CREDITS / 6 PERIODS
Ceramics II
Major emphasis on wheel throwing, glaze making and decorating techniques. Prerequisites: ART161.

ART165 / 3 CREDITS / 6 PERIODS
Watercolor Painting I
Transparent and Gouache watercolor painting. Prerequisites: (ART111 and ART112), or permission of instructor.

ART166 / 3 CREDITS / 6 PERIODS
Watercolor Painting II
Painting in water soluble media. Emphasis on individual techniques and design. Prerequisites: ART165.

ART167 / 3 CREDITS / 6 PERIODS
Painting I
Exploration of technical and expressive possibilities of various painting media in easel painting. Prerequisites: (ART111 and ART112), or permission of instructor.

ART168 / 3 CREDITS / 6 PERIODS
Painting II
Continued refinement of painting skills and investigation of new possibilities in painting. Prerequisites: ART167 or permission of instructor.

ART169 / 3 CREDITS / 6 PERIODS
2D Media Design
Generation of two-dimensional (2D) images, designs, and media using digital and traditional methods of visual problem solving. Understanding digital and design-based techniques and workflows. Prerequisites: A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: ART100 or permission of Instructor. Cross-References: ADA169.

ART173 / 3 CREDITS / 6 PERIODS
Computer Art
Introduction to the multiple elements of paint software programs using the microcomputer. Basic foundation in the use of computer techniques including color paint programs for the production of computer images. Use of electronic input and output devices. Prerequisites: ART100, or permission of instructor.

ART177 / 3 CREDITS / 6 PERIODS
Digital Photographic Imaging I
Introduction to multiple elements of digital imaging. Basic foundation in photographic manipulation of images, with special attention to aesthetic foundations underlying photographic composition. Prerequisites: A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: ART100 or permission of Instructor. Cross-References: ADA177.

ART178 / 3 CREDITS / 6 PERIODS
Digital Arts Studies
Designed for broad overview of the digital arts. Experience in digital based media, creative problem solving, design and aesthetics. Prerequisites: A grade of C or better in ART100 or permission of Instructor.

For the most current information regarding course descriptions, log on to curriculum.maricopa.edu.
ART183  /  3 CREDITS  /  6 PERIODS

Digital Graphic Arts I
Graphic design use in microcomputer; black and white graphics, standard and color brushes, lines, shapes, area fills and fonts. Application to illustration, advertising graphics, typography, and video interaction. Prerequisites: A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: ART100 or permission of Instructor. Cross-References: ADA183.

ART190  /  3 CREDITS  /  6 PERIODS

Art of Web Site Design
Introduction to design production for websites. Layout, typography and presentation style for HTML (Hyper Text Markup Language). Design of mock-ups using digital design software to produce artistic form and content for the Web using Hyper Text Markup Language (HTML), digital text, and graphics. Discussion of color, proportion, typography and Web-specific design principles. Emphasizes design of cross-browser compatible interfaces that optimize usability, accessibility and browser interoperability. Prerequisites: ART100, or permission of Instructor. CIS133DA recommended.

ART219  /  3 CREDITS  /  6 PERIODS

Coloring, Toning and Lettering for Sequential Art
Understanding of the digital rules and programs used in coloring, toning and lettering comics, and the problems presented therein within the sequential narrative. Emphasis on rules and guidelines within the industry, and digital coloring and lettering. Prerequisites: A grade of C or better in (ART100, ART119, and ART120) or permission of Instructor.

ART220  /  3 CREDITS  /  6 PERIODS

Publishing for the Comic Industry
Understanding of the comics industry. Includes researching, marketing, packaging, and distributing comics. Emphasis on selling and submitting to comic publishers, how to develop comics for self-publishing, promotional materials, and understanding contracts and copyrights involved in the process of publishing comics. Prerequisites: A grade of C or better in ART100 or permission of Instructor.

ART221  /  3 CREDITS  /  6 PERIODS

Comics Creation
Development of a complete sequential comic, using all comics skills from beginning to end. Process includes scripting, penciling, inking, coloring or toning, lettering, and printing for publication. Prerequisites: A grade of C or better in (ART100 and ART219) or permission of Instructor.

ART255AA  /  1 CREDIT  /  1 PERIOD

Self Promotion
Career goals, presentation of artist, communication skills, keeping files and records, developing self-promotional materials. Prerequisites: None.

ART255AB  /  1 CREDIT  /  1 PERIOD

The Portfolio
Choosing the right pieces to include, presenting art work, developing the portfolio. Prerequisites: None.

ART255AC  /  1 CREDIT  /  1 PERIOD

Marketing Fine Art
Exhibitions and galleries, establishing a studio, alternative markets. Prerequisites: ART255AB or permission of Instructor.

ART270  /  3 CREDITS  /  6 PERIODS

Digital Photographic Imaging II
Intermediate digital photographic imaging techniques. Refinement of aesthetic awareness and personal expression. Prerequisites: A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: ADA/ART177).

ART274  /  3 CREDITS  /  6 PERIODS

Digital Photographic Imaging III
Advanced digital photographic imaging techniques. Advanced manipulation techniques of photographic
images and time-based media. Continued development of aesthetic awareness and personal expression. Prerequisites: A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: ART270.

Instructor. Course Notes: ART290EC may be repeated for credit.

**ART290GC / 3 CREDITS / 6 PERIODS**

**Studio Art: Ceramics**

Studio course for art majors allowing continuation in a subject field. Prerequisites: ART162 or permission of Instructor. Course Notes: ART290GC may be repeated for credit.

**ART290JC / 3 CREDITS / 6 PERIODS**

**Studio Art: Color**

Studio course for art majors allowing continuation in a subject field. Prerequisites: ART113 or permission of Instructor. Course Notes: ART290JC may be repeated for credit.

**ART290MC / 3 CREDITS / 6 PERIODS**

**Studio Art: Digital Photography**

Studio course for art majors allowing continuation in a subject field. Prerequisites: ART143 or permission of Instructor. Course Notes: ART290MC may be repeated for credit.

**ART290PC / 3 CREDITS / 6 PERIODS**

**Studio Art: Painting**

Studio course for art majors allowing continuation in a subject field. Prerequisites: ART168 or permission of Instructor. Course Notes: ART290PC may be repeated for credit.

**ART295EC / 3 CREDITS / 6 PERIODS**

**Art Workshop/Seminar: Painting**

Advanced level workshop seminar in art disciplines. Prerequisites: Minimum of three (3) credits introductory and three (3) credits intermediate level courses in specific field or permission of Department or Division Chair.

**ART295GA / 1 CREDIT / 2 PERIODS**

**Art Workshop/Seminar: Ceramics**

Advanced level workshop seminar in art disciplines. Prerequisites: Minimum of three (3) credits introductory and three (3) credits intermediate level courses in specific field or permission of Department or Division Chair.

**ART295GB / 2 CREDITS / 4 PERIODS**

**Art Workshop/Seminar: Ceramics**

Advanced level workshop seminar in art disciplines. Prerequisites: Minimum of three (3) credits introductory and three (3) credits intermediate level courses in specific field or permission of Department or Division Chair.

**ART295HA / 1 CREDIT / 2 PERIODS**

**Art Workshop/Seminar: Mixed Media**

Advanced level workshop seminar in art disciplines. Prerequisites: Minimum of three (3) credits introductory and three (3) credits intermediate level courses in specific field, or permission of Department/Division Chair.

**ART295LB / 2 CREDITS / 4 PERIODS**

**Art Workshop/Seminar: Glazing Techniques**

Advanced level workshop seminar in art disciplines. Prerequisites: Permission of Instructor.

**ART295LC / 3 CREDITS / 6 PERIODS**

**Art Workshop/Seminar: Glazing Techniques**

Advanced level workshop seminar in art disciplines. Prerequisites: Permission of Instructor.

For the most current information regarding course descriptions, log on to curriculum.maricopa.edu.
ASB – Anthropology

**ASB223 / 3 CREDITS / 3 PERIODS**

Buried Cities and Lost Tribes: New World
Introduction to archaeology through discoveries and the researchers who made them. Emphasis on methods of archaeological fieldwork and what these discoveries reveal about humanity, including the nature of archaeological inquiry, the development of human social groups, the changing role of religion in evolving societies, the origins of agriculture, the origins of settled lifeways, the rise of cities and complex societies, political strife across different cultures and the forces which fragment societies. Examples drawn from North America, Central America, and South America. Prerequisites: None.

**ASB211 / 3 CREDITS / 3 PERIODS**

Women in Other Cultures
Cross-cultural analysis of the economic, social, political, and religious factors that affect women’s status in traditional and modern societies. Prerequisites: None.

**ASB102 / 3 CREDITS / 3 PERIODS**

Introduction to Cultural Anthropology
Principles of cultural anthropology, with illustrative materials from a variety of cultures. The nature of culture; social, political, and economic systems; religion, aesthetics and language. Prerequisites: None.

**ASB214 / 3 CREDITS / 3 PERIODS**

Magic, Witchcraft, and Healing: An Introduction to Comparative Religion
Origins, elements, and forms of religion; a comparative survey of religious beliefs, myths, rituals and symbolism including magic, witchcraft and healing as practiced in selected regions of the world; the place of religion in the total culture. Prerequisites: None.

**ASB222 / 3 CREDITS / 3 PERIODS**

Buried Cities and Lost Tribes: Old World
Introduction to archaeology through discoveries and the researchers who made them. Emphasis on methods of archaeological fieldwork and what these discoveries reveal about humanity, including the nature of archaeological inquiry, the development of human social groups, the changing role of religion in evolving societies, the origins of agriculture, the origins of settled lifeways, the rise of cities and complex societies, political strife across different cultures and the forces which tend to fragment societies. Examples drawn from Africa, Asia, Europe, the Pacific Islands, and Australia. Prerequisites: None.

ASL – American Sign Language

**ASL101 / 4 CREDITS / 4 PERIODS**

American Sign Language I

**ASL102 / 4 CREDITS / 4 PERIODS**

American Sign Language II
Continued development of knowledge and language skills for communicating with deaf people who sign. Includes numbers, fingerspelling, and culture. Emphasis on enhancement of receptive sign skills and

For the most current information regarding course descriptions, log on to curriculum.maricopa.edu.
continued development of expressive sign skills. Application of rudimentary, syntactical, and grammatical structure stressed with continued development of sign vocabulary. Prerequisites: A grade of C or better in ASL101 or permission of Department or Division. Completion of prerequisites within the last three years is required.

**ASL103** / 1 CREDIT / 1 PERIOD

**Introduction to the Deaf Community**
History and development of American Sign Language (ASL) and English codes. Overview of education for Deaf and Hard of Hearing children. Legal rights and common adaptive devices used by Deaf and Hard of Hearing individuals. Prerequisites: None.

**ASL110** / 3 CREDITS / 3 PERIODS

**Fingerspelling**
Introduction to fingerspelling techniques. Focus on methods, theory, and applications on receptive and expressive skills including manual alphabet production and numbers. In addition, skill development in speed, dexterity, clarity, and lexicalized fingerspelling, numeric incorporation, prefixes, suffixes, and polysyllabic words. Prerequisites: A grade of C or better in ASL101 or permission of Department or Division. Completion of prerequisites within the last three years is required.

**ASL201** / 4 CREDITS / 4 PERIODS

**American Sign Language III**
Linguistics of American Sign Language (A.S.L.) including non-manual behaviors and signing English idioms with conceptual accuracy. Emphasis on practical application of A.S.L. skills, expanded vocabulary, and cross-cultural communication. Prerequisites: A grade of C or better in ASL102 or permission of Department or Division. (ENG101 or ENG107) and (CRE101 or equivalent as indicated by assessment) suggested but not required. Completion of prerequisites within the last three years is required.

**ASL202** / 4 CREDITS / 4 PERIODS

**American Sign Language IV**
Advanced American Sign Language skills including continued vocabulary. Emphasis on conversational techniques in a cross-cultural framework. Continued work on conceptual accurate signing of English idioms and words with multiple meanings. Prerequisites: A grade of C or better in ASL201 or permission of Department or Division. (ENG101 or ENG107), ASL200, and (CRE101 or equivalent as indicated by assessment) suggested but not required. Completion of prerequisites within the last three years is required.

**ASM – Anthropology**

**ASM104** / 4 CREDITS / 5 PERIODS

**Bones, Stones and Human Evolution**
The study of human evolution and variation; including fossil hominids and their tools, primate anatomy and behavior, human genetics, and the environment and human biology. Prerequisites: None.

**AST – Astronomy**

**AST101** / 4 CREDITS / 6 PERIODS

**Survey of Astronomy**
Survey of astronomy for the nontechnical student. The history, content, and evolution of the solar system and the universe in general. Astronomical principles and instrumentation. The planets, moons, sun, comets, stars and star formation, galaxies, and cosmology. Prerequisites: None.

**AST106** / 4 CREDITS / 6 PERIODS

**Life in the Universe**
Introduction to the search for life in the universe for the non-science major. Earth’s location in space and time, nature of life, light and the spectrum, origin and history of the universe, origin of life on Earth and the possibility of life on other planets. Prerequisites: A grade of C or
better in MAT090 or MAT091 or MAT092 or completion of higher level mathematics course, or satisfactory placement. Cross-References: GLG106.

AST111 / 4 CREDITS / 6 PERIODS
Introduction to Solar System Astronomy
Introduction to astronomy for the non-science major. The scientific method, properties of light, astronomical instruments, our Solar System and solar systems around other stars. Includes hands-on astronomical observations and laboratory exercises. Prerequisites: A grade of C or better in MAT092 or higher, or satisfactory score on district placement exam.

AST112 / 4 CREDITS / 6 PERIODS
Introduction to Stars, Galaxies, and Cosmology
Introduction to astronomy for the non-science major. Structure and evolution of stars; supernovae, black holes, and quasars; nebulae; star clusters; galaxies; cosmology, including the birth and death of the universe. Prerequisites: A grade of C or better in MAT092 or higher, or satisfactory score on district placement exam. Course Notes: Note that AST111 is not a prerequisite for this course.

AST114 / 1 CREDIT / 3 PERIODS
Introduction to Stars, Galaxies, and Cosmology Laboratory
Hands-on astronomical observations and exercises to supplement AST112. Prerequisites: A grade of C or better in AST112 and permission of Instructor or Department or Division. AST114 is a legacy course intended for those students who have previously completed the corresponding lecture course. Current MCCCD students should enroll in AST112 only.

AST294 / 3 CREDIT / 3 PERIODS
Special Topics in Astronomy
Conceptual, experimental, and computational aspects of a special topic in astronomy. Prerequisites: Permission of Department or Division. Course Notes: AST294 may be repeated for credit.

AST294AA / 2 CREDITS / 2 PERIODS
Special Topics in Astronomy
Conceptual, experimental, and computational aspects of a special topic in astronomy. Prerequisites: Permission of Department or Division. Course Notes: AST294AA may be repeated for credit.

AST294AB / 1 CREDIT / 1 PERIOD
Special Topics in Astronomy
Conceptual, experimental, and computational aspects of a special topic in astronomy. Prerequisites: Permission of Department or Division. Course Notes: AST294AB may be repeated for credit.

BIO – Biology

BIO100 / 4 CREDITS / 6 PERIODS
Biology Concepts
Introductory course covering basic principles and concepts of biology. Methods of scientific inquiry and behavior of matter and energy in biological systems are explored. Prerequisites: None. Course Notes: Field trips may be required at students’ expense.

BIO105 / 4 CREDITS / 6 PERIODS
Environmental Biology
Fundamentals of ecology and their relevance to human impact on natural ecosystems. Field trips may be required at students’ expense. Prerequisites: None.

BIO108 / 4 CREDITS / 6 PERIODS
Plants and Society
A global study of plants in relation to humans; as a source of food, fiber, drugs, and other products; for aesthetic value, survival, and energy. Prerequisites: None.

BIO156 / 4 CREDITS / 6 PERIODS
Introductory Biology for Allied Health
An introductory biology course for allied health majors with an emphasis on humans. Topics include

For the most current information regarding course descriptions, log on to curriculum.maricopa.edu.
fundamental concepts of cell biology, histology, microbiology, and genetics. Prerequisites: A grade of “C” or better in RDG091 or higher or eligibility for CRE101 as indicated by appropriate reading placement test score. One year of high school or one-semester of college level chemistry is strongly recommended.

**BIO160 / 4 CREDITS / 6 PERIODS**

*Introduction to Human Anatomy and Physiology*

Principles of scientific method. Structural organization, homeostasis and control mechanisms of the body. Specific chemistry concepts. Structure and function of the major systems of the body. Prerequisites: None.

**BIO181 / 4 CREDITS / 6 PERIODS**

*General Biology (Majors) I*

The study and principles of structure and function of organisms at the molecular and cellular levels. A detailed exploration of the chemistry of life, the cell, and genetics. Prerequisites: A grade of C or better in RDG100 or higher or eligibility for CRE101 as indicated by appropriate reading placement test score. One year of high school or one semester of college-level biology and chemistry is strongly recommended.

**BIO182 / 4 CREDITS / 6 PERIODS**

*General Biology (Majors) II*

The study and principles of structure and function of living things at cellular, organismic, and higher levels of organization. A detailed exploration of the mechanisms of evolution, biological diversity, biology of organisms, and ecology. Prerequisites: A grade of C or better in BIO181 or BIO181XT. Course Notes: BIO182 may require field trips.

**BIO201 / 4 CREDITS / 6 PERIODS**

*Human Anatomy and Physiology I*

Study of structure and function of the human body. Topics include cells, tissues, integumentary system, skeletal system, muscular system, and nervous system.

**BIO202 / 4 CREDITS / 6 PERIODS**

*Human Anatomy and Physiology II*

Continuation of structure and function of the human body. Topics include endocrine, circulatory, lymphatic, respiratory, digestive, urinary, and reproductive systems; and fluid and electrolyte balance. Prerequisites: A grade of C or better in BIO201 or BIO201XT.

**BIO205 / 4 CREDITS / 6 PERIODS**

*Microbiology*

Study of microorganisms and their relationship to health, ecology, and related fields. Prerequisites: A grade of C or better in BIO156 or BIO156XT or BIO181 or BIO181XT or one year of high school biology and a grade of C or better in RDG100 or higher or eligibility for CRE101 as indicated by reading placement test score. CHM130 or higher or one year of high school chemistry suggested but not required.

**BIO220 / 4 CREDITS / 6 PERIODS**

*Biology of Microorganisms*

Detailed study of microbial cells, their structure, genetics, physiology and taxonomy. Prerequisites: BIO181 Corequisites: (CHM152 and CHM152LL) or (CHM154 and CHM154LL)

CAP - Counseling and Applied Psychology

CAP120 / 3 CREDITS / 3 PERIODS
Introduction to Counseling
Introduction to the field of counseling with a focus on skills and competencies needed as a mental health practitioner. Foundations of counseling including counseling theories, ethical considerations, prevention and intervention topics, and multicultural counseling practices. Prerequisites: None.

CAP220 / 3 CREDITS / 3 PERIODS
The Counselor in a Multicultural Society
Current theories and research on culture, race and ethnicity, gender and other aspects of cultural diversity in a multicultural society through the lens of counseling. Focus on personal perspectives, will explore themes, theories, topics and research related to power, privilege and oppression in the United States as applied to counseling discipline. Prerequisites: None.

CAP240 / 3 CREDITS / 3 PERIODS
Introduction to Counseling Skills
Introduction to basic skills and techniques used in the counseling field. Focuses on active listening, self-awareness, and other related skills. Prerequisites: A grade of C or better in CAP120.

BPC270 / 3 CREDITS / 4 PERIODS
A+ Exam Prep: Operating System Configuration and Support
Explore advanced technical aspects of maintaining and servicing computers. Emphasis placed on OS installation, maintenance, mobile devices, security, software troubleshooting, and on proper usage of tools, safety procedures, and professionalism. Helps prepare students for the CompTIA A+ examinations. Prerequisites: A grade of “C” or better in CIS105 or permission of Instructor.

CAP260 / 3 CREDITS / 3 PERIODS
Career and Professional Preparation for the Helping Professions
Overview of the process of career and life planning through self-awareness for students interested in helping fields. Focus on current occupational trends and outlook, the learning models of the individual, the world of work, and decision-making. Emphasis on individual application and workplace diversity. Design materials for use in the professional world such as resumes, online presence, career portfolio. Prerequisites: A grade of C or better in ENGI101.

CCS – Chicana and Chicano Studies

CCS101 / 3 CREDITS / 3 PERIODS
Chicana and Chicano Studies
Introduction to the wealth and diversity of Chicana and Chicano Studies research from a variety of disciplinary perspectives through the use of a series of historical and social scientific studies, novels, testimonies, and films. Prerequisites: A grade of C or better in ENGI101 or ENGI107 or equivalent.

CFS – Child/Family Studies

CFS176 / 3 CREDITS / 3 PERIODS
Child Development
Study of the science of human development from conception through adolescence. Includes observation skills, parent and adult roles in the lives of children, and contemporary issues. Prerequisites: None.
CHM – Chemistry

CHM107 / 3 CREDITS / 3 PERIODS
Chemistry and Society
A survey of chemistry and its impact on the environment. Completion of CHM107LL required to meet the Natural Science requirement. Prerequisites: None.

CHM107LL / 1 CREDIT / 3 PERIODS
Chemistry and Society Laboratory
Laboratory experience in support of CHM107. Prerequisites or Corequisites: CHM107.

CHM130 / 3 CREDITS / 3 PERIODS
Fundamental Chemistry
A survey of the fundamentals of general chemistry. Emphasis on essential concepts and problem solving techniques. Basic principles of measurement, chemical bonding, structure and reactions, nomenclature, and the chemistry of acids and bases. Preparation for students taking more advanced courses in chemistry. Designed to meet needs of students in such diverse areas as agriculture, nursing, home economics, physical education and water technology. Prerequisites: A grade of C or better in [(CHM100, or MAT090, or MAT091, or MAT092, or higher level mathematics course, or satisfactory math placement) and (RDG100, or RDG100LL, or higher, or eligibility for CRE101 as indicated by appropriate reading placement)], or permission of the Instructor, or Department or Division Chair.

CHM130AA / 4 CREDIT / 3 PERIODS
Fundamental Chemistry with Lab
A survey of the fundamentals of general chemistry. Emphasis on essential concepts and problem solving techniques. Basic principles of measurement, chemical bonding, structure and reactions, nomenclature, and the chemistry of acids and bases. Preparation for students taking more advanced courses in chemistry. Designed to meet needs of students in such diverse areas as agriculture, nursing, home economics, physical education and water technology. Prerequisites: A grade of C or better in [(CHM100, or MAT090, or MAT091, or MAT092, or higher level mathematics course, or satisfactory math placement) and (RDG100, or RDG100LL, or higher, or eligibility for CRE101 as indicated by appropriate reading placement)], or permission of the Instructor, or Department or Division Chair.

CHM130LL / 1 CREDIT / 3 PERIODS
Fundamental Chemistry Laboratory
Laboratory experience in support of CHM130. Prerequisites or Corequisites: A grade of “C” or better in CHM130.

CHM138 / 3 CREDITS / 3 PERIODS
Chemistry for Allied Health
Elements of fundamental and organic chemistry. Includes the general chemical behavior of inorganic matter and the structure of organic and biochemical systems. Course designed for specific allied health programs at MCCD. May not be applicable to other allied health programs or transferable. Prerequisites: A grade of C or better in (CHM100 or MAT090 or MAT091 or MAT092 or higher or satisfactory math placement), or one year of high school chemistry taken within the last five years with a grade of C or better, or permission of the Instructor, or Department or Division Chair.

CHM138LL / 1 CREDIT / 3 PERIODS
Chemistry for Allied Health Lab
Laboratory experience in support of CHM138. Prerequisites: None. Corequisites: CHM138.

CHM151 / 3 CREDITS / 3 PERIODS
General Chemistry I
Detailed study of principles of chemistry for science majors and students in pre-professional curricula. Prerequisites: A grade of C or better in [(CHM130 and

For the most current information regarding course descriptions, log on to curriculum.maricopa.edu.
CHM152LL required to meet the Natural Science requirement. Student may receive credit for only one of the following: CHM152 and CHM152LL, or CHM152AA.

CHM152AA / 4 CREDIT / 6 PERIODS

General Chemistry II
A study of the chemical properties of the major groups of elements, equilibrium theory, thermodynamics, electrochemistry, and other selected topics. Prerequisites: A grade of C or better in [(CHM150 or CHM151) and CHM151LL], or CHM150AA, or CHM151AA, or permission of the Instructor, or Department or Division Chair. Completion of prerequisites within the last two years recommended. Student may receive credit for only one of the following: CHM152 and CHM152LL, or CHM152AA.

CHM152 / 3 CREDITS / 3 PERIODS

Fundamental Organic Chemistry
Chemistry of representative groups of organic compounds, emphasizing biological applications. Prerequisites: A grade of C or better in (CHM130 and CHM130LL) or (CHM150 or CHM151 and CHM151LL), or permission of the Instructor, or Department or Division Chair. Course Notes: Completion of prerequisites within the last two years recommended. CHM230 course content is designed to meet the needs of students in such areas as agriculture, home economics, nursing, pre-physician assistant, and physical education among others.

For the most current information regarding course descriptions, log on to curriculum.maricopa.edu.
CIS118DB / 3 CREDITS / 5 PERIODS

**Desktop Presentation: PowerPoint**
Use of PowerPoint to produce professional-quality presentation visuals with animation and sound.
Prerequisite: None

CIS119DO / 3 CREDITS / 4 PERIODS

**Introduction to Oracle: SQL**
Use of Oracle tools and methodologies to fulfill real-world business information requirements. Hands-on exercises for designing, creating, and maintaining database structures to store, retrieve, update, and display data in a relational database using the SQL programming language. Creating and maintaining database objects. Advanced retrieval techniques. Prerequisites: A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: CIS105 or permission of Instructor.

CIS119DP / 3 CREDITS / 4 PERIODS

**Oracle: Database Administration**
Basic administrative tasks performed by a database administrator (DBA). Conceptual understanding and hands-on applications of the Oracle database architecture and interaction of its components. Prerequisites: A grade of C or better in CIS119DO, or permission of Instructor. (CIS126++ or CIS121++ or MST152++) is recommended.

CIS120DB / 3 CREDITS / 4 PERIODS

**Introduction to Adobe Illustrator**
Provides students with the knowledge and skills to use Adobe Illustrator graphics software on a computer. Basic foundation course in the use of electronic techniques to create, manipulate, and edit images, text, abstract art, graphics design, color graphics and business charts; determine file formats appropriate for web and print; utilize tools to optimize graphics and create a PDF file. Prerequisite: None.

CIS120DC / 3 CREDITS / 4 PERIODS

**Introduction to Adobe Animate**
Focuses on entry-level skill expectations for digital animation using Adobe Animate. Covers basic animation techniques used in the creation, manipulation, and editing of animation graphics. Prepares students for the Adobe certifications related to Adobe Animate. Prerequisite: None.

CIS120DF / 3 CREDITS / 4 PERIODS

**Introduction to Adobe Photoshop**
Focuses on entry-level skills and knowledge for digital imaging using Adobe Photoshop. Prepares students for the Adobe Certifications related to Photoshop. Prerequisite: None.

CIS120DP / 3 CREDITS / 4 PERIODS

**Adobe Acrobat Pro: Portable Document Format (PDF) Files**
Introduction to creating PDF (Portable Document Format) files using Adobe Acrobat for web viewing and printing. Addresses creation of interactive PDF documents including security settings, navigation links, and form fields. Prerequisite: None.

CIS121AB / 1 CREDIT / 2 PERIODS

**Microsoft Command Line Operations**
Use of the Microsoft command line interface: basic concepts, internal and external commands, subdirectories, and editor. Prerequisite: None.

CIS121AE / 1 CREDIT / 2 PERIODS

**Windows Operating System: Level I**
Specific topics include booting and shutting down the computer, navigating the desktop, start button features, taskbar status, and receiving online help support. Exploring and managing folders and files, running programs, and learning about Wordpad and Paint application programs. Prerequisite: None.
CIS121AH  /  3 CREDITS  /  4 PERIODS
Microsoft PowerShel/Command Line Operations
Day-to-day command line administration tasks of Microsoft Windows. PowerShell used to create scripts to administer Microsoft windows environment.
Prerequisites: None. MST150++ recommended but not required.

CIS126DL  /  3 CREDITS  /  4 PERIODS
Linux Operating System
Introduction to the Linux Operating system. Develop knowledge and skills required to install, configure and troubleshoot a Linux-based workstation including basic network functions. Learn basic command line and Graphical User Interface (GUI) desktop environment utilities and applications. Fundamental abilities to achieve the entry-level industry certification covered.
Prerequisites: A grade of C or better in CIS120DA or CIS120DK or permission of Instructor.

CIS151  /  3 CREDITS  /  4 PERIODS
Computer Game Development – Level I
Introduction to object-oriented game development, game design, and game theory. Use of computer software to demonstrate and teach concepts using an appropriate game development platform to model real-time simulations and create computer games using object oriented tools. Introduction to developing PC games, educational software, and training software using windows based object oriented developments tools. Prerequisites: CIS105 or permission of Instructor.

CIS154  /  3 CREDITS  /  4 PERIODS
Database Modeling and Design
Top-down, systematic approach to defining a database design based on analysis of business information and requirements. Identifying and evaluating standard data model and design patterns. Developing an entity-relationship (ER) diagram that accurately reflects the business. Mapping the ER diagram to an initial database design and revising for complex entities, attributes, and relationships.
Prerequisites: CIS105 or permission of Instructor.

CIS150AB  /  3 CREDITS  /  4 PERIODS
Object-Oriented Programming Fundamentals
Structured and Object-Oriented design and logic tools. Use of computer problems to demonstrate and teach concepts using appropriate programming language.
Prerequisites: CIS105, or permission of instructor.

CIS156  /  3 CREDITS  /  4 PERIODS
Python Programming: Level I
Introduction to Python programming. Includes general concepts, program design, development, data types, operators, expressions, flow control, functions, classes, input and output operations, debugging, structured programming, and object-oriented programming.
Prerequisites: A grade of C or better in CIS105 or permission of Instructor.

CIS159  /  3 CREDITS  /  4 PERIODS
Visual Basic Programming I
Use of the Visual Basic programming language to solve problems using suitable examples from business or other disciplines.
Prerequisites: CIS105, or permission of instructor.

---

**CIS190 / 3 CREDITS / 4 PERIODS**

**Introduction to Networks**
Overview of networks. Emphasis on the elements of a network, current issues and products, and use of a network. Includes terminology, hardware and software components, connectivity, resource monitoring and sharing, electronic mail and messaging, and security issues. Helps prepare students for the CompTIA Network+ examination. Prerequisites: None. Corequisites: CIS105 or permission of Instructor.

---

**CIS225AB / 3 CREDITS / 4 PERIODS**

**Object-Oriented Analysis and Design**
Methodologies and notations for fundamental object-oriented analysis and design including use cases, objects, classes, stereotypes, and relationships. Object-oriented iterative process for system development. A continuous application development exercise for applying the analysis and design concepts. Prerequisites: Any programming language or permission of Instructor.

---

**CIS233DA / 3 CREDITS / 4 PERIODS**

**Internet/Web Development Level II**
Plan, design and create web sites using HTML and Advanced Cascading Style Sheets (CSS). Expedite the development process using CSS frameworks and libraries. Enhance user experience and web site functionality using supporting technologies. Exploration of User Interface (UI) and User Experience (UX), best practices, accessibility, strategies, and careers in web design and development. Prerequisites: A grade of C or better in CIS133DA or permission of Instructor.

---

**CIS235 / 3 CREDITS / 4 PERIODS**

**e-Commerce**
Introduction to Electronic Commerce on the Internet. Designing an electronic storefront including web page content and development, e-commerce site marketing, advertisement, legal and security considerations, credit card and other debit transaction covered. Also includes current issues in e-commerce. Prerequisites: CIS133CA, or CIS133DA, or permission of instructor.

---

**CIS213DE / 3 CREDITS / 4 PERIODS**

**Advanced Microsoft Word: Word Processing**
Using advanced word processing software features to perform tasks such as mail merge, collaboration, web pages, math functions, macros, photo enhancements, graphics, tables, forms and manage long documents. Prerequisites: CIS113DE or (CIS113AE and CIS113BE and CIS113CE) or permission of Instructor.

---

**CIS223DA / 3 CREDITS / 4 PERIODS**

**Linux System Administration**
Managing Linux Operating Systems including sophisticated manipulation of file structures, backup systems, printing processes, troubleshooting, user account management, hard disk maintenance and configuration, process monitoring and prioritizing, kernel customization, and system resource control. Preparation for industry certifications such as the...
CompTIA's Linux+, the Red Hat certified system administrator (RHCSA), the Red Hat Certified Engineer (RHCE), and the Linux Professional Institute (LPIC-I). Prerequisites: A grade of “C” or better in CIS126DL or CIS126RH or permission of instructor.

**CIS238RH / 3 CREDITS / 4 PERIODS**

Red Hat System Administration II
Continue to develop core administration skills needed to manage a Red Hat Enterprise Linux system. This Red Hat Academy course helps to prepare students for the Red Hat certification exams using a hands-on, task-focused curriculum. Prerequisites: A grade of C or better in CIS126RH, or permission of Instructor.

**CIS239DL / 3 CREDITS / 4 PERIODS**

Linux Shell Scripting
Linux Shell Scripting syntax and methods including the automation of system tasks as well as interpreted shell scripting. Course includes the Linux Borne Again Shell (BASH) as well as a variety of industry competitors. Prerequisites: A grade of C or better in CIS238DL or CIS238RH or permission of Instructor.

**CIS240DL / 3 CREDITS / 4 PERIODS**

Linux Network Administration
In depth networking based on Linux servers and the Transmission Control Protocol/Internet Protocol (TCP/IP) protocol suite. Integrating Linux servers and workstations into a network environment with multi-platform network operating systems including a variety of open-standard and proprietary protocols. Preparation for industry certifications such as the CompTIA's Linux+, the Red Hat certified system administrator (RHCSA), the Red Hat Certified Engineer (RHCE), and the Linux Professional Institute (LPIC-I). Prerequisites: A grade of C or better in CIS238DL or permission of Instructor.

**CIS240RH / 3 CREDITS / 4 PERIODS**

Red Hat System Administration III
Provides solid understanding of how to automate services on a Linux system. Covers use of Ansible to automate provisioning, configuration, application deployment, and orchestration on Red Hat Enterprise Linux 8. Content aligns with the Red Hat Certified Engineer (RHCE - EX294) exam, a professional certification. Prerequisites: A grade of C or better in CIS238RH or permission of Instructor.

**CIS250 / 3 CREDITS / 4 PERIODS**

Management of Information Systems
The study of business information systems and its management, communication, e-business strategies, emerging technologies, database concepts, and project management. Overview of systems analysis and design. Learn about the competitive and strategic uses of information systems and how they are transforming organizations and their management. Prerequisites: CIS105.

**CIS259 / 3 CREDITS / 4 PERIODS**

Visual Basic Programming II
Use of the Visual Basic programming language to identify and solve advanced problems using suitable examples from business or other disciplines. Prerequisites: CIS159 or permission of instructor.

**CIS263AA / 3 CREDITS / 4 PERIODS**

Java Programming: Level II
Intermediate Java programming. Includes features needed to construct object-oriented programming, multithreading, multimedia, files, streams and data structure. Prerequisites: CIS163AA or permission of the instructor.

**CIS265 / 3 CREDITS / 4 PERIODS**

Advanced iOS Application Development
Advanced iOS device programming utilizing the Swift/XCode application, and the programming languages Objective-C and/or Swift, utilizing various iOS frameworks. Understand iOS hardware and feature basics. Go through entire design process from concept to final product delivery. Prerequisites: A grade of C or better in CIS150++ and CIS165, or permission of Instructor.

For the most current information regarding course descriptions, log on to curriculum.maricopa.edu.
**CLD – Cloud Computing**

**CLD110  /  3 CREDITS  /  4 PERIODS**

Amazon Web Services Cloud Foundations

Provides a detailed overview of cloud concepts, Amazon Web Services (AWS) core services, security, architecture, pricing, and support. Intended for students who seek an overall understanding of cloud computing concepts, independent of specific technical roles. Helps to prepare students for the AWS Certified Cloud Practitioner exam. Prerequisites: None. CIS105 suggested but not required.

**CIS271DL  /  3 CREDITS  /  4 PERIODS**

Linux Security

Implementing in-depth security methods and techniques in a Linux-based network environment. Utilize programs, utilities and configuration techniques to provide user-level, file system, and network security. Gain knowledge in a variety of security cracking techniques and how to guard against them. In all aspects of security, the standard of practicing professional ethics seriously emphasized. Preparation for industry certifications such as the SAIR/GNU LCP and LCA certificates, CompTIA's Linux+, RHCT, RHCE, and LPIC. Prerequisites: CIS240DL or Permission of Instructor.

**CIS280  /  3 CREDITS  /  4 PERIODS**

**CIS280AA  /  1 CREDIT  /  2 PERIODS**

Current Topics in Computing

Critical inquiry of current topics in computing. Application of industry trends to solve problems and/or investigate issues. Prerequisites: None.

**CIS290AA  /  1 CREDIT  /  6 PERIODS**

**CIS290AB  /  2 CREDITS  /  12 PERIODS**

**CIS290AC  /  3 CREDITS  /  18 PERIODS**

Computer Information Systems Internship

Work experience in business or industry. Prerequisites: Permission of instructor.

**CIS296WA  /  1 CREDIT  /  5 PERIODS**

**CIS296WB  /  2 CREDITS  /  10 PERIODS**

**CIS296WC  /  3 CREDITS  /  15 PERIODS**

Cooperative Education

Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students. Prerequisites: Completion of at least twelve (12) college credits, minimum 2.6 grade point average, and be able to obtain a position related to student’s academic or career goals (student’s present job may qualify); or permission of instructor. Corequisites: Must be concurrently enrolled in at least one class which is related to student’s major or career interest or with permission of the instructor.

**CNT – Cisco Network Technology**

**CNT140AB  /  4 CREDITS  /  6 PERIODS**

Introduction to Networks

Focus on the architecture, structure, functions, components, and models of the Internet and other computer networks. Principles and structure of IP addressing and the fundamentals of Ethernet concepts, media, and operations are introduced. Students will build simple LANs, perform basic configurations for routers and switches, and implement IP addressing schemes. Preparation for Cisco certification examination. Prerequisites: None.
CNT150AB / 4 CREDITS / 6 PERIODS

Switching, Routing, and Wireless Essentials
Focus on configuring switches and routers for use in small and medium size networks. Including Virtual Local Area Networks (VLANs), VLAN trunking, Inter-VLAN routing, Spanning Tree Protocol (STP), EtherChannel, Dynamic Host Configuration Protocol (DHCP), First Hop Redundancy, Local area Network (LAN) and Switch security, and Static routing. Knowledge and skills needed to implement a Wireless Local Area Network (WLAN) is also covered. Preparation for Cisco certification examination. Prerequisites: A grade of C or better in CNT140AB or permission of Instructor.

CNT160AB / 4 CREDITS / 6 PERIODS

Enterprise Networking, Security, and Automation
Focus on the configuration of routers and switches within small and medium size networks for advanced functionality including Open Shortest Path First (OSPF), Network security, Access Control Lists (ACLs), Network Address Translation (NAT), Wide Area Network (WAN) concepts, Virtual Private Networks (VPNs), Quality of Service (QOS), network management, design, troubleshooting, virtualization, and automation. Preparation for Cisco certification examination. Prerequisites: A grade of C or better in CNT150AB or permission of Instructor.

CNT202 / 4 CREDITS / 5 PERIODS

Cisco Secure Firewall Appliance Configuration
Applications of Cisco Networking technologies in designing and implementing security solutions to reduce risk of revenue loss and vulnerability. Hands-on experience and skills in security policy design and management, security technologies, products and solutions, secure firewall design, installation, configuration and maintenance, Authentication, Authorization, and Accounting (AAA), Failover, and Virtual Private Network (VPN) implementation using firewalls. Prerequisites: A grade of C or better in CNT160AB or permission of Instructor.

CNT205 / 4 CREDITS / 6 PERIODS

Cisco Certified Network Associate Security
Associate-level knowledge and skills required to secure Cisco networks. Development of a security infrastructure, identification of threats and vulnerabilities to networks. Mitigation of security threats. Core security technologies. Installation, troubleshooting and monitoring of network devices to maintain integrity, confidentiality and availability of data and devices. Competency in the technologies that Cisco uses in its security structure. Prerequisites: A grade of C or better in CNT160AB, or Cisco Certified Network Associate (CCNA) certification, or permission of Instructor.

CNT206 / 4 CREDITS / 6 PERIODS

Cisco Certified Network Associate Wireless
Associate-level knowledge and skills required in Cisco wireless networks. Includes comprehensive hands-on labs to design, plan, implement, operate, secure, and troubleshoot wireless networks. Prerequisites: A grade of C or better in CNT160AB or permission of Instructor. Course Notes: Prepares students to earn Cisco Certified Network Associate Wireless (CCNA Wireless) designation by taking the Implementing Cisco Unified Wireless Networks Essentials (IUWNE) exam.

COM / Communication

COM095 / 3 CREDITS / 3 PERIODS

Basic Oral Communication Skills
Listening, speaking, and related academic performance skills, including note taking. Emphasis on activities designed to improve and synthesize these skills. Prerequisites: None.

For the most current information regarding course descriptions, log on to curriculum.maricopa.edu.

</tr>
</tbody>
</table>

For the most current information regarding course descriptions, log on to [curriculum.maricopa.edu](http://curriculum.maricopa.edu).
**CPD102AB / 2 CREDITS / 2 PERIODS**

**Career Exploration**

Designed to assist students make informed career decisions. Focuses on current occupational trends and outlook. Explores career-related interests, values, needs, preferences, skills, and strengths with the use of various assessments. Aids in the development of individualized educational/career goals and action plan. Prerequisites: None. Course Notes: CPD102AB may be repeated for a total of six (6) credit hours.

**CPD102AF / 2 CREDITS / 2 PERIODS**

**Human Sexuality**

Enables students to view gender and sexuality as dimensions of personal identity, and explores intersectionality between multiple identities. Examination of differences between identify expression, behavior, and biological influences, tracing social evolution from masculine-feminine dichotomy to non-binary perspectives. Prerequisites: None.

**CPD102AH / 2 CREDITS / 2 PERIODS**

**Stress Management**

Reviews the sources of stress, the physiological effects and the psychological impact of stress on the individual. Provides strategies to manage and reduce stress. Helps students develop and understand behaviors to create a healthy balance in their lives by studying the biological, psychological, physiological, and social aspects of stress and wellness. Prerequisites: None.

**CPD103BA / 2 CREDITS / 2 PERIODS**

**Women in Transition**

Designed to assist and support women who are experiencing life transitions. Emphasis on assessing self-potential, increasing self-confidence, managing life change, and exploring education/career/life options in terms of the realities of roles for women today. Prerequisites: None.

**CPD104 / 3 CREDITS / 3 PERIODS**

**Career and Personal Development**

An overview of the holistic process of career/life planning through self-awareness and understanding of the world of work. Exploration and application of behavioral, social, and cultural factors leading to college, career, and personal success with emphasis on assessment, applied behavior management, motivation, self-care, and career development. Prerequisites: None.

**CPD115 / 1 CREDIT / 1 PERIOD**

**Creating College Success**

Strategies to create success in college. Methods for selecting and developing effective academic strategies, increasing self-awareness and developing self-management strategies. Elements of college resources and relationships with others explored in support of students' educational experience. Prerequisites: None. Cross-References: AAA115.

**CPD150 / 3 CREDITS / 3 PERIODS**

**Strategies for College Success**

Focus on increasing student success through college orientation and personal growth, study skills development, and educational and career planning. Prerequisites: None.

**CPD150AA / 1 CREDIT / 1 PERIOD**

**College Orientation & Personal Growth**

Emphasis on increasing student success through college orientation, identification of learning style and the use of time management, goal-setting, and interpersonal communication strategies. Prerequisites: None.

**CPD150AB / 1 CREDIT / 1 PERIOD**

**Study Skills Development**

Emphasis on increasing student success through the use of study strategies including materials organization, note-taking, reading, test-taking, memory, and critical and creative thinking. Prerequisites: None.
For the most current information regarding course descriptions, log on to curriculum.maricopa.edu.

**CRE – Critical Reading**

**CRE101  /  3 CREDITS  /  3 PERIODS**

*College Critical Reading and Critical Thinking*

Develop and apply critical thinking skills through critically reading varied and challenging materials. Includes analysis, evaluation, interpretation, and synthesis through at least two substantial writing and/or speaking tasks. Prerequisites: A grade of C or better in (ENG101 or ENG107) and (RDG095, or RDG100, or RDG100LL, or RDG111, or RDG112, or RDG113), or an appropriate district placement, or permission of Instructor.

**CRE101HS  /  3 CREDITS  /  3 PERIODS**

*College Critical Reading and Critical Thinking in Health Sciences*

Develop and apply critical thinking skills through critically reading varied and challenging materials relevant to current issues in health sciences. Includes analysis, evaluation, interpretation, and synthesis through at least two substantial writing and/or speaking tasks. Prerequisites: A grade of C or better in (ENG101 or ENG107) and (RDG095, or RDG100, or RDG100LL, or RDG111, or RDG112, or RDG113), or an appropriate district placement, or permission of Instructor.

**CRW – Creative Writing**

**CRW150  /  3 CREDITS  /  3 PERIODS**

*Introduction to Creative Writing*

Introduces the student to elements and techniques of creative writing in a variety of genres; teaches terminology and concepts needed for successful participation in writing workshops; facilitates writing practice and evaluation; offers individual guidance on the student’s development as a writer. Prerequisites: None.

**CRW160  /  3 CREDITS  /  3 PERIODS**

*Introduction to Writing Poetry*

Prewriting (invention and discovery); writing; analyzing and evaluating (in workshop); and revising to practice manipulating various elements of poetry, critique one’s own and the poetry of others, and produce a portfolio of finished, marketable poems. Prerequisites: None. CRW150 recommended but not required.

**CRW170  /  3 CREDITS  /  3 PERIODS**

*Introduction to Writing Fiction*

Practice in writing fiction through a process of prewriting (invention and discovery), writing, analysis and evaluation (in workshop); and revising to practice manipulating various elements and forms of fiction. Prerequisites: None. CRW150 recommended but not required.

**CRW190  /  3 CREDITS  /  3 PERIODS**

*Introduction to Screenwriting*

Overview of screenwriting elements; introduction to screenwriting techniques. Prerequisites: None. CRW150 recommended but not required.

CSC – Computer Science

CSC100AA / 3 CREDITS / 4 PERIODS
Introduction to Computer Science (C++)
Concepts of problem solving, structured programming in C++, fundamental algorithms and techniques, and computer system concepts. Social and ethical responsibilities. Intended for majors other than Computer Science. Prerequisites: A grade of C or better in MAT114, or MAT115, or MAT120, or MAT121, or MAT122, or MAT126.

CSC110AA / 3 CREDITS / 4 PERIODS
Introduction to Computer Science (Java)
Concepts of problem solving, structured and object-oriented programming in Java, fundamental algorithms and techniques and computer system concepts. Social and ethical responsibilities. Intended for Computer Science and Computer Systems Engineering Majors. Prerequisites: A grade of C or better in MAT114, or MAT115, or MAT120, or MAT121, or MAT122, or MAT126.

CSC110AB / 4 CREDITS / 4 PERIODS
Introduction to Computer Science (Java)
Concepts of problem solving, structured and object-oriented programming in Java, fundamental algorithms and techniques and computer system concepts. Social and ethical responsibilities. Intended for Computer Science and Computer Systems Engineering Majors. Prerequisites: A grade of C or better in MAT114, or MAT115, or MAT120, or MAT121, or MAT122, or MAT126.

CSC120 / 4 CREDITS / 6 PERIODS
Digital Design Fundamentals
Number systems, conversion methods, binary and complement arithmetic, Boolean switching algebra and circuit minimization techniques. Analysis and design of combinational logic, flip-flops, simple counters, registers, ROMs, PLDs, synchronous and asynchronous sequential circuits, and state reduction techniques. Building physical circuits. Prerequisites: None. Corequisites: CSC100 or CSC110 or Permission of Instructor or Division or Department Chair.

CSC180AB / 4 CREDITS / 4 PERIODS
Computer Literacy
Introduction to computers and technology and their impact on society. Explores technology, current topics in computing, applications and related issues. Students gain fluency in integrating technology to solve problems using computational thinking. Use of application software to create documents, spreadsheets, databases, e-mail and text files, and use of Internet browsers. Prerequisites: None.

CSC181AA / 3 CREDITS / 4 PERIODS
Applied Problem Solving with Visual Basic
Introduction to systematic definition of problems, solution formulation, and testing. Visual BASIC programming language applied to problems in mathematics, science, and business. Prerequisites: None.

CSC182AA / 3 CREDITS / 4 PERIODS
Principles of Programming with C#.NET
Introduction to object-oriented program analysis, design, and development using Visual C#.NET. Includes general concepts, data types, expressions, flow control, methods, classes, arrays, event-driven models, Windows applications, and Web applications. Prerequisites: None.

CSC205AA / 3 CREDITS / 4 PERIODS
Object Oriented Programming and Data Structures
Covers Object-Oriented design and programming; elementary data structures; arrays; lists; stacks; queues; binary trees; recursion; searching and sorting algorithms. Prerequisites: CSC110, or permission of Instructor.

For the most current information regarding course descriptions, log on to curriculum.maricopa.edu.
### CSC220 / 4 CREDITS / 5 PERIODS

**Programming for Computer Engineering**

Introduction to procedural programming (C/C++) and hardware description language (VHDL). Prerequisites: ((EEE120 or CSC120) and CSC205) or permission of Instructor.

### CSC230 / 4 CREDITS / 5 PERIODS

**Computer Organization and Assembly Language**

Assembly language programming including input/output (I/O) programming and exception/interrupt handling. Register-level computer organization, I/O interfaces, assemblers, and linkers. Processor organization and design, data path, control, pipelining, and input/output. Memory organization with cache and virtual memory. Prerequisites: [(CSC100 or CSC110) and CSC/EEE120], or permission of instructor.

### CSC240 / 3 CREDITS / 5 PERIODS

**Introduction to Different Programming Languages**

Introduction to procedural (C/C++), applicative (LISP), and declarative (Prolog) languages. Prerequisites: CSC205 or permission of instructor.

### DAH201 / 3 CREDITS / 3 PERIODS

**World Dance Studies**

Exploration, analysis, synthesis, and evaluation of the role of dance in various cultures around the world. Prerequisites: None. DAH100 strongly suggested but not required.

### DAH250 / 3 CREDITS / 3 PERIODS

**Dance in Popular Culture**

Interdisciplinary approach investigating diverse cultural dance practices that have shaped American popular culture from the late 19th century to the present. Highlights issues of power, class, race, ethnicity, gender, age and sexuality. Emphasis is on revealing diverse cultural influences in U.S. popular culture. Prerequisites: None.

### DAH255 / 3 CREDITS / 3 PERIODS

**Hip Hop: Arts, Aesthetic and Culture**

Selective survey and historico-cultural analysis of hip hop arts, aesthetics and culture organized around the founding elements of DJing, MCing, B-boy and B-girl, graffiti arts and knowledge. Prerequisites: A grade of C or better in ENG101 or ENG107.

### DAN – Dance

### DAN101AC / 1 CREDIT / 2 PERIODS

**Social Dance: Latin**

Theory and practice of Latin dance. Development of movement quality and performance skills individually, with a partner or in a group setting. Prerequisites: None. Course Notes: DAN101AC may be repeated for a total of four (4) credits.

### DAN102AA / 1 CREDIT / 3 PERIODS

**Hip Hop I**

Theory and practice of Hip Hop dance at the beginning level. Development of movement quality and performance skills. Prerequisites: None. Course Notes: DAN102AA may be repeated for credit.
DAN102AB / 1 CREDIT / 3 PERIODS

Hip Hop II
Theory and practice of Hip Hop dance at the advanced beginning level. Development of movement quality and performance skills. Prerequisites: DAN102AA or permission of Instructor. Course Notes: DAN102AB may be repeated for credit.

DAN115 / 1 CREDIT / 3 PERIODS

Dance Trends
Theory and practice of current social dance trends. Development of movement quality and performance skills. Prerequisites: None. Course Notes: DAN115 may be repeated for credit.

DAN120AA / 1 CREDIT / 3 PERIODS

World Dance: African Dance
Theory and practice of African dance. Development of movement quality and performance skills, individually or in a group setting. May include African, Caribbean or Afro-fusion dance. Prerequisites: None. Course Note: DAN120AA may be repeated for credit.

DAN120AB / 1 CREDIT / 3 PERIODS

World Dance: Flamenco
Theory and practice of Flamenco. Development of movement quality and performance skills, individually, with a partner or in a group setting. Prerequisites: None. Course Notes: DAN120AB may be repeated for credit.

DAN120AC / 1 CREDIT / 3 PERIODS

World Dance: Irish Dance
Theory and practice of Irish Dance. Development of movement quality and performance skills, individually or in a group setting. Prerequisites: None. Course Notes: DAN120AC may be repeated for credit.

DAN120AD / 1 CREDIT / 3 PERIODS

World Dance: Mexican Folkloric Dance
Theory and practice of Mexican Folkloric dance. Development of movement quality and performance skills, individually with a partner or in a group setting. Prerequisites: None. Course Notes: DAN120AD may be repeated for credit.

DAN120AE / 1 CREDIT / 3 PERIODS

World Dance: Middle Eastern Dance
Theory and practice of Middle Eastern dance. Development of movement quality and performance skills. Prerequisites: None. Course Notes: DAN120AE may be repeated for credit.

DAN120AF / 1 CREDIT / 3 PERIODS

World Dance: Afro-Brazilian Dance
Theory and practice of Afro-Brazilian dance. Development of movement quality and performance skills. Prerequisites: None. Course Notes: DAN120AF may be repeated for credit.

DAN120AG / 1 CREDIT / 3 PERIODS

World Dance: East Indian Dance
Theory and practice of East Indian dance. Development of movement quality and performance skills. Prerequisites: None. Course Notes: DAN120AG may be repeated for credit.

DAN120AH / 1 CREDIT / 3 PERIODS

World Dance: Native American Dance
Theory and practice of Native American dance. Development of movement quality and performance skills. Prerequisites: None. Course Notes: DAN120AH may be repeated for credit.

DAN120AI / 1 CREDIT / 3 PERIODS

World Dance: European Folk Dance
Theory and practice of European Folk dance. Development of movement quality and performance skills individually or in a group setting. Prerequisites: None. Course Notes: DAN120AI may be repeated for credit.

For the most current information regarding course descriptions, log on to curriculum.maricopa.edu.
**DAN120AJ / 1 CREDIT / 3 PERIODS**

**World Dance: Asian Dance Forms**
Theory and practice of Asian Dance Forms. Development of movement quality and performance skills. Prerequisites: None. Course Notes: DAN120AJ may be repeated for credit.

**DAN120AK / 1 CREDIT / 3 PERIODS**

**World Dance: Capoeira**
Theory and practice of Capoeira. Development of movement quality and performance skills. Prerequisites: None. Course Notes: DAN120AK may be repeated for credit.

**DAN129 / 1 CREDIT / 3 PERIODS**

**Musical Theatre Dance I**
Introduction to the theory and practice of musical theatre dance at the beginning level. Development of movement quality and performance skills. Prerequisites: None. Course Notes: DAN129 may be repeated for credit.

**DAN131 / 1 CREDIT / 3 PERIODS**

**Ballet I**
Introduction to the theory and practice of ballet at the beginning level. Development of movement quality and performance skills. Prerequisites: None. Course Notes: DAN131 may be repeated for credit.

**DAN131PA / .5 CREDITS / 1.5 PERIODS**

**Ballet Basic Level**
Dance training for personal skill development and interest. Introduction to the theory and practice of ballet at the basic level. Prerequisites: None. Prior dance experience suggested but not required. Course Notes: DAN131PA may be repeated for credit. Course is not intended for dance majors.

**DAN120 AJ / 1 CREDIT / 3 PERIODS**

**World Dance: Asian Dance Forms**
Theory and practice of Asian Dance Forms. Development of movement quality and performance skills. Prerequisites: None. Course Notes: DAN120AJ may be repeated for credit.

**DAN132 / 1 CREDIT / 3 PERIODS**

**Modern Dance I**
Introduction to the theory and practice of modern dance at the beginning level. Development of movement quality and performance skills. Prerequisites: None. Course Notes: DAN132 may be repeated for credit.

**DAN132PA / .5 CREDITS / 1.5 PERIODS**

**Modern Dance Basic Level**
Dance training for personal skill development and interest. Introduction to the theory and practice of modern dance at the basic level. Prerequisites: None. Prior dance experience suggested but not required. Course Notes: DAN132PA may be repeated for credit. Course is not intended for dance majors.

**DAN133 / 1 CREDIT / 3 PERIODS**

**Jazz Dance I**
Introduction to the theory and practice of jazz dance at the beginning level. Development of movement quality and performance skills. Prerequisites: None. Corequisites: DAN138 for dance majors. Course Notes: DAN133 may be repeated for credit.

**DAN133PA / .5 CREDITS / 1.5 PERIODS**

**Jazz Basic Level**
Dance training for personal skill development and interest. Introduction to the theory and practice of jazz dance at the basic level. Prerequisites: None. Prior dance experience suggested but not required. Course Notes: DAN133PA may be repeated for credit. Course is not intended for dance majors.

**DAN134 / 1 CREDIT / 3 PERIODS**

**Ballet II**
Theory and practice of ballet at the advanced beginning level. Development of movement quality and performance skills. Prerequisites: DAN131 or permission of Instructor. Course Notes: DAN134 may be repeated for credit.

**DAN134PA / .5 CREDITS / 1.5 PERIODS**

**Ballet Beginning Level**
Dance training for personal skill development and interest. Theory and practice of ballet at the beginning

**Tap Dance I**
An introduction to the theory and practice of tap dance. Prerequisites: None. Course Notes: DAN140 may be repeated for credit.

**Dance Workshop**
An intensive experience in the process of choreography, performance, and production elements. Prerequisites: None. Course Notes: DAN141 may be repeated for credit.

**Dance Performance I**
An introduction to the process and practice of dance performance. Prerequisites: None. Course Notes: DAN150 may be repeated for credit.

**Dance Performance II**
Continued study of the process and practice of dance performance at a level II. Prerequisites: DAN150 or permission of Instructor. Corequisites: Any level of any of the following dance technique courses with a DAN prefix: ballet, modern, jazz, hip hop, tap, social, or world dance. Course Notes: DAN155 may be repeated for credit.

**Improvisation**
An introduction to and an exploration of basic improvisational dance skills. Prerequisites: None. Course Notes: DAN164 may be repeated for credit.

**Dance Production I**
Introduction to the elements of light, sound, and scenery as they relate to the art of dance. Prerequisites: None.

Dance Conservatory III
An intensive course focusing on the theory and practice of dance technique including, but not limited to, ballet, modern dance, modern jazz, pilates, yoga and dance performance at the advanced level. Study of repertory and development of movement quality and performance skills. Includes an informal public showing of dance technique and performance skills.
Prerequisites: (DAN134 and DAN135) or permission of instructor. Course Notes: DAN292AA may be repeated for a total of three (3) credit hours; DAN292AB may be repeated for a total of six (6) credit hours; DAN292AC may be repeated for a total of nine (9) credit hours.

ECE – Engineering Science

ECE102 / 2 CREDITS / 4 PERIODS
Engineering Analysis Tools and Techniques
Learning culture of engineering, engineering use of computer tools, and computer modeling as applied to engineering analysis and design. Prerequisites: A grade of C or better is required in all Prerequisites. Prerequisites or Corequisites: MAT182, or higher level mathematics course, or permission of Instructor or Department or Division Chair.

ECE102AA / 2 CREDITS / 4 PERIODS
Engineering Analysis Tools and Techniques
Learning culture of engineering, engineering use of computer tools, and computer modeling as applied to engineering analysis and design. Prerequisites: Two years of high school algebra or MAT122 or departmental approval. Corequisites: MAT151 or MAT182 or MAT187.
### ECE103 / 2 CREDITS / 4 PERIODS

**SUN EGR 1102**

**Engineering Problem Solving and Design**

Fundamentals of the design process: engineering modeling, communication and problem-solving skills in a team environment. Emphasis on process-based improvements to the design process. Introduction to engineering as a profession. Prerequisites: A grade of C or better in ECE102 OR permission of instructor.

### ECE103AB / 2 CREDITS / 4 PERIODS

**SUN EGR 1102**

**Engineering Problem Solving and Design**

Fundamentals of the design process: engineering modeling, communication and problem-solving skills in a team environment. Emphasis on process-based improvements to the design process. Introduction to engineering as a profession. Prerequisites: (ECE102 or ECE102AA) and (high school physics, or PHY111, or PHY111AA).

### ECE105 / 1 CREDIT / 2 PERIODS

**MATLAB Programming**

Use MATLAB to solve engineering problems. An overview of programming, including matrices, structures, strings, functions, control flow, file management, data analysis, graphing capabilities, and mathematical calculations. Prerequisites: [(MAT150 or MAT151 or MAT152) and MAT182] or MAT187 or higher level mathematics course.

### ECE111 / 3 CREDITS / 5 PERIODS

**Bioengineering Systems**

Introduction to biological concepts and application of engineering to biological and earth systems. Analysis of materials, structures, fluid mechanics, bioelectricity, and dynamics as applied to biological and environmental systems. Prerequisites: None.

### ECE211 / 3 CREDITS / 5 PERIODS

**Engineering Mechanics-Statics**

Mathematical treatment of the basic physical principles of statics. Methods of vector algebra and vector calculus. Prerequisites: A grade of C or better in PHY115 or PHY121 or permission of Instructor or Division or Department Chair. Corequisites: MAT230 or MAT231 or permission of Instructor or Division or Department Chair.

### ECE212 / 3 CREDITS / 5 PERIODS

**Engineering Mechanics-Dynamics**

Kinematics and kinetics of particles, translating and rotating coordinate systems, rigid body kinematics, dynamics of systems of particles and rigid bodies, and energy and momentum principles. Prerequisites: A grade of C or better required in all Prerequisites. Prerequisites: [ECE211 and (PHY115 or PHY121)] or permission of Instructor or Division or Department Chair. Prerequisites or Corequisites: MAT240 or MAT241 or permission of Instructor or Division or Department Chair.

### ECE214 / 4 CREDITS / 6 PERIODS

**Engineering Mechanics**

Foundations of engineering mechanics, including force systems, resultants, equilibrium of particles and rigid bodies, centroids and centers of mass, area and mass moments of inertia, friction, internal forces in structures, kinematics and kinetics of particles, kinematics and kinetics of rigid bodies, energy and momentum principles. Prerequisites: (ECE103 or ECE103AB), (MAT230 or MAT231), and (PHY115 or PHY121). Corequisites: MAT240 or MAT241.

### ECE215 / 3 CREDITS / 5 PERIODS

**Mechanics of Materials**

Designed to provide students with a strong fundamental foundation in the mechanics of solids. Includes the concepts of stress and strain applied to the analysis and design of members subjected to axial
and torsional loads and members subjected to shear and bending, applications and transformation of plane stress and plane strain, deformation of beams, and elastic buckling of columns. Prerequisites: A grade of C or better in ECE211 or ECE214 or permission of Instructor or Division or Department Chair.

**ECE216 / 2 CREDITS / 2 PERIODS**

**Computer-Aided Engineering**

Introduction to engineering graphics, including tolerancing and fasteners, as well as creation and use of engineering drawings. Prerequisites: A grade of C or better in (ECE103 or ECE103EP) OR permission of instructor. Co-Requisites: ECE216LL.

**ECH – Early Childhood Education**

**ECH128 / 3 CREDITS / 3 PERIODS**

**Early Learning: Play and the Arts**

Examines theory, research and practices relating to play and the creative arts in early childhood. Considers practical constraints and alternative perspectives. Prerequisites: None.

**ECH253 / 3 CREDITS / 3 PERIODS**

**National Credential Portfolio Development**

Portfolio or resource file development, completion, and presentation. Self-assessment and credentialing planning, professional development, writing, and critical learning included. Prerequisites: Permission of Program Director.

**ECN – Economics**

**ECN211 / 3 CREDITS / 3 PERIODS**

**Macroeconomic Principles**

A descriptive analysis of the structure and functioning of the American economy. Emphasis on basic economic institutions and factors that determine national income and employment levels. Consideration given to the macroeconomic topics of national income, unemployment, inflation and monetary and fiscal policies. Prerequisites: None.

---

For the most current information regarding course descriptions, log on to curriculum.maricopa.edu.
ECN212 / 3 CREDITS / 3 PERIODS

Microeconomic Principles
Microeconomic analysis including the theory of consumer choice, price determination, resource allocation and income distribution. Includes non-competitive market structures such as monopoly and oligopoly, and the effects of government regulation. Prerequisites: None.

EDU222 / 3 CREDITS / 3 PERIODS

Introduction to the Exceptional Learner
Overview of the exceptional learner with emphasis on factors relating to current practices, identification, characteristics, and educational adaptations. Issues related to mild disabilities, severe disabilities, emotional and behavioral disorders, intellectual disabilities, and students who are gifted. Prerequisites: None. EDU222 requires an approved field experience.

EDU230 / 3 CREDITS / 3 PERIODS

Cultural Diversity in Education
Examination of the relationship of cultural values to the formation of self-concept and learning styles. Examination of the role of prejudice, stereotyping and cultural incompatibilities in education. Emphasis on teacher preparation (preservice and/or inservice) to offer an equal educational opportunity to students of all cultural groups. Prerequisites: None.

EDU236 / 3 CREDITS / 3 PERIODS

Classroom Relationships
Analysis of K-12 classroom interactions, classroom environment, and classroom management skills from a teacher’s point of view. Focus on classroom as a multidimensional environment in which principles of classroom design, communication, management, and resources determine effectiveness. Prerequisites: None. EDU221 suggested but not required. Course Note: Requires a 20-hour field experience in a K-12 classroom.

EDU220 / 3 CREDITS / 3 PERIODS

Introduction to Serving English Language Learners (ELL)
Rationale for and current educational and legal issues for serving English Language Learners (ELL). Comparison and evaluation of various types of language educational models including Structured English Immersion (SEI), English as a Second Language (ESL) and bilingual/Dual Language Immersion (DLI). Includes SEI, ESL, and bilingual/DLI strategies. Prerequisites: None. Course Notes: Approved school-based practicum is required. EDU220 incorporates the 45-clock hour curricular framework for SEI endorsement through the Arizona Department of Education.

EDU221 / 3 CREDITS / 3 PERIODS

Introduction to Education
Overview of the historical, political, economic, social, and philosophical factors that influence education and make it so complex. Opportunity for students to assess their interest and suitability for teaching. Prerequisites: None. Course Note: Requires minimum of 30 hours of field experience in elementary or secondary classroom environment.

EDU250 / 3 CREDITS / 3 PERIODS

Overview of the Community Colleges
The history, functions, organization and current issues in the community/junior college with emphasis on the Arizona community colleges. Prerequisites: None.

For the most current information regarding course descriptions, log on to curriculum.maricopa.edu.

Review of folk and modern literature from a variety of world cultures, including application of literary criteria to folk and modern literature for children. Prerequisites: None. |
| EDU292      | 3       | 3       |
| The Art Of Storytelling |  
Explore the art and origin of storytelling. Provide a variety of storytelling techniques, styles and exercises to enhance the delivery of telling stories. Assist in the integration and application of storytelling to the learning environment in the classroom. Prerequisites: None. Cross-References: HUM292, STO292. |
| EED215      | 3       | 3       |
| Early Learning: Health, Safety, Nutrition and Fitness |  
Consideration of public health issues and safety procedures within early childhood settings, serving young children birth to age eight. Overview of nutritional needs and issues of physical fitness and well-being in young children. Includes field experiences. Prerequisites: None. |
| EED220      | 3       | 3       |
| Child, Family Community and Culture |  
Examines family, community and cultural influences on development of the young child (birth to age eight). Considers trends and threats to attachment, relationships and cultural identity. Includes social and emotional experiences and their impact on the developing brain. Prerequisites: None. |
| EED261      | 1       | 1       |
| Early Childhood Preschool Internship |  
Work experience with preschoolers in early care and education settings. 80 hours of designated work per credit. Prerequisites: Permission of Department or Division. Course Notes: EED261 may be repeated for a total of six (6) credit hours. |
| EEE – Electrical Engineering |  
Digital Design Fundamentals |  
Number systems, conversion methods, binary and complement arithmetic, Boolean switching algebra and circuit minimization techniques. Analysis and design of combinational logic, flip-flops, simple counters, registers, ROMs, PLDs, synchronous and asynchronous sequential circuits, and state reduction techniques. Building physical circuits. Prerequisites: None. Corequisites: CSC100 or CSC110 or permission of Instructor. |

For the most current information regarding course descriptions, log on to curriculum.maricopa.edu.
EEE202 / 5 CREDITS / 7 PERIODS

Circuits and Devices
Introduction to circuits and devices. Component models, transient analysis, steady state analysis, Laplace transform, and active and passive filter networks. Prerequisites: A grade of C or better in PHY116 or PHY131. Corequisites: MAT276 or permission of Instructor.

EEE220 / 4 CREDITS / 5 PERIODS

Programming for Computer Engineering
Introduction to procedural programming (C/C++) and hardware description language (VHDL). Prerequisites: (EEE120 or CSC120) and CSC205 or permission of Instructor.

EEE230 / 4 CREDITS / 5 PERIODS

Computer Organization and Assembly Language
Assembly language programming including input/output (I/O) programming and exception/interrupt handling. Register-level computer organization, I/O interfaces, assemblers, and linkers. Processor organization and design, data path, control, pipelining, and input/output. Memory organization with cache and virtual memory. Prerequisites: [CSC100 or CSC110] and CSC/EEE120, or permission of instructor.

ELT – Electronics Technology

ELT100 / 3 CREDITS / 3 PERIODS

Survey of Electronics
An introduction to the field of electronics for those who may not intend to specialize in electronics. Essentially nonmathematical in nature; includes familiarization with a wide range of electronic components. Application to electronic systems, such as radio transmitters and receivers – both AM (amplitude modulation) and FM (frequency modulation), television transmitters and receivers, logic control, and computers. Application also to automotive electronics. Prerequisites: None.

EMT – Emergency Medical Technology

EMT101 / .5 CREDITS / .5 PERIODS

Basic Life Support/Cardiopulmonary Resuscitation (CPR) for Health Care Providers
Designed to provide the allied healthcare provider with the knowledge and skills to perform Basic Life Support (BLS) according to current guidelines for emergency cardiovascular care (ECC). Prerequisites: None. Course Notes: EMT101 may be repeated for credit.

EMT104 / 10 CREDITS / 10 PERIODS

Emergency Medical Technology
Designed as the Emergency Medical Technician (EMT) lecture to prepare students for scope of practice and standard of care with comprehensive assessment, diagnostic technology, patient advocacy, ethical and professional behaviors, critical thinking, decision-making, and patient management of medical and trauma emergencies and non-emergencies. Prerequisites: Appropriate score on Reading placement test to demonstrate minimum tenth grade level reading, or completion of an Associate’s degree or higher from an accredited institution. Course Notes:

For the most current information regarding course descriptions, log on to curriculum.maricopa.edu.
Students must meet National Registry of EMT requirements for certification. Additional information available at nremt.org. EMT104 may be repeated for credit.

**EMT104AB** / .5 CREDITS / .5 PERIODS

**Applied Practical Studies for Emergency Medical Technology**

Simulation of actual emergency responses, with practical application of techniques and skills covered in EMT curricula. Scenario based learning applied to the techniques of emergency medical care in accordance with national and state curriculum. Practical application of anatomy, physiology, patient assessment, and treatment of medically or traumaically compromised patients, special hazards and medical operations. Also includes patient-assisted medication administration, semi-automatic external defibrillator and blood glucose monitoring. Students operate in outside, scenario based environments. Prerequisites: None. Corequisites: EMT104. Course Notes: EMT/ FSC104AB may be repeated for credit. Cross-References: FSC104AB.

**EMT104LL** / 2 CREDITS / 3.5 PERIODS

**Emergency Medical Technology Practicum**

Designed as the simulated Emergency Medical Technician (EMT) practicum in which the student synthesizes standard of care and scope of practice with comprehensive assessment and diagnostic technology, patient advocacy, ethical and professional behaviors, critical thinking, decision-making, and patient management of medical and trauma emergencies. Provides scenario based learning applied to the techniques of emergency medical care in accordance with national and state curriculum. Prerequisites: A grade of C or better in EMT104 or permission of Instructor or Corequisites: EMT104. Course Notes: EMT104LL may be repeated for credit. Students must meet National Registry of EMT requirements for certification. Additional information available at nremt.org

---

**ENG – English**

**ENG101** / 3 CREDITS / 3 PERIODS

**ENG 1101**

**First-Year Composition**

Emphasis on rhetoric and composition with a focus on expository writing and understanding writing as a process. Establishing effective college-level writing strategies through four or more writing projects comprising at least 3,000 words in total. Prerequisites: Appropriate writing placement test score, or a grade of C or better in ENG091 or ESL097 or WAC101, or a grade of B or better in ALT100, or (a grade of C in ALT100 AND Corequisites: ENC101LL or ENG107LL OR WAC101 OR ENG100A+).

**ENG102** / 3 CREDITS / 3 PERIODS

**ENG 1102**

**First-Year Composition**

Emphasis on rhetoric and composition with a focus on persuasive, research-based writing and understanding writing as a process. Developing advanced college-level writing strategies through three or more writing projects comprising at least 4,000 words in total. Prerequisites: Grade of C or better in ENG101.

**ENG107** / 3 CREDITS / 3 PERIODS

**First-Year Composition for ESL**

Equivalent of ENG 101 for students of English as a Second Language (ESL). Emphasis on rhetoric and composition with a focus on expository writing and understanding writing as a process. Establishing effective college-level writing strategies through four or more writing projects comprising at least 3,000 words in total. Prerequisites: Appropriate writing placement test score, or a grade of C or better in ENG091 or ESL097 or WAC101, or a grade of B or better in ALT100, or (a grade of C in ALT100 AND Corequisites: ENC101LL or ENG107LL OR WAC101 OR ENG100A+).
ENG108 / 3 CREDITS / 3 PERIODS

First-Year Composition for ESL
Equivalent of ENG102 for students of English as a Second Language (ESL). Emphasis on rhetoric and composition with a focus on persuasive, research-based writing and understanding writing as a process. Developing advanced college-level writing strategies through three or more writing projects comprising at least 4,000 words in total. Prerequisites: Grade of C or better in ENG107.

ENG111 / 3 CREDITS / 3 PERIODS

Technical Writing
Covers analyzing, planning, organizing, researching, and writing correspondence, reports, and presentations for specific work-related audiences. Includes integrating data and graphics into work-related documents and presentations. Prerequisites: ENG101 with a grade of “C”, or better, or permission of instructor.

ENG200 / 3 CREDITS / 3 PERIODS

Reading and Writing About Literature
Emphasis on critical analysis of various genres of literature; includes study of necessary terminology, introduction to methods of literary criticism, and practice in interpretation and evaluation. Prerequisites: ENG102

ENG216 / 3 CREDITS / 3 PERIODS

Persuasive Writing on Public Issues
Advanced course in techniques of analyzing and writing persuasive arguments addressing topics of current public interest. Papers research based. Prerequisites: ENG102.

ENG217 / 3 CREDITS / 3 PERIODS

Personal and Exploratory Writing
Using writing to explore one’s self and the world one lives in; emphasis on journal writing as a source and inspiration for public writing. Prerequisites: ENG101 or ENG107 or equivalent.

ENG270 / 3 CREDITS / 3 PERIODS

Workplace Writing
Emphasizes rhetoric and composition with a focus on adapting writing to meet the needs of very specific workplace objectives and audiences. Uses primary and secondary research practices to investigate a variety of workplace discourse communities. Prerequisites: Grade of C or better in ENG102 or ENG108. Course Notes: Develop advanced college-level writing strategies through three or more writing projects comprising at least 4,000 words in total.

ENH – English Humanities

ENH110 / 3 CREDITS / 3 PERIODS

Introduction to Literature
Introduction to international literature through various forms of literary expression; e.g., poetry, drama, essay, biography, autobiography, short story, and novel. Provides a global overview of literature with special emphasis on diverse cultural contributions of women, African Americans, Asian Americans, Hispanic Americans, and Native Americans. Prerequisites: None.

ENH114 / 3 CREDITS / 3 PERIODS

African-American Literature
Survey of major African-American writers from Colonial period through the present; analysis of trends and movements within African-American literary history; analysis of literary types and selected works. Prerequisites: None.

ENH206 / 3 CREDITS / 3 PERIODS

Nature and Environmental Literature
Investigates major themes in nature and environmental writing. Explores relationship between humanity and the environment as expressed through fiction, non-fiction, and poetry. Examines how literature drives attitudes and policies. Prerequisites: None.

For the most current information regarding course descriptions, log on to curriculum.maricopa.edu.
ENH221  /  3 CREDITS  /  3 PERIODS
Survey of English Literature Before 1800
Emphasizes the social and political backgrounds as well as the form and content of English literature from Anglo-Saxon times to the end of the eighteenth century. Prerequisites: (ENG101 or ENG107) or equivalent.

ENH222  /  3 CREDITS  /  3 PERIODS
Survey of English Literature After 1800
Emphasizes the social and political backgrounds as well as the form and content of English literature in the nineteenth and twentieth centuries. Prerequisites: (ENG101 or ENG107) or equivalent.

ENH241  /  3 CREDITS  /  3 PERIODS
American Literature Before 1860
Includes literature written prior to 1860 in the United States. Prerequisites: None.

ENH242  /  3 CREDITS  /  3 PERIODS
American Literature After 1860
Includes literature written after 1860 in the United States. Prerequisites: None.

ENH251  /  3 CREDITS  /  3 PERIODS
Mythology
Deals with the myths and legends of civilizations with the greatest influence upon the development of the literature and culture of the English speaking people, and compares those myths with myths from other cultures. Prerequisites: None.

ENH253  /  3 CREDITS  /  3 PERIODS
Contemporary Global Literature and Film
Characteristics of literary and cinematic mediums. Challenges of adapting literature to film. Global examination of historical, religious, socio-economic, political, and colonial/post colonial themes depicted in Western and non-Western literature and film (e.g., Africa, Asia, and Latin America) outside the United States. Use of narrative in each medium and how it translates various global/international perspectives and cultural assumptions. Specific genres present in literature and film. Cultural metaphors and symbols used in literature and film. Prerequisites: ENG101.

ENH254  /  3 CREDITS  /  3 PERIODS
Literature and Film
Presents works of literature and their film versions and analyzes distinguishing techniques of each medium. Prerequisites: ENG101, or ENG107, or equivalent.

ENH255  /  3 CREDITS  /  3 PERIODS
Contemporary U.S. Literature and Film
Strengths and weaknesses of literature and film. Challenges of adapting literature to film. Addressing racial, ethnic, gender, class and religious differences between cultures and mediums. Use of narrative in each medium and how it translates various cultural values and assumptions. Specific genres present in literature and film. Cultural metaphors and symbols used in literature and film. Prerequisites: ENG101.

ENH259  /  3 CREDITS  /  3 PERIODS
American Indian Literature
Contemporary American Indian forms of literary expression. Selected oral traditions of American Indians. Trends and movements within American Indian literary history. Prerequisites: None.

ENH260  /  3 CREDITS  /  3 PERIODS
Literature of the Southwest
Investigates major themes in Southwestern American literature including the Western myth, minority roles in the region’s literature, control of nature versus primacy of nature, and growth. Both prose and poetry are examined with an emphasis on contemporary Southwestern writing. Prerequisites: None.

ENH284  /  3 CREDITS  /  3 PERIODS
19th Century Women Writers
Investigates major themes in literature by women writing in the 19th century including the nature of

For the most current information regarding course descriptions, log on to curriculum.maricopa.edu.
women’s lives in the family, in work situations, and in society. Poetry, prose, essays and drama are examined with an emphasis on common themes. Prerequisites: None.

**ENH285** / 3 CREDITS / 3 PERIODS

**Contemporary Women Writers**
Explores twentieth century literature (short stories, essays, plays, and poetry) written by women and about women. Focus on themes relevant to women’s lives regardless of age, creed, or ethnic background. Prerequisites: None.

**ENH291** / 3 CREDITS / 3 PERIODS

**Children’s Literature**
Review of folk and modern literature from a variety of world cultures, including application of literary criteria to folk and modern literature for children. Prerequisites: None.

**ENH295** / 3 CREDITS / 3 PERIODS

**Banned Books and Censorship**

**ENV – Environmental Studies**

**ENV101** / 4 CREDITS / 6 PERIODS

**Introduction to Environmental Science**
Interdisciplinary analyses of interactions among living and non-living environmental components, focusing on human influences. Scientific methods of investigating and solving environmental problems are introduced. Prerequisites: None.

**ESL – English as a Second Language**

**ESL001BB** / 2 CREDITS / 2 PERIODS

**Basic ESL I: Services & Employment**
Listening, speaking, reading and writing in English at a basic level. Focus on survival skills related to services and employment when living in the United States. Introduction to elementary grammatical patterns. Prerequisites: ESL001BA or permission of instructor.

**ESL001BC** / 2 CREDITS / 2 PERIODS

**Basic ESL I: Shopping & Everyday Life**
Listening, speaking, reading and writing in English at a basic level. Focus on survival skills related to shopping and everyday life when living in the United States. Introduction to elementary grammatical patterns. Prerequisites: ESL001BB or permission of instructor.

**ESL010** / 3 CREDITS / 3 PERIODS

**English as a Second Language I: Grammar**
First level of English as a Second Language (ESL). Emphasis on basic conversational skills, pronunciation, vocabulary building and grammar. Some reading and sentence level writing. Credit (P) or no credit (Z). Standard grading available according to procedures outlined in catalog. May be repeated for a maximum of six (6) credits. Prerequisites: Appropriate ESL placement test score.

**ESL011** / 3 CREDITS / 3 PERIODS

**English as a Second Language I: Listening and Speaking**
Emphasis on listening and speaking skills involving survival skills. Asking and answering questions related to work, shopping, and personal safety. May be repeated for a maximum of six (6) credits. Prerequisites: Appropriate ESL placement test score or ESL002.

For the most current information regarding course descriptions, log on to curriculum.maricopa.edu.

</tr>
</tbody>
</table>

For the most current information regarding course descriptions, log on to curriculum.maricopa.edu.
ESL032  /  3 CREDITS  /  3 PERIODS
ESL III-Writing with Oral Practice
Emphasis on complex sentence patterns in writing and speech. Introduction to the prewriting and writing process in a college setting. May be repeated for a maximum of six (6) credits. Prerequisites: Appropriate ESL course placement score, or a grade of C or better in ESL022, or permission of instructor.

ESL036  /  3 CREDITS  /  3 PERIODS
Reading English as a Second Language III
Designed for students who are learning English as a second language. Instruction for more advanced vocabulary and reading comprehension skills. Prerequisites: Appropriate ESL placement test score, or grade of “C” or better in ESL/RDG026, or permission of Instructor.

ESL040  /  3 CREDITS  /  3 PERIODS
English as a Second Language IV: Grammar
Fourth-level of English as a Second Language (ESL). Continued emphasis on sentence structure and paragraph building. Extensive grammar study and writing practice. Credit (P) or no credit (Z). Standard grading available according to procedures outlined in catalog. May be repeated for a maximum of six (6) credits. Prerequisites: Appropriate ESL placement test score or a grade of P or C or better in ESL030. Course Notes: ESL040 may be repeated for a total of six (6) credit hours. Credit (P) or no credit (Z). Standard grading available according to procedures outlined in catalog.

ESL041  /  3 CREDITS  /  3 PERIODS
English as a Second Language IV: Listening and Speaking
Emphasis on academic skills. Listening to lectures, notetaking, peer interaction, accessing and using media resources, formal oral presentations. Prerequisites: Appropriate ESL placement test score or ESL030 or ESL031 or ESL032 or RDG/ESL036. Course Notes: ESL041 may be repeated for a maximum of six (6) credits.

ESL042  /  3 CREDITS  /  3 PERIODS
ESL IV-Writing with Oral Practice
Emphasis on paragraph writing and oral recitation of complex sentences and paragraphs. Introduction to the prewriting and writing process for short essays. May be repeated for a maximum of six (6) credits. Prerequisites: Appropriate ESL course placement score, or a grade of C or better in ESL032, or permission of instructor.

ESL046  /  3 CREDITS  /  3 PERIODS
Reading English as a Second Language IV
Developed for students of English as a second language. Development of advanced vocabulary, comprehension skills, and culture awareness. Prerequisites: Appropriate ESL placement test score, or grade of “C” or better in ESL/RDG036, or permission of Instructor.

ESL050  /  3 CREDITS  /  3 PERIODS
Review Grammar For ESL
Review of grammatical concepts for ESL (English as a Second Language) students who have some previous experience in reading and writing English. Appropriate for students who want to practice sentence skills in English. May be repeated for a total of six (6) credits. Prerequisites: Appropriate ESL course placement score, or a grade of “C” or better in ESL040, or permission of instructor.

ESL051  /  3 CREDITS  /  3 PERIODS
Pronunciation Improvement for ESL Speakers
Individualized pronunciation practice and drills for ESL (English as a Second Language) speakers. Prerequisites: Appropriate ESL course placement score, or a grade of C or better in (ESL020 or ESL021 or ESL022 or RDG/ESL026), or permission of instructor. Course Notes: ESL051 may be repeated for a total of six (6) credits.

safety practices and procedures used in utility line work industry. Prerequisites: None.

**EUT112  /  4 CREDITS  /  4 PERIODS**

**Basic Electricity: AC and DC**
Reviews the basic principles of Alternating Current (AC) and Direct Current (DC) electricity. Examines the structure and function of AC and DC circuits including series, parallel and series-parallel circuits. Includes an overview of electric systems and their applications in the utility industry. Prerequisites: None. Corequisites: EUT110 and EUT115.

**EUT115  /  4 CREDITS  /  12 PERIODS**

**Field Training I**
Practice in the basics of climbing and working on utility poles. Focuses on apparatus and equipment, using ropes and rigging equipment, installations of single and double cross arms, pole framing and setting, use of hand line and building single-phase lines. Prerequisites: None. Corequisites: EUT110, EUT112.

**EUT210  /  2 CREDITS  /  2 PERIODS**

**Line Work II**
Overview of line work industry including its history, technological developments and current practices. Examines industry equipment and tools. Focuses on hot sticking, tag out and lock out procedures with emphasis on industry safety practices and procedures. Prerequisites: EUT110.

**EUT211  /  4 CREDITS  /  4 PERIODS**

**Electrical Apparatus**
Overview of transformers and how they operate. Reviews single and three-phase theory. Focuses on construction and hook-up of single-phase, three-phase, open Y and Delta transformer connections. Presents an overview of surge arresters, including applications and installation. Prerequisites: EUT110, EUT112 and EUT115. Corequisites: EUT215.

**EUT215  /  4 CREDITS  /  12 PERIODS**

**Field Training II**
Practice in the installation of electrical lines including transformers, reclosers, and service loops. Teaches rubber gloving, hot sticking techniques, and trenching of underground lines. Practice in the safe set-up and operation of equipment used in the line industry with a focus on the development of entry-level skills as drivers and operators. Includes procedures and practice in pole-top and bucket-truck rescues. Prerequisites: EUT110, EUT112, and EUT115. Corequisites: EUT211.

**EXS – Exercise Science**

**EXS101  /  3 CREDITS  /  3 PERIODS**

**Introduction to Exercise Science**
Introductory course that will provide the student with a general overview of the key theories and concepts, professions, and research areas associated with the field of Exercise Science. Educational pathways and career options will also be examined. Prerequisites: None.

**EXS112  /  3 CREDITS  /  3 PERIODS**

**Professional Applications of Fitness Principles**
Basic principles of fitness for the prospective fitness professional and characteristics of quality communication and fitness leadership. Topics include behavior modification, enhancing motivation components of fitness, fitness assessment, risk stratification, exercise programming and modifications. Prerequisites: None.

**EXS125  /  3 CREDITS  /  3 PERIODS**

**Introduction to Exercise Physiology**
Principles of exercise science applied to teaching fitness/aerobics. Major factors related to the function of the human body. Emphasis on anatomy/physiology, exercise physiology, and biomechanics. Prerequisites: None. BIO160 recommended but not required.
EXS130  /  3 CREDITS  /  3 PERIODS

Strength Fitness-Physiological Principles and Training Techniques

Principles and techniques of strength training including strength physiology, performance factors, training recommendations, exercise techniques, and program design and management. Prerequisites: None.

EXS132  /  3 CREDITS  /  3 PERIODS

Cardiovascular Fitness: Physiological Principles and Training Techniques

Covers principles and techniques of aerobic training and the application of these to the development of aerobic training programs. Includes instructional techniques and safety, and stresses injury prevention. Prerequisites: None.

EXS145  /  3 CREDITS  /  4.5 PERIODS

Guidelines for Exercise Testing and Prescription

Follows the current ACSM guidelines for health appraisal, risk assessment, safety of exercise, exercise testing, and exercise prescription. Prerequisites: None.

EXS210  /  2 CREDITS  /  3 PERIODS

Assessment and Program Design: Muscular Fitness

Principles of muscular fitness training including evaluation of movement patterns, selection and interpretation of assessment techniques and evidence-based program design for healthy and special populations. Prerequisites: A grade of C or better in EXS125.

EXS211  /  2 CREDITS  /  3 PERIODS

Assessment and Program Design: Flexibility and Balance

Principles of flexibility and balance including evaluation of movement patterns, selection and interpretation of assessment techniques and evidence-based program design for healthy and special populations. Prerequisites: A grade of C or better in EXS125.

EXS13  /  2 CREDITS  /  3 PERIODS

Assessment and Program Design: Weight Management and Motivation

Principles of weight management including evidence-based program design and interpretation of assessments for various populations as well as explanation of theories of motivation and behavior modification. Prerequisites: A grade of C or better in EXS125.

EXS214  /  2 CREDITS  /  3 PERIODS

Instructional Competency: Flexibility and Mind-Body Exercises

Fundamental methods of instructing and leading fitness activities including flexibility activities. Core competencies identified by professional certification agencies. Prerequisites: A grade of C or better in (EXS125 and HES100) or permission of Instructor.

EXS215  /  3 CREDITS  /  4 PERIODS

Resistance Training and Recovery Techniques

Fundamental methods for safe and effective instruction of resistance and functional movement training exercises. Application of foundational principles of physiology and kinesiology. Overview of warm-up, cooldown, and recovery techniques. Prerequisites: A grade of C or better in EXS125 or permission of Instructor.

EXS216  /  2 CREDITS  /  3 PERIODS

Instructional Competency: Muscular Strength and Conditioning

Fundamental methods of instructing and leading fitness activities including strength and conditioning activities. Core competencies identified by professional certification agencies. Prerequisites: A grade of C or better in (EXS125 and HES100) or permission of Instructor.

For the most current information regarding course descriptions, log on to curriculum.maricopa.edu.
**EXS217  /  3 CREDITS  /  4 PERIODS**

**Cardiorespiratory and Flexibility Training**

Fundamental methods for safe and effective instruction of cardiorespiratory and flexibility training exercises. Application of foundational principles of physiology and kinesiology. Prerequisites: A grade of C or better in EXS125 or permission of Instructor.

**EXS218  /  2 CREDITS  /  3 PERIODS**

**Instructional Competency: Cardiorespiratory Exercises and Activities**

Fundamental methods of instructing and leading fitness activities including cardiorespiratory exercises and activities. Core competencies identified by professional certification agencies. Prerequisites: A grade of C or better in (EXS125 and HES100) or permission of Instructor.

**EXS230  /  3 CREDITS  /  3 PERIODS**

**Introduction to Research Methods in Health and Exercise Science**

Introduction to the general nature of research with specific application to accessing, reading, evaluating, and reporting research in health and exercise science. Introduce students to select, data-based literature in order to engender an appreciation for and ability to critically evaluate health/exercise science research. Prerequisites: (ENG101 or ENG107) and MAT082 or permission of Instructor.

**EXS239  /  3 CREDITS  /  5.4 PERIODS**

**Practical Applications of Personal Training Skills and Techniques Internship**

A capstone experience in a fitness or health related facility. Eighty (80) hours of designated work per credit. Prerequisites: Completion of a grade of C or better in nine (9) credits of EXS courses, approved by the Department Chair and/or Director, current CPR and AED card, and permission of Department or Division. Course Notes: CPR certification must be current through the duration of the internship. EXS239 may be repeated for a maximum of six (6) credits.

**EXS285  /  3 CREDITS  /  3 PERIODS**

**Exercise Program Design and Instruction**

Business aspects of the fitness profession such as program administration, quality assurance, and effective communication skills for the professional personal trainer and/or strength and conditioning coach. Implementation of behavioral strategies, progression of program planning, and development of programs for populations with special physical/medical needs. Designing exercise programs in an internship setting. Prerequisites: EXS145 or permission of instructor.

**EXS290  /  3 CREDITS  /  3 PERIODS**

**Introduction to Evidence-Based Practice**

Introduction to best practices in the acquisition, analysis, synthesis, and potential application of research in the discipline of exercise science. Specific emphasis on the application of research-based evidence for applied problem solving in exercise science. Prerequisites: A grade of C or better in [(RDG100, or RDG100LL, or RDG111, or RDG112, or RDG113 or satisfactory District reading placement) and (MAT090, or MAT091, or MAT092, or satisfactory District math placement) and (ENG101 or ENG107)] or permission of Instructor. EXS101 recommended.

**FON – Food and Nutrition**

**FON100  /  3 CREDITS  /  3 PERIODS**

**Introductory Nutrition**

Introduction to the science of food and human nutrition. Current sustainable dietary recommendations and applications for maximizing well-being and minimizing risk of chronic disease throughout the life cycle. An overview of the nutrients, emphasizing the importance of energy and fluid balance, and optimal functioning of the digestive system. Understanding factors that influence food intake in different cultures. Methods for evaluating credibility of nutrition claims, a focus on modern food safety and technology practices, and a worldview of nutrition are included. Emphasis is
on personal dietary behavior change for a holistic life of wellness. Prerequisites: None.

**FON104 / 1 CREDIT / 1 PERIOD**

Certification in Food Service Safety and Sanitation

Preparation for and certification in a national food sanitation and safety program. Emphasis on food from purchasing, receiving, and storing to preparation, holding, and serving. Focuses on safe and sanitary food service facilities and equipment, employee habits and personal hygiene, and role of management in safety and sanitation. Includes time-temperature principles, foodborne illnesses, pest control, accident prevention, standards for cleaning and sanitizing, and regional regulations and standards. Prerequisites: None.

**FON125 / 1 CREDIT / 1 PERIOD**

Introduction to Professions in Food, Nutrition, and Dietetics

Overview and discussion of career opportunities in the fields of food, nutrition, and dietetics. Includes information about history, ethics, standards of practice, communication and counseling skills. Emphasis on how to become a Registered Dietitian Nutritionist or a Dietetic Technician Registered. Prerequisites: None.

**FON142AB / 3 CREDITS / 5 PERIODS**

Applied Food Principles

Exploration and applications of scientific principles involved in food preparation; experiences with basic cooking methods; emphasis on the rationale of cooking techniques. Prerequisites: None.

**FON143 / 3 CREDITS / 3 PERIODS**

Food and Culture

Understanding diet in the context of culture. Historical, religious, and socio-cultural influences on the development of cuisine, meal patterns, eating customs, cooking methods, and nutritional status of various ethnic groups. Traditional and contemporary food habits. Health and social impact of changes in diet. Preparation and serving of foods from many cultures. Prerequisites: None.

**FON207 / 3 CREDITS / 3 PERIODS**

Introduction to Nutrition Services Management

Principles, knowledge, and techniques required for effective nutrition services management. Includes nutrition service issues in relation to health care trends, leadership skills, management theories and styles, food service manager responsibilities, and laws which pertain to nutrition service operations. Prerequisites: MAT092 or equivalent, or satisfactory score on district placement exam.

**FON225 / 3 CREDITS / 3 PERIODS**

Research in Complementary and Alternative Nutrition Therapies

Introduction to basic research methods and statistics as applied to complementary and alternative nutrition therapies. Emphasis on the analysis and interpretation of health-related research. Prerequisites: MAT092 or equivalent, or satisfactory score on district placement exam.

**FON241 / 3 CREDITS / 3 PERIODS**

Principles of Human Nutrition

Scientific principles of human nutrition. Emphasis on scientific literacy and the study of nutrients for disease prevention. Includes micro and macro nutrients, human nutrient metabolism and nutrition’s role in the health of the human body throughout the life cycle. Addresses nutrition principles for prevention of nutrition-related health conditions. Prerequisites: None.

**FON241LL / 1 CREDIT / 3 PERIODS**

Principles of Human Nutrition Laboratory

Self-evaluative laboratory experience to complement FON241, Principles of Human Nutrition using anthropometric, biochemical, and dietary analysis. Includes the use of qualitative and quantitative methodology to determine nutritional status and evaluate methodological applications. Prerequisites or Corequisites: A grade of C or better in FON241 and BIO160.

For the most current information regarding course descriptions, log on to curriculum.maricopa.edu.
**FON242 / 3 CREDITS / 3 PERIODS**

**Introduction to Medical Nutrition Therapy**

Introduction to fundamental principles of medical nutrition therapy. Emphasis on development and analysis of diets that fit an individual's personal and therapeutic needs. Includes strategies to promote dietary adherence and the development of educational programs for a diverse adult population. Prerequisites: A grade of C or better in FON241 and BIO160.

**FON244AA / 2 CREDITS / 2 PERIODS**

**Food Service Management Practicum**

Classroom preparation and training, under the instruction and supervision of a registered dietitian. Understanding of principles, knowledge, and skills required for the delivery of medical nutrition therapy. Comprehension of nutritional screening, assessment, monitoring, and evaluation for common and complex medical conditions, medical documentation, patient interviewing and counseling, and education in health promotion and disease prevention. Competencies in the classroom met prior to their application in supervised practice settings during the practicum lab (FON245AB). Prerequisites: A grade of C or better in FON104, FON125, FON142AB, FON207 and FON242. Students must be in compliance with the Maricopa Community Colleges Allied Health Program Student Policies. Permission of Program Director required. Corequisites: FON244AB.

**FON244AB / 2.5 CREDITS / 10 PERIODS**

**Food Service Management Practicum Laboratory**

Practicum experience under the supervision of a registered dietitian. Application of principles, knowledge, and skills required in the delivery of nutrition services for food service management including food service operations, quantity food production, procurement, organizing and management principles, facility design and equipment, financial management, food safety and sanitation, menu planning, and marketing. Prerequisites: A grade of C or better in FON125, FON242, HCC145AA, and MAT092 or equivalent, or satisfactory score on district placement exam. Students must be in compliance with the Maricopa Community Colleges Allied Health Program Student Policies. Permission of Program Director required. Corequisites: FON245AB.

**FON246AA / 2 CREDITS / 2 PERIODS**

**Community Nutrition Practicum**

Classroom preparation and training, under the instruction of a registered dietitian. Understanding of...
principles, knowledge and skills required in the delivery of nutrition services in community-based agencies, outpatient health care settings, and social service agencies. Includes knowledge and understanding of nutrition intervention and wellness promotion for individuals and groups across the lifespan, i.e. infants through geriatrics with a diversity of cultural, religious and social backgrounds. Competencies in the classroom met prior to their application in supervised practice settings during the practicum lab (FON246AB). Prerequisites: A grade of C or better in FON125 and FON242. Students must be in compliance with the Maricopa Community Colleges Allied Health Program Student Policies. Permission of Program Director required. Corequisite: FON246AB.

**FON246AB / 2 CREDITS / 10 PERIODS**

**Community Nutrition Practicum Laboratory**

Practicum experience under the supervision of a registered dietitian. Application of principles, knowledge and skills required in the delivery of nutrition services in community-based agencies, outpatient health care settings, and social service agencies. Includes nutrition intervention and wellness promotion for individuals and groups across the lifespan, i.e. infants through geriatrics with a diversity of cultural, religious and social backgrounds. Prerequisites: A grade of C or better in FON125 and FON242. Students must be in compliance with the Maricopa Community Colleges Allied Health Program Student Policies. Permission of Program Director required. Corequisite: FON246AA.

**FON247 / 3 CREDITS / 3 PERIODS**

**Weight Management Theory**

Comprehensive study of genetic, physiological, psychological, metabolic, and environmental influences on body weight. In-depth study of the theories of body weight with emphasis on distinguishing between behavioral and biological approaches. Focus on discovering successful healthful long-term weight management strategies. Prerequisites: FON100 or FON241 or permission of instructor.

---

**GBS – General Business**

**GBS120 / 3 CREDITS / 3 PERIODS**

**Workplace Communication Skills**

Reviews planning, organization, development, and evaluation of written and oral communication in business settings, including informative and persuasive messages. Prerequisites: None.

**GBS131 / 3 CREDITS / 3 PERIODS**

**Business Calculations**

Review of basic arithmetic and application of mathematics to business problems, includes percentage, interest, discount, and markups. Prerequisites: None.

**GBS132 / 3 CREDITS / 3 PERIODS**

**Personal and Family Financial Security**

Principles and practices of personal and family financial planning, includes savings, budgeting, credit, buying versus renting and general principles of consumerism. Prerequisites: None.

**GBS151 / 3 CREDITS / 3 PERIODS**

**Introduction to Business**

Characteristics and activities of current local, national, and international business. An overview of economics, marketing, management and finance. Prerequisites: None.

**GBS205 / 3 CREDITS / 3 PERIODS**

**Legal, Ethical, and Regulatory Issues in Business**

Legal theories, ethical issues and regulatory climate affecting business policies and decisions. Prerequisites: None.

## GLG – Geology

### GLG101 / 3 CREDITS / 3 PERIODS

**Introduction to Geology I – Physical Lecture**

Introduction to Earth’s materials, surface and internal geologic processes, plate tectonics and geologic time. Prerequisites: None.

### GLG102 / 3 CREDITS / 3 PERIODS

**Introduction to Geology II – Historical Lecture**

The origin and history of the Earth, its dynamic geographic and climatic changes. Evolution and sequence of life recorded in the fossil record; tectonic evolution of major continents through time. Prerequisites: None.

### GLG103 / 1 CREDIT / 3 PERIODS

**Introduction to Geology I – Physical Lab**

May accompany GLG101. Includes practical experience in rock and mineral identification, topographic maps, and applied problems in geology. Prerequisites: None.

### GLG104 / 1 CREDIT / 3 PERIODS

**Introduction to Geology II – Historical Lab**

May accompany GLG102. The study of minerals, rocks, fossils, geologic maps and structures. Prerequisites: None.

### GLG110 / 3 CREDITS / 3 PERIODS

**Geologic Disasters and the Environment**

Acquaints students with the use and importance of geological studies as they apply to the interactions between people and the Earth. Includes geological processes and hazards such as earthquakes, volcanoes, floods and landslides. Examines environmental impact and use of mineral and energy resources. Prerequisites: None. Course Notes: Enrollment in both a GLG110IN lecture section and a GLG110IN laboratory section is required.

### GLG110IN / 4 CREDITS / 6 PERIODS

**Geologic Disasters and the Environment**

Acquaints students with the use and importance of geological studies as they apply to the interactions between people and the Earth. Includes geological processes and hazards such as earthquakes, volcanoes, floods and landslides. Examines environmental impact and use of mineral and energy resources. Prerequisites: None. Course Notes: Enrollment in both a GLG110IN lecture section and a GLG110IN laboratory section is required.

### GLG111 / 1 CREDIT / 3 PERIODS

**Geological Disasters and the Environment Lab**

Introduction to geological processes and concepts. Application of basic geologic knowledge to evaluate, interpret and propose solutions for a variety of current and past geology-related environmental disasters and hazards. Prerequisites: None. Course Notes: May accompany GLG110.

### GLG229AA / 1 CREDIT / 5 PERIODS

**Field Studies for Educators**

Field trips to selected geological areas in Arizona in order to collect and/or observe geological phenomena. Designed for pre-college teachers. Prerequisites: None.

### GLG230AA / 1 CREDIT / 5 PERIODS

**Field Geology of the Southwest**

Field trips to selected areas in the Southwest, such as Arizona, Utah, California, and Sonora to observe and interpret various geological features and phenomena. Prerequisites: None. GLG103 suggested but not required. Course Notes: GLG230AA may be repeated for a total of four (4) credit hours.

### GLG298AA / 1 CREDIT / 1 PERIOD

**Special Projects**

Service-learning field experience within human service organizations, government offices, public schools, or hospitals. Requisites: Prerequisites: Permission of Program Director or Instructor. Course Notes: May be

---

For the most current information regarding course descriptions, log on to [curriculum.maricopa.edu](http://curriculum.maricopa.edu).
repeated for a total of six (6) GLG282 credit hours; may not repeat specific agency assignment for more than three (3) credit hours. Standard grading available according to procedures outlined in catalog

**HCC – Health Core Curriculum**

**HCC130 / 3 CREDITS / 3 PERIODS**

**Fundamentals in Health Care Delivery**
Overview of current and recent development of health care professions, including career and labor market information, health care delivery systems, third party payers, and facility ownership. Health organization structure, patient rights and quality care. Health care and life values. Definition and importance of values, ethics, and essential behaviors in the workplace. Worker rights and responsibilities. Healthful living practices to include nutrition, stress management and exercise. Occupational Safety and Health Administration (OSHA) standard precautions and facility safety. Use of principles of body mechanics in daily living activities. Basic communication skills which facilitate inter-professional teamwork in the health care setting. Focus on development of personal communication skills and an understanding of how effective communication skills promote teamwork. Focus on intercultural communication strategies. Prerequisites: None.

**GPH – Physical Geography**

**GPH111 / 4 CREDITS / 6 PERIODS**

**Introduction To Physical Geography Lecture**
Earth’s physical processes and impacts on human environments via the atmosphere, biosphere, lithosphere and hydrosphere. Topics include severe weather, climate change, biomes and ecosystems, landform processes; mountain building and erosion by rivers, glaciers, waves and wind. Prerequisites: None.

**GPH112 / 1 CREDIT / 3 PERIODS**

**Introduction to Physical Geography LAB**
Laboratory experience in support of GPH111. Prerequisites or Corequisites: GPH111.

**GPH212 / 3 CREDITS / 3 PERIODS**

**Introduction to Meteorology I**
Earth’s physical processes and impacts on the human environment via the atmosphere, biosphere, lithosphere and hydrosphere. Practical experiences include earth-sun relationships, weather, climate, biomes, landform processes; mountain building and erosion by rivers, glaciers, waves and wind, topographic maps. Prerequisites: A grade of C or better in GPH111 or Corequisites: GPH111.

**GPH214 / 1 CREDIT / 3 PERIODS**

**Introduction to Meteorology Laboratory I**
Basic meteorological and climatological measurements. Prerequisites: None. Corequisites: GPH212.

For the most current information regarding course descriptions, log on to curriculum.maricopa.edu.
using standard word parts. Selected abbreviations and symbols and term spelling.

HES – Health Science

HES100  /  3 CREDITS  /  3 PERIODS
Healthful Living
Health and wellness and their application to an optimal life style. Explores current topics of interest such as stress management, nutrition, fitness, and environmental health. Evaluates common risk factors associated with modern lifestyles. Prerequisites: None.

HES210  /  3 CREDITS  /  3 PERIODS
Cultural Aspects of Health and Illness
Examines how culture influences health and illness, health care practices, barriers to health care, interactions with health care professionals, and health disparities in the U.S. Prerequisites: None.

HES271  /  3 CREDITS  /  3 PERIODS
Sports Medicine Foundations
Introduction to sports medicine knowledge, techniques, and careers. Exploration of current trends in athletic injury prevention, management and rehabilitation including wound care, taping, wrapping, bracing, splinting and protective equipment. Prerequisites: None.

HCR – Health Care Related

HCR210  /  3 CREDITS  /  3 PERIODS
Clinical Health Care Ethics
An introduction to health care ethics with emphasis on analysis and ethical decision making at both the clinical and health policy levels for health care professionals. Theoretical foundation of bioethics reviewed within historical and contemporary contexts. Prerequisites: ENG102 or ENG108 or permission of Instructor.

HCR220  /  3 CREDITS  /  3 PERIODS
Introduction to Nursing and Health Care Systems
Introduction to the social, political, and economic contexts of the nursing profession and health care systems in the United States. Prerequisites: Grade of “C” or better in ENG102 or ENG108.

HCR230  /  3 CREDITS  /  3 PERIODS
Culture and Health
Relation between cultures of diverse groups and health/illness. Emphasis on cross-cultural communication, including awareness of own cultural influences and indigenous and complementary healing practices. Prerequisites: None.

HCR240  /  4 CREDITS  /  4 PERIODS
Human Pathophysiology
Chemical, biological, biochemical, and psychological processes as a foundation for the understanding of alterations in health. The structural and functional pathophysiology of alterations in health; selected therapeutics considered. Prerequisites: BIO202 or BIO205, or permission of Instructor.

HIS – History

HIS102  /  3 CREDITS  /  3 PERIODS
History of Western Civilization
1789 to Present
Survey of origin and development of Western civilization and its institutions from French Revolution through the present. Prerequisites: None.

HIS103  /  3 CREDITS  /  3 PERIODS
United States History to 1865
The political, economic, and social development of the United States from the Pre-Columbian period through the end of the Civil War (1865). Prerequisites: None.

For the most current information regarding course descriptions, log on to curriculum.maricopa.edu.

</table>
| HIS104      | 3       | 3       | United States History 1865 to Present  
The political, economic, and social development of the United States from 1865 to the present. Prerequisites: None. |
| HIS105      | 3       | 3       | History of Mexico  
Survey of the political, economic, and social forces which have shaped the development of Mexico from pre-Columbian times to the present. Prerequisites: None. |
| HIS106      | 3       | 3       | Southwest History  
Survey of Hispanic, Anglo, African-American and Native cultures of the peoples who have settled the American Southwest. Emphasis on cattle, mining, fur trade and transportation industries and role development of the region. Prerequisites: None. |
| HIS108      | 3       | 3       | United States History 1945 to the Present  
Survey of American history from 1945 to the present. Focuses on the political, social, economic and cultural history of the United States from the end of World War II to the present time. Includes domestic developments and foreign policy. Prerequisites: None. |
| HIS109      | 3       | 3       | Mexican-American History and Culture  
Examination of origins and development of Spanish-American and Mexican-American peoples and their contribution to culture, history and development of United States. Emphasis on Mexican-American War and its impact on educational, social, and economic conditions of the Mexican-Americans of the southwest. Prerequisites: None. |
| HIS110      | 3       | 3       | World History to 1500  
Survey of the economic, social, cultural, and political elements of world history from the beginning of human civilization to 1500. Prerequisites: None. |
| HIS111      | 3       | 3       | World History 1500 to the Present  
Survey of the economic, social, cultural, and political elements of world history from 1500 to the present. Prerequisites: None. |
| HIS113      | 3       | 3       | History of Eastern Civilizations to 1850  
An examination of the characteristics and development of civilizations, religions and philosophies of the Middle East, India, Far East, and Southeast Asia. From ancient times to the mid-nineteenth century. Prerequisites: None. |
| HIS140      | 3       | 3       | American Indian History  
Survey of American Indian history with emphasis on the last 200 years including developments in the 20th century. Focuses on selected groups such as the Cherokee, Iroquois Confederation, Navajo, Sioux and Indians of the Southwest in relation to cultural, economic, political and social continuity and changes. Topics include development and influence of federal policies, past and present issues confronting Native Americans and how Native American individuals and communities maintain their identities as they confront social changes. Prerequisites: None. |
| HIS201      | 3       | 3       | History of Women in America  
Introduction to women's history from the colonial period to the present. Deals chronologically with changes and developments which have influenced the lives of women. Prerequisites: None. |

### HUM251 / 3 CREDITS / 3 PERIODS

**Ideas and Values in the Humanities: Renaissance to the Contemporary World**

An historical analysis of the interrelationships of art, architecture, literature, music, and philosophy from the Renaissance to modern period, including Western and Non-Western cultures. Prerequisites: A grade of C or better in ENG101.

---

### IBS – International Business

**IBS101 / 3 CREDITS / 3 PERIODS**

**Introduction to International Business**

A basic overview of international business to introduce students to international trade concepts. Focus of the course is on international business environment issues that influence global business practices, decisions and applications. Prerequisites: None.

---

### IFS – Information Studies

**IFS201 / 3 CREDITS / 3 PERIODS**

**Information in a Post-Truth World**

Development of critical thinking skills in using information. Exploration of how information can be used as a tool or a weapon. Explanation of the role of information as a consumer and creator. Recognition of the impact of culture and worldview on how information is understood, created, and disseminated. Prerequisites: A grade of “C” or better in ENG101 or ENG107.

**IFS210 / 3 CREDITS / 3 PERIODS**

**Information Without Borders: Research in a Global Society**

A comparative study focused on access to digital information in a global environment. Explore the global culture developing around the Internet and the impact of local, national and global cultures as well as economic and social factors related to the flow of information in a global society. Examine emerging technologies to produce and distribute information across cultures in a global society in an ethical manner. Prerequisites: None. Course Notes: IFS210 may be repeated for a total of six (6) credit hours.

---

### ITS – Information Technology Security

**ITS100 / 1 CREDIT / 2 PERIODS**

**Information Security Awareness**

Computer and network security topics, including network communication. Includes security policy, implementation of basic security measures, the importance of backups and the value of protecting intellectual property. Real-life examples and practical projects to reinforce the need for computer security. Prerequisites: None.

**ITS110 / 3 CREDITS / 4 PERIODS**

**Information Security Fundamentals**

Fundamental concepts of information technology security. Topics include authentication methods, access control, cryptography, Public Key Infrastructure (PKI), network attack and defense methods, hardening of operating systems and network devices, securing remote access and wireless technologies and securing infrastructures and topologies. Emphasis on hands-on labs in both the Windows and Linux environments. Builds on thorough understanding of Transmission Control Protocol/Internet Protocol (TCP/IP) and security concepts and Microsoft (MS) Windows and Linux Administration. Prerequisites: A grade of C or better in CIS126DL, or CIS126RH, or permission of Program Director. Corequisites: BPC270 or MST150++.

**ITS120 / 3 CREDITS / 3 PERIODS**

**Legal, Ethical and Regulatory Issues**

Exploration of legal and ethical issues unique to information security. Analysis of professional ethical...
codes and their application to information security practitioners. Federal and state laws as they relate to information security. Prerequisites: None.

**ITS130 / 3 CREDITS / 4 PERIODS**

**Operating System Security**
In-depth examination of operating system security including Transmission Control Protocol/Data Encryption Standard (DES), Triple Data Encryption Standard (3DES), Advanced Encryption Standard (AES), Pretty Good Privacy (PGP), and other encryption technologies (TCP/IP), Internet Protocol Security (IPSec) and Cisco Internetwork Operating System (IOS), Microsoft Windows, Linux and Mac OSX Security. Procedures to defend networks against attacks and recovery from network disasters. Web server security. Emphasis on hands-on labs in both the Windows and Linux environments. Builds on thorough understanding of Transmission Control Protocol/Internet Protocol (TCP/IP) and security concepts and MS Windows and Linux Administration. Prerequisites: ITS110, ITS130 and ITS140, or permission of instructor.

**ITS140 / 3 CREDITS / 4 PERIODS**

**Network Security**
Examination of techniques used to defend network security. Design and implementation of devices including firewalls and Intrusion Detection Systems (IDSs) and Virtual Private Networks (VPNs). Risk analysis and security policies methodologies. Emphasis on hands-on labs in both the Windows and Linux environments. Builds on thorough understanding of Transmission Control Protocol/Internet Protocol (TCP/IP) and security concepts and MS Windows and Linux Administration. Prerequisites: ITS110 or permission of instructor.

**ITS150 / 3 CREDITS / 4 PERIODS**

**Building Trusted Networks in the Enterprise**
Design of a trusted network to secure electronic transactions. Techniques to secure electronic transactions to include cryptography, digital signatures, digital certificates and strong authentication. Computer forensics techniques and legislative issues. Emphasis on hands-on labs in both the Windows and Linux environments. Builds on thorough understanding of Transmission Control Protocol/Internet Protocol (TCP/IP) and security concepts and MS Windows and Linux Administration. Prerequisites: ITS110, ITS130 and ITS140, or permission of instructor.

**ITS240 / 3 CREDITS / 4 PERIODS**

**Ethical Hacking and Network Defense**
Preparation for the EC-Council Certified Ethical Hacking examination. In-depth exploration of how to effectively protect computer networks from risks ranging from malicious infiltration to cyber-warfare. Includes examination of ethical hacking, relevant tools and methodologies, and its importance to network security. Resources to identify new computer network vulnerabilities and counter security strategies will be discussed as well as an overview of relevant computer crime laws and penalties. Prerequisites: A grade of C or better in ITS110, or CNT205, or CIS270, or CIS271DB, or CIS272DB, or permission of Instructor.

**ITS291 / 4 CREDITS / 5 PERIODS**

**Computer Forensics Foundations**
Development of foundational computer forensic skills. Introduction to preserving, identifying, extracting, interpreting, and documenting computer data as part of a forensically sound analysis. Examination of the physical and logical structure of hard drives. Study of the logical structure of Windows-based file systems and common applications. Introduction to the logical structure of Unix/Linux-based file systems and common applications of commercial forensic tools. Prerequisites: A grade of C or better in BPC170 and ITS110 or permission of Instructor.

**ITS292 / 4 CREDITS / 5 PERIODS**

**Advanced Computer Forensics**
Advanced computer forensics analysis techniques with commercial tools. Introduction to open-source forensic tools. Emphasis on data recovery from complex applications and media types. Study of the logical structure of Unix/Linux-based file systems. Advanced
search techniques. Analysis of unallocated space, compound files, and NTFS artifacts. Prerequisites: A grade of C or better in ITS291 or permission of Instructor.

**JRN – Journalism**

**JRN201 / 3 CREDITS / 3 PERIODS**

*3 SUN* JRN 2201

JRN 2201 News Writing

Writing and producing news for the media. Associated Press (AP) editing style, writing skills, and organizational structure for news. Prerequisites: A grade of C or better in ENG101 or ENG107.

**LET – Law Enforcement Technology**

**LET173 / 2 CREDITS / 2 PERIODS**

Introduction to Leadership in Public Safety

Introduction to leadership in the field of public safety. Covers stages of adult human development, generational differences, and characteristics of effective leaders. Also includes characteristics of leaders, including values, ethics, attitudes, behavior, and response techniques in addition to identification of personal strengths and determination of a personal leadership style. Prerequisites: None.

**LET174 / 3 CREDITS / 3 PERIODS**

Organizational Culture and Leadership

Examination of organizational structure and its application to the field of public safety. Covers characteristics and principles of effective organizations, systems and process management, and phases of process building in addition to characteristics of a process enterprise. Also includes levels of leadership and characteristics, ethical considerations, restrictions, and best behaviors of each. Prerequisites: A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: LET173.

**MAT – Mathematics**

**MAT051 / 1 CREDIT / 1 PERIOD**

MAT051 Number Sense

Primary emphasis on conceptual understanding of whole numbers, integers and mathematical operations. Use systems of measure and Pythagorean Theorem. Focus on mathematical language, connections, patterns and reasoning. Prerequisites: None.

**MAT051 / 1 CREDIT / 1 PERIOD**

MAT051 Number Sense II

Primary emphasis on conceptual understanding of decimals and fractions, and decimal and fraction addition and subtraction. Solving problems involving decimals and fractions. Focus on mathematical language, connections, patterns and reasoning. Prerequisites: A grade of C or better in MAT051, or an appropriate district placement.

**MAT053 / 1 CREDIT / 1 PERIOD**

MAT053 Multiplicative and Proportional Reasoning

Primary emphasis on conceptual understanding of decimals and fractions, and decimal and fraction multiplication and division. Solving problems involving decimals, fractions, and percentages. Focus on additive and multiplicative reasoning including proportionality and similarity. Prerequisites: A grade of C or better in each of the following courses: (MAT051 and MAT052), or an appropriate district placement.

For the most current information regarding course descriptions, log on to curriculum.maricopa.edu.
**MAT054 / 1 CREDIT / 1 PERIOD**

**Geometry**
Primary emphasis on conceptual understanding of and solving problems involving angles and geometric figures. Use of systems of measure, similarity, proportionality and the Pythagorean theorem. Prerequisites: A grade of “C” or better, or satisfactory Math Diagnostic Assessment Score for MAT051, MAT052 and MAT053. Corequisites: MAT055, or MAT056, or MAT057.

**MAT055 / 1 CREDIT / 1 PERIOD**

**Algebraic Structures**
Emphasis on meanings related to variable, equality, inequality, equivalence. The use of additive and multiplicative reasoning in solving linear equations and inequalities in one variable. Validation of solution(s) through a reasonable mathematical defense. Transfer and apply knowledge through a process of sense making and reasonableness in mathematical problems and practical application situations. Prerequisites: A grade of C or better in each of the following courses: (MAT051, MAT052, and MAT053), or a grade of C or better for MAT08+, or an appropriate district placement.

**MAT056 / 1 CREDIT / 1 PERIOD**

**Functions I**
Recognize patterns and organize data to represent situations where output is related to input. Understand the concept of function and be able to represent functions in multiple ways, including tables, algebraic rules, graphs and contextual situations, and make connections among these representations. Prerequisites: A grade of C or better in each of the following courses: (MAT051, MAT052, MAT053, and MAT055), OR a grade of C or better in (MAT055 and MAT08+), OR an appropriate district placement.

**MAT057 / 1 CREDIT / 1 PERIOD**

**Functions II**
Read, represent, and interpret linear function relationships numerically, analytically, graphically and verbally and connect the different representations.

Model and solve real world problems involving constant rate of change. Prerequisites: A grade of C or better in each of the following courses: (MAT051, MAT052, MAT053, MAT055, and MAT056), OR a grade of C or better in (MAT055, MAT056, and MAT08+), OR an appropriate district placement.

**MAT108AA / 1 CREDIT / 1 PERIOD**

**Tutored Mathematics**
Structured tutorial assistance and math study skills to help students achieve success in a mathematics course in which they are concurrently enrolled. Mathematics study skills emphasized. Prerequisites: None. Corequisites: MAT072, or MAT081, or MAT082, or MAT083, or MAT090, or MAT091, or MAT092, or MAT093, or MAT120, or MAT121, or MAT122, or MAT140, or MAT141, or MAT142, or MAT150, or MAT151, or MAT152, or permission of Department Chair. Course Notes: MAT108AA may be repeated for a total of ten (10) credit hours.

**MAT112 / 3 CREDITS / 3 PERIODS**

**Mathematical Concepts and Applications**
A problem solving approach to mathematics as it applies to real-life situations. Development, use and communication of mathematical concepts and applications that relate to measurement, percentage, practical geometry, statistics, finance, and unit conversions. Prerequisites: An appropriate mathematics placement score, OR a grade of “C” or better for MAT090, or MAT091, or MAT092, OR (an appropriate diagnostic score, or a grade of “C” or better in each of the following courses: MAT055, MAT056, and MAT057).

**MAT121 / 4 CREDITS / 4 PERIODS**

**Intermediate Algebra**
Analysis of rational, radical, quadratic and exponential equations, functions and applications; graphs of radical, quadratic and exponential functions; operations on polynomial, rational, and radical expressions. An appropriate mathematics placement score, OR a grade of “C” or better for MAT090, or MAT091, or MAT092, OR (an appropriate diagnostic score, or a grade of “C” or
better in each of the following courses: MAT055, MAT056, and MAT057). Course Notes: Students may receive credit for only one of the following: MAT120, MAT121, or MAT122.

MAT122  /  3 CREDITS  /  3 PERIODS

Intermediate Algebra
Analysis of rational, radical, quadratic and exponential equations, functions and applications; graphs of radical, quadratic and exponential functions; operations on polynomial, rational, and radical expressions.
Prerequisites: An appropriate mathematics placement score, OR a grade of “B” or better for MAT090, or MAT091, or MAT092, OR (an appropriate diagnostic score, or a grade of “B” or better in each of the following courses: MAT055, MAT056, and MAT057). Course Notes: Students may receive credit for only one of the following: MAT120, MAT121, or MAT122.

MAT141  /  4 CREDITS  /  4 PERIODS

College Mathematics
Working knowledge of college-level mathematics and its applications to real-life problems. Emphasis on understanding mathematical concepts and their applications. Topics include proportional reasoning, modeling, finance, probability, and statistics.
Prerequisites: An appropriate District placement, or a grade of C or better in (MAT052, MAT053, and MAT055), or (MAT055, MAT056, and MAT057), or MAT085, or MAT09+, or MAT103, or MAT114, or MAT115, or MAT12+. Course Notes: MAT141 students may receive credit for only one of the following: MAT140, MAT141, MAT142, MAT145, or MAT146. Students do not need to take all MAT classes in numerical order; please consult with an advisor for the appropriate math sequence for student educational goals.

MAT142  /  3 CREDITS  /  3 PERIODS

College Mathematics
Working knowledge of college-level mathematics and its applications to real-life problems. Emphasis on understanding mathematical concepts and their applications. Topics include proportional reasoning, modeling, finance, probability, and statistics.
Prerequisites: An appropriate District placement, or a grade of C or better in (MAT052, MAT053, and MAT055), or (MAT055, MAT056, and MAT057), or MAT085, or MAT09+, or MAT103, or MAT114, or MAT115, or MAT12+. Course Notes: MAT141 students may receive credit for only one of the following: MAT140, MAT141, MAT142, MAT145, or MAT146. Students do not need to take all MAT classes in numerical order; please consult with an advisor for the appropriate math sequence for student educational goals.

MAT151  /  4 CREDITS  /  4 PERIODS

College Algebra/Functions
Analysis and interpretation of the behavior and nature of functions including linear, quadratic, higher-order polynomials, rational, exponential, logarithmic, power, absolute value, and piecewise-defined functions; systems of equations, using multiple methods including matrices, and modeling and solving real world problems. Prerequisites: A grade of C or better in MAT095, or MAT096, or MAT114, or MAT115, or MAT12+, OR an appropriate district placement for MAT15+, OR permission of Department or Division Chair. Course Notes: MAT151 students may receive credit for only one of the following: MAT150, OR MAT151, OR MAT152, OR MAT155, OR MAT156, OR MAT187.

MAT152  /  3 CREDITS  /  3 PERIODS

College Algebra/Functions
Analysis and interpretation of the behavior and nature of functions including linear, quadratic, higher-order polynomials, rational, exponential, logarithmic, power, absolute value, and piecewise-defined functions; systems of equations, using multiple methods including matrices, and modeling and solving real world problems. Prerequisites: A grade of C or better in MAT095, or MAT096, or MAT114, or MAT115, or MAT12+, OR an appropriate district placement for MAT15+, OR permission of Department or Division Chair. Course Notes: MAT151 students may receive credit for only one of the following: MAT150, OR MAT151, OR MAT152, OR MAT155, OR MAT156, OR MAT187.
MAT182 / 3 CREDITS / 3 PERIODS

Plane Trigonometry
A study of measures of angles, properties of graphs of trigonometric functions, fundamental identities, addition and half-angle formulas, inverse trigonometric functions, solutions of trigonometric equations, complex numbers and properties of triangle solution. May receive credit for only one of the following: MAT182 or MAT187. Prerequisites: Grade of “C” or better in MAT150, MAT151, MAT152, or MAT187, or equivalent, or concurrent registration in MAT150, MAT151, MAT152, or MAT187, or satisfactory score on District placement exam.

MAT187 / 5 CREDITS / 5 PERIODS

Precalculus
A precalculus course combining topics from college algebra and trigonometry. Preparation for analytic geometry and calculus. May receive credit for only one of the following: MAT150, MAT151, MAT152, or MAT187. Prerequisites: Grade of “B” or better in MAT120, MAT121, or MAT122, or equivalent, or satisfactory score on a placement test. Course Notes: Strongly recommended that students have some knowledge of trigonometry.

MAT206 / 3 CREDITS / 3 PERIODS

Elements of Statistics
Basic concepts and applications of statistics, including data description, estimation and hypothesis tests. Prerequisites: A grade of C or better in MAT14+, or MAT15+, or MAT187, or equivalent, or satisfactory score on District placement, or permission of Department or Division Chair.

MAT212 / 3 CREDITS / 3 PERIODS

Brief Calculus
Introduction to the theory, techniques and applications of the differential and integral calculus of functions with problems related to business, life, and the social sciences. Prerequisites: Grade of “C” or better in MAT150, MAT151, MAT152, or MAT187, or appropriate Math placement test score. Course Notes: Students may receive credit for only one of the following: MAT212 or MAT213.

MAT213 / 4 CREDITS / 4 PERIODS

Brief Calculus
Introduction to the theory, techniques, and applications of the differential and integral calculus of functions with problems related to business, life, and the social sciences. Prerequisites: Grade of “C” or better in MAT150, MAT151, MAT152, or MAT187, or appropriate Math placement test score. Course Notes: Students may receive credit for only one of the following: MAT212 or MAT213.

MAT217 / 3 CREDITS / 3 PERIODS

Mathematical Analysis for Business
An introduction to the mathematics required for the study of business. Includes multivariable optimization, Lagrange multipliers, linear programming, linear algebra, probability, random variables, discrete and continuous distributions. Prerequisites: A grade of C or better in MAT121, MAT122, or MAT220, or MAT221. Course Notes: Students may receive credit for only one of the following: MAT217 or MAT218.

MAT220 / 5 CREDITS / 5 PERIODS

Calculus with Analytic Geometry I
Limits, continuity, differential and integral calculus of functions of one variable. Prerequisites: Grade of “C” or better in MAT182 and [MAT150, MAT151 or MAT152], or MAT187, or appropriate Math placement test score. Course Notes: Students may receive credit for only one of the following: MAT220 or MAT221.

MAT221 / 4 CREDITS / 4 PERIODS

Calculus with Analytic Geometry I
Limits, continuity, differential and integral calculus of functions of one variable. Prerequisites: Grade of “C” or better in MAT182 and [MAT150, MAT151 or MAT152], or MAT187, or appropriate Math placement test score. Course Notes: Students may receive credit for only one of the following: MAT220 or MAT221.
MAT225 / 3 CREDITS / 3 PERIODS

Elementary Linear Algebra
Introduction to matrices, systems of linear equations, determinants, vector spaces, linear transformations and eigenvalues. Emphasizes the development of computational skills. Prerequisites: Grade of “C” or better in MAT212 or MAT220, or MAT221, or equivalent.

MAT227 / 3 CREDITS / 3 PERIODS

Discrete Mathematical Structures
Introduction to lattices, graphs, Boolean algebras, and groups. Emphasis on topics relevant to computer science. Prerequisites: A grade of “C” or better in (CSC100 or CSC110) and (MAT220 or MAT221) or permission of Instructor.

MAT230 / 5 CREDITS / 5 PERIODS

Calculus with Analytic Geometry II
Techniques of integration for both proper and improper integrals with applications to the physical and social sciences, elements of analytic geometry, and the analysis of sequences and series. Prerequisites: Grade of “C” or better in MAT220 or MAT221 or equivalent. Course Note: Student may receive credit for only one of the following: MAT230 or MAT231.

MAT231 / 4 CREDITS / 4 PERIODS

Calculus with Analytic Geometry II
Techniques of integration for both proper and improper integrals with applications to the physical and social sciences, elements of analytic geometry, and the analysis of sequences and series. Prerequisites: Grade of “C” or better in MAT220, or MAT221, or equivalent. Course Notes: MAT231 students may receive credit for only one of the following: MAT230 or MAT231.

MAT240 / 5 CREDITS / 5 PERIODS

Calculus with Analytic Geometry III
Multivariate calculus including vectors, vector-valued functions, partial differentiation, multiple integration, and an introduction to vector fields. Prerequisites: Grade of “C” or better in MAT230 or MAT231. Course Note: Student may receive credit for only one of the following: MAT240 or MAT241.

MAT241 / 4 CREDITS / 4 PERIODS

Calculus with Analytic Geometry III
Multivariate calculus including vectors, vector-valued functions, partial differentiation, multiple integration and an introduction to vector fields. Prerequisites: Grade of “C” or better in MAT230 or MAT231. Course Note: Student may receive credit for only one of the following: MAT240 or MAT241.

MAT256 / 3 CREDITS / 3 PERIODS

Investigating Quantity: Number, Operations and Numeration Systems
Explore number, numeration systems and operations on numbers. Techniques of problem solving with an emphasis on exploring a variety of strategies. Use a variety of visualization techniques to develop a conceptual understanding of these topics. Prerequisites: MAT256 or permission of Instructor. Course Notes: MAT256 is designed to meet requirements for prospective elementary education teachers.

MAT257 / 3 CREDITS / 3 PERIODS

Investigating Geometry, Probability and Statistics
Explores geometry, measurement, probability and statistics. Uses visualization, technologies, problem solving, reasoning and proof to develop a conceptual understanding of these topics. Prerequisites: MAT256 or permission of Instructor. Course Notes: MAT257 is designed to meet the requirements for prospective elementary education teachers.
### MAT276 / 4 CREDITS / 4 PERIODS  
**Modern Differential Equations**  
Introduces differential equations, theoretical and practical solution techniques with applications. Problem solving using MATLAB. Prerequisites: Grade of "C" or better in MAT230, or MAT231, or permission of Department or Division. Course Notes: Students may receive credit for only one of the following: MAT276 or MAT277.

### MAT277 / 3 CREDITS / 3 PERIODS  
**Modern Differential Equations**  
Introduces differential equations, theoretical and practical solution techniques with applications. Problem solving using MATLAB. Prerequisites: Grade of C or better in MAT230 or MAT231 or permission of Department or Division.

### MAT282AA / 1 CREDIT / 1 PERIOD  
**Service-Learning Experience in Mathematics**  
Unpaid Service-Learning (SL) experience, completed with approved community partner. Prerequisites: Permission of Instructor. Course Notes: MAT282AA may be repeated for a total of six (6) credit hours. Standard grading available according to procedures outlined in catalog.

### MAT290 / 1 CREDIT / 1 PERIOD  
**Mathematics Professional Development**  
Expand subject matter content knowledge and pedagogical content knowledge of the mathematics taught at the community college and beyond through an in-depth study of at least one mathematical concept; e.g. positional numeration system or mathematical properties, and the progression of the selected concept(s) through the courses offered at the community college level and beyond. Use of a variety of instructional strategies including student-centered lesson design, inquiry-based learning, problem-based learning, review of relevant literature and so forth as well as classroom observations during which the concept is taught. Prerequisites: None. Course Notes: MAT290 may be repeated for credit.

### MAT295 / 1 CREDIT / 1 PERIOD  
**Special Topics in Mathematics**  
Conceptual and computational aspects of a special topic in modern mathematics. Prerequisites: Permission of Instructor.

### MCO – Mass Communications  

#### MCO120 / 3 CREDITS / 3 PERIODS  
**Media and Society**  
Study of historical and contemporary roles of media and its pervasiveness in society as it relates to culture, politics and education. Prerequisites: ENG101 or ENG107.

### MGT – Management  

#### MGT101 / 3 CREDITS / 3 PERIODS  
**Techniques of Supervision**  
Overview of the foundations of supervision and how to get things done within an organization through other people. The functions of planning, organizing, staffing, motivating and controlling presented. Prerequisites: None.

#### MGT126 / 3 CREDITS / 3 PERIODS  
**Customer Service Skills and Strategies**  
Explores strategies to help improve job performance and develop a service-oriented philosophy. Uses practical training concepts and techniques to demonstrate how superior customer service can lead to competitive advantage and profitability in business. Focuses on both internal and external customers, interactions among people, processes, and systems within the organization and how to integrate these areas into a total quality delivery program. Prerequisites: None.

socio-economic contexts. Emphasis on stylistic periods, composers, lyricists, directors, and choreographers. Prerequisites: None.

**MKT110** / 3 CREDITS / 3 PERIODS
Marketing and Social Networking
Theory and practice in the use of social media in marketing. Topics may include a history of social media, preparation for social marketing, the power of collective influence, and how to engage with social media. Reviews social mediums, social networks, platforms and other marketing tools used to create a social media campaigns. Prerequisites: None.

**MKT111** / 3 CREDITS / 3 PERIODS
Applied Marketing and Social Networking
Examination of the strategic use of digital and social media marketing platforms and tools for global communication and networking, including analysis of various digital and social media platforms and tools for developing brands, creating professional networks and creating engaging content. Hands-on use of social media platforms and tools to conduct research, develop strategies for creating, integrating, and evaluating social media marketing campaigns, and development of metrics to measure effectiveness. Prerequisites: MKT110.

**MKT263** / 3 CREDITS / 3 PERIODS
Advertising Principles
Introduces the advertising function within business, including media study, creative strategies, and advertising campaigns. Prerequisites: None. MKT271 suggested, but not required.

**MKT268** / 3 CREDITS / 3 PERIODS
Merchandising
Surveys structure and operation of retail organizations. Emphasizes merchandising to include price, location, time promotion and quantity. Prerequisites: None. MKT271 suggested but not required.
Principles of Marketing
An analysis of the marketing process and environment with regard to the product, pricing, distribution, and communication in order to satisfy buyer needs. Prerequisites: None.

Embalming Lab
Field experience involving observation and practice of embalming processes in a laboratory setting. Includes writing case study reports. Requisites: A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: MSP202 and admission to the Mortuary Science program.

Microbiology for Mortuary Science
Survey of microbiology as it pertains to mortuary science and the funeral service profession. Review of safety precautions, sanitation practices, and pathogens that can lead to illness or death. Prerequisites: Admission to the Mortuary Science Program.

Chemistry for Mortuary Science
Basic principles of general chemistry, organic chemistry, biochemistry, embalming chemistry, and toxicology as it relates to mortuary science. Safety practices regarding potentially harmful chemicals. Prerequisites: Admission to the Mortuary Science Program.

Mortuary Administration I
Funeral directing and establishing professional relationships with religious leaders and family members. Includes documentation procedures from time of death to funeral. Prerequisites: Admission to the Mortuary Science Program.

Mortuary Administration II
Operation of the established funeral home, including principles and product knowledge in the area of funeral service management and merchandising. Prerequisites: A grade of C or better in MSP205.
MSP207  /  3 CREDITS  /  3 PERIODS
Mortuary Science Restorative Art
Care and restoration of the deceased human body to create natural form and appearance. Includes anatomical aspects and color theory. Prerequisites: Admission to the Mortuary Science Program.

MSP207LL  /  1 CREDIT  /  2 PERIODS
Mortuary Science Restorative Art Lab
Practice care and restoration of the deceased human body to create natural form and appearance in a laboratory setting. Includes anatomical aspects and color theory. Requisites: A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: MSP207 and admission to the Mortuary Science program.

MSP208  /  3 CREDITS  /  3 PERIODS
Legal, Regulatory, and Ethical Issues in Mortuary Science
Mortuary law, regulation by the Federal Trade Commission, and ethical issues in mortuary science. Individual state laws as they pertain to the regulation of funeral establishments and funeral service personnel. Prerequisites: Admission to the Mortuary Science Program.

MSP209  /  3 CREDITS  /  3 PERIODS
Pathology for Mortuary Science
Pathologic conditions which require special treatment and terminology associated with the causes of death. Prerequisites: Admission to the Mortuary Science Program.

MSP210  /  2 CREDITS  /  2 PERIODS
Psychology, Counseling, and Mortuary Science
Psychology and grief counseling principles in mortuary science. Prerequisites: Admission to the Mortuary Science Program.

MSP211  /  2 CREDITS  /  2 PERIODS
Compendium for Mortuary Science
Analysis of daily tasks performed by funeral service personnel. Capstone experience based on all previous course work. Prerequisites: Admission to the Mortuary Science Program.

MST141  /  3 CREDITS  /  4 PERIODS
Enterprise Desktop Support Technician
Troubleshooting and repairing problems with Microsoft Windows desktop operating systems. Basic knowledge of system architecture and security as needed to provide skills required to support users. Prerequisites: (CIS102 or any CIS102++ course) and CIS105, or permission of Instructor. Prerequisites or Corequisites: MST150, or any MST150++ course, or permission of Instructor. Course Notes: Preparation for Microsoft Certified IT Professional: Enterprise Desktop Support Technician 7 (MCITP) certification examination, 70-685.

MST150WT  /  3 CREDITS  /  4 PERIODS
Installing and Configuring Microsoft Windows 10
In-depth exploration of how to effectively install and configure Windows 10. Includes features of Windows 10, virtualization improvements, network connectivity, access to resources, monitor and maintain Windows clients and backup and recovery. Designed to prepare students for the Microsoft Windows 10 certification examination. Prerequisites: None. CIS190 or CNT140AB suggested but not required.

MST155  /  3 CREDITS  /  4 PERIODS
Implementing Windows Network Infrastructure
Knowledge and skills to install, configure, maintain, and support a Microsoft Windows network infrastructure. Prerequisites: or Corequisites: MST150, or any MST150++
course, or permission of Instructor. Course Notes: Preparation for Microsoft certification examination.

MST155DB / 4 CREDITS / 5 PERIODS
Configuring Advanced Windows Server Services
In-depth exploration of how to effectively install and configure Windows Server. Designed to prepare students for the Microsoft Configuring Advanced Windows Server Services examination (70-412). Prerequisites: MST158++ or permission of Instructor. Course Notes: Recommend that prerequisite course completed was for the same version of Windows server as will be taught in this course.

MST157 / 3 CREDITS / 4 PERIODS
Implementing Windows Directory Services
Knowledge and skills to install, configure, and administer Microsoft Windows Active Directory directory services. Prerequisites: Any MST+++ or any MST++++ Microsoft Technology course, or permission of Instructor. Course Notes: Preparation for Microsoft certification examination.

MST157DB / 4 CREDITS / 5 PERIODS
Administering Windows Server
In-depth exploration of how to effectively manage Windows Server. Designed to prepare students for the Administering Microsoft Windows Server examination (70-411). Prerequisite: MST158++ or permission of Instructor. Course Notes: Recommend that prerequisite course completed was for the same version of Windows server as will be taught in this course.

MST158DB / 4 CREDITS / 5 PERIODS
Installing and Configuring Windows Server
In-depth exploration of how to effectively install and configure Windows Server. Includes roles and features of Server, virtualization with Hyper-V, core network services, Active Directory, and Group Policy. Designed to prepare students for the corresponding Microsoft Windows Server Installation and Configuration examination (70-410). Prerequisites: (MST140 or CNT140++) and MST150++, or permission of Instructor.

MTC – Music: Theory/Composition

MTC101 / 3 CREDITS / 3 PERIODS
Introduction to Music Theory
Designed to develop written and aural skills necessary for advanced study of music theory and skills. Recommended for music majors. Prerequisites: None.

MTC103 / 1 CREDIT / 2 PERIODS
Introduction to Aural Perception
An introduction to the aural skills necessary to hear relationships of intervals, rhythms, melody, and harmony in music. Prerequisites: None. Course Notes: MTC103 may be repeated for a total of two (2) credit hours.

MTC105 / 3 CREDITS / 3 PERIODS
Music Theory I
The chronological study of music theory including: harmony, melody, texture, structure and timbre through analysis, original compositions and basic exercises to demonstrate musical concepts. Prerequisites: MTC100, or MTC101, or permission of instructor. Corequisites: MTC106.

MTC106 / 1 CREDIT / 2 PERIODS
Aural Perception I
The development of listening and performing skills through dictation, sight singing and keyboard harmony. Prerequisites: None. Corequisites: MTC105.

For the most current information regarding course descriptions, log on to curriculum.maricopa.edu.
### MTC130 / 3 CREDITS / 3 PERIODS
**Jazz Theory**
Develop written and aural theory skills necessary in the jazz idiom. Prerequisites: (MTC101 and MTC103), or permission of Instructor. Course Notes: MTC130 is recommended for students taking jazz improvisation, jazz composition and jazz combo.

### MTC155 / 3 CREDITS / 3 PERIODS
**Music Theory II**
A continuation of Music Theory I with emphasis on harmony and part-writing procedures. Prerequisites: MTC105. Corequisites: MTC156.

### MTC156 / 1 CREDIT / 2 PERIODS
**Aural Perception II**
A continuation of Aural Perception I, including harmonic practices. Prerequisites: A grade of C or better in MTC106. Corequisites: MTC155.

### MTC205 / 3 CREDITS / 3 PERIODS
**MUS 2222 Music Theory III**
The study of chromatic harmony and melody, modulation techniques and expanded chords. The analysis of formal structure. Prerequisites: MTC155. Corequisites: MTC206.

### MTC206 / 1 CREDIT / 2 PERIODS
**Aural Perception III**
A development of listening and performing skills, including an introduction of chromatic harmonic techniques and concepts of style. Prerequisites: A grade of C or better in MTC156. Corequisites: MTC205.

### MUC – Music: Commercial/Business

#### MUC109 / 3 CREDITS / 3 PERIODS
**Music Business: Content Creation and Copyright**
Designed to provide an overview of content creation and copyright considerations within the Music Industry. Topics include songwriting and music creation, copyright, publishing and licensing, studio production, media applications of music, business ownership and operations, and emerging technologies. Prerequisites: None.

#### MUC110 / 3 CREDITS / 3 PERIODS
**Music Business: Marketing and Monetization**
Designed to provide an overview of the marketing and monetization of music. Topics include music label operations; contracts; marketing, promotion, and merchandising; agents, managers, and attorneys; concert promotion and touring; and unions and guilds. Prerequisites: None.

For the most current information regarding course descriptions, log on to curriculum.maricopa.edu.
### MUC111 / 3 CREDITS / 5 PERIODS
**Digital Audio Workstation I (DAW I)**
Use of digital mixing and automation software in conjunction with editing and recording. Includes computer operation, troubleshooting, and file management. Prerequisites: MUC195, or MUC195AA, or TCM/VPT105, or permission of Instructor.

### MUC112 / 3 CREDITS / 5 PERIODS
**Digital Audio Workstation II (DAW II)**
Use of digital mixing and automation software in conjunction with editing and recording. Includes computer operation, troubleshooting, and file management. Prerequisites: MUC111, and (MUC195 or MUC195AA).

### MUC195 / 3 CREDITS / 5 PERIODS
**Studio Music Recording I**
Basic principles of studio sound recording. Emphasis on musical acoustics, operation of recording equipment, studio setups, and multitrack recording. Includes studio session process and musical production decisions. Prerequisites: None.

### MUC196 / 3 CREDITS / 5 PERIODS
**Studio Music Recording II**
Emphasis on signal-processing equipment, mixing consoles, and advanced musical recording session procedures, production, and engineering. Includes mix-down and resultant master tape of a musical recording session. Prerequisites: MUC195 or MUC195AA.

### MUC293 / 1 CREDIT / 1 PERIOD
**Self Promotion for Music**
Designed to provide the skills and knowledge required for effective self-promotion. Focus on career goal development, market analysis, communication and networking skills, and the development of a self-promotional campaign. Prerequisites: None.

### MUC297AB / 2 CREDITS / 2 PERIODS
**Audio Production Internship**
Music Internship work experience in a business or industry eighty (80) hours of designated work per credit. Prerequisites: A grade of C or better in MUC110. Course Notes: MUC297AB may be repeated for a total of twelve (12) credit hours.

### MUE – Music: Education

#### MUE108 / 1 CREDIT / 3 PERIODS
**Percussion Methods I**
Practical class with emphasis on techniques of playing and teaching percussion instruments including hand position, rudiments, stick control, and elements of reading rhythms. Prerequisites: None.

### MUP – Music: Performance

#### MUP101 / 1 CREDIT / .6 PERIOD
**Private Instruction: Euphonium**
Private Instruction emphasizing developmental improvement of musicianship and technique from an entering skill level. Four course sequence required of all music majors meeting departmental requirements. Instruction provided on voice, piano, harpsichord,

For the most current information regarding course descriptions, log on to curriculum.maricopa.edu.
organ, guitar, trumpet, French horn, trombone, baritone horn, tuba, flute, oboe, clarinet, bassoon, saxophone, violin, viola, violoncello, contrabass, bass guitar, percussion, and harp. May be repeated for credit. Prerequisites: None.

**MUP228 / 1 CREDIT / 3 PERIODS**

Class Guitar IV
Advanced fingerboard positions. Duet and trio performances. Advanced ensemble techniques.
Prerequisites: MUP227 or permission of instructor.

**MUP231 / 1 CREDIT / 3 PERIODS**

Class Piano III
Development of intermediate piano techniques including selected solo literature, transposition of harmonic patterns, and secondary dominants.
Prerequisites: MUP132 or permission of instructor.

**MUP232 / 1 CREDIT / 3 PERIODS**

Class Piano IV
Continuation of Piano III including modulation techniques, improvisation of piano accompaniments, advanced chromatic harmony, and sight reading of advanced literature.
Prerequisites: A grade of C or better in MUP231 or permission of Instructor.

**MUP233 / 1 CREDIT / 3 PERIODS**

Class Voice III
Interpretive singing through a closer examination of coloring, tone production, dynamics, and tempo indications.
Prerequisites: MUP134.

**MUP234 / 1 CREDIT / 3 PERIODS**

Class Voice IV
Emphasis on the preparation of solo vocal literature for the purpose of evaluation and the integration of the music with the drama of the music.
Prerequisites: MUP233 or permission of instructor.

**MUP270 / 2 CREDITS / 5 PERIODS**

Musical Theatre Workshop
Workshop in the study and performance of Musical Theatre repertoire. Includes audition techniques, stage directions, character role development, rehearsal techniques, vocal acting styles and vocal technique, stage movement, crew roles, and performance.

Prerequisites: None. Course Notes: MUP/THP270 may be repeated for credit. Cross-References: THP270.

**NAV – Navajo**

**NAV115 / 3 CREDITS / 3 PERIODS**

Beginning Navajo Conversation I
Beginning conversational Navajo with emphasis on basic listening and speaking skills, including basic pronunciation, vocabulary, sentence structure, and cultural awareness.
Prerequisites: None.

**NCE – Nursing Continuing Education**

**NCE214MI / .5 CREDITS / .5 PERIODS**

Math and Medications for Intermediate Nursing Students
Focus on basic mathematical concepts to calculate metric - apothecary conversion, dosage problems, intravenous flow rates using the ratio/proportion and dimensional analysis methods. These calculations will focus application to acute care, long-term care, and pediatric specialty areas.
Prerequisites: Current student in Nursing program or permission of Department or Division.

**NUR – Nursing Science: Basic**

**NUR104AB / 1 CREDIT / 1 PERIOD**

Structured Nursing Review
Structured nursing tutorial assistance and nursing study skills to help students achieve success in their respective block of nursing courses. Nursing process and critical thinking application skills emphasized.
Prerequisites: None. Corequisites: Concurrent enrollment in the Nursing program or permission of Department Chair. Course Notes: Course offered as Credit (P) No credit (Z) basis. NUR104AB may be

**OAS – Office Automation Systems**

**OAS108 / 3 CREDITS / 3 PERIODS**

Business English

Comprehensive coverage of correct use of English grammar including spelling, punctuation, capitalization, and number style mechanics in a business context. Prerequisites: None.

---

**PAD – Public Administration**

**PAD100 / 3 CREDIT / 3 PERIODS**

21st Century Public Policy and Service

Introduction to topics pertaining to public policy and public service in the 21st century. Includes formation, implementation, and evaluation procedures for public policy, as well as roles and agendas of policy makers and public administrators. Also covers careers in public service/administration and an evaluation of essential skills necessary for a career in public service. Prerequisites: None.

---

**PED – Physical Education**

**PED101 / 1 CREDIT / 2 PERIODS**

Physical Activities: Basic

Individual, dual, or team sports activities at the basic level. Prerequisites: None. Course Notes: PED101 may be repeated for credit.

**PED102 / 1 CREDIT / 2 PERIODS**

Physical Activities: Intermediate

Individual, dual, or team sports activities at the intermediate level. Prerequisites: None. Prior experience recommended.

| PED115      | 2       | 4       |
| **Lifetime Fitness** | | |
| Increase personal fitness, strength, and vitality. Current principles of cardiovascular exercise, weight training, flexibility, and balance exercises applicable to lifetime fitness goals. Personalized fitness plans developed and implemented with support of highly trained fitness professionals. Techniques to make sessions more effective and enjoyable. Prerequisites: None. Course Note: PED115 may be repeated for a total of eight (8) credit hours. |

| PED117      | 2       | 4       |
| **Weight Training for Wellness** | | |
| Strength training and muscular fitness activity to help develop a lifetime of regular exercise and muscular strength maintenance. Development of full body strength and stability of the body’s core musculature, translating to increased power, balance, and functional movement ability including assessment of current strength and goal-specific program design to increase strength and muscular fitness. Prerequisites: None. Course Notes: PED117 may be repeated for a maximum of eight (8) credits. |

| PED120AF    | 2       | 4       |
| **Special Emphasis Activities: Weight Training** | | |
| Intensive experience in weight training. May be repeated for a total of 8 credits. Prerequisites: None. |

| PED121      | 1       | 2       |
| **Physical Conditioning for Massage Therapists** | | |
| Physical fitness necessary for current and prospective massage therapists. Includes physical fitness and workout techniques as related to performing massage therapy; individual conditioning strategies, and basic nutritional guidelines. Prerequisites: None. |

| PED124      | 2       | 4       |
| **Strength and Conditioning for Sport Performance: Basic** | | |
| Introduction to the principles and training techniques of strength and conditioning for sport performance. Emphasis is placed on beginning instructional techniques and safety of Olympic lifts; plyometrics; muscular endurance, strength and power development; anaerobic and aerobic capacity. Prerequisites: None. Course Notes: PED124 may be repeated for a total of eight (8) credit hours. |

| PED125      | 2       | 4       |
| **Strength and Conditioning for Sport Performance: Intermediate** | | |
| Principles and training techniques of strength and conditioning for sport performance. Emphasis is placed on instructional techniques and safety of Olympic lifts; plyometrics; muscular endurance, strength and power development; anaerobic and aerobic capacity. Prerequisites: PED124. Course Notes: PED125 may be repeated for a total of eight (8) credit hours. |

| PED133      | 2       | 4       |
| **Olympic Style Weight Lifting** | | |
| Advanced study of the science, strategy, and techniques of Olympic Style Weightlifting. For the fitness professional who is interested in competing, or is seeking to incorporate advanced strength and conditioning modalities. Addresses current topics, theories and techniques. Prerequisites: None. |

| PED201      | 1       | 2       |
| **Physical Activities: Advanced** | | |
| Individual, dual, or team sports activities at the advanced level. Prerequisites: None. Prior experience at competitive level recommended. Course Notes: PED201 may be repeated for credit. |

For the most current information regarding course descriptions, log on to curriculum.maricopa.edu.
**PED224**  /  **2 CREDITS**  /  **4 PERIODS**  
**Strength and Conditioning for Sport Performance: Advanced**  
Principles and training techniques of strength and conditioning for sport performance. Emphasis placed on instructional techniques and safety of Olympic lifts; plyometrics; muscular endurance, strength and power development; anaerobic and aerobic capacity; and injury prevention. Prerequisites: PED124 and PED125. Course Notes: PED224 may be repeated for a total of eight (8) credit hours.

**PED225**  /  **2 CREDITS**  /  **4 PERIODS**  
**Strength and Conditioning for Sport Performance: Elite**  
Principles and training techniques of strength and conditioning for sport performance. Emphasis placed on instructional techniques and safety of Olympic lifts; plyometrics; muscular endurance, strength and power development; anaerobic and aerobic capacity; injury prevention; and assessment techniques. Prerequisites: PED124, PED125, and PED224. Course Notes: PED225 may be repeated for a total of eight (8) credit hours.

**PHI104**  /  **3 CREDITS**  /  **3 PERIODS**  
**World Philosophy**  
Examination of questions such as the meaning of life and death, social justice, appearance and reality, human nature, the identity of the self freedom and destiny, the ethical life, and the relationship of science and religion. Comparative analysis of diverse Eastern and Western viewpoints. Prerequisites: None.

**PHI105**  /  **3 CREDITS**  /  **3 PERIODS**  
**Introduction to Ethics**  
A survey of ethical theory in Western Philosophy, including the major normative theories and selected metaethical theories. Prerequisites: None.

**PHI214**  /  **3 CREDITS**  /  **3 PERIODS**  
**Business Ethics**  
Philosophical consideration of moral problems arising in business practice, including corporate responsibility, government regulation, hiring practices, and advertising. Application to both the United States and other countries. Prerequisites: ENG101, or ENG107, or equivalent.

**PHI216**  /  **3 CREDITS**  /  **3 PERIODS**  
**Environmental Ethics**  
Philosophical consideration of diverse theories and perspectives on the environment, and application of these theories to global moral issues such as animal rights, preservation of wilderness and species, population, world hunger and poverty, and air and water pollution. Prerequisites: None.

**PHI218**  /  **3 CREDITS**  /  **3 PERIODS**  
**Philosophy of Sexuality**  
Philosophical examination of sexuality in human life. Historical and critical survey of philosophical and theological views. Comparison and evaluation of contemporary theories about the nature of sexual desire and sexual acts. Implications of theories for contemporary moral problems. Prerequisites: ENG101,  

For the most current information regarding course descriptions, log on to curriculum.maricopa.edu.
PHY101 / 4 CREDITS / 6 PERIODS
Introduction to Physics
A survey of physics emphasizing applications of physics to modern life. Prerequisites: Grade of “C” or better in MAT090, or MAT091, or MAT092, or MAT093, or equivalent, or satisfactory score on Math Placement exam.

PHY111 / 4 CREDITS / 6 PERIODS
General Physics I
Includes motion, energy, and properties of matter. Prerequisites: MAT182 or MAT187 or one year high school Trigonometry with a grade of C or better or permission of Department or Division. Course Notes: PHY111 is recommended for pre-professional and suggested for certain other majors. Students may receive credit for only one of the following: PHY111 or PHY111AA.

PHY112 / 4 CREDITS / 6 PERIODS
General Physics II
Includes electricity, electromagnetism, and modern physics. Prerequisites: PHY105 or PHY111.

PHY121 / 4 CREDITS / 6 PERIODS
University Physics I: Mechanics
Kinematics, Newton’s laws, work, energy, momentum, conservation laws, dynamics of particles, solids, fluids, mechanical waves, and sound. Prerequisites: MAT220, or MAT221, or permission of Department or Division. One year of High School physics or PHY111 and PHY112 suggested but not required.

PHY131 / 4 CREDITS / 6 PERIODS
University Physics II: Electricity and Magnetism
Electric charge and current, electric and magnetic fields in vacuum and in materials, and induction. AC circuits, displacement current, and electromagnetic waves. Prerequisites: MAT230 or MAT231 or permission of Department or Division and PHY121. Corequisites: MAT241 or permission of Department or Division.

PHY294 / 3 CREDIT / 3 PERIODS
Special Topics in Physics
Conceptual, experimental, and computational aspects of a special topic in physics. Prerequisites: Permission of Department or Division. Course Notes: PHY294 may be repeated for credit.

PHY294AA / 2 CREDIT / 2 PERIODS
Special Topics in Physics
Conceptual, experimental, and computational aspects of a special topic in physics. Prerequisites: Permission of Department or Division. Course Notes: PHY294AA may be repeated for credit.

PHY294AB / 1 CREDIT / 1 PERIOD
Special Topics in Physics
Conceptual, experimental, and computational aspects of a special topic in physics. Prerequisites: Permission of Department or Division. Course Notes: PHY294AB may be repeated for credit.

PHY294AC / 0.5 CREDIT / 0.5 PERIODS
Special Topics in Physics
Conceptual, experimental, and computational aspects of a special topic in physics. Prerequisites: Permission of Department or Division. Course Notes: PHY294AC may be repeated for credit.

For the most current information regarding course descriptions, log on to curriculum.maricopa.edu.
### POS – Political Science

#### POS100 / 3 CREDITS / 3 PERIODS
**Introduction to Political Science**
Introduction to the discipline of political science and its relation to other disciplines with emphasis on the major philosophies and institutions of government. Prerequisites: None.

#### POS110 / 3 CREDITS / 3 PERIODS
**American National Government**
Study of the historical backgrounds, governing principles, and institutions, of the national government of the United States. Prerequisites: None.

#### POS120 / 3 CREDITS / 3 PERIODS
**World Politics**
Introduction to the principles and issues relating to the study of international relations. Evaluation of the political, economic, national, and transnational rationale for international interactions. Prerequisites: None.

#### POS180 / 3 CREDITS / 3 PERIODS
**United Nations Studies**
Historical origins, structural makeup, political and operational characteristics, and legal activities of the United Nations. Analysis of the overall institution's ongoing utility, productivity and creativity. Prerequisites: None.

#### POS210 / 3 CREDITS / 3 PERIODS
**Political Ideologies**
Leading political ideas and belief systems, e.g., Marxism, liberalism, conservatism, theories of democracy, and alternative futures. Prerequisites: None.

#### POS220 / 3 CREDITS / 3 PERIODS
**U.S. and Arizona Constitution**
Examination of the United States Constitution and the constitution and government of the state of Arizona. Prerequisites: None.

#### POS221 / 1 CREDIT / 1 PERIOD
**Arizona Constitution**
Examination of the Constitution of the state of Arizona. Equivalent to the second part of POS220. May not enroll in POS220 and POS221 concurrently. Prerequisites: None.

#### POS222 / 2 CREDITS / 2 PERIODS
**U.S. Constitution**
Examination of the United States Constitution. Equivalent to the first part of POS220. May not enroll in POS220 and POS222 concurrently. Prerequisites: None.

#### POS223 / 3 CREDITS / 3 PERIODS
**Civil Rights**
The historic background and current status of major civil rights and civil liberties issues in the United States. Prerequisites: None.

#### POS285 / 3 CREDITS / 3 PERIODS
**Political Issues and Public Policy**
Introduction to public policy, how policy is made, and how public policy decisions are affected. Prerequisites: None.
**PPT – Power Plant Technology**

**PPT120 / 3 CREDITS / 3 PERIODS**

Energy Industry Fundamentals
Various types of energy and their conversion to usable energy such as electrical power. How generated electrical power is transmitted and distributed to the point of use. Prerequisites: None.

---

**PSY – Psychology**

**PSY101 / 3 CREDITS / 3 PERIODS**

Introduction to Psychology
To acquaint the student with basic principles, methods and fields of psychology such as learning, memory, emotion, perception, physiological, developmental, intelligence, social and abnormal. Prerequisites: None.

**PSY123 / 3 CREDITS / 3 PERIODS**

Psychology of Parenting
The demonstration and application of psychological principles to the development and guidance of children and adolescents. Prerequisites: None.

**PSY132 / 3 CREDITS / 3 PERIODS**

Psychology and Culture
Presents current knowledge about human diversity in behavior and culture using examples from a variety of contexts within western and global societies. Highlights topics in cross-cultural psychology, such as intergroup relations, diverse cognitive styles, ethnocentrism, gender, personality, emotion, language, communication, work and health. The role of enculturation throughout the lifespan will be explored to increase awareness of how behavioral and cognitive principles affect interactions in a multicultural world. Prerequisites: None.

**PSY210 / 3 CREDITS / 3 PERIODS**

Educational Psychology
Scientific research and psychological principles as they apply to teaching and learning. The role of psychology in educational settings, human diversity, theories of learning, intelligence, memory, creativity, assessment, and factors influencing effective instruction and learning. Prerequisites: PSY101 with a grade of “C” or better or permission of instructor.

**PSY215 / 3 CREDITS / 3 PERIODS**

Introduction to Sport Psychology
Application of the physiological, behavioral, social, cognitive, and humanistic perspectives in psychology to sport. Includes topics such as optimal performance, correlation, motivation, co-action effect, self-actualization, psycho-behavioral techniques, self-efficacy, and the general health benefits of sport participation. Prerequisites: PSY101 with a grade of “C” or better or permission of instructor.

**PSY230 / 3 CREDITS / 3 PERIODS**

Introduction to Statistics
An introduction to basic concepts in descriptive and inferential statistics, with emphasis upon application to psychology. Consideration given to the methods of data collection, sampling techniques, graphing of data, and the statistical evaluation of data collected through experimentation. Required of psychology majors. Prerequisites: (A grade of “C” or better in PSY101 and MAT092 or higher MAT course) or (a grade of “C” or better in PSY101 and eligibility for MAT112 or higher as indicated by appropriate mathematics placement test score) or permission of Instructor.

**PSY231 / 1 CREDIT / 2 PERIODS**

Laboratory for Statistics
Applications of inferential and descriptive statistics to computers in the field of psychology. Prerequisites: None. Corequisites: PSY230.

REL – Religious Studies

REL100  /  3 CREDITS  /  3 PERIODS

World Religions
The development of various religions from the prehistoric to modern times. Political, economic, social and geographic relationships among world religions. Consideration of both Eastern and Western religions. Prerequisites: None.

REL203  /  3 CREDITS  /  3 PERIODS

American Indian Religions
An examination of the historical and cultural background of diverse lifeways and worldviews belonging to the peoples indigenous to the North American continent over time, including a study of modern day American Indian beliefs and practices. Prerequisites: ENGL101 or ENGL107 or equivalent.

REL205  /  3 CREDITS  /  3 PERIODS

Religion and the Modern World
Introduction to the nature and role of religious beliefs and practices in shaping the lives of individuals and societies, with particular attention to the modern world. Prerequisites: ENGL101, or ENGL107, or equivalent.

REL206  /  3 CREDITS  /  3 PERIODS

Religion in America
Introduction of the rich tapestry of religious traditions and movements that have helped to shape the United States of America. Investigate how religion has impacted American culture and institutions, and how the United States has in turn transformed long-standing religious traditions. Prerequisites: None.

REL207  /  3 CREDITS  /  3 PERIODS

Ritual, Symbol, and Myth
Introduction to the academic study of religion through the study of myths, symbols, and rituals. Includes methods and theories used by scholars to study the complex subject of religion. Attention to literate and nonliterate cultures. Prerequisites: Grade of C or better in ENGL101, or ENGL107, or permission of Department or Division.

REL270  /  3 CREDITS  /  3 PERIODS

Introduction to Christianity
The nature and content of the Christian tradition developed over time, with overview of the New Testament, major historical trends and figures, major Christian ideas and practices, and survey of denominations. Prerequisites: None.

REL290  /  3 CREDITS  /  3 PERIODS

Women and World Religion
Focus on the role of women in several organized religions and/or religious sects. Study of myth and symbols as they are used to establish, maintain, and enforce sex-roles within specific cultural contexts around the world. Prerequisites: None.

SBS – Small Business Management

SBS213  /  1 CREDIT  /  1 PERIOD

Hiring and Managing Employees
Methods and techniques for managing employees in a small business. Includes supervisor's role, leadership styles, interpersonal communications, staff planning, employee work styles, techniques for handling problem employees, and employee motivation. Focuses on real life situations to enable the business owner to gain high performance from their employee team. Includes segment on hiring, new employee orientation, training, benefits, and developing future staffing needs assessment. Prerequisites: None.

For the most current information regarding course descriptions, log on to curriculum.maricopa.edu.
SBU – Society and Business

SBU200  /  3 CREDITS  /  3 PERIODS

Society and Business
The study and scientific inquiry of issues and demands placed on business enterprise by owners, customers, government, employees and society. Included are social, ethical and public issues and analysis of the social impact of business responses. Prerequisites: None.

SBS220  /  2 CREDITS  /  2 PERIODS

Internet Marketing for Small Business
Focuses on “e-Commerce”- doing business on the Internet and planning a website. Topics include: how the Internet can help growth and success of business; examples of successful marketing on the Internet; availability of Internet services; necessary hardware and software for marketing on the Internet; determining products/services appropriate for Internet marketing; budget constraints and on-going operations of the Internet site. Prerequisites: None.

SBS230  /  2 CREDITS  /  2 PERIODS

Financial and Tax Management for Small Business
An overview of accounting and record-keeping for the successful management of a small business. Develops an understanding of the accounting cycle and preparation of financial statements. Includes section on tax consequences and the choice of legal entity choice based on taxation. Prerequisites: None.

SLC – Studies in Language and Culture

SLC201  /  3 CREDITS  /  3 PERIODS

Introduction to Linguistics
Introduction to the study of language. Study of the nature and diversity of world languages, linguistic structures and functions of language, language variation, pragmatics and the learning/acquisition of first and second languages. Prerequisites: None.

SOC – Sociology

SOC101  /  3 CREDITS  /  3 PERIODS

Introduction to Sociology
The systematic study of social behavior and human groups, particularly the influence of culture, socialization, social structure, stratification, social institutions, differentiation by region, race, ethnicity, sex/gender, age, class, and socio/cultural change upon people’s attitudes and behaviors. Prerequisites: None.

**SSH – Sustainability/ Social Sciences and Humanities**

**SSH111 / 3 CREDITS / 3 PERIODS**

**Sustainable Cities**
Introduction to the field of sustainability and exploration of the practices leading to the development of sustainable cities. Explores the concept of sustainable development of cities within local, regional, and global contexts. Prerequisites: None.

**STO – Storytelling**

**STO292 / 3 CREDITS / 3 PERIODS**

**The Art of Storytelling**
Explore the art and origin of storytelling. Provide a variety of storytelling techniques, styles and exercises to enhance the delivery of telling stories. Assist in the integration and application of storytelling to the learning environment in the classroom. Prerequisites: None. Cross-References: EDU292, HUM292.

**SUS – Sustainability/ Natural Sciences**

**SUS100 / 3 CREDITS / 3 PERIODS**

**Introduction to Sustainability**
Introduction to the basic concepts of sustainability. Includes challenges of land, ocean, and resource management, as well as the built environment. Also covers connections between global, local and personal sustainability challenges and responses at each level. Prerequisites: None.

**SUS110 / 3 CREDITS / 3 PERIODS**

**Sustainable World**
Introduction to the field of sustainability and exploration of the interaction between human and natural global systems. Framework for analyzing and investigating the global challenges such as land use change, competition for water and other natural resources, and renewable energy concerns and crises. Prerequisites: None.

**SUS231 / 1 CREDIT / 1 PERIOD**

**Careers in Sustainability**
Introduction to career pathways in sustainability. Exploration of career paths, development of interview skills, and resume creation covered in addition to articulation of personal interests and values related to careers in sustainability. Also includes an introduction to networking skills and job search assistance. Prerequisites: None.

**SUS232 / 3 CREDITS / 3 PERIODS**

**Professional Skills in Sustainability Practice**
Introduction to professional skills in sustainability through interpersonal competence. Emphasis on teamwork, project management, stakeholder engagement, communication, and continuous learning. Prerequisites: A grade of C or better in SUS110 and SSH111 and (ENG101 or ENG107).

**THE – Theatre**

**THE111 / 3 CREDITS / 3 PERIODS**

**Introduction to Theatre**
A survey of theatre, including basic elements and principles of production, styles, and/or historical perspectives of theatre, dramatic literature, and criticism. Prerequisites: None.

| Makeup for Stage and Screen  
Purpose, materials, and techniques of makeup for stage and screen. Prerequisites: None. |
| THF205      | 3       | 3       |
| Introduction to Cinema  
Survey of the history and development of the art of motion pictures, including criticism of aesthetic and technical elements. Prerequisites: None. |
| THF209      | 3       | 4       |
| Acting for the Camera  
Special technical aspects of acting before a camera. Prerequisites: THP112 or permission of Instructor. |
**THP212 / 3 CREDITS / 4 PERIODS**

**Acting II**
Fundamental techniques of acting through script analysis, rehearsal, and performance. Prerequisites: THP112 or departmental approval.

**THP213 / 4 CREDITS / 6 PERIODS**

**Introduction to Technical Theatre**
Procedures of technical theatre production and demonstration. Topics include design and construction of scenery; lighting and properties. Prerequisites: None.

**THP217 / 3 CREDITS / 4 PERIODS**

**Introduction to Design Scenography**
The role of the theatre designer in creating scenic, lighting, costume, sound, and multimedia effects for stage productions. Elements of the design process and communication of dramatic themes and visions to the audience. Prerequisites: None.

**THP250 / 3 CREDITS / 4 PERIODS**

**Stage Properties**
Introduction to stage properties including design, construction and maintenance features. Provides skills in property design and construction using an assortment of standard materials. Prerequisites: None.

**THP267 / 3 CREDITS / 4 PERIODS**

**Painting Techniques for Film, TV and Theatre**
Theory and skills in scenic artistry. Techniques of painting two-dimensional and three-dimensional scenery, tools, and the use of color. Prerequisites: THP213.

**THP270 / 2 CREDITS / 5 PERIODS**

**Musical Theatre Workshop**
Workshop in the study and performance of Musical Theatre repertoire. Includes audition techniques, stage directions, character role development, rehearsal techniques, vocal acting styles and vocal technique, stage movement, crew roles, and performance. Prerequisites: None. Course Notes: MUP/THP270 may be repeated for credit. Cross-References: MUP270.

**UAS – Unmanned Aircraft Systems**

**UAS100 / 5 CREDITS / 5 PERIODS**

**sUAS Batteries and Electronics**
Small Unmanned Aircraft Systems (sUAS) basic electronics and circuits, communications, information display systems, transmitter and receiver fundamentals, flight controller installation and tuning, lithium polymer battery basics, radio telemetry, basic electrical troubleshooting and repair techniques. Prerequisites: Appropriate placement test score in Reading, Writing and Math, or [eligibility in ENG101, (RDG100 or RDG100LL), MAT120, MAT121, and MAT122].

**UAS101 / 3 CREDITS / 3 PERIODS**

**Introduction to Unmanned Aircraft Systems Operation**
Introduction to Unmanned Aircraft Systems (UAS) history, flight, avionics, sensors, communication systems, and an introduction to data analysis and applications, such as first responders, Geographic Information Systems, and Precision Agriculture. Prerequisites: None.

For the most current information regarding course descriptions, log on to curriculum.maricopa.edu.
### WAC – Writing Across Curriculum

**WAC101** / 3 CREDITS / 3 PERIODS

**Writing Across the Curriculum**
Expressive, expository, and academic writing experiences to develop students’ rhetoric and composition foundation. Experience planning and drafting multi-paragraph essays through a writing process with emphasis on essay and paragraph structure and the elements of sentence structure. Participation in writing workshop, group work, reading to support writing tasks, and writing from sources. A minimum of three multi-paragraph essays and a final reflection paper. Prerequisites: None.

---

### WED – Wellness Education

**WED151** / 3 CREDITS / 3 PERIODS

**Introduction to Alternative Medicine**
Definition of health; exploration of mind-body-spirit connection in health; various therapeutic modalities; identification of strengths and limitations of alternative therapies. Also includes development of ability to critically review written material in the alternative therapy area. Prerequisites: None.

**WED165** / 2 CREDITS / 2 PERIODS

**Overview of Massage Therapy**
History of massage; overview of bodywork systems; benefits and indications of massage; legal requirements for practice in Arizona. Prerequisites: None.

---

**UAS107** / 3 CREDITS / 3 PERIODS

**Unmanned Aircraft Systems Operator Certification**
Develop knowledge and skills needed to manage and operate small Unmanned Aircraft Systems (sUAS). Includes Federal Aviation Regulations, radio communications, weather, airspace and airport authorization criteria, loading and performance, aeronautical decision making, sUAS flight operations, and maintenance. Operational skills acquired through both classroom and hands-on flight activities. Prerequisites: None. Course Notes: Students must complete the appropriate flight lessons to satisfactorily complete the course.

**UAS206** / 2 CREDITS / 2 PERIODS

**sUAS Instrument and Autopilot Flight Lab**
Students will use their advanced skills to manipulate a ground control station in the practical operation of Small Unmanned Aircraft Systems (sUAS) in a controlled, but realistic environment. Prerequisites: A grade of C or better in UAS101 and UAS107. Corequisites: UAS205

**UAS207** / 5 CREDITS / 5 PERIODS

**sUAS Dynamics and Design**
Design, configuration, and concepts of Small Unmanned Aircraft Systems (sUAS). Platform types including multi-rotors, single rotor, and fixed wing aircraft. Prerequisites: A grade of C or better in UAS205 and UAS206. Corequisites: UAS208

Information regarding special courses not listed in the college catalog

Cooperative Education (courses numbered 296)

Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students. Prerequisites: Permission of Program Director or instructor. Corequisites: Must be concurrently enrolled in at least one class related to job/co-op subject area; must maintain an enrollment ratio of two (2) hours of credit in other courses for every one (1) hour of Cooperative Education credit (excluding radio and television); a maximum of sixteen (16) hours of Cooperative Education credit is allowable in a college program.

Special Projects (courses numbered 298)

Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment are made available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: Permission of Program Director or instructor.

Shared Unique Number (SUN) System

The Shared Unique Number (SUN) System helps students identify courses that will directly transfer among Arizona’s community colleges and three public universities. Using the SUN System, students can easily search for and enroll in courses that offer direct equivalency at other Arizona colleges and universities. SUN courses have their own unique course number and prefix listed alongside each college's course number.

**Academic Load**
The total number of credit hours taken in a term. Twelve credit hours is considered a full-time load.

**Academic Advisor**
A designated staff member who has received training to provide students with academic information that will direct them to the appropriate classes to achieve their educational goals and enhance their academic success.

**Admission**
Acceptance into a college after the student has filed a completed Student Information Form with the Admissions, Records and Registration Office and has been admitted according to admissions criteria. Students who have been admitted are eligible to register for courses.

**AGEC**
The Arizona General Education Curriculum (AGEC) is a general education certificate that fulfills lower-division general education requirements for students planning to transfer to any Arizona public community college or university. Generally, the MCCCD AGEC transfers as a block without loss of credit. The AGEC-A and AGEC-B require a minimum of 35 credit hours, and the AGEC-S requires a minimum of 36 credit hours.

**Alumnus/Alumna**
A graduate of a college or university. (Plural: alumni/alumnae)

**Associate Degree**
Degree awarded by community colleges after a student completes a specified number of course requirements and credit hours, generally a minimum of 60 semester credits. May be an Associate in Arts (AA), Associate in Business (ABus), or Associate in Science (AS) designed primarily for transfer to complete a baccalaureate degree; an Associate in Applied Science (AAS), designed primarily to enhance workplace skills and knowledge; or an Associate in General Studies (AGS), designed to fulfill students’ goals of higher education.

**Audit**
An option for class registration in which the student pays to attend class but does not want to receive credit. Students sometimes choose to audit courses in which they do not wish to complete required assignments.

**Bachelor's Degree**
A degree awarded by a four-year college or university. Generally requires completion of 120 semester credits. Also referred to as a baccalaureate degree (e.g., BA or BS).

**Class Number**
A unique, five-digit code used to identify each class section of each course offered. Class Numbers are listed in the Class Schedule.

**Class Period**
Time spent in class and/or lab each week. One period is equivalent to 50 minutes per week.

**Class Schedule**
A college publication that lists all courses offered during a semester, including dates and times of class meetings, names of instructors, buildings and rooms, credit hours, and other important registration information.

**Co-curricular Activities**
Also known as extracurricular. Activities, clubs, or organizations students may participate in above and beyond their academic courses.

**Commencement**
Also known as graduation. A ceremony during which colleges award certificates of completion and degrees to graduating students.

**Continued Probation**
A student on academic probation is placed on continued probation if they do not raise their cumulative grade point average (GPA) to the required minimum standard. Enrollment is limited to six (6) credit hours for a period of one semester.

**Continuous Enrollment**
The process of registering for and completing courses during consecutive semesters, excluding summer sessions. Determines catalog year for graduation.
**Corequisite**
Specified conditions, requirements, or courses that must be completed at the same time as another course.

**Counselor**
A person professionally trained in counseling who helps students with educational, career, or personal concerns as well as goal setting and decision making.

**Course**
A specific subject studied within a limited period of time, such as a semester, and taught by a faculty member. Also called course offering or class.

**Course Fee**
A charge for services, supplies, and/or materials for a course, in addition to tuition and fees.

**Course Number**
A three-digit code that identifies a specific course and indicates its level and sequence (e.g., 101 in ENG101).

**Course Placement**
Evaluation of students’ present skills in English, reading, and mathematics using course placement tests. Scores are used as a guide for proper course placement so students can choose courses that match their skills. Such matches lead to greater success.

**Course Prefix**
A three-letter code that identifies the subject area of a course (e.g., ENG in ENG101 indicating a course in English).

**Course Title**
The name of a specific course that indicates subject and content (e.g., First-Year Composition, title for English 101).

**Credit Hour**
The numerical unit of college credits earned for the satisfactory completion of a specific course. Also referred to as semester hours or units (e.g., 3 credit hours).

**Curriculum**
A planned sequence of courses for an academic or occupational goal. Also referred to as a program of study.

**Division**
A group of faculty who teach classes in related subjects, such as accounting, management, and marketing in the Business and Computing Studies Division.

**Drop/Add Period**
A specified period of time at the beginning of a term when schedule changes (i.e., adding or dropping one or more classes) are allowed without a refund penalty. Courses dropped during the Drop/Add Period do not appear on students’ transcripts.

**Electives**
Non-required courses that students may select to complete their program of study.

**Faculty**
Instructors, teachers. Counselors and librarians are also faculty.

**Final Exams**
Tests or exercises given at the end of a term that are often comprehensive; that is, they may include all material covered during the semester. The schedule of final exam dates and times for each term is included in the Class Schedule.

**Financial Aid**
Financial assistance in the form of grants, scholarships, work study, and loans to assist students in paying for college. Sources are varied with funds coming from federal and state governments, colleges, private donors, and local agencies and organizations.

**Student Financial Services**
Also known as the Cashier’s Office where students may pay tuition and fees, course fees, and other fees owed the college.

**Grade Point**
The numerical value of a grade multiplied by the credit hours for a course (A=4 points; B=3 points; C=2 points; D=1 point). If, for example, a student earns an A in English 101 (3 credit hours), then the student earns 12 points: A=4 points x 3 (credit hours) = 12 points.
Grade Point Average
Generally called GPA, grade point average is determined by dividing the total number of grade points earned by the total number of credit hours attempted. For example, 45 grade points divided by 15 credit hours earned = 3.0 GPA.

Learning Communities
Learning communities are two or more classes connected through content, ideas, and activities. Using a variety of learning methods, learning communities can be comprised of linked activities between courses, linked and clustered courses, and completely integrated single- or team-taught courses.

Lower Division
Normally freshman- and sophomore-level (100 and 200) courses offered by a college. Community colleges offer ONLY lower division courses. Four-year institutions also offer upper division courses, which are junior-level and senior-level (300 and 400) courses.

Major
An area of concentrated study often for a specific degree or occupation, such as journalism, nursing, or aircraft maintenance.

New Student Orientation
A session during which new students are introduced to academic programs, facilities, and student support services provided by a college.

Official Absence
Absence from class approved by the Vice President of Student Affairs for students who are participants in an official college activity. Approved absence documentation must be presented by students to their instructors before the official absence. Students make arrangements to complete the work they will miss.

Pass/Fail
An option for class registration in which students choose to receive a grade of Pass or Fail in lieu of a letter grade (A, B, C, D, F). Students can earn credits towards graduation by passing these courses but the grades will not count in their GPAs. It is best to check with an advisor to make sure that Pass/Fail grades will transfer to another college or university.

Placement Test
See Course Placement.

Prerequisite
Specified conditions, requirements, or classes that must be completed before enrolling in a class. For example, ENG102 has a prerequisite of ENG101.

Probation
A warning that a student is not in good academic standing. May be accompanied by restricted credit hour enrollment.

Recess
Holidays and the periods of time between academic semesters when classes are not in session.

Registration
Actual enrollment of a student into specific courses after the student has been admitted to the college.

Required Course
A course that a student must complete to meet certain goals or to complete a certain curriculum.

Scholastic Suspension
Students on suspension from any accredited institution of higher education may appeal to the Admissions and Standards Committee or campus designee for permission to register. The student will be limited to twelve (12) credit hour unless approved by Admissions and Standards Committee.

Semester
Traditionally half an academic year, about 16 weeks in length. Fall semester begins in August and spring semester begins in January.

Service-Learning
Service-Learning combines community service with academic instruction focusing on critical-thinking and problem-solving, values clarification, social and personal development, and civic responsibility. CGCC students have been performing meaningful service at community agencies to learn experientially during one-day events, class projects, and individual placements for over 10 years.
Syllabus
One or more pages of course requirements that instructors give to students on the first day of class. The syllabus may include detailed information about a course, such as an instructor’s grading system, attendance policies, and testing and assignment dates.

Transcript
An official record of a student’s college coursework that is maintained by the college registrar. Courses taken, grades, GPA, and graduation information are included on a transcript.

Transfer Credit
Course credit that is accepted from or by another college or university.

Tuition and Fees
The cost per semester credit unit that students must pay for their college courses. Tuition and fees are determined by the Maricopa County Community College Governing Board.

Tutoring
Additional learning assistance provided by tutors to students in individual or group sessions. Tutoring is centralized in the Learning Center.

Withdrawal
Officially dropping any or all courses during a semester.

The Maricopa County Community College District (MCCCD) is an EEO/AA institution and an equal opportunity employer of protected veterans and individuals with disabilities. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, age, or national origin. A lack of English language skills will not be a barrier to admission and participation in the career and technical education programs of the District.

The Maricopa County Community College District does not discriminate on the basis of race, color, national origin, sex, disability or age in its programs or activities. For Title IX/504 concerns, call the following number to reach the appointed coordinator: 480-731-8499. For additional information, as well as a listing of all coordinators within the Maricopa College system, visit www.maricopa.edu/non-discrimination.
